Prolonging Life of Cottons

Sheets, tablecloths, napkins and similar household cottons which go into the electric washing machine and are ironed regularly each week can be given longer life if they are folded and pressed differently from time to time. Fabrics tend to wear thin if they are always folded in the same way.

BIG ATTENDANCE IS IN PROSPECT AT N. W. SCHOOL

Last Year's Enrollment of 375 Expected to be Exceeded

An attendance figure in excess of the 375 made last year is forecast for the fall term at the Northwest School of Agriculture at Crookston, according to Superintendent T. M. McCall.

R. J. Christgau, instructor and director of athletics at the Northwest School for the past thirteen years, has accepted a position as assistant field director of recreation for the American Red Cross. Mr. Christgau's resignation at the school is effective October first at which time he will assume his new duties in Washington, D. C. In assuming his new position, Mr. Christgau stated that he would take an orientation course of two weeks starting October 12. After the orientation course, Mr. Christgau will be assigned duties outside of the continental United States.

The teaching work in animal husbandry, formerly done by R. J. Christgau, will be done by O. M. Kiser, livestock specialist in the School and Experiment Station. A football coach will be secured to take over the coaching duties of Mr. Christgau.

State Hotel Inspector Cites State Regulation for Obtaining Licenses

Because of the many changes this time of the year in ownership of restaurants, taverns, cabin camps and hotels, Theodore T. Wold, director of the division of hotel inspection, cautions new operators regarding state licensing requirements.

Each year during the fall months, approximately 900 establishments are taken over by new owners or operators, and with the change of operating management, a new license is required, the annual fee for which is $3.50.

The state law provides that applications must be on file with the Division of Hotel Inspection before the business can be opened to public patronage; and if application for license is not made within thirty days after the opening date, a penalty fee of $1.50 accrues in addition to the original fee of $3.50. All licenses expire on December 31 of each year.

HORSE LOSES HIS TAIL IN THRESHING MISHAP

Roseau.—One horse on the Emil Hedlund farm has been doing a lot of suffering the past few days. All because his tail became caught in the inner of three pulleys opposite the drive belt on the thresher and without further ado, was yanked off. He suffered severe pain at first but is improving and if infection doesn't set in will soon be back on his job again.

Old White House Fence Goes for Scrap

The national scrap drive plays no favorites. Photo shows Harold L. Ickes, secretary of the interior, tossing part of a fence that once surrounded the White House into the interior department's scrap metal collection. The old fence was replaced in 1937 by a newer and higher fence.

Swap Rides to Save Tires But Avoid Overloading to Save Lives, Is Advice

Although backing to the hilt the campaign to induce motorists to use their cars in the nationwide "swap-a-ride" movement, to save cars and tires, A. V. Rohweder, president of the Minnesota safety council, injected a word of warning today, cautioning drivers that overloading of cars will defeat the very purpose of the campaign. He asked the cooperation of the Editors' "Save 100 Lives" committee to point hazards of this practice.

With the early advent of gasoline rationing, Mr. Rohweder predicted that "doubling up" so that nearly every vehicle in use will carry two or three passengers in addition to the driver will become a common practice, not only in transportation of defense and other factory workers, but also among office workers, housewives who drive and farmers making their necessary trips to town.

With manpower as vitally needed in the war effort as are transportation facilities, Mr. Rohweder pointed out that the motorist who transports others in his car, particularly defense workers, carries upon his shoulders a double or treble responsibility to avoid accidents which may claim their lives, or cause them weeks and months of absence from the job because of injuries. He warned that overcrowding, especially overcrowding of the drivers seat, greatly increases the danger of traffic accidents.

Employment Offices to Aid in Enrollments in U. S. Defense Classes

Men or women with mechanical aptitudes are needed for the government's war production training classes, says Leonard B. Ryan, state USES director. Full details can be obtained from any one of the 30 federal employment offices in the state.

Classes are being conducted in 27 Minnesota cities and eighth NYA centers. Aviation mechanics, aircraft sheet metal work, machine shop, are welding, aviation ground mechanics, and radio communications are only a few of the subjects that are being taught.

The courses run for from 10 to 12 weeks, and there are no fees or tuition to pay. Applicants must be at least 17½ years of age. There is no upper age limit except for NYA classes. There, the age limit is 25 years.

Outline of Career of the Hon. C. J. Hambro

Following is a brief biographical sketch of the Hon. Carl J. Hambro, who will participate in Salvage Day activities in Thief River Falls next Monday, October 5, and will also deliver an address that evening at Lincoln high school:

Mr. Hambro is one of the foremost intellectual leaders of his native land and as an orator has few peers in any country. Born in Bergen on January 5, 1885, he entered the university in Oslo at the age of 18, graduating from the department of philology when he was 22. He was only 19 when he began writing literary reviews for "Morgenbladet", one of the principal Oslo dailies, of which paper he was the editor-in-chief from 1913 to 1921.

His rise to political prominence began early. In 1918 he was elected to the Norwegian parliament where soon he became the leader of the conservative party. Since 1926 he has been president of the parliament and chairman of the committee on foreign relations. He presided at the historic meeting of the parliament when that body unanimously rejected Hitler's ultimatum and courageously took a stand to fight as long as the forces of Norway could, rather than surrender to the Nazi terms. During the invasion and the first two months of the occupation, he kept in close touch with the movements of the fighting forces and the royal house as well as the Norwegian government. He joined the King and the government at Tromso and went with them to London in June, 1940. On July 11 he arrived in New York.

Hambro's debut in international affairs came in 1926 when he was chosen as one of Norway's delegates to the League of Nations assembly. The forceful presentation of his broad views, his keen political insight, and his linguistic attainments soon brought him into the League foreground. In 1927, he was made chairman of the League committee on social and humanitarian matters; in 1931, he was appointed as a member of the League control commission, and when the assembly in September, 1939, met under the most ominous circumstances that had arisen since the League's inception, Mr. Hambro was elected president of the assembly besides being chairman of the supervisory committee of the League. As a spokesman, not only for Norway but for all small nations, in the deliberations of the League of Nations, he has become a world figure.

This is Mr. Hambro's fifth sojourn in the Western World. In 1913, when only 28 years old, he was here on a lecture tour. In 1925, he represented the Storting at the Norse-American Centennial; in 1935, he lectured at several American universities, and the summer of 1938 he toured the United States, from coast to coast, under the auspices of Sons of Norway. On that tour thousands upon thousands assembled to hear him and were charmed by his descriptions of the progress of the Scandinavian countries along democratic, economic and social lines.

University Will Make Federal Student Loans Again During Fall Term

University of Minnesota students who could not earn money for college this summer because they had to attend accelerated summer courses will be eligible this fall for loans from money to be provided by the federal government, Dean Edmund G. Williamson announced today. This will help many to stay in college.

Exact sum to go to Minnesota has not been stated, but the university has asked for $166,000, for the year, after surveying the number of men in accelerated courses and retermining what average student summer earnings have been. It was found that $206 was the probable average earnings of a man student.

Applications and inquiries pertaining to these loans may now be sent to the office of the dean of students, Dean Williamson said. They may be addressed either to him, or to George Risty, his assistant in charge of loans. Students may borrow up to $25, a month plus tuition costs.

Students who are within 24 months, overall including vacation periods, of graduation, will be eligible. They must, however, be in the accelerated and vital subjects, namely, Dentistry, Medicine, Pharmacy, Engineering, Physics or Chemistry. Medicine includes veterinary medicine.

These students must pledge to carry on to graduation, or, if they start to fail, to accept assignment by the War Manpower Commission, either in armed service or in an industrial or technical post vital to the war.

64 SILHOUETTES PLACED ON DIME

Minnesota.—Paper silhouettes so small that 64 of them can be placed on a U. S. dime, are the specialty of Ronald Bear, a Californian working near here. With a super-sharp pair of little scissors he cuts paper figures so minute that they can hardly be distinguished by the naked eye, but complete and sharp in every detail. One is a cut-out of Will Rogers, 1-16 by 8-64ths of an inch. He does his work with the aid of a magnifying glass.

STRANGE OBJECT FROM GRAVEL PIT

Holdingford.—A curious metal and rock formation, weighing 30 pounds, was found at a depth of about four feet in a gravel pit in Elmdale township. While fairly heavy the piece is not very large, is round at the bottom and appears to have been hot at one time. When struck with a hammer it has the clear ring of steel. Queer piece, anyhow, and the finder, Herman Leibech, plans to take it to St. John's University for examination.

SEVEN-YEAR-OLDS HURT IN 'TWIN' ACCIDENTS

Moorhead.—It was "twins" at St. Ansgar hospital one day last week, but not by birth. Two boys both seven years old, one from Hawley and one from Ulen, both with fractures in the same spot in their left elbows were admitted to the hospital to have casts placed on their arms. The same doctor sent both boys.

Scrap Parade Monday Puts County Over Top

FR NAMES BODY FOR CONTROL OF WAGES PRICES

President Takes Action to Regulate Cost of Living

JUSTICE BYRNES IS APPOINTED DIRECTOR

Board to Control Wages and Stabilize Prices of Farm Products

President Roosevelt Saturday named Associate Justice James F. Byrnes of the supreme court director of economic stabilization, with broad policy-making powers to control the nation's cost of living.

At the same time he accepted Byrnes' resignation from the court, the president issued a sweeping order directing the national war labor board to limit wages and salaries, Price Administrator Leon Henderson to put ceilings on rents and prices, the Secretary of Agriculture Wickard and Henderson to limit farm prices at levels as of September 15, as far as practicable.

The order, issued soon after the president signed the anti-inflation bill Friday night, created an Office of Economic Stabilization in the Office of Emergency Management with Byrnes at the head as director.

Also created was an economic stabilization board with which the director will consult in fixing policies.

On this board are the secretaries of treasury, agriculture, commerce and labor, the chairman of the federal reserve board, the price administrator, the chairman of the war labor board and two representatives each of labor, management and farmers still to be appointed.

The order with respect to wages and salaries declared that no increases or decreases shall be authorized unless notice of them is filed with the war labor board and the board has approved such changes.

The board was ordered not to approve any increases in wage rates prevailing on September 15 unless such increase was necessary to "correct maladjustments or inequalities, to eliminate sub-standards of living, to correct gross in-

Hambro Cites Postwar Problems at Luncheon

The peace to follow the present world conflict was the theme of an address by Dr. C. J. Hambro, head of the Norwegian parliament, delivered Monday noon in the Evelyn hotel to nearly 75 members of the Rotary and Lions clubs, Junior Chamber and Civic and Commerce association.

Supt. Morris Bye presided over the program, and introduced Mayor H. W. Kinghorn and other special guests, while Andrew Anderson, president of the Rotary club, presented the guest speaker, who delivered his address following the singing of "The Star-spangled Banner" and "Ja Vi Elsker", with Harold F. Harrison supplying the piano accompaniment.

Declaring that the peace effort following the war is fully as important as the prosecution of the war itself, Dr. Hambro stated that the terms of the post-war peace, involving complicated economic and social as well as political issues, cannot be written until after a cooling-off period has given ideas a chance to crystallize.

Among the special problems that will come up for consideration, he mentioned starving populations, civil war and the refugee situation. Dr. Hambro forecast that this winter the starvation problem will be more acute than ever in the occupied countries, due to a shortage of food and to disrupted transportation.

Norse Air Force to Get $137 Offering from City

The substantial sum of $137.12 was realized from the free will offering for the support of the Norwegian flying forces known as "Wings for Norway" Monday evening at the close of the address by Dr. C. J. Hambro in the high school gymnasium. The money was sent to Minneapolis, and from there will be forwarded to the Norse flying base at Toronto.

JUDGE MONTAGUE DEFERS JURY CALL UNTIL NOVEMBER

Summons Will be Canceled if Several Pending Cases are Settled

The call for a petit jury scheduled to appear for duty next Monday at the October term of Pennington county district court was postponed at the opening of the term Monday until November 17 by Judge James E. Montague of Crookston, presiding.

In the event a group of five condemnation appeals are settled out of court in the meantime, it was indicated that the jury summons will be canceled.

At Monday's session Judge Montague imposed a fine of $150 and costs on Theodore Holter, charged with possession of intoxicating liquor for purposes of sale. On motion of the state, the action against Norman Newland, based on a charge of criminal negligence was dismissed.

The case of the American Bag company vs. E. L. Danielson was settled out of court, while the actions of Emil Just vs. Harry R. Allen and Emil Just vs. Wendell Corbett et al. will be heard by the court on ten days notice. All other cases were continued.

$42,200 State School Aids Received Here

County Treasurer A. R. Johnsrud last week received a check from State Treasurer Julius A. Schmahl in the amount of $42,200.78, covering state aids for high and graded schools in Pennington county. Distribution of the money will be made in conection with the November tax settlement. Of the total amount, the Thief River Falls school district, No. 18, is allotted $26,748.40.

SAVINGS AND LOAN MEN MEET IN CITY WEDNESDAY NIGHT

Minneapolis Man Addresses Regional Meeting in Rex Cafe

A regional meeting of the Minnesota Savings and Loan league was held Wednesday evening in the the Terrace Room of the Rex Cafe, local arrangements having been made by Stanton R. Dahlen.

Twenty-five men participated in the session, including representatives of associations at Hallock, East Grand Forks, Crookston, Bemidji and Thief River Falls.

Paul A. Lundgren presided over the program, the principal speaker being Vernon S. Welch of Minneapolis, executive vice president of the state league. A roundtable discussion of mutual problems was a feature of the session.

FARM MACHINERY RATIONING BOARD NOW FUNCTIONING

Chairman Carl R. Anderson Says 3 Applications Are Approved

Carl R. Anderson of Sanders township, Pennington county AAA chairman, who was recently appointed by the state war board to serve as chairman of the newly formed county farm machinery rationing board, announced today that other members named include Lloyd Johnson of Rocksbury and Edwin L. Swanson of North. Alternates are Sam Sorenson of Norden and Clarence Peterson of Silverton. During the past week three applications for the purchase of machinery were approved, these including Casper Bondley, Route 4, tractor; John L. Wold, jr., Route 1, potato digger; and J. O. Peterson, Route 5, combination ensilage cutter and a hammermill feed grinder.

Defense Council Gives Blackout Commandments

The public is asked by the county civilian defense council to observe and adhere to the following rules in the event of a blackout. The signal will be a long, short and long sound from the fire siren, repeated three times.

1. Turn out all unnecessary lights.
2. Cover all windows so no light shows from the outside.
3. Remain inside. Do not go out on streets except in line of duty.
4. If driving, drive to the side of road or street. Stop car, turn off lights and remain in car.
5. Do not smoke, or light cigarettes or pipes on the outside during the Blackout.
6. Do not use telephone during blackout except in urgent emergency. The lines are used for official calls only.
7. Obey the orders or directions from your air-raid warden. He is interested only in your safety.
8. Keep the air-raid warden in your block informed as to the number of persons in your home.

Auxiliary police with full powers will be stationed on all highways leading into city to halt all cars, Police Chief L. W. Knadle stated.

HAMBRO TELLS OF NORSE PART IN WAR EFFORT

2,500 Persons Hear Address by Norse Dignitary in H. S. Gym

NORWAY PAYING OWN WAR COSTS UNAIDED

Gives Details of Contribution Made by Norwegian Merchant Marine

Twenty-five hundred residents of Thief River Falls and surrounding communities were informed of the substantial contribution being made by the Norwegian people to the prosecution of the war by the Allied Nations when they heard an eloquent address delivered in the high school gymnasium Monday evening by Dr. C. J. Hambro, president of the Norwegian parliament in exile.

Following a concert by the Lincoln high school band, directed by Donald Rogers, and the invocation by Rev. G. S. Thompson, Rev. E. L. Tungseth, who presided, introduced guests seated on the platform, including Carl Christofferson, county salvage chairman; Mayor H. W. Kinghorn and members of the city council; Mayor Amundson of Newfolden; Paul A. Lundgren, chairman of the county war bond campaign; Postmaster Andrew Anderson; Major G. Schilbred, chairman of the county civilian defense council; and F. H. Hageman, O. E. Taxerase, C. D. Gustafson and William Ferguson of the committee that handled details in connection with the scrap parade in the afternoon.

The singing of "The Star-spangled Banner" and "Ja Vi Elsker" was followed by the introduction of Dr. Hambro by Dr. Richard Beck of the University of North Dakota.

After telling how the Norwegian government excavated to London rather than surrender to the Nazi invaders after 62 days of hopeless resistance, Dr. Hambro stated that the Norse government immediately began building up its air forces in Scotland and later in Canada, at the same time paying for all air fields and planes used in Canada and fighting from English bases.

LIEBERMAN STORE SOLD TO BEMIDJI FIRM THIS WEEK

New Owners of Enterprise Have Been in Bemidji Forty Years

After completing the taking of an inventory of the stock, the Lieberman clothing store in this city will be taken over by Gill Brothers, for the past forty years operators of a leading men's clothing store in Bemidji, where similar lines of merchandise have been handled.

The local enterprise was established by Charles Lieberman about thirty years ago and operated by him until his death last year, since which time it has been managed by his son, Sidney Lieberman, who is now entering the U. S. Army.

Further details regarding the transaction will be available next week.

Delegation of Farmers Asks Board to Make Cut in Farm Assessments

Appearing before the county board Wednesday morning during its October session, a delegation of 25 farmers from various parts of the county, with T. H. Bjerke of Town of North as their spokesman, requested the commissioners, now sitting as a county board of equalization, to make a reduction in farm real estate valuations. The board indicated that it might take action on the petition before adjourning its session, which is expected to continue thru Friday.

October War Bond Quota for County Is $36,400

The October war bond sales quota for Pennington county has been fixed by the treasury department at $36,400, approximately the same as for the month of September, it was announced today by Paul A. Lundgren, county chairman of the bond sales campaign.

Salvage Chairman Voices Thanks for Cooperation in Current Scrap Drive

"In behalf of the Pennington county salvage committee, I wish in this manner to convey our deep appreciation of the efforts expended by citizens in all parts of the county in the highly successful campaign to put our county over the top in the scrap metal drive now under way. While our quota has more than been achieved, we trust there will be no let down in the campaign until every last bit of usable scrap has been salvaged for the war effort."

JARVIS PRICHARD REPORTED MISSING IN ALASKA BATTLE

Lieutenant Prichard Was Serving as Navigator on Bomber

Mr. and Mrs. W. W. Prichard are gravely concerned over the safety of their son, Lieutenant Jarvis B. Prichard, navigator with the American air forces in Alaska, who Wednesday was reported as missing in action, together with other members of a bomber crew.

The dispatch from the headquarters of the Alaska defense command stated that Lieut. Prichard and other crew members were missing after leading an attack against Japanese naval forces in the Aleutian Islands zone. It also was announced that the local man had been cited for the air medal and purple Heart award in recognition of his valor.

Lieut. Prichard, 27, took his aviation training at Barksdale Field, Shreveport, Louisiana, completing the course early in 1941, and later serving for nine months as chief flight instructor at Kelly Field, San Antonio, Texas.

His father this morning was communicating with the War department in Washington, D. C., in an effort to clear up the uncertainty surrounding the fate of his son.

384 BIRTHS AND 184 DEATHS FOR COUNTY IN 1941

Belated Report on Vital Statistics Is Received by Clerk of Court

In a belated report on births and deaths in Pennington county in 1941, received this week by Clerk of Court Henry Storhaug from the state board of health, it is revealed that 384 babies were born in the county last year, compared to 184 deaths. In 1940 there were 415 births and 180 deaths.

In the city of Thief River Falls, where two hospitals are located, there were 334 births and 142 deaths. Fifteen births and four deaths were recorded in the Town of North, while Rocksbury township reported four births and 19 deaths. The remaining number were scattered thruout the county.

Mr. Storhaug explained that the report was delayed this year due to the new system of making photostatic copies of all reports received at state headquarters in St. Paul.

RECEPTION HELD WEDNESDAY NIGHT FOR TWO WOMEN

Mrs. Hildahl of Roseau and Miss Mary Welsh are Honored

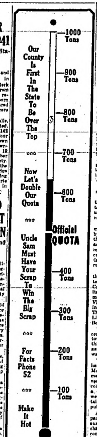
At a reception in the public library Wednesday evening, arranged by Mrs. Hazel Halgrim, librarian, with the cooperation of her assistants, the Misses Frances Shanahan and Inga Thompson, local citizens were given an opportunity to meet two interesting women.

The honor guests were Mrs. Hild Naess Hildahl of Roseau, creator of the unique collection of Norwegian dolls which recently has been on display at the library here and in Minneapolis, and Mary Welsh, daughter of Mr. and Mrs. T. J. Welsh of this city and correspondent in Great Britain for Time and Life magazines.

Mrs. Hildahl's collection of dolls, which has gained wide-spread fame, attracted many admiring comments from the large group present.

Miss Welsh, who is here for a brief vacation before leaving to resume her duties in London, spoke informally of conditions in England. She praised the high morale of the American forces in the British Isles, and predicted they would give a good account of themselves.

Refreshments were served in the course of the evening, with Mrs. N. A. Holen and Mrs. Perl W. Mabey, members of the library board, pouring.



County Quota of 500 Tons Is Exceeded; 625 Tons Collected to Date

120,000 LBS. OF SCRAP METAL IN BIG PARADE

County Committee Receives Thanks from State Head of Campaign

Climaxed by an impressive scrap parade Monday afternoon, in which 120,000 pounds of scrap metal was transported thru the streets of Thief River Falls, the Pennington county salvage campaign, in progress the past six weeks, this week far exceeded its quota of 500 tons of old metal, collections to date aggregating 625 tons, it was announced today by the committee in charge.

After being advised of the county's achievement, F. Peavy Heffelfinger of Minneapolis, Minnesota conservation manager for the War Production Board, sent the following message, "Congratulations to Pennington county on going over the top. As far as I know, you are the first county, but keep going. There is always lots more."

With the campaign thus far so successful, the local committee announced that it was now setting its sights at a goal of 1,000 tons, and will continue the drive until that end is attained as nearly as possible.

Furnishing impressive testimony of the support being given by citizens of this community to the nation's war effort, the parade Monday afternoon aroused much interest among the large crowd of people in the city that day, ideal weather contributing to make the event a decided success.

Heading the procession were the Legion color guard, the Mentor high school band, the Red Cross surgical dressings unit with its members clad in white and more than 100 members of the Victory Aides organization. Also in the line of march were the Thief River Falls drum corps, the Lincoln high school band and the Boy Scouts.

The scrap metal, forming the central feature of the parade, was towed by tractors, hauled in thirty or more trucks and trailers, as well as in dozens of coaster wagons pulled by school children.

The grand prize of $10 for the heaviest load of metal brought in Monday was won without argument by Breznay Brothers of Silverton township, whose entry consisted of a Flour City tractor, a quarter of a century old, and weighing 14,780 pounds. A detailed list of the prize awards is published elsewhere in this issue.

A noteworthy feature of the parade was that it got under way exactly at the time announced. In charge of arrangements was a committee of implement dealers headed by F. E. Hageman.

These Folks Won Prizes in Scrap Parade Monday

Breznay Brothers of Silverton, who brought in a monster old-style tractor weighing 14,780 pounds, won the first prize of $10 for the heaviest load of scrap entered in the highly successful Scrap Day parade Monday afternoon.

A $5 prize for the second heaviest load, 9,090 pounds, went to N. E. Beale of Rocksbury. Otto Parnow of Star placed third with his load weighing 6,580 pounds, with Howard Brothers of Highlanding, 5,630 pounds, in fourth place, and Henry Finelson, Hickory, 3,560 pounds, fifth.

Finelson also won the prize for hauling a truckload of scrap the longest distance, 39 miles, and H. T. Waale won the award for bringing a trailer load the longest distance, 20 miles.

Winners of prizes in the township contest include Breznay Brothers, Silverton, first; N. E. Beale, Rocksbury, second; Otto Parnow, Star, third; and Robert From, Sanders; Waldie Christenson, Smiley; Oscar Haugen, River Falls; Henry Finelson, Hickory; H. T. Waale, Kratka; Gunder Asbjornson, Mayfield; John Magnuson, North; K. Knutseth, Norden; G. M. Erickson, Black River; Malcolm Stucy, Deer Park; Matt Mutnansky, Goodridge; Howard Brothers, Highlanding; and Jim Naplin, Polk Centre.

Loran Lord's Boy Scout Troop 47, with 2,130 pounds, won the $5 Boy Scout award. Junior prizes were awarded as follows: Elwood Karwand, 320 pounds, first; Don Hulbert, 280 pounds, second; Gerald Saustad, 200 pounds, third; followed by Harry Hendrickson, fourth; Jerome and La Doris Poppenhagen, fifth; James Plough, sixth; and Clair Ann O'Hara, seventh.

In the 4-H club contest, the Star club won first prize of $10 with 5,580 pounds. The Falls club placed second, Sanders club third, Black River-Polk Centre club, fourth; and Northfield club, fifth.

100 RAMS CHANGE HANDS AT ANNUAL RAM TRADING DAY

Attendance at Event Monday Was Largest in Recent History

Pennington County's annual ram sale and exchange day held Monday, October 5, was the best attended in recent years, according to County Agent Ernest A. Palmer. A total of 122 purebred and high grade rams were offered for sale with approximately 100 changing hands.

The majority of the rams offered were local but outstanding breeders of Beltrami, Polk and Marshall counties had truckloads in for this exchange day.

The quality of the sheep flocks in Pennington County are expected to be greatly improved thru the sale and exchange of these rams.

GRYGLA

St. Olaf Ladies Aid Elects Officers

The St. Olaf Ladies aid met at the church last Thursday afternoon, the meeting being in the form of a re-organization for the coming year. Mrs. G. O. Sandland and Mrs. M. K. Ellingson were elected delegates to attend the W. M. F. convention to be held at Badger in the near future and Mrs. Melvin Sorenson and Mrs. Emil Anderson were chosen as alternates.

It was decided to continue the programs at each meeting and Mrs. R. F. Sandberg and Mrs. Anna Brown were appointed on the program committee for November. Hostesses appointed for November were Mmes. A. M. Loyd, C. M. Knutson, and F. A. Brown.

Annual reports were given as follows: a report on roll call by Mrs. Oscar Knutson, treasurer; and a report by Mrs. F. A. Brown, historian. Mrs. Ellingson was appointed as organist for coming year. A motion was carried to continue with the present officers for another year. These included: president, Mrs. C. M. Knutson; secretary, Mrs. Lars Nygaard; treasurer, Mrs. Oscar Knutson; historian, Mrs. F. A. Brown; and librarian, Mrs. R. F. Sandberg. Mrs. Elmer Hylland was elected vice president to fill a vacancy and Mrs. Gust Austad was elected W. M. F. secretary, a new office.

Following the meeting lunch was served by Mmes. A. J. Miller, R. F. Sandberg, and F. A. Brown, the latter substituting for Mrs. Anna Brown.

North Star Farmers Club Meets

The North Star Farmers Club met at the hall last Thursday evening with a very large crowd in attendance. James Peyton, who is affiliated with the Interstate Power Company at Bemidji, gave a talk on the Salvage Drive in behalf of the Beltrami county Salvage committee. Another speaker was Marshall county agent, R. E. Rierson whose topic was "Inflation".

Other numbers on the program were two songs by Luverne and Arlette Fransman; several songs by Doris Becker of Goodridge, who was accompanied on guitar by her mother; and a reading by Winton Loverson. Lunch and dancing followed.

Clarence Anderson, Mrs. Victor Nygaard and Mrs. C. M. Knutson, were appointed on the program committee for November and Mrs. George Hanson and Ella Haugen were appointed on the lunch committee.

Fire Destroys Farm Home

A fire of unknown origin broke out at the Raymond Buchalz farm Saturday evening and burned the house to the ground. Raymond and his mother and his niece, Iris Fransman, who stayed there, had gone into Grygla, leaving nobody at home. The fire, when first noticed at about 9:45 p. m. by passersby, had progressed so far that nothing could be saved. An auction sale had been held at the Buchalz home that day but no household goods had been sold so included in the loss were furniture, bedding and clothing belonging to Mrs. Buchalz, Raymond, Iris Fransman, and Clara Buchalz, who had arrived home that day. The loss is partially covered by insurance.

Raymond left on Tuesday for the army and at this writing Mrs. Buchalz, who is staying with relatives in Grygla, had made no plans for a future home.

Farewell Party

About forty friends and relatives gathered at the Emil Clauson home on Sunday evening and tendered the Clausen family a surprise farewell party. An enjoyable social evening was passed and at a late hour a buffet lunch which had been contributed by the self-invited guests was served.

John Arnevik presented the Clausons with a purse of money in behalf of those present. Mr. and Mrs. Clauson responded with words of appreciation. The Clausons are having a sale on Monday, October 12, after which they are moving to Minneapolis.

Those sharing the occasion besides the honored family were Mr. and Mrs. Frank Streble, Mr. and Mrs. Vernon Wickstrom and Allan, Mr. and Mrs. John Arnevik and family, Mr. and Mrs. John Bratteng and family, Mr. and Mrs. Hans Strom and family, Mr. and Mrs. Christ Clauson and Lloyd, Mr. and Mrs. William Otto and family, Mrs. Ralph Cady and Mrs. Alfred Swanberg and children. The party was arranged by Mrs. Vernon Wickstrom and Mrs. Alfred Swanberg.

Valle Luther League Meets

The Valle Luther League met at the church last Sunday evening. Evelyn Smeby and Marion Stenberg were appointed on the program committee for next time.

The following program was given: a reading by Lorna Salveson, a song by Mrs. Gilman Hylland and Mrs. Harvey Langness, the latter playing a harp accompaniment; a recitation by Stuart Sistad; a song by Mrs. Gilman Hylland and Mrs. Harvey Langness accompanied at the organ by Mrs. Victor Nygaard; and a talk by Rev. Hjalmrast.

Lunch was served by Mrs. Irwin Anderson and Mrs. B. O. Dalos.

Birthday Party

Mrs. Sophia Taylor was pleasantly surprised last Sunday when a group of close relatives arrived at her home to do honors for her in commemoration of her birthday which occurred on September 29. At noon the self-invited guests served a sumptuous buffet dinner with a white birthday cake decorated in pink and orange and topped with candles, centering the serving table. In the afternoon ice cream and another decorated birthday cake were enjoyed. Mrs. Taylor received several lovely gifts.

Those present were Mr. and Mrs. Oscar Wiseth and family, Clarence Taylor, Mr. and Mrs. Lloyd Taylor and family of Goodridge, Mrs. Howard Tweten and daughter and Mrs. Sophia Taylor and Arthur.

First Aid Class Organized

Last Thursday evening R. E. Rierson, Marshall county agent, met at the school auditorium with about seventy-five people, including air raid wardens, victory aids, and others, to organize a first aid class. Two classes will be held weekly, one in the afternoon and the other in the evening, to accommodate those who have enrolled for this fine course.

MONTGOMERY WARD

GOV. H. E. STASSEN ORDERS 35 MI. PER HOUR SPEED LIMIT

Highway Patrolmen Will Enforce Terms of New Regulation

A maximum speed limit of 35 miles an hour, for any vehicle travelling on rubber tires, has been put into effect throughout Minnesota as a war-time measure to save rubber and tires.

Plans for rigid enforcement through cooperative vigilance of federal, state and local officers and agencies, including tire and gas rationing boards as well as courts of justice, are rapidly being perfected.

Speed zone signs on state trunk highways, transformed from normal- to- 40-mile-an-hour signs only four months ago, are speedily being revised by state highway department maintenance men to proclaim the new 35-mile maximum throughout the state.

The normal maximum penalty for speed violation is $100 fine or 90 days in jail or both, and highway patrolmen will enforce the terms of the order as a state law.

Although as yet unofficial, indications from Washington are that in addition to unusual penalties violators will be reported to rationing boards, which by November 22 will control the individual motorists gasoline supply, and that, at least in cases of repeated violations, offenders will be denied gas rationing cards. Such action would deprive them not only the right but even of the means to operate their cars, possibly for the duration of the war.

After a conference with William M. Jeffers, national rubber director, the new speed top was ordered throughout the nation last week by Joseph B. Eastman, director of the Office of Defense Transportation, as a war emergency decree containing the following language:

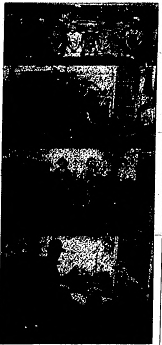
"No person shall drive or operate, or cause, permit, suffer, or allow to be driven or operated, any vehicle within the continental limits of the United States at a rate of speed which is (1) in excess of the applicable speed limit duly prescribed by competent public authority, or (2) in excess of thirty-five (35) miles per hour, whichever rate of speed is the lesser."

In accord with the federal order [illegible] October 1, Governor Harold E. Stassen issued a similar order making the wartime speed measure effective immediately throughout Minnesota.

The Governor conferred with M. J. Hoffmann, state highway commissioner, Elden Rowe, chief of the state highway patrol, and heads of other state agencies, to work out specific enforcement plans. Commissioner Hoffmann announced that work of changing speed zone signs along state highways from the previous 40-miles an hour to 35-miles an hour maximum already was underway and would be completed as rapidly as possible.

The only exceptions from the 35-mile an hour requirements are vehicles operated by or under the direction of the armed forces, and vehicles being driven in emergencies "for the protection or preservation of life, health or for public safety." Common carrier trucks and buses operating on fixed schedules in regular route service are given until October 15 to revise their schedules and effect complete compliance.

Winners at Plummer Fall Festival



Sponsored by Future Farmers of America, the Fall Festival at Plummer Saturday was considered very successful and while the rush of harvest held down attendance during the afternoon, competition for prizes in many classes was keen. Here are a few of the winners.

At the top picture are girls of the third and fourth grade who were a part of the prize winning parade entry, left to right, Merla Braaten, Darlene Hanson, Leona Kopp, Eldora Thornton, Susan Kopp, Ina Howard, Gladys Fredrickson and Marlen Gerardy.

In the second picture Dale Howard, son of Mr. and Mrs. Lloyd Howard, displays his blue ribbon spring gilt, a pure bred Poland China. Twin calves took top honors and were entered by Gladys and Bernice Mahla, daughters of Mr. and Mrs. Ben Mahla, and in the bottom picture John Smith and his dad, A. E. Smith of Terrebonne, show a couple of their Shrops that were judged tops.

Mrs. Amelia Erickson Passes Away at Home Friday, October 2nd

Mrs. Amelia Erickson passed away at her home in this city Friday, October 2, at 12:30 a. m. at the age of 59 years and 10 days. She was the daughter of Mr. and Mrs. Ole Jorgenson of Ada. Funeral rites were held on Tuesday afternoon at 2 o'clock in the Larson chapel with Rev. J. O. Jacobsen officiating. Interment was made in the Greenwood Cemetery.

The deceased was born on September 22, 1883, at Ada and was married to Solmon Erickson. To this union was born six daughters, five of whom are living, namely, Mrs. Dan France and Stella of San Diego, Calif., Mrs. Frank Hayden, Mrs. Charles Langevin and Ruby all of Thief River Falls. Also surviving are two sisters, Mrs. S. Thorson of Waukegan, Ill., and Mrs. Gilbert Olson of Ada; two brothers, Olaf Jorgenson of Erskine and John Jorgenson of Saskatchewan, Canada; and six grandchildren. Her husband and one daughter Alpha Brieger of Red Lake Falls preceded her in death.

Funeral Rites for Gunder Aanunsen Held Sunday, October 4th

Funeral services were conducted at the Fisher Lutheran church on Sunday, October 4, for Gunder Aanunsen, Plummer carpenter, who died last Friday, October 2 at 3:30 p. m. He was 75 years and 11 days when he died.

Mr. Aanunsen was born in Satersdahlen, Norway, on September 21, 1867. He came to America at the age of twenty-one and settled at Fisher where he lived until 1934. Since that time he has made his home with his niece, Mrs. Ed Martinson, at Plummer.

Old Lodestone

An ancient Indian lodestone, worn thin from many years' pounding, was discovered by Morley Spratt, a truck driver, in an old earth mound at Ft. Eric, Ont. About half a foot in length, the stone apparently was used by the Hudson tribe to grind corn.

SCRAP CAMPAIGN IS THEME OF C. C. MEETING OCT 1ST

Civic Group to Make Effort to Bring Winnipeg Speaker Here

F. R. Hageman, chairman of the scrap parade staged Monday, gave an account of plans for the event at the luncheon meeting of the Civic and Commerce association last Thursday noon.

Mr. Hageman also discussed the seriousness of the scrap shortage in the nation, and urged the full cooperation of all concerned in getting in every last pound of old metal.

W. E. Dahlquist reported on a meeting of the Northwest Good Roads association he attended at Crookston recently, and spoke in praise of an address dealing with the Alaska highway delivered at the meeting by Erich Willis of Winnipeg.

It was decided to make an effort to bring Mr. Willis to Thief River Falls to address the association and also to speak at a Lincoln high school assembly.

HAMBRO ADDRESSES AUDIENCE OF 2,500 HERE LAST MONDAY

(Continued from page 1)

The Norse navy, he said, is a powerful weapon and is active in many parts of the world. He also cited the invaluable help being given the Allied war effort by the Norwegian merchant marine, served by 25,000 sailors. A total of 240 Norse ships, he stated, have been lost since the outbreak of the war, in addition to the lives of 2,000 sailors.

Altho thousands of Norwegians have been tortured by the Nazis and sent to concentration camps, their resistance to their oppressors is now more solidified than ever before, Dr. Hambro declared.

Stating that the League of Nations is not dead and is performing many useful functions, he said it will be necessary after the war to build up a far more effective system of international courts than has been developed to date. We must, he added, give up the idea that all nations should have equal voice regardless of their size.

Dr. Hambro stated that the original concept of democracy had been based on the attitude, "What can I do to help?", but that in too many cases it has since developed into a state of mind that asks "What can I get out of the government?"

After concluding his address in the English language, he spoke briefly in the Norwegian tongue, bringing greetings to former citizens of his home land now residing in this section of Minnesota.

Paul Lundgren spoke briefly, commending the Victory Aides for their work in making 1,000 war savings stamp corsages last week, and for selling them all at $1 each in a few hours Saturday morning and afternoon. All persons wearing the corsages or purchasing fifty cents worth of war stamps were admitted free to hear Dr. Hambro's address, sales totaling in the neighborhood of $1,500.

equities, or to aid in the effective prosecution of the war."

The board also was ordered not to approve any decreases in wages below the highest wages paid between Jan. 1 and Sept. 15, 1942, unless to correct gross inequities and to aid in the successful prosecution of the war.

No increases in salaries now in excess of $5,000 a year shall be granted until "otherwise determined by the director (Byrnes), "except in instances in which an individual "has been assigned to more difficult or more responsible work."

Also, the order said no salary shall be authorized in excess of $25,000 after the payment of taxes, although the order said regulations should make due allowance for payments on life insurance premiums on policies heretofore issued and for payments on fixed obligations heretofore incurred, as well as make provision to "prevent undue hardship."

The executive order authorized the war labor board to continue to perform the powers previously conferred upon it, and extended the board's functions to cover "all industries and all employes."

Under the agricultural title of the order, Secretary Wickard and Price Administrator Henderson were directed to stabilize prices of farm commodities on the basis of levels which existed on September 15, with additional instructions to make appropriate deductions from parity price or comparable price for payments made to farmers under the soil conservation and domestic allotment act; parity payments made under the AAA act, and governmental subsidies.

Where the secretary and price administrator disagree, the director of stabilization will settle the matter.

Under still another title, the order directed the price administrator in stabilizing prices to determine them in such a manner that profits "are prevented which in his judgment are unreasonable or exorbitant.

Local Private Attends Anti-aircraft School

Private Chester Olson, son of Mr. and Mrs. Gordon Olson of this community, is stationed at Camp Wallace, Texas, where he is receiving training in anti-aircraft gunnery. In a letter to his family he tells of shooting at a target towed by a plane three miles in the air, and says his group made seven direct hits out of 14 shots in the space of one minute, winning high praise from the general in command. "The Minnesota boys sure are showing them up down here", he writes.

The Silverton-Smiley 4-H meeting will meet at the Frank Hardisty home, October 9. The program will be the election of officers and enrollment for the coming year. The meeting will start promptly at 8:30. All members are urged to be there.

SALVAGE ROLLS IN IN OCTOBER DRIVE IN THREE STATES

Washington Man Says Northwest States Are Doing Their Full Share

Iron and steel scrap is now rolling in from every community in the three northwest states of Minnesota, North and South Dakota. It's rolling in and rolling right out again—to the steel mills where it will shortly emerge as brand new shiny armament bound for Tokyo and Berlin.

Completing a recent tour thru parts of all three states, R. M. W. Shaw of Washington, procurement specialist for the War Production Board conservation division, reported seeing scrap in transit at every town he visited.

"Even the smallest towns had scrap being loaded on the railroad sidings," Mr. Shaw said. "Some towns had more than one car. In many towns, scrap piles were visible along the Main street or in vacant lots. I think the significant thing, however, is the fact that the scrap is moving to the steel mills. And it's moving fast."

In Minnesota, the Minnesota Auto Wreckers association, meeting in Minneapolis, pledged wholehearted support to the jalopy procurement program. This program, designed to send old junker cars flooding into the graveyards, will swell the total of the northwest's salvage collections in the October drive. The jalopy program is not yet under way in other sections of the country.

The American Legion has taken on the jalopy procurement program as a Legion project and Legionnaires are launching a house-to-house and farm-to-farm canvass to bring junker cars out from behind barns, garages, fence corners and alleyways.

"In This Our Life", Starring Bette Davis, at Avalon Next Sunday

Bette Davis plays the principal role in "In This Our Life," a poignant drama to be presented at the Avalon theatre Saturday, Sunday and Monday. Other principal actors in the story of a Southern family fallen from its former high estate include Olivia de Havilland, Dennis Morgan, George Brent, Frank Craven and Billy Burke.

"True to the Army," a laugh-packed comedy, will be the offering at the Falls theatre Sunday and Monday, with a midnight preview Saturday evening at 11:15. Heading the cast are Judy Canova, Allan Jones, Ann Miller and Jerry Colonna.

Lieut. Harry Solberg Assumes New Duties

Second Lieutenant Harry Solberg left Thursday for Camp Ripley where he will assume his new duties as an officer in a special Infantry organization that is being prepared for action in northern countries. He received his commission Sept. 18 after completing an officer's training course at Ft. Benning, Ga. He is pictured above with his parents, Mr. and Mrs. Hans Solberg of Star shortly before he left. Lieutenant Solberg attended rural schools in Pennington county and graduated from the Northwest School of agriculture at Crookston in 1937. He entered military service in January of this year.

Successful Institute Held Here By Teachers

A successful Pennington county rural school teachers institute was held last Friday in the Lincoln high school auditorium, with Miss Grace Norgaard of the state department of education directing proceedings, assisted by Miss Judith Lockrem, county superintendent.

All but two of the rural teachers were present, in addition to which the guests included the Lincoln high school teacher training class and their instructor, Mrs. Mae M. Smith, as well as Miss Thora Skomedal, Marshall county superintendent of schools.

At the general meeting problems of adapting the school curriculum to the war effort were discussed, and also the new standards fixed by the state department of education, calling for more and better instructional materials in the rural schools in order to qualify for state aid.

Three discussion groups also considered various topics during the session. Miss Bernice Halvorson, teacher in District 119J, was leader of a group dealing with the question, "Where can teachers find reading material suitable for upper grade pupils with third or fourth grade reading ability?"

Miss Norma Ortloff, teacher in District 154, led a discussion of ways by which teachers may find class time to give special help to seriously retarded readers. A third group led by William Nyhelm, District 37, dealt with desirable uses of emotional appeal with boys and girls as appropriate and effective agencies in the making of good citizens.

Also discussed in the general meeting was the participation of rural school pupils and teachers in the scrap collection, the children being organized along military lines for the purpose. Other topics dealt with included the Junior Red Cross organization, and with the continuing campaign in the rural schools for the sale of war savings stamps and bonds.

Special emphasis will be placed on emergency treatment of war injuries in a course expected to qualify some 35 Pennington county citizens as lay instructors in Red Cross first aid, starting October 19, Herman A. Kjos, chapter chairman, stated today.

The 16-hour course, which will end October 24, will be under the direction of Wendell M. Bergee of St. Louis, first aid field representative of the Red Cross.

Enrollments should be made as quickly as possible with Mrs. G. L. Biddick, chapter secretary, Mr. Kjos stated.

HAMBRO INFORMS PUPILS OF SCHOOL STATUS IN NORWAY

Tells of Passive Resistance Campaign Being Waged by Children

School children in Norway, as well as in other Nazi-occupied nations of Europe, are playing a prominent part in the campaign of passive resistance to their Nazi overlords, the Hon. C. J. Hambro, head of the Norwegian parliament, declared Monday afternoon in an address to a gathering of students that packed the Lincoln high school auditorium to its capacity.

The speaker, who recalled that he was formerly president of the board of education in his home city of Oslo, stated that the German invaders demanded that all teachers in the schools of Norway join the Nazi organization, but that nearly all of them refused, in consequence of which some leaders were shot and the schools were closed this year from February to May. He also told of abuse to which the rebellious Norse teachers were subjected.

Radio sets, Mr. Hambro said, are still in operation in Norway in spite of the imposition of the death penalty for their possession. In closing, he said the children are fighting for freedom of education and liberty of conscience.

Three Fires Wednesday Keep Fire Department Busy; Damage Is Slight

Three blazes Wednesday gave the local fire department a period of unusual activity, no heavy damage resulting from the fires. He had taken his sister, Mrs. Halvor Reise and daughter of Bemidji to Idaho to see Mr. Reise who was ill with pneumonia. When they arrived there they took the latter to a Seattle, Wash., hospital and at this writing he is recovering. Mrs. Reise and daughter remained at the Harold Nelson home.

Mrs. Lettie Freitag Honored

Mrs. Lettie Freitag, who has been visiting friends and relatives at Minneapolis for the past month, was the guest of honor at a surprise birthday party given last Thursday evening at the home of Mrs. Selma Horn in Minneapolis. An unusual decorated birthday cake centered the dining room table and as the guests were seated a music box, concealed within the lovely large cake, began playing, "Happy Birthday To You". The evening was spent in pleasant conversation and at a late hour the guests departed, wishing Mrs. Freitag many happy returns of the day and a pleasant journey home. Those present included: Mrs. Lettie Freitag of Grygla, honored guest; Mrs. Clifford Wahlin, Mrs. Ethel Lewis, Mrs. Agnes Roe, Mrs. Otto Freitag, Mrs. O. J. Peterson, Mrs. Sophie Aaserude and children and Myrtle and Stella Horn, all formerly of Grygla, now residing in Minneapolis. Other friends from Minneapolis who shared the occasion were Eleanore Brodin, Mrs. Carl Peterson and Rebecca Freitag.

The Grygla P. T. A. will meet on Friday evening, October 16.

Mrs. Edwin Olson Passes Away

Mrs. Edwin Olson of Warroad passed away on Thursday, Oct. 1, at the Warroad hospital. She leaves to mourn her passing her husband, one daughter, Eileen, one brother, Edward Holmes of Warroad, and one sister of Minneapolis. She was preceded in death by her parents.

Mrs. Olson was a resident of Grygla a few years ago when Mr. Olson was employed as a forest ranger in this area. The Olson family moved away from here about seven years ago. The funeral arrangements are not known at this writing.

The St. Olaf Luther League will meet on Sunday evening, Oct. 11.

Mr. and Mrs. A. Ralston Honored

Mr. and Mrs. A. D. Ralston shared honors at a surprise farewell party given last Sunday afternoon at their home. Visiting and group singing passed a pleasant afternoon after which a sumptuous lunch was served by the hostesses, Mrs. Alton Anderson and Mrs. John Thieling. The honored guests were presented with a purse of money from their assembled friends, the presentation being made by Mrs. John Thieling.

Those attending the party were the Clarence, Ben, and Alton Anderson families, Mr. and Mrs. Benson Gram and Ray, Mr. and Mrs. Henry Gilthvedt, Mrs. Marvin Vosberg and son, Mr. and Mrs. Bernard Mesh and family, Mr. and Mrs. John Thieling and Norman, Florence Peterson, Mr. and Mrs. Emil Ostlund and Lester, Kenneth Evans and Mr. and Mrs. Ralph Bush and Donna.

The A. D. Ralstons sold their property at an auction sale last week and are leaving in the near future to make their home in Spokane, Wash.

Raymond Buchalz, Galen Olson, and Joel Aune left on Tuesday for Fort Snelling to be inducted into the army. Kere Davy left a week ago Tuesday.

Men from here who spent Sunday in the Greenbush vicinity on duck hunting were: H. A. Bush, C. M. Lunde, F. A. Brown, Leonard and Frances Haack and Mr. Dowers.

Vernon and Roy Gilbert left on Sunday for Thief River Falls to resume their studies at Lincoln high school after spending three weeks at home.

Sunday dinner guests at the R. F. Sandberg home were Mr. and Mrs. Roy Brown and daughters and Mrs. Clifford Bjorkman and children all of Thief River Falls.

Rev. and Mrs. Morris Corey and sons of Roseau were callers in town on Friday.

John Lager of Thief River Falls was a caller here on Monday.

Mr. and Mrs. Ordean Anderson and daughters visited relatives at Halstad over the week-end.

Gilbert Stratton of Grand Forks, and LeRoy Sletten of Alvarado, spent the week-end at the Adolph Sletten home.

Mildred Sletten, who has been employed at Warroad, arrived Friday for a two weeks visit with her parents, Mr. and Mrs. Adolph Sletten.

M. L. Windaness, who has visited relatives at Minneapolis and Hill City for the past three weeks, returned home on Thursday. He accompanied Gust Sandberg from Hill City, who returned to his home the following day after enjoying some duck hunting.

Mrs. Orville Rollandson and children visited relatives at Oklee and Trail over the week-end.

Pvt. 1st class Ole Byklum returned last Wednesday to his duties at Washington, D. C. after spending a furlough with his parents, Mr. and Mrs. Ole T. Byklum.

Mrs. K. O. Byklum had been laid up the past week with a badly sprained ankle.

Mr. and Mrs. Bowers of St. Paul are visiting at the Leonard Haack and Haack Brothers' home.

Mr. and Mrs. Ralph Galbraith spent Sunday at Cass Lake with the former's parents, Dr. and Mrs. L. B. Galbraith.

Lawrence Olson is employed at the Farmers Union Station.

Mrs. Orville Askeland left on Wednesday for Minneapolis to join her husband who is attending classes receiving training for the signal corps.

HOW MANY LIVES DO DOGS HAVE?

Fertile—Everybody knows cats are supposed to have nine lives but the lives of dogs have never been so accurately counted. There's one little pooch in these parts, known as Poochie, no bigger than a minute who appears to have seven lives. Seven times has he been run over by car or truck and found lying in the road apparently dead and each time the following day found him running around spritely once again. He is owned by the Philip Hanson family.

ERIE

The Star 4-H club met Friday evening in Clover Nook school house. Election of officers for the coming year was in order and are as follows: president, Eugene Prestegaard; Ernest Roisland, vice president; Rosann Marquis, secretary; Alice Geving, treasurer; Bernice Kjelgren, librarian. After the business meeting a short program was given. Geneva Iverson and Grace Dahlen sang a group of songs. Emma Sundsdahl gave a reading. Mrs. Prestegaard, adult leader, gave a short talk, thanking the club members for their fine cooperation during the club year. After which lunch was served by the mothers. One feature which added to the enjoyment of the evening was the young folks dressed in comic costumes. Prizes were awarded to Geneva Iverson and Alice Geving, best comic for girls and Carroll Parnow and Marvin Johnson for boys. Hallowe'en and autumn decorations added much to the beauty of the party.

Farmerettes Bernice Kjelgren, Alice Geving, Geneva Iverson and Grace Dahlen left Monday for Crookston to attend the N. W. S. A. Their respective parents accompanied them there.

Misses Edna and Bernice Race were delegates from the Luther League of Rosendahl church at the annual Luther League convention held at St. Hilaire Friday, Saturday and Sunday, attending the entire session. Alice Geving and Grace Dahlen represented the Eklund church attending the Saturday sessions. Miss Grace took part in the program.

The Dorcas Ladies aid was entertained by Mrs. H. A. Dahlen at her home on Wednesday afternoon and was well attended.

Chester, Jimmie and Glen Jorde of Town of North, were out to call on their aunt, Mrs. L. D. Johnson, also to do some hunting Sunday.

Rev. O. O. Bjorgan called on Mrs. Ingeborg Tharaldson Wednesday. Mrs. Tharaldson is not so well of late.

Mr. and Mrs. Carl Erickson of Espiee visited Sunday at the Gilbert Manderud home. Mrs. Erickson is an aunt of Gilbert.

The Ward Votava family and Carrie Arneberg of Thief River Falls were Sunday guests at Prestegaards.

WE HAVE PARITY

Prices of farm products are now geared to production costs by a parity relationship that, in theory, will give the farmer a fair return for the things he has to sell. The "in theory" should be emphasized. Theory and practice are not always the same and it is safe to say that the new system of controlled prices will not work out to complete satisfaction in all cases. They never do.

Here, in general terms, is how the plan is supposed to work out. Parity means a fair exchange value between the things a farmer sells with what he buys. The base for figuring this relationship is established by economists who accept the averages of what are considered to be ideal years. Parity prices for most crops will be based on the averages of the five year period following 1909.

Using cotton as an example, the average price received by the grower during this five year period was a little over 12 cents a pound so 12 cents a pound is considered a fair price for cotton according to the growers' costs at that time. Present growers' costs, however, are half again as great as they were during that period so the present parity price of cotton would be in the neighborhood of 18 cents a pound. As the growers' costs go up or down this parity price of cotton will rise and fall. The new law, as we understand it, provides a ceiling for prices at 100% of parity and a floor at 90% of parity, to be maintained by government loans.

The new law does not give to agriculture all that some of its leaders asked for. That wasn't to be expected. The purpose of the law was to curb inflation, not to speed its progress. Important thing is that parity is recognized in principle. It does not put an end to the argument over prices. That will go on as long as there are buyers and sellers, producers and consumers. From now on there will be endless arguments as to whether or not parity is established on a proper base. But parity is now provided by law. Law enforcement is another thing.

C. J. Hambro delivered three addresses in Thief River Falls Monday, and before and after and in between he discussed the problems of war and peace with individuals and groups. And on all with whom he came in contact he left the impression that here is a man who has an understanding of the problems of the world. Through his activities over a period of many years in the League of Nations he has developed an international point of view that is going to be needed in the peace conferences that will follow the war. Hambro, already one of the world's great, will be a greater man in the years that are ahead of us. The Thief River Falls community was highly honored by his presence.

Enough information about the problems of building the Alaskan Highway has filtered through to satisfy us that the engineers who layed out the course knew more about what they were doing than Senator Langer of North Dakota gave them credit for. Traffic will start rolling over the new road in December. Reports, official and unofficial, indicate that the impassable bogs Langer talked about existed only in his own fertile imagination.

WE DON'T NEED TO BE TOLD

Thumbing through an issue of a magazine that is published primarily to keep business men informed on present facts and future prospects, we jotted down a few of the things that appealed to us as being interesting, though somewhat unpleasant.

Leon Henderson warned that fulfillment of the war program will drive living standards down to the 1932-1933 level.

Wayne Taylor, an undersecretary in the department of Commerce, says 300,000 small retail stores will be forced to close by the end of 1943.

General Hershey asserted that the time and need had come to set up a national manpower budget.

Another story, telling of an experiment in manpower budgeting in Baltimore, says that with war industry and the services cutting into the labor supply, the government is going to put people, willy-nilly, where they are needed.

These are a few of the samples. Under ordinary conditions any one of these statements would be alarming. Now we accept them as a matter of course as things that are logically to be expected.

Reflecting on these things and yawning as we turned out the light, we concluded that Americans do not need to be told our nation is at war.

Highway Commissioner Mike Hoffman has been called "Public Enemy No. 1 to Labor in this Commonwealth", and to those who know Mr. Hoffman, that is a laugh. He came up from the ranks, the hard way, and to many an employee of the department he still is just plain Mike. As Commissioner of Highways he directs the spending of more millions of the taxpayer's dollars than any other state official. He is not hired to play politics with these dollars. His job is to administer the affairs of the department wisely and in the best interests of all of the people of the state. Compensation and working conditions of employees are largely determined by other departments of the state government. The Commissioner's responsibility is to see to it that the state gets full value for the money it spends, and there is every reason to believe he is fulfilling this responsibility well. We know from personal experience he will not make promises he may not be able to keep. He has the point of view of the engineer and the administrator rather than the politician, and in some instances his unwillingness to yield to pressure has appeared to be poor politics. But in the long run we believe it will prove to be good politics. Mike Hoffman is respected by the contractors who do business with him and by his associates, who work with him rather than for him, he is well liked. Under his administration the only requirement of any employee is that they do their work well. If that makes Mike Hoffman a public enemy then let's have more public enemies in positions of responsibility.

Hats off and a round of cheers to the scrap drivers of Pennington County—first county of the state to deliver its quota. A couple of weeks ago that quota sounded hopelessly unattainable. Now local committees have adopted a self imposed quota twice as big, and expect to reach it. And so we have adjusted our front page thermometer to the new goal. It exploded at the 500 tons mark Monday morning. Now all we need is 575 tons to give Uncle Sam twice as much as he asked for. In this important battle of the home front a swell job is being done.

Tuesday's brisk wind kept the fire department busy and the rush of business on this fine Fall day should remind us that chimneys need to be cleaned before cold weather sets in in earnest. A home destroyed by fire is just as serious a loss as a home destroyed by enemy bombs.

TRAIN FOR WAR, IS COFFEY MESSAGE TO 'U' STUDENTS

President Addresses Convocation Thursday at Opening of Term

"As long as this war lasts, four-year college education, with long vacations, is unthinkable", President Walter C. Coffey frankly told the student body and faculty in his convocation address last Thursday, marking the opening of the year's formal activities.

His statement followed a lengthy review of the university's present activities in training men for the army, navy, air forces, signal corps and for industry, in addition to its accelerated teaching programs. Of the latter he said further federal aid would be necessary if there is not to be a breakdown in the continuous flow of trained man-power.

"There is no place now on a campus—on THIS campus for a student, man or woman, who does not regard the winning of the war as the most necessary thing in the world, and who does not accordingly, keep asking himself, 'How can I help?'" Dr. Coffey said.

Extra-curricular activities will continue in some degree, he added, but must be made contributory to larger purposes.

"I am convinced", President Coffey said, "that the changes thus far summarized are but the beginnings. As this war wears on the armed forces [illegible] more far-reaching changes will appear. We as a nation have yet to meet 'head-on' the manpower problem, but the inevitable day cannot be indefinitely postponed."

Propose Purchase of Logs for Red Lake Mill

Purchase by the government of logs and other forest products in areas adjacent to the Red Lake Indian reservation in Minnesota for processing at the Red Lake Indian mills was proposed by the interior department Wednesday in an effort to maintain the sustained yield program on the reservation without reducing production of lumber from the mill. A draft of a bill to authorize such purchases was sent to the senate by Abe Fortas, acting interior secretary, with a recommendation that it be enacted.

ORTONVILLE WOMAN AIDS IN WAR EFFORT

Ortonville.—Everyone has heard and read of women and the war effort. But 14 miles west of town is a young lady, Goldie Krueger, age 28, who is building a full sized, man-sized barn for a neighbor lady, Mrs. Esther Bush, whose only son is in the armed forces. Miss Krueger planned the barn, hauled the lumber, put in the foundation and has done most of the carpentry. If any woman should be honored for war labors Miss Krueger should. Besides building the barn this year she farmed 160 acres without the aid of hired help, doing all the work from plowing and seeding to harvesting and threshing.

Congressman Buckler Endorses Harold Hagen Candidacy in Election

R. T. Buckler of Crookston, who is retiring this year as Ninth district congressman, this week issued a statement endorsing his secretary, Harold C. Hagen, Farmer-Labor candidate for the office in the November election. The statement reads in part:

"For eight years, Harold C. Hagen, as congressional secretary, has served me and you—faithfully and well.

"In eight years of personal contact a person gets to know a companion and aide well. After eight years with Harold Hagen, I enthusiastically commend him to all voters of this district. His insight into Washington and the way of the legislative branches is equal to that of many congressmen who have served three and four terms.

"In addition, Mr. Hagen has been very popular in the national capitol and has made valuable contacts in administrative, legislative and civil fields. These contacts will stand him well and will pay dividends to this district.

"Mr. Hagen stands where I stand on the farm question. His attitude and sympathy for the farmer and the 'little fellow' are the same as mine. And he has the courage, and the intelligence to fight their battles in the lower house."

You may not see so many pictures in the papers after awhile. The metal used in the plates is being rationed.

The federal government, we read, will spend $950,000 on an airport at Alexandria. Well, Thief River Falls too is in a receptive mood.

No, dear reader, price ceilings aren't intended to mean that the sky is the limit.

If YOU haven't yet contributed 100 pounds of scrap, you householders haven't reached your quota.

Proposed Amendments to the Constitution of Minnesota

To be submitted at 1942 General Election

STATE OF MINNESOTA
LEGAL DEPARTMENT

J. A. A. BURNQUIST
Attorney General

St. Paul, Minnesota
January 20, 1942

Honorable Mike Holm
Secretary of State
State Capitol
St. Paul, Minnesota

Dear Sir:

In compliance with the provisions of the 1941 supplement to Mason's Minnesota Statutes of 1927, Section 48, I make this statement of the purpose and effect of the amendments proposed to the constitution of Minnesota to be voted on at the November 3, 1942 general election in accordance with Laws 1941, Chapters 171 and 453.

PROPOSED AMENDMENT NUMBER 1

By the enactment of Laws 1941, Chapter 171, the legislature has proposed an amendment to Article 8, Section 6, of the constitution.

This section now reads as follows:

"The permanent school and university fund of this state may be invested in the bonds of any county, school district, city, town or village of this state, and in first mortgage loans secured upon improved and cultivated farm lands of this state. But no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town or village issuing such bonds; nor shall any farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment, nor shall such investments or loans be made at a lower rate of interest than 3 per cent per annum, nor for a shorter period than five years, nor for a longer period than thirty years, and no change of the town, school district, city, village or county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing of such bonds from any liability for taxation to pay such bonds."

If amended as proposed by the legislature, this section will read as follows:

"The permanent school, permanent university and swamp land funds of this state may be loaned to or invested in the bonds of any county, school district, city, town, or village of this state and in first mortgage loans secured upon improved and cultivated farm lands of this state, but no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town, or village issuing such bonds; nor shall any such farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment; nor shall such investments or loans be made at a lower rate of interest than two per cent per annum nor for a shorter period than one year nor for a longer period than 30 years and no change of the town, school district, city, village, or county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing such bonds from any liability for taxation to pay such bonds."

PURPOSE AND EFFECT

The purpose and effect of this proposed amendment is to reduce the rate of interest at which certain of the state's permanent trust funds may be loaned to, or invested in the bonds of any county, city, village, town, or school district in the state from three per cent per annum to two per cent per annum; also to reduce the minimum term for which such loans and investments may be made from five years to one year, and also to include the swamp land fund among the state's trust funds which may be so loaned and invested.

PROPOSED AMENDMENT NUMBER 2

By the enactment of Laws 1941, Chapter 453, the legislature proposed an amendment to Section 36 of Article IV of the constitution, and required its proposal to be stated on the ballot thus:

"Shall Article IV, Section 36, of the constitution be amended so as to simplify and reduce the expense of publishing amendments to home rule charters of cities and villages?"

The part of the section in which a change is proposed now reads as follows:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least thirty days in three newspapers of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the state of Minnesota. * * *"

If amended as proposed by the legislature, the same part of this section will read:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least once each week for four successive weeks in a legal newspaper of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the state of Minnesota. * * *"

PURPOSE AND EFFECT

The purpose and effect of the proposed amendment is to require publication of amendments to home rule charters once each week for four (4) successive weeks in a legal newspaper of general circulation in such city or village instead of publication in three (3) newspapers of general circulation in such city or village for at least thirty (30) days as now required.

There are many cities and villages which do not have three local newspapers, in such cases, under the present provision, publication must be made in newspapers printed elsewhere and circulating locally. If the proposed amendment is adopted, publication will be required in only one (1) legal newspaper four (4) times, thereby reducing the difficulty and expense of amending home rule charters.

Very truly yours,
J. A. A. BURNQUIST,
Attorney General.

Pennington 4-H Youth Tells of Conservation Outing at Itasca Park

By Irwin Johnson
Black River-Polk Centre Club

I was awarded the Pennington county 4-H trip to the conservation camp September 17 through 20, held at the University of Minnesota Forestry and Biological station at Itasca State Park. It was sponsored by Charles L. Horn, President of Federal Cartridge Corporation.

The camp was under the direction of A. J. Kittleson, State 4-H club leader. Assembly was held each forenoon and evening. The delegates from different counties gave reports on their activities at these meetings. Parker Anderson, Extension Forester, gave a lecture on "Our Itasca Park". W. J. Breckenridge of the U. of M. gave a discussion and movies on birds. W. M. Landess, assistant director, Agricultural Relations Dept., T.V.A., gave a talk and pictures on the formation and adaptation of soils and their conservation in use.

On Friday afternoon Parker Anderson led a tour of the park and in the evening we had sunset service with Ed. Alton in charge. At assembly A. H. Larson gave a report on plant life and M. A. Torbinson gave a report on soil conservation. Saturday noon we had our banquet. Parker Anderson was toastmaster. Saturday afternoon we had a twelve mile boat ride on lake Itasca. In the evening, a relative of Paul Bunyan, Mr. Rutford told campfire stories.

On Sunday morning services were held in Preachers' Grove by Reverend Swindells. Preachers' Grove is where the first white men held their first services in Itasca.

In spite of the rain to start the camp in we all had a swell time together.

Arnold Didn't Lose Leg

Contrary to the general belief, Benedict Arnold did not lose a leg. He was, however, wounded in the leg during a battle in the War of the Revolution and a memorial to his leg was erected on the battlefield.

EDITORS' TRAFFIC SAFETY DRIVE IS TERMED SUCCESS

Forty-Mile Speed Limit Puts Statewide Campaign Over the Top

Lifted up by the unparalleled reduction in traffic fatalities since the invocation of the 40-mile an hour war-time speed limit, out of what four months ago was a dismal and discouraging outlook, the Minnesota Editorial association's "Save 100 Lives" campaign has completed its 12-month traffic safety drive with its goal surpassed and a saving of 116 lives throughout the state.

Unofficial figures for the 12-month period from September 1, 1941 to October 1, 1942, released by the state highway department, were hailed by John E. Casey of Jordan, state chairman of the editorial association's "Save 100 Lives" committee, as "truly astounding results of reduced speeds and increased interest in traffic safety measures, the motorists' patriotic part in winning the war."

The low point in the traffic safety drive was reached on May 1 when the committee's life-saving "budget of allowable deaths" stood exceeded by 101 fatalities. This excess was reduced to 94 during May. Then came the decrees by President Roosevelt and Governor Stassen putting into effect the 40-mile an hour speed maximum.

During the four months of June, July, August and September, traffic accidents fell off so sharply that resultant deaths dropped from 261 for these four months of 1941 to 107 for the four months of 1942, a reduction of 154 deaths. Thus the campaign year was concluded with a saving of 15 more lives than the campaign goal set a year ago.

By direction of Editor Wilbur Peterson of Marshall, president of the Minnesota Editorial Association, the "Save 100 Lives" committee, although completing its year of service, will carry on for an additional three and a half months until its successors are appointed by the new MEA president to be elected in January. Mr. Casey who will continue as chairman, asserted that "with speeds now further reduced to 35 miles an hour, we hope to successfully continue the reduction of traffic accidents and deaths."

There's a... JEEP ...in your JUNK!

● Yes, jeeps and subs and tanks and shells . . . the very things Uncle Sam needs desperately to win the war.

Every piece of unused steel or iron in your attic, cellar, garage or tool shed belongs in this nationwide scrap pile. The average city home has about 100 pounds of it, and the average farm has 1,000 pounds. No matter how small your contribution, no matter what condition it's in . . . IT CAN HELP WIN THE WAR!

Here's why scrap is so important:

Scrap iron and steel is needed in making new steel from iron ore.

A pound of scrap metal, plus a pound of pig iron (the product of iron ore) makes nearly TWO POUNDS OF NEW STEEL.

So you see, the iron scrap from your backyard is just as important as the iron ore from the nation's mines. BOTH are needed . . . URGENTLY needed . . . NOW!

Start your search for scrap metal today . . . and don't overlook a single pound. When you have it all together, consult your local newspaper or contact your local salvage committee for details on the scrap collections in your community.

Get in the scrap . . . NOW! Remember, there may be a JEEP in your JUNK!

Keeping Brushes in Condition

Paint brushes never should be soaked in water, since it tends to make the bristles soft and flabby. Instead the brushes should be suspended in a mixture of equal parts of turpentine and pure raw linseed oil. The brushes should be placed so as not to touch the bottom of the container, in order that the bristles might not curl up at the ends. Such treatment, given occasionally, will keep your brushes in excellent condition. The brushes should be wiped dry after being removed from the turpentine solution.

FARMERS' RUBBER FOOTWEAR UNDER RATION CONTROL

Office of Price Administration Also Sets Maximum Prices

A number of rubber footwear items worn by northwest farmers are included in the list that now are being rationed, according to the Office of Price Administration. The rationing order, which puts sales of six types of rubber footwear under control of local rationing boards Monday of this week was accompanied by another setting maximum prices on all rubber footwear.

Footwear covered in the ration order are men's hip-height rubber boots, over-the-knee rubber boots, short rubber boots in both light and heavy weights, rubber pacs and bootees ten inches or more in height, and rubber pacs, bootees and work shoes under ten inches in height. Included are all variations in style and design within these six broad classifications.

Men's work and dress rubber footwear not listed among these six general types are not being rationed and can be obtained as usual.

To obtain rubber footwear in the newly-declared group, a user must go to his local rationing board, prove that he is engaged in an essential service, needs the rubber footwear for this service and that he has no serviceable rubber footwear for the purpose. The board can require him to turn in his old rubber footwear as salvage and will decide whether he is entitled to the new footwear as salvage and will decide whether he is entitled to the new footwear.

If it decides he is entitled to new rubber footwear it will issue a certificate to be presented to a dealer. The old footwear to be discarded will be turned over to the dealer in the same transaction.

The new ceiling price order covers all types of rubber footwear manufactured under the Victory line since February 11, 1942. Specific dollars and cents prices are set as the maximum and dealers cannot go above them.

Bemidji Eleven Noses Out Prowlers 6 to 0

The Bemidji Lumberjacks capitalized on a third period "break"—when they intercepted a Prowler over-the-line pass in mid-field—to score their lone touchdown and edge out the Prowlers, 6 to 0, in a well-played game at Bemidji last Thursday night. The Prowlers will continue their inter-district competition tomorrow night, meeting the Moorhead Spuds on the Lincoln field, with the kickoff slated for 8:00 p. m.

The Prowlers, playing fine football, threatened to score on their heavier opponents several times. Billy Bye was consistently outpunting Bemidji's Don Lindblom, and the Lumberjacks were kept deep in Bemidji territory throughout much of the contest. The locals, with Bye and Pete Michalsky sharing the ball-carrying duties, drove to the Bemidji 11-yard line in the second period, losing the ball on downs. But, in one of the game's outstanding plays, Bill Bye took Lindblom's punt on the Lumberjack 40-yard line and making fine use of a deceptive change of pace, was loose for what appeared to be a touchdown run, but as he reached the 2-yard line a Bemidji tackler managed to hit Bill and the ball popped out of his arms, being recovered by the Lumberjacks on their 1-yard line.

Bemidji, after intercepting that mid-field pass, used Reuben Bull, the Lumberjacks fast and shifty left halfback, on reverse plays, and drove to the Prowler 30-yard line; but the Prowler line smeared several plays and the Lumberjacks had third down and fifteen yards to go when Lindblom faded back and tossed his game-winning pass to left end Tommy Corrigan, who made the catch on the Prowler 20-yard line and scampered across for the touchdown.

For the Prowlers, Billy Bye, the local's nifty all-round performer, and fullback Pete Michalsky were the most effective backfield performers, while Tony Dorn, Norm Furuseth, Cal Traver, and Bud Elde turned in strong games in the Prowler line. The Lumberjacks were sparked by the running of Rube Bull, and the line play of Dewaine Hoberg, tackle, end Tom Corrigan, and center Johnny Evans.

The summary:

Thief River Falls (0)		Bemidji (6)
Wright	le	Corrigan
Richards	lt	Hoberg
Furuseth	lg	Boland
Elde	c	Evans
Dorn	rg	Dickinson
Traver	rt	Feir
Alnes	re	Grover
McKechnie	qb	Johnson
Bye	lh	Bull
Efteland	rh	Stevens
Michalsky	fb	Lindblom

Scoring by periods:	1st	2nd	3rd	4th	
Thief River Falls	0	0	0	0	—0
Bemidji	0	0	6	0	—6

Substitutions: Thief River Falls—Aasland, J. Efteland, Claffy, Engelstad. Bemidji—Crosby, Robbins, W. Johnson.

Keeping Score

.... With BUCK OLSON

Some Satisfaction, Though

On the strength of their play against the Bemidji Lumberjacks on Friday the Prowlers should at least have earned a tie, and they could easily have come out of the game with a win. As it was the injury-riddled Prowlers absorbed a 6 to 0 setback, but they can console themselves that it was a moral victory. There should be some place in the records for moral victories, for it isn't fair to lump such games as Friday's contest in the loss column.

Tomorrow night the Prowlers will meet another strong inter-district opponent when they face the Moorhead Spuds on the local field. Coach Cliff Halmrast, who replaced Roy Domek as the Spud mentor, lost a number of capable performers from last season's team by graduation, losing such stars as Wally Sollen, Jack Scheldt, Werre, and Melvey; but he has big Al Lund as the nucleus for this year's club.

Long Scrimmage Tuesday

Coach Bill Kottke, after shaking up the line-up, sent the Prowlers through a long scrimmage on Tuesday afternoon. The line-up that faced the reserves at the kickoff had Steve Alnes and Tim Conners at the ends, Tony Dorn and Bob Wright at the tackles, Norman Furuseth and Manny Forsberg at the guards, Bud Elde at center, Bill McKechnie at quarterback, Bill Bye and LaMarr Hanson at the halfbacks, and Pete Michalsky at fullback. Bob Baker came in to relieve Conners at left end, and Mouse Efteland put in time at both the halfback spots, with Bye moving over to quarterback when Mouse took over left halfback. The first string, with Mouse scoring two touchdowns, and Norm Furuseth recovering a fumble for another touchdown, marked up a 21 to 0 decision over the reserves. The reserves nearly tallied a touchdown on the regulars when young Ray Bowers intercepted a lateral and ran fifty yards, to the first team's 20-yard line, before being nabbed by Bye.

It Was a Big Week

A couple of sure facts that came out of the World's Series were: that the Cards are a better ball team than the Yanks; and that whenever I, or the Times, or Garf Benson, want to know something about baseball we had better ask Harold Elde. Harold's the fellow who picked the Cards to win in five games, and the Cards certainly provided him with a happy week. He's carrying two billfolds now. One is for currency, and in the other he carries the Series box scores.

It is pretty well agreed that the game that decided the Series was the 2 to 0 shut-out that Ernie White pitched and won, and which sent the Cards into the lead. Those catches by Musial, Moore, and Slaughter really hurt the Yanks.

The only crumbs of satisfaction we got out of the Series is that the Yanks knocked Cooper out of the box twice, and that Rizzuto, DiMaggio, Rolfe and Hassett all batted over .300.

They're Reliable

The Bratrud Clinics, the city bowling champions, didn't pull a Yankee on me Tuesday night. They opened their commercial league schedule by scoring a 2 to 1 win over the Hartz Bakery. Ben Froiland's Clinics rolled a "soft" 684 to lose the first game of the series, but then came back with scores of 837 and 825 to take the odd game. John Kroll racked up games of 167-197-203 to pace the winners. Ed. Carlson, the Hartz anchor man, did fulfill his promise of finishing the series with an average of 170. Ed. shot games of 176-190-162, for a 176 average.

At Tackle for the Nodaks

Orrin Pederson, last season's Prowler football tackle and captain, has earned a spot on Glenn Jarrett's University of North Dakota football team. Last Friday "Peter Orrin" played two periods at tackle as the Nodaks defeated Morningside, 7 to 6. Orlin "Guernsey" Gjernes and Allen Andre are other Prowlers that are on the Nodak squad.

Wanted: An Anchor Man

Al Weber, city bowling association president and member of the Quality Dairy team, rolled a 176 game as a pilot for the Dairy in their first game of their series with the Schmidt's City Club Tuesday night. Thinking that a 176 bowler should be rolling in the anchor spot, Al shifted to that position for the second and third games, and then he rolled scores of 145 and 11. The Quality Dairy is looking for another anchor man.

BOY SCOUT CHIEFS PLAN CAMPAIGN IN CITY WEDNESDAY

To Undertake to Qualify for Foundation Gift of $2,500

Twenty men met in the Evelyn hotel Wednesday evening to plan an expansion program for the Boy Scout movement in the area served by the Agassiz council.

It was decided to stage a finance campaign October 24 to 30 to raise $2,500 in addition to the normal budget in order to qualify for a $2,500 gift from the Phillips Foundation.

The plan was presented by A. S. King, manager of the Northern States Power company of Grand Forks, and Frank Webb of the University of North Dakota. Supt. Morris Bye presided over the dinner meeting.

LACK OF WORKERS ON FARMS CAUSING CRISIS, IS REPORT

Minnesota Farm Bureau Secretary Deplores Present Situation

Thousands of Minnesota farmers are going out of business and dairy cattle are going to slaughter because of the serious farm labor situation, according to J. S. Jones, secretary of the Minnesota Farm Bureau Federation. Reporting returns from a Farm Bureau questionnaire, Mr. Jones said that farm auctions running as high as 10 per cent of a county's total population are being held because the draft has taken thousands of farmers' sons and war plant wages have attracted all other farm labor. Farm prices are not high enough to permit a farmer to hire help in competition with government war plant wages.

While farmers produced heavy crops this year, they had to work 80 to a hundred hours a week to do it, and on most farms some production was lost because of the shortage of help. Lack of help meant the loss of a great deal of hay, the spoiling of grain and less than normal attention to corn and other row crops. In recent weeks thousands of dairy cattle have been sold for slaughter because there is not enough help to handle the normal herd, the Farm Bureau questionnaire indicates.

The returns from the Farm Bureau questionnaire show four main reasons why farmers are closing out or being closed out. They are: (1) farmers have gone *to war or their sons have gone to* war; (2) farmers are going to work in defense plants, at high wages; (3) farmers cannot hire help in competition with defense plant wages; (4) they have no assurance that prices next year will be high enough to permit them to continue operations, the Farm Bureau secretary declared.

LUSCIOUS PEARS ARE GROWN BY GLENCOE MAN

Glencoe. — Looking over the pears grown on a seven-year-old pear tree at D. Schmeckpepper's it is evident that pears, as well as apples and plums, will grow in this state. The tree this year produced four dozen large Bartletts, three-and-three-quarter-inches in length and measuring nine inches around the bell end. Many other pears matured from the blossoms but dropped off before they completely developed, as apples have done this year.

URGE ADOPTION OF TWO AMENDMENTS TO CONSTITUTION

Municipalities League Asks State Voters to O. K. Two Proposals

An educational campaign to explain the constitutional amendments which will appear on Minnesota voters' ballots November 3 was launched this week by the League of Minnesota Municipalities.

Amendment No. 1 is a new proposal to reduce the minimum interest rate which may be charged on state loans to school districts and municipalities. It is sponsored by the state board of investment and endorsed by the legislative interim committee on education, as well as the league.

Amendment No. 2 is the league-sponsored amendment, which has been up several times before, reducing the publication requirements for home rule charter amendments. It is endorsed by the Minnesota Editorial association.

Both amendments were unanimously approved by the state legislature and publicity material on the amendments emphasizes their non-partisan, non-controversial nature.

"The only opposition to the amendments," said C. C. Ludwig, Executive Secretary of the League, in releasing the publicity, "is the apathy of the voters. Because blank ballots are "No" votes in effect, every effort must be made to explain the purpose of the amendments to the voters, so they will mark their pink ballots. Requests for cooperation in this educational effort are being sent to all officials, candidates, parties and civic and taxpayer organizations interested in the improvement of government in Minnesota. Mayors, superintendents of schools and editors are being asked to head up the local efforts."

LAD DRIVEN TO TOP OF TREE BY BUCK DEER

Henning—Twelve-year-old Clarence Aune has memory of an experience very few have had. While tending cattle in the pasture of his father's farm, a buck deer started for him with antlers down. With rare presence of mind the boy climbed a decayed tree, just out of reach of the animal where he remained until his father found him some time later. The buck was especially vicious and with permission of the game warden was shot.

Farewell Party

Mr. and Mrs. Ted Markus were pleasantly surprised Sunday afternoon when guest after guest arrived at their farm home until the guest list swelled to almost a hundred. The occasion was in their honor as they are departing next week to make their future home at Tacoma, Washington where Mr. Marcus will be employed in defense work. A short program opened with the singing of "America" led by Rev. E. L. Tungseth with Mrs. Tungseth at the piano. Greetings in behalf of the Helperettes Club was extended by Mrs. Jim McCrum; a song "Jesus Bids Us Shine" by the Erickson twins and Leora Vraa of Goodridge; Greetings from the Good Cheer Club and county extension project unit was extended by Mrs. S. E. Hunt; Rev. E. L. Tungseth presented the Markus' with a purse of money from the assembled group. He also spoke a few words in behalf of the Zion Lutheran church and he led the audience in the singing of that very appropriate song "Auld Lang Syne." The Markus' spoke a few words of thanks and appreciation. Jim McCrum was the toastmaster. A huge lunch was served at the lunch hour. A deep sense of loss will be felt when Ted and Agnes Markus leave the community next week, but may they have both happiness and success in their new venture.

Mrs. Al. Gerend (Agnes Lendobeja) and Mrs. E. Heberling (Anna Lendobeja) both of Akron, Ohio are spending several weeks with the Lendobeja gang. They were called here upon the death of their mother, Mrs. Mary Lendobeja last week. Smiley folks extend condolences to the entire Lendobeja family on the loss of their dear mother and grandmother.

Clara Olson returned Thursday after a week's trip to southern Minnesota and points in South Dakota. She visited friends in Fargo and Moorhead, the Gust Jakstad's and Alice Skottem who teaches in one of the Fargo Public schools. Miss Olson went to Yankton and Volin, S. Dak., where she visited her cousins Esther and Minnie Amundson. She returned via Willmar and Slayton and visited relatives there.

The Ekness family and Mrs. Minnie Lampland were up from Grand Forks for the farewell party at the Ted Markus home Sunday.

The two local teachers, the Misses Gunda Sogen, Dist. 26 and Clara Swanson, Dist. 4, attended the Institute in town and they also spent the week-end at their respective homes.

YOUR VOTE AND SUPPORT WILL BE APPRECIATED

From where I sit...

by Joe Marsh

Ed Carey, our fire chief, came stompin' into the printin' office last week, madder'n a hornet.

"Say!" he yells, "If I could get my hands on that fellow Goebbels, I'd stick a fire hose in his mouth and turn on the pressure," Ed shouts, poundin' my desk. "Do you know what he's puttin' on the German short-wave propaganda to America NOW? He's tellin' folks that American army camps are full of drunkenness! Can you beat it?"

"Calm yourself, Ed," says I. "Nobody's going to believe what Goebbels tells 'em."

"But don't you see? He's puttin' this bare-faced lie on the air to stir up trouble."

"Pretty stupid propaganda, I'd say. Pretty silly, even for the Nazis," says I.

"How so?" says Ed. "There's people in this country that want beer taken out of the camps. That sure is going to hurt army morale. And this lie certainly is fuel for their fire."

"Not if I know Americans," I says. "And the Nazis don't know us. People realize that if Goebbels wants beer taken away from our soldiers—there must be a reason. The enemy won't stop anything that's *hurting* our army. They'll try to stop whatever's *helping* it."

"Say! That's true, ain't it?" Ed began to grin.

"Of course it's true—and reasonable people can't help but see it. So instead of makin' trouble—like they hope—they're just confirmin' what the Secretary of War and the other Army leaders believe—that among the other good wholesome things a fighting man can get at the canteen in camp—America should include beer."

• • •

From where I sit—I can guess why Goebbels wants beer out of the camps. The Nazis would a heap rather face an army that already lost its rights than one that was fighting for freedom it could touch and taste and feel every day... Wouldn't you?

GAS RATIONING REGISTRATION ABOUT NOV. 8TH

Motorists Must Present '43 Automobile Registration Cards

ADVISED TO APPLY FOR THEM AT ONCE

Car Owners to Register for Gas Ration Cards at School Houses

Minnesota motorists have three weeks in which to complete two important tasks if they intend to drive their cars throughout the fall and winter.

They'll have to register for their 1943 automobile licenses at once because of circumstances that require presentation of their registration cards when applying for gasoline ration books on the tentatively-fixed days of November 8 and 9 in local school houses.

This requirement was explained by T. G. Driscoll, state OPA director, who pointed out that thousands of motorists may be without gasoline if they don't have their 1943 car registration cards. This is the little card bearing information about the automobile covered by the license. It is issued by Secretary of State Mike Holm when a car owner's new license plates are given out.

Motorists, Mr. Driscoll said, will register at the school houses in their districts on these two days for their gas ration books. The rationing law requires that the serial number of the ration book be stamped on the back of the car registration card. This is done to eliminate the possibility of chiseling on gasoline, such as using a card issued for one car to obtain gasoline for another.

Immediate action by motorists is necessary, Mr. Driscoll went on, because of the delays likely to occur in delivery of registration if motorists wait for a last-minute registration. The state deadline for automobile registration is November 15, but gasoline rationing registrations must be completed a week before.

Waiting until the last minute, the usual custom among motorists will mean, Secretary Holm said, a possible delay of six to eight weeks before the registration cards can be turned over to the car owners. This would mean that many motorists wouldn't get their registration cards until the middle of January.

Mr. Holm explained that he is having difficulty recruiting the usual staff to handle the car registrations. Because of government freezing orders, he cannot get the typewriters needed to turn out the cards. So he, too, joined Mr. Driscoll in urging early registration for 1943 licenses.

TEMPERANCE WILL BE THEME IN LOCAL CHURCHES SUNDAY

Temperance Workers from Minneapolis to Give Addresses

Next Sunday, October 18, will be observed as Temperance Sunday in Thief River Falls churches, it was announced today by Herbert H. Parish of Minneapolis, administrative director of the United Temperance Movement of Minnesota.

Mr. Parish will speak at the Community church Sunday morning at 11 o'clock, while at 10:30 H. J. Yngve will speak at the First Lutheran church.

Mr. Parish will speak again in the evening at 8 o'clock at the First Baptist church, and Mr. Yngve will speak at 8 o'clock at the Evangelical Free church.

Issuance of Automobile Licenses Stimulated by Gas Rationing Provision

Motor vehicle registrations are being handled at the local office at the rate of 100 per day this week, Alex Campbell, deputy registrar, announced today. Altho no penalty accrues until November 16, car and truck owners are expected to register unusually early this year following the issuance of notice to the effect that motor vehicle owners will be required to produce their 1943 registration card in order to qualify for their gas ration cards early in November.

W[illegible] GONA DO WITH THESE DEAR UNCLE

At the CCC camp at Middle River Uncle Sam has much equipment that isn't being used. Some of it, of course, can't be used. But 27 trucks should be important property these days and a lot of people in this territory wonder why they are not put to work. The Times photographer took the above picture Monday.

Fuel Oil and Gasoline Ration Panels Named

Personnel of the committees to administer the fuel oil and gasoline rationing programs now going into effect thruout the nation were announced today by George W. Werstlein, chairman of the Pennington county war price and rationing board, who was notified of the appointments by the state headquarters of the federal Office of Price Administration.

Appointed on the fuel oil panel were Mrs. James Caldis, W. W. Prichard and H. A. Baumann. The gasoline panel includes C. D. Gustafson, A. J. Rau and Mrs. E. J. Richards.

Fuel oil dealers will be required to register October 20 nad 21 at the ration board office on the second floor of the Northern State bank building. Those called on to register include bulk plants, filling stations selling fuel oil, grocery stores, hardware stores and any other outlets for fuel oil, tractor fuel, Diesel oil or kerosene.

Fuel oil and kerosene may be delivered after October 1st on a coupon basis only. In case deliveries are made before registration has been completed and coupons issued, the dealer will take a promissory payment form from his customer indicating the number of gallons of fuel oil or kerosene which has been delivered without coupons after Oct. 1st and the customer will agree to pay the dealer with equal value of coupons upon receipt of coupon ration forms from his local board.

Consumers may secure from their dealers the necessary application forms for fuel oil rationing after October 20th. Dealers will attach to this application a certificate showing the purchases made by the customer for the twelve months ending May 31, 1942.

Dealers can obtain a copy of the certificate of purchase and the promissory payment form from the local rationing board.

O. P. A. officials have issued the warning that applications for any supplemental ration will be denied to applicants, who, in the judgment of the local board, can reasonably be expected to convert their furnaces to coal. Only by converting to coal can householders with convertible furnaces be assured to all the heat they want for comfort, OPA points out.

TRF PRODUCTION CREDIT ASSN. TO MEET OCTOBER 21

Members in North End of District Meet in Roseau Friday, Oct. 23

The annual meeting of stockholders of the Thief River Falls Production Credit association will be held in the Sons of Norway hall next Wednesday afternoon, October 21, at 1 o'clock, Robert J. Lund, secretary, stated today. He added that on account of the tire situation, members living in the northern part of the district will hold their meeting in the Roseau auditorium Friday, October 23, at 1 o'clock.

At the sessions reports will be submitted by F. S. Erdmann, president; E. H. Pomerenke of Mavie for the executive committee; and Mr. Lund, who will report on the successful operations of the association during the past year. Two directors will be elected, the terms of Mr. Erdmann and Bert Grahn of Roseau expiring at this time.

Lunch will be served to the assemblage at the close of the business session, Mr. Lund announced.

PLANS ANNOUNCED FOR A COMMUNITY HALLOWE'EN FETE

Big Parade to be Feature of Festivities Saturday, October 31

Plans for another in the series of highly successful annual Halloween parties for children of the community, sponsored by the city recreation board with the cooperation of the Lions club, were discussed at a meeting of the club Wednesday noon in the Palm Garden Cafe. The affair is scheduled for Saturday evening, October 31.

The festivities this year will include, in addition to a party in the arena and a dance for older children in the Auditorium, an elaborate parade at 7 o'clock in which the youngsters will appear in costume, competing for a varied array of prizes offered by local merchants. Mrs. Emmett Wright has been appointed to serve as chairman of the parade committee.

Participating in the discussion, in addition to Mrs. Wright, were Dr. E. S. Amesbury, chairman of a Lions club committee on general arrangements, and a group of high school students including Edward Peterson, Don Berg, Jewel Warner, Carol Southard and Grace Michalsky. Other members of Dr. Amesbury's committee are Ray Hartman and Ernest Palmer.

It was further announced that the stores will arrange Halloween window displays, featuring guessing contests with prizes for children of school age.

New Assistant Manager at J. C. Penney Store

George Patridge of Montevideo arrived in the city Monday to assume the post of assistant manager of the local J. C. Penney store, succeeding Niles E. Stowe, who has been transferred to Manitowoc, Wisconsin, it was announced by E. B. Benson, manager. Mr. Patridge, who has been employed by the Penney company the past six years, shortly will be joined by his wife and two children.

VICTORY CORPS TO BE FORMED IN HIGH SCHOOL

School Board Acts to Cooperate More Fully in War Effort

PHYSICAL FITNESS WILL BE STRESSED

Board Adopts Cumulative Sick Leave Plan for Teachers

The local board of education at its October session Monday evening acted favorably on the recommendation of John W. Studebaker, U. S. commissioner of education, and voted to instruct Supt. Morris Bye to proceed with plans for the organization of a Victory Corps in Lincoln high school as a means of cooperating in the nation's war effort.

Among the objectives of the wartime program to be promoted by the Victory Corps are guidance into critical services and occupations, wartime citizenship in a democracy, physical fitness, military drill, basic training in mathematics and science, pre-flight training in aeronautics, pre-induction training for critical occupations and community service.

Plans for organization of the Victory Corps call for five divisions: Air service, land service, sea service, production service and community service. It was explained that qualifications for admission into these divisions are in no sense official requirements for admission to the army, navy or air services.

Detailed plans for the organization remain to be worked out, Supt. Bye announced, but physical fitness definitely will be stressed, with more emphasis on body-building exercises, in addition to which military drill will be provided for certain groups of junior and senior students.

The board at its session also adopted a cumulative sick leave plan for members of the public school faculty. The plan calls for continuing the present plan of allowing five days of sick leave with pay each year, and provides further that days of allowed sick leave not used during any year shall be carried over to the next year and that this process shall continue for each teacher until fifteen days of sick leave has been accumulated.

Another Local Girl to be Airlines Stewardess

After taking a preparatory course at a training school operated in Kansas City by the Transcontinental-Western Airlines, Miss Jean Mellby, daughter of Dr. and Mrs. O. F. Mellby, is now making observation flights on TWA routes and shortly will assume the duties of a full-fledged stewardess. A graduate of Lincoln high school, Miss Mellby attended St. Olaf college for two years, followed by a year at the University of Minnesota.

Airman Safe in Alaska

LIEUT. JARVIS PRICHARD

Son of Mr. and Mrs. W. W. Prichard, who last week was erroneously reported missing in Alaska due to a garbled press dispatch. Instead Lieutenant Prichard was presented with an air medal for making repeated day and night flights during icing conditions in the western Aleutian Islands to attack the enemy. He is serving as a navigator on a bomber.

RESERVISTS GIVEN SENDOFF IN CITY MONDAY MORNING

Civic Service Organization Is Sponsor; Chommie Is Speaker

After enjoying a two-weeks furlough at their homes here following their induction into the army, a contingent of reservists from Pennington county left Monday noon for Fort Snelling to receive their assignments to duty.

Preceding their departure, the men were guests at a farewell program in the Auditorium arranged by the Civic Service Organization under the direction of Roy J. Oen, president of the Civic and Commerce association.

Robert J. Lund presided over the exercises, which opened with the singing of "The Star-spangled Banner", with piano accompaniment by Mrs. Vivian Ward Johnson, followed by the invocation by Rev. Charles W. Erickson.

H. O. Chommie, who addressed the group, said that a feeling of pride as well as of sadness marked the occasion, pointing out that the young men have been appointed to fulfill a high public office, fighting for liberty against the Germans and Japanese, who are threatening free American institutions.

At the close of the program, members of the contingent were presented with diaries from the CSO, service kits from the Women's Republican club, and manuals from the American Legion post.

Army Reservists to Go to Ft. Snelling Tuesday

The group of army reservists inducted at Fort Snelling two weeks ago, who have since been at their homes on furlough, will leave for Fort Snelling next Tuesday morning, October 20, at 7:20 to be assigned to their army duties, it was announced today by Arthur Berg, chief clerk of the selective service board.

Airplane Spotting to be Topic Friday Night

The airplane spotting service, as it is intended to function in wartime in Pennington county, will be described in detail and its organization perfected at a meeting this evening in the St. Hilaire school and Friday evening in the Lincoln high school auditorium, it was announced today by Lieut. Howard L. Manlove of St. Paul, member of the auxiliary service corps of the Minnesota state guard.

At the same time Lieut. Manlove stated that J. A. Erickson, county highway engineer, had been appointed county director for the airplane spotting service, succeeding Emmett F. Wright, who has filled the post since the death of the late Dr. A. R. Hulbert.

Arriving here Saturday, Lieut. Manlove, in company with Mr. Erickson, has since visited the home of every chief observer in the county. In addition to the chief observer, the services of forty volunteer spotters in each township is being sought to insure 24-hour observation in case the Army air corps interceptor command orders an alert in this area.

Meetings were held Tuesday evening to organize the River Valley community, and Wednesday evening in the Goodridge high school.

COUNCIL SETS LOWEST LEVY MADE TO DATE

Budget Calls for Only Levy $14,100 for Municipal Purposes

LEVY REQUIRES CITY RATE OF 8.3 MILLS

St. Lukes Hospital Trustees Seek Settlement of Claim on City

The economy-minded city council at its October session Tuesday evening adopted a budget calling for the lowest tax levy for municipal purposes in the history of the city.

The levy, which will be raised by a tax of approximately 8.3 mills, aggregates $14,100, compared to $16,000 in 1941, $22,300 in 1940 and $41,040 in 1939. Included are the following items:

Auditorium fund	$ 5,000
Library fund	5,500
Park fund	3,000
Cemetery fund	600
	$14,100

City Clerk P. G. Pederson presented at the session a detailed budget for the ensuing year, calling for estimated receipts of $198,450, exclusive of taxes other than delinquent collections, and estimated disbursements of $200,781. Making up the major portion of estimated revenue is the income from the municipal power plant.

A delegation of trustees of St. Lukes hospital, with W. W. Prichard and Robert J. Lund as spokesmen, appeared before the council to discuss a settlement of hospital bills incurred in connection with injuries sustained by Charles Doetal about five years ago in a diamondball game. After a discussion, Council President Emil Griebstein referred the matter to a committee including Aldermen Robert Petersen and Clifford Overum and City Attorney Theodore Quale.

Adopted after receiving its third and final reading was an ordinance relating to air raid precautions in the city in war time.

PARENT-TEACHER ASSN. WILL MEET MONDAY EVENING

Reception for Teachers and Address by Supt. Bye on Program

New officers of the Parent-Teacher association will take over their duties at the first session of the fall school term to be held next Monday evening, October 19, in the Lincoln high school auditorium.

E. B. Benson, retiring president, will induct the new officers, who include Lloyd Bennes, president; Mrs. Palmer Anderson and Mrs. H. O. Chommie, respectively first and second vice presidents; Miss Ella Fiskerbeck, secretary; and Irving P. Quist, treasurer.

Following music by the high school chorus directed by Miss Grace Omundson, Mayor Harry W. Kinghorn will welcome the teaching staff, with a response made by Coach Willard Kottke. Supt. Morris Bye will explain the functions of the high school Victory Corps to be established in the local school. The formal program will close with a cornet solo by Donald Rogers.

Following the program a reception for the faculty members will be held in the high school gymnasium, and lunch will be served. Members of the arrangements committee include Mrs. Blanche Korstad, Mrs. Emmett Wright and Miss Elva Dixon.

Lieut. Jarvis Prichard Reported Safe in Alaska by U. S. War Department

Reports circulated last week to the effect that Lieutenant Jarvis Prichard, stationed with the U. S. Army air forces in Alaska, was missing proved to be erroneous and due to a garbled press dispatch from Alaska headquarters, it was learned by his father, W. W. Prichard, on communicating with the War Department in Washington, which notified him it had received no word that the young officer was missing. Instead, it appeared that Lieutenant Prichard had been awarded a medal in recognition of his achievements as a navigator on bomber flights in the Aleutian Islands.

Anne Hofstad, daughter of Mr. and Mrs. Rolf Hofstad of Oklee, and Archie H. Ruffalo of South Milwaukee, Wisc., were married on October 4, at 2:00 p. m. at the home of the bride with Rev. Halvard Lee officiating.

To the strains of the Bridal Chorus from Lohengrin played by Mrs. Conrad Bendickson, the bride entered on the arm of her father who gave her in marriage. She wore a pale blue light weight wool dressmaker suit with a shoulder corsage of pink roses. Her attendant wore a medium blue dress with a corsage of pink roses. A dark blue dress with a corsage of yellow roses was worn by the bride's mother.

Following the ceremony a buffet lunch was served at the home of the bride for 35 guests.

The couple left for their wedding trip to the Black Hills, S. D.

W. C. T. U. INSTITUTE

Last Friday the local W.C.T.U. held a successful institute, attended by about sixty people. The program was arranged in two sessions, the first from two o'clock to three thirty and the second from four o'clock until five, with the lunch period in between.

Mrs. J. R. Veloske, president of District Nine North, was present and took several parts in the program. Mrs. I. W. Kinder, district director of institutes, spoke on "Present Conditions in relation to the Liquor Traffic." A group of local women, under the leadership of Mrs. Hazel Olson, conducted a panel discussion on "Why we are opposed to a municipal liquor store in Thief River Falls." Another group, directed by Mrs. Mollie Anderson, put on a Union Signal dramatization. Miss Mary Frances Cook, director of the Loyal Temperance Legion, presented the L.T.L. children in a temperance song.

Those attending from out of town were: Mrs. J. R. Veloske, Bemidji; Mrs. I. W. Kinder, Mr. and Mrs. J. I. Carter, and Mr. and Mrs. Levins of Crookston; Mrs. Ole Odegaard, Mrs. Valborg Hanson, Mrs. Carl Finstad, Mrs. Paul Engelstad, and Mrs. Mons Engelstad of the Hazel W.C.T.U.

Nocturne Club Meets at Holum Home

Miss Lorraine Holum entertained the members of the Nocturne club at her home on Saturday evening. Election of officers was part of the regular meeting and the following were elected: Lorraine Holum, president; Dorothy Gerling, secretary; and Dorothy Louse, treasurer. A musical program was presented by Eileen and Dorothy Louse and Lorraine Holum. The rest of the evening was spent playing bingo at which Jeannine Erickson won the prize. At the close of the evening a tray lunch was served by Mrs. Holum.

HIGH-JUMPER LANDS IN CAR SEAT

Mountain Lake.—Driving along the gravel road west of town last week Leander Schroeder observed a jack rabbit coming his way, and ducked just in time to avoid being cut by flying glass. The young fellow leaped high enough in the air to crash through the windshield of his car and then landed on the seat besides him.

MORE RECRUITS AT WORK ON SURGICAL DRESSING PROJECT

Women Respond in Fine Fashion; Workroom Open Five Days Next Week

Encouraged by the hearty response on the part of local women to an appeal for more workers in the Red Cross surgical dressings project, Mrs. L. W. Rulien and Mrs. George W. Werstlein, in charge of the project, announced today that the workroom in the council chamber in the Auditorium will be open every weekday afternoon and evening next week except Saturday. Work will be in progress from 2 to 5 o'clock in the afternoon and from 7 to 10 in the evening.

Various local organizations are cooperating in supplying additional workers, including various groups of the Women's club and the Legion auxiliary, members of which latter unit will work until 9 o'clock on the nights of their semi-monthly meetings, the first and third Thursdays. In addition, the teacher training class of Lincoln high school, together with their instructor, Mrs. Mae M. Smith will work each Wednesday evening, it was announced.

The loan of chairs the height of an ordinary kitchen chair, for use in the workroom, is solicited, Mrs. Rulien stated, explaining that the Auditorium seats are too low for comfort when working at a table.

This afternoon and evening Mrs. Rulien and Mrs. Werstlein will conduct a training course for additional instructors for the expanded schedule in this city, as well as for workrooms to be set up in St. Hilaire and Goodridge.

GROUP TO CERTIFY TO WAR NECESSITY OF FARM TRUCKS

Carl Anderson Chairman of Farm Transportation Committee

A county farm transportation committee was set up for Pennington county at a meeting of the county War Board held on last Saturday evening. Carl R. Anderson, Sanders township, was named chairman and other members are Joe Knutson, Silverton township; Ed Moren, Black River township; Ray Nelson, Thief River Falls; and William Ferguson, Thief River Falls. Wahlle Christensen, Alfred Longren, Oscar Wedul and Stuart McLeod were named as alternate members.

County farm transportation committees have been set up in every county in the United States because of the critical shortage of rubber and automotive equipment. One of their first jobs will be to issue certificates of war necessity to all county trucks eligible.

Applications for certificates of war necessity will be filled out at the local AAA office in the creamery building on October 22, 23, and 24, as these dates have been designated as national farm truck registration days.

Three Blazes Bring out Firemen During Week

The fire department was brought into action by three alarms during the past week. Firemen were summoned last Thursday afternoon to 503 First st. E. where a curtain caught fire, and on Saturday were called to the Wilson Brothers garage on Main av. S. where a torch set fire to waste rags in a container. Fire Monday originating in a woodbox at the Emil Salo home, 211 Kneale av. N. burned a kitchen cabinet and scorched a wall.

Canvass Being Made in Rural Pennington Co. to Check Remaining Scrap

Under the sponsorship of the county salvage committee, with members of the AAA organization and local implement dealers cooperating, a farm-to-farm survey is now in progress in rural Pennington county to determine how much scrap metal remains to be disposed of before winter sets in. With much of the fall work out of the way, many farmers are now turning their attention to the salvage campaign. While the original goal of 500 tons of scrap metal has been attained, a concerted effort is being made to double that quota.

INSTITUTE OPENS MONDAY FOR FIRST AID INSTRUCTORS

25 Enrolled to Date in Red Cross Lay Instructors Course

Revealing that 25 persons had enrolled in the Red Cross first aid lay instructors' course, which will open Monday evening, October 19, at 8 o'clock in Room 113, Lincoln high school, Harman A. Kjos, chairman of the Pennington county chapter, today predicted that within a few months there will be a sufficient number of trained first aid workers in this area to provide efficient emergency treatment for injuries resulting from belligerent action, industrial or home accidents or natural disasters.

Mr. Kjos said that on completion of the lay instructors' course, those now enrolled will be authorized by the Red Cross to organize and conduct classes in standard and advanced first aid. Under the intensified Red Cross war program, they will be qualified to teach several classes of 35 persons each simultaneously.

The lay instructors' courses here is under the direction of Mr. Wendell M. Berger of St. Louis, first aid field representative of the National Red Cross, and Dr. C. W. Jacobson, local physician. The 15-hour course is expected to be completed October 24th.

The representative's visit, Mr. Kjos explained, is one of the services given chapters without cost by the national organization, in order that candidates for lay instructors' certificates may secure training under an experienced first aid teacher.

Carl Fanning Green, 16, Dies Tuesday, October 13

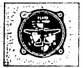
Wings of Victory

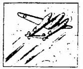
Electricity helps make America's war planes some of the world's most deadly weapons. Here are a few of the ways in which G-E equipment serves in the air.

1. Lamps are the eyes of the plane at night, ranging in size from cockpit lamps no larger than a pea to landing lamps of more than half-a-million candlepower.

2. Radio combines the voice and the ears of the plane, allowing communication between the pilot and his squadron, and the ground and sea forces.



3. Instruments are the sensitive brain that relays messages to the pilot from all parts of the ship and helps him to control the plane in its flight.



4. Superchargers are the lungs of the plane, pumping extra oxygen to the carburetors, giving our planes the altitude so necessary to modern warfare.

Youngdahl and Gallagher Lead in Poll of Lawyers

The Minnesota State Bar association announced Friday that the statewide poll of practicing lawyers had placed Luther W. Youngdahl and Thos. F. Gallagher, by a substantial margin, as the top choice of the state's lawyers for the two positions of associate justice of the supreme court to be filled in the November 3rd election. The vacancies were occasioned by the death of Justice Royal A. Stone and the retirement of Justice Andrew Holt, both of whose terms were expiring this year. Gallagher and Youngdahl likewise led the field of 10 candidates in the September primary, both polling approximately 200,000 votes and leading the next two nominees by about 100,000 votes.

Of Minnesota's 2,792,300 population in 1940, 1,390,098 were classed as urban, 496,762 rural non-farm, 905,440 rural farm.

Mr. Dahle's appearance here is under the joint sponsorship of the Dorcas Society and the Lutheran Daughters of the Reformation and they invite the general public to attend. The pictures, and Mr. Dahle's comments will show the Eskimos working, playing and worshipping. The scenes include gorgeous midnight-sun spectacles, reindeer round-ups and seal hunts. A silver offering will be received.

Mrs. Robt. Westacott Passes Away in City on Friday, October 9

Mrs. Robert Westacott of Smiley community passed away Friday, Oct. 9, at a local hospital. Funeral services were held Sunday at 2:30 p. m. at the Larson chapel. Rev. S. S. Olafsson, pastor of the Community church, read the service.

William Ferguson, accompanied by Mrs. H. F. Harrison, sang "Beautiful Isle of Somewhere" and "Going Home". Pall bearers were Paul Lundgren, S. S. Nelson, Douglas Snelling, Lloyd Johnson, John Nelson, and George Biddick. Interment was made in the Greenwood cemetery.

Mrs. Westacott was born on April 26, 1873, in Ontario, Canada, coming to the United States with her parents at the age of four years. The family located near Ardoch, N. D., where she spent her early girlhood. She was married to Robert Westacott on April 8, 1892. To this union four children, two sons and two daughters, were born, all of whom survive. They are Basil of Thief River Falls, Floyd of Alhambra, Calif., Mrs. W. E. Baulk of Peoria, Ill., and Mrs. Jack McKechnie of Thief River Falls.

Besides her husband and four children she also leaves five grandchildren to mourn her passing. They are Margaret Jane McKechnie who is attending Amer College, Billy McKechnie, Bonnie Jean Westacott, Robert B. Westacott, and Richard Westacott, all of this city. Two brothers also survive, W. E. Robinson of Oslo and R. A. Robinson of Virginia, Minn.

One-Tenth of Freight in Minnesota in 1940 Was Transported by Trucks

There were 1,196,517,000 ton-miles of loads carried by trucks on rural highways in Minnesota and 59,058,344,000 ton-miles in the United States in 1940, according to estimates by the federal public roads administration. The estimates are based on truck traffic counts, load weights and other data gathered by the highway planning survey projects in Minnesota and other states.

The estimated truck freight tonnage in Minnesota is approximately one-tenth of the total carried by the railroads. Total revenue freight carried in Minnesota by Class 1 railroads in 1940 was 11,324,244,000 ton-miles, according to reports compiled by the State Railroad and Warehouse Commission.

Trunk highways carried 71 per cent of the total ton-miles of truck freight on Minnesota rural roads, although they constitute only 9.2 per cent of the road mileage.

Figuring the wear on all four automobile tires as 100, the ratio of wear is: right rear 35%, left rear 29%, right front 19%, left front 11%.

GEORGE HAGEN TO MOVE TO THIS CITY IF ELECTED JUDGE

Candidate States Intention Monday While Visiting in T. R. Falls

George Hagen of Crookston was *in the city on Monday in the interests* of his campaign for the office of judge of the 14th Judicial District. While here he made the following statement:

"In the 1940 election James E. Montague and M. A. Brattland were elected District Judges by a very substantial vote, receiving more than 9,000 votes more than the nearest contender.

"At that time, Mr. Montague was residing at Crookston and Mr. Brattland at Thief River Falls. That arrangement provided a resident judge at places readily accessible to all parts of the district. The vote could be construed as expressing popular satisfaction of that arrangement as well as an indorsement of the judges.

"Thief River Falls some years ago provided fine judicial quarters for a resident judge in the municipal auditorium. I understand the same would be available again.

"If I am successful in the election on November 3rd, I will move to Thief River Falls. I believe the district as a whole will be better served by having one resident judge at Crookston and one at Thief River Falls."

Mrs. Kristine Nelson Passes Away Oct. 10; Rites Friday, Oct. 16

Mrs. Kristine Nelson of Mayfield township died at her home on Saturday, October 10, at 1:00 p. m. at the age of 74 years, 2 months, and 6 days. Funeral rites will be held for her tomorrow, Oct. 16, at 2:00 p. m. at the Ebenezer Church at Oklee with Rev. Lerohl officiating. Interment will be made in the church cemetery.

Mrs. Nelson was born in Gulbrandsdalen, Norway, on August 4, 1868. She came to America as a young lady and settled at Westby, Wisconsin, where she was married to Siver Nelson. Together they moved to Hillsboro, N. D., in 1896. In 1905 they moved to Mayfield tp. where they since made their home.

Surviving are her husband, Siver Nelson; five sons and three daughters, John, Morris, and Willie of Oklee, Frank and Henry in the service, Mrs. Adolph Salberg of Oklee, Mrs. Ole Aasen of Clearbrook, and Mrs. E. Hanson of Hatton, N. D., and ten grandchildren. Two sons preceded her in death.

Pepsi-Cola Co. Host to Service Men in New York

Over 100,000 men of the armed forces have, during the first month of its operation, visited and used the facilities of the Times Square Service Men's Center, a unique spot in the heart of Broadway, at 47th Street, New York, built and maintained as a gift to the armed forces by Pepsi-Cola Company, it was announced today by Ben Kiewel of the Kiewel Products company, local distributors.

Originally planned to accommodate about 3,000 Service Men a day, the center is breaking records with its popularity. Averaging 50,000 men a week at the present time, it is open seven days weekly, and is operated under the sponsorship of the New York City Defense Recreation Committee.

It is estimated that more than 90,000,000 tons of iron ore will go down the lakes from Minnesota, Wisconsin, Michigan this season, an all-time record.

St. Hilaire Man in Big Bomber Raid on France

Technical Sergeant Lewis A. Norman, son of Mrs. John Norman of St. Hilaire, was reported in press dispatches as having been one of the U. S. airmen who participated Friday in the greatest daylight bombing attack yet made by the United States army bomber command on enemy soil. More than forty German planes were brought down in the raid, made on enemy installations on French soil at Lille. Sergeant Norman, who also had participated in the recent Commando raid at Dieppe, France, has been in Great Britain since late in August. He was formerly employed at the Land O'Lakes plant in this city.

FIVE BIRDS, TWO SHOTS

New Ulm—Just two shots from a 20 gauge shotgun brought down five teal last week for Donald Abraham, a local student. This ammunition-saving accomplishment occurred in Nicollet county.

REINER

Sunday dinner guests at the Geo. A. Vraa home were Mrs. Henry Haley and grandchildren, Jimmie and Mary Lou of Blackduck and Miss Marlys Growbee and Earl Haley of Minneapolis. The latter is leaving the last of the month for the Navy.

Ray Ellingson of Highlanding was honored at a farewell party at the Louis Quam home on Sunday. A purse of money was presented him as a gift from his friends. Lunch brought by the guests was served by the hostesses, Mrs. Louis Quam and Mrs. Lloyd Taylor. Ray left on Monday to be inducted into the army.

Arthur Arntz left Sunday for the army, after a week's furlough at home.

Mrs. Lloyd Wells and daughter Lorellie arrived Thursday from San Diego, Calif., for a visit with relatives, and friends. Mr. and Mrs. Wells and daughter left a year ago for California. Her folks the Soren Hermansons met her at Thief River Falls.

Mrs. Gerald Sjulestad, Edward and Yvonne, Mrs. Carly Elg, Marlene and Karen, Mrs. Sven Sjulstad, Mrs. Morris Miller, Richard and Sharon visited at the Astak Dahle home near Highlanding on Thursday.

Mr. and Mrs. Clarence Grimley and children have moved to the Martin Johnson farm near Goodridge, to make their home. The Johnson family were leaving for the west coast, but Mr. Johnson took sick, so the trip will be postponed until he is better.

Mrs. Oleander Uglem has returned from Minneapolis, where she spent a couple of weeks visiting with relatives. She also helped her mother celebrate her birthday anniversary.

Marion Wells is attending the N. W. S. A. at Crookston.

Lester Race had the cast removed from his hip last Saturday, although he will have to use crutches for a while.

Mr. and Mrs. Bennett Johnsrude and family left Thursday. They will visit with relatives first at Minneapolis, before leaving for other parts, where they plan on being employed. Duane is attending *N. W. S. A. at Crookston.*

Mrs. Harold Stenvick and children plan on leaving this week for Duluth, where Mr. Stenvick is employed.

CARROTS WEAR GLASS GIRDLE

Princeton.—A pair of carrots picked up in the Ben Olson garden resemble the figure of a Gibson girl of the early '90's. Both carrots had grown through the neck of a glass bottle and the distortion created by the glass girdle should be a fearful warning to women who aspire to the figure of the early '90's.

OFF TO WAR FOR OLD HEARSE AT MINNEOTA

Minneota.—Way back in 1918 W. H. Deen put up his horse-drawn hearse and turned to the motor coach. With one exception which occurred in 1927 when the roads were impassable to motor traffic, the old hearse has stood in the shed. But last week its owner took it from its abode and turned it into the scrap pile.

BETTER WE OVER-PREPARE

Prospects on the many battlefronts of the world are becoming more encouraging day by day. After fifty-two days of siege the Russians still hold Stalingrad, one of Hitler's declared objectives of the summer campaign. Failure to take this city must be recognized by Germans as a defeat, and, along with air raids of steadily increasing intensity, almost without opposition by their own air forces, must be causing a breakdown of faith in the military leaders of the country.

The people of Japan probably are less discouraged because they probably have less information on what has happened. They still have the conquests of the first few months of the war to celebrate and no doubt these conquests are being exploited to the fullest possible extent.

But those who are in the driver's seat know what has happened and they realize that the war is not proceeding according to plan. They know now what it means to lose a battle and they are not nearly as sure as they were a few months ago that their's is the master race.

There is good reason to believe that the tide of war has changed; that the Axis powers from now on will be forced to fight in self defense; but that does not necessarily mean the war will soon end. Unless there is an internal breakdown, the Axis powers still have a lot of fight in them. If they must be driven back foot by foot there still is a long war ahead of us. And regardless of how bright the prospects may be, that is the kind of a war we must continue to prepare for.

Now is not the time to relax. Rather it is the time to redouble our efforts. Better that we be over-prepared for what is ahead of us than that we fall short in our effort to deal a knock-out blow in next year's big push.

TWO RIGHTS AND ONE WRONG

Several reports from the national capital this week were unpleasant but only one of them irritated us. One of them had to do with the income taxes we will pay next year. Another was the President's talk in which he stated it would be necessary to lower the draft age. In spite of the fact that both were, in a sense, bad news, nevertheless we were glad to get the bad news at this time.

It had been predicted by observers that these announcements would be withheld until after election. The fact that they came before election pleased us mightily. By telling us now, rather than waiting until after election, the administration treated us like grown up men and women who could be talked to straight from the shoulder.

Because we like the way this bad news was presented to us we say a round of cheers to the administration and a vote of confidence.

The other bundle of bad tidings from headquarters, however, still has us frothing at the mouth. This week the American people were told of several battleships that had been lost in a Solomon battle two months ago. This belated report indicates that the stories released following the battle were untrue, and if government reports at that time were untrue then we have reason to doubt all government reports.

We can see justification for withholding information on our losses while that information might be of value to the enemy, but when the enemy sinks several large ships we are not fooling the enemy by denying the losses. That kind of news handling does not build confidence among ourselves or among our allies, and to those who are responsable for it a round of Bronx cheers.

Every mail brings us instructions to urge the people of our community to keep going on the drive for scrap and we know that you people get just as tired of reading our entreaties as we do reading the letters of those who pick on us. Sometimes we feel like telling all of them to go fly a kite. But be that as it may, the war, after all, is serious business and scrap metal is going to be important in the winning of it. It isn't necessary that all of it be brought in on one day but it should be assembled before the snow burries it. And here's a thought too. Scrap metal isn't going to be worth more later on and when the war is over it's going to be worth a lot less. Now is a good time to turn that old junk into a few dollars. It's removal will make the old homestead look a lot better too.

A round of cheers to the farmers of this territory who have done a swell job of harvesting a good crop under weather conditions that have not been too favorable and under labor conditions that have been most trying. The good weather of the past week has made possible the completion of the harvest. The crop is in the bins and Fall plowing is getting nicely under way. With the most important part of the season's rush work out of the way, farm operators can now ease off into a more normal stride. All in all it has been a good year and as a community we have much to be thankful for.

Looking Backward

1932—TEN YEARS AGO

Members of the Whisker club, 200 strong, journeyed to Grand Forks to honor Captain Gordon Caldis of the University of North Dakota football team.—Nearly 15,000 spectators witnessed the elaborate parade that opened the Pioneer Days celebration in this city. —Mr. and Mrs. H. W. Kinghorn were week-end visitors in Minneapolis. —Mrs. Andrew Bottelson is visiting at International Falls.

1922—TWENTY YEARS AGO

Delman LeSage was recovering from wounds received in a hunting accident.—William Korstad began construction of a grocery store on Sixth st. between Main and Knight ave. —The Woman's club, with Mrs. E. E. Glines as chairman, was collecting clothing for distribution to needy families.—Dr. O. F. Melby was a delegate to the convention of the Minnesota Medical association in Minneapolis. —Julien Provencher left for Dickinson, N. D., to spend a few days looking after his farming interests.

PUBLIC OPINION

Editor Times:

We want to thank the firemen and those who assisted the boys in saving our house and all that was in it. Had they been ten minutes later our house and everything in it would have gone up in smoke. With no men around and a high wind it would have been all over in a short time. It would not only have been a big loss to us(as it is impossible to replace lots of our belongings) but also to the insurance company. As it was, seventy-five dollars will cover the damage. I think it would be very advisable for we farmers living within a reasonable distance of town to meet with the city dads and see what arrangements can be made since you have the two engines. I am sure the boys are rarin' to go. They saved the day for us and thanks a lot.

Mr. and Mrs. V. C. Noper

Editor the Times:

I feel confident that I am speaking for all the Churches in Thief River Falls who operate Wednesday classes in religion, that we welcome all children from the 4th to 8th grade inclusive to our classes. Speaking for the Zion Lutheran Church in particular I was glad to see rural children who attend our city schools come. I believe this should be encouraged.

One quarter day per week per grade does not interfere seriously with the regular class work at school and means a great deal for the religious training of the child. And even though speaking of "interference" we do not apologize. We are too apt to make room for all other things first, leaving religion, the most important of all important things, to suffer with a little last place.

Make use of our Wednesday Religious Instruction classes. For the fourth grade it is the first period of the day. For the fifth grade it is the second. For the sixth grade it is the third period and for the 7th and 8th jointly it is the last period. The Zion Lutheran Church can as yet take care of more pupils for every period and we welcome all who will come.

Alfred Grytdale Honored at Party

Mr. and Mrs. Alfred Grytdal and son Albin were honor guests at a farewell party Sunday at the Community hall, prior to their departure for Spokane, Wash., where they will make their home. A short program was given. A talk was given by Rev. E. L. Tungseth, in honor of the Grytdals, followed by Fred Copp who also showed his respect of a loving neighbor. Mrs. Christ Evenson, from the Rindal church spoke of the faithfulness of the Grytdal family as members of that congregation. Vivian Copp acted as toastmaster and presented the Grytdals with a purse of money, after which Mr. Grytdal responded with thanks. Lunch was served by the self-invited guests. About 150 were present. Mr. and Mrs. Grytdal have two boys in service, Edwin in the state of Georgia and Perry in Texas. A daughter, Alvina is employed in Spokane, Wash. Our losing of a good neighbor will be felt, but may they have success and happiness in their new surroundings.

Another of our local boys, Edson Hillyer, son of Mr. and Mrs. Gust Hillyer, left Wednesday for Bemidji, where he enlisted in the air corps.

Byron Quammen of Washington, D. C., is here visiting this week with his sisters, the Art and Carl Gutrude families. He left Friday for Grand Forks, N. D., where he enlisted in the army. From there he went to Bemidji to visit with his father.

August Knutson from Long View, Wash., was a guest at the Rupprecht home Friday. Mr. Knutson and Rupprechts were neighbors near Goodridge. He left for Gully where he will visit with a brother, Anton Knutson, who is very ill, and will go to Minneapolis to visit with his brother-in-law and sister, Mr. and Mrs. L. Rayson, who at one time lived in Thief River Falls. Mr. Knutson is a brother of Mrs. Oscar Olson of Thief River Falls.

A large crowd attended the Oen and Hest auction sales. Oscar Oen and family plan to leave shortly for Pontiac, Mich., to make their home.

Mr. and Mrs. A. Kisch were business callers in Terrebonne and Warren.

Raymond Rupprecht and Kenneth Oen left Monday for Grand Forks, N. D., where they enlisted in the army.

Mrs. Melvin Torgerson, Mrs. Olaf Simonson and Cilla Saugen were some of the women who attended the Red Cross meeting in Holt Friday.

Raciel Deihl of Goodridge, was a guest last week end at the home of Bernice Halverson.

Little Carol Teitgen started school on Thursday. Her folks are employed on the road job from the corner of the Kenneth Russell farm, north, one mile to the Andrew Kisch farm. Oscar Schenky of Middle River has the contract.

Company Sunday at the Rene Werner home were, Mr. and Mrs. D. Weggis and children of Thief River Falls, Mrs. Clarence Larson and son Allen, Mrs. Geo. Karavon and children, Mr. and Mrs. Joe Nelson and Mrs. John Hagberg of Holt, Mr. and Mrs. Ed Johnson of Thief River Falls, Grace Halcron, teacher of Newfolden, and their daughters Opal of Newfolden and Ruby of Thief River Falls.

The pupils of the Saterdal Sunday school will give a program at the church next Sunday, this being the closing of Sunday school for the summer months.

Mr. and Mrs. Meyer left Saturday for Minneapolis to visit with their daughter marion who is taking nurses training at the University. They plan to go to Red Wing and Lake City to visit a week with relatives. Joyce Meyer, who teaches at Radium, spent the weekend at home.

Word has been received that Mrs. Hibby Swanson and Marian Logge are now at Milwaukee, Wis. doing defense work.

Remember to call your reporter for news items, also new and renewal subscriptions to the Thief River Falls Times. Phone 13F40.

Kenneth Mussy, son of Mr. and Mrs. N. E. Mussy left Tuesday for Fort Snelling to be inducted into the army.

Mrs. Joe Stattelman and boys, Richard and Jerry, left Monday for their home at Clinton, after spending a month with her parents, R. H. Rupprecht. She was accompanied back by her husband and her mother-in-law, Mrs. Henry Stattelman who were week end guests at the Rupprecht home.

Staff Sergeant Oliver Morben of McAlester, Oklahoma, left Wednesday after visiting for a few days at the home of his brother and sister-in-law, Mr. and Mrs. Obert Morben.

Gordon Caldis, who has been employed at the shipyards at Seattle, Wash., arrived home on Monday to visit with his parents, Mr. and Mrs. James G. Caldis, for about ten days. Gordon will report for duty with the U. S. Navy at the Columbia University, New York, on October 26.

From where I sit . . .

by Joe Marsh

I missed getting my hair cut this morning on account of the scrap collection.

When I climbed into the barber chair, Ray says to me:

"Sorry, Joe. Ain't got time for you today. We're closing up this morning at ten."

And then I remembered. This was the day the town had agreed to drop everything—and I mean everything—and collect scrap for Uncle Sam.

Yes sir, the drugstore, the corner garage, Sam Abernathy's general store—every place in town except the post office—closed up tight today from 10 to 5.

• • •

And you ought to see the result piled up in front of the fire house. One hundred and fifty tons of metal that had been lying around in attics, cellars and back yards of our town since Charlie Jenkins' great-grandfather joined up with the Texas Rangers.

That's almost 200 lbs. of metal for every man, woman and child in our town. Just shows you—when American citizens go out to do a job for Uncle Sam they do it right.

Judge Cunningham and I were talking about it this evening, sitting on the front porch and having a sociable beer together.

We agreed that the way this town went all out to collect scrap was a pretty good illustration of how Democracy works. No need to crack a whip . . . no need to pass a law . . . just self-determined folks working hand in hand to get a job done for their own people.

• • •

Because from where I sit, that's what we're fighting for—the right to work together—of our own accord. To do the job because we want to, not because somebody tells us to. And when the job's done, to relax as we see fit.

And the Judge agreed. He pointed out that one of the things that helps folks get together is just what we were doin' now.

It's great, after a good day's work, to be able to have a chat and a glass of beer if you want to.

DEFER DRAFTING OF WORKERS ON FARMS IN STATE

Minnesota Selective Service Head Issues Order This Week

Following quickly upon an appeal to federal officials by Governor Harold E. Stassen and Senator Joseph H. Ball for action to meet the serious shortage of men on dairy and livestock farms, selective service officials Monday advised draft boards in Minnesota to defer further induction of help on the dairy and livestock farms.

Colonel J. E. Nelson, selective service director for Minnesota, wired draft boards to cancel all orders to report for induction and withhold future orders for induction of farm operators and experienced farm hands on the dairy and livestock farms where they are producing substantially above the subsistence level.

Quotas for the draft boards, already set for October and November, will be reduced according to the number of farm workers granted deferment, Colonel Nelson's order said, and it will not be necessary for the boards to call additional men from other groups to make up for the farm workers deferred.

Naval Officer, Formerly of City, on Convoy Duty

Lt. Comm. John L. Melgaard, commanding eleven officers and 250 men on a U. S. destroyer on convoy duty in the Atlantic, recently visited at the home of his parents, Mr. and Mrs. T. L. Melgaard of Berkeley, California, before leaving on a new assignment. Lieut. Melgaard was graduated from Lincoln high school more than twenty years ago, and later was graduated from the U. S. Naval Academy at Annapolis. His parents moved from this city to Berkeley about 17 years ago.

Bennes Gets High Yield of Wheat on Dakota Farm

E. M. Bennes returned Monday evening from Wales, Cavalier county, North Dakota, where he supervised the windup of threshing on a farm owned by him. He reported that the crop was the largest in the many years he has owned the land, wheat yielding as high as 42 bushels to the acre, while the average for that area is in excess of 30 bushels to the acre. Threshing in that part of North Dakota, he said, is about 80 per cent completed.

The obsolete smokestack of Milwaukee's city hall will make 25 tons of steel scrap.

Northern Chevrolet Co. Sponsors Local Unit of Victory Service League

Formation of a Thief River Falls chapter of the national Victory Service League, a national alliance of motorists, was announced here today by R. C. Rinkel, manager of the Northern Chevrolet Co., which will serve as local headquarters of the new organization. Mr. Rinkel has just returned from Minneapolis, where he was formally inducted as Thief River Falls chairman of the VSL.

The Victory Service League, according to Mr. Rinkel, has been founded as a patriotic organization of car and truck operators who are pledging themselves to car conservation in the interests of maintaining America's civilian transportation system.

In addition, the League will provide motorists with a correlating agency through which they can participate in any nationally-sponsored activity designed to further the country's war effort, Mr. Rinkel said.

More than 8,000 Chevrolet dealers and 75,000 of their employees comprise the basic group about which the Victory Service League has been established. The purpose is to assure conservation of passenger cars and trucks and will bring to the nation a full realization that the motorist must protect his equipment to get the most economical mileage and to prolong the driving life of the car or truck he is now using in his country's service.

The Moorhead Spuds, led by their long-striding infield star, Al Lund, scored a convincing 31 to 0 win over the Prowlers here Friday night. Lund, Spuds' captain, running behind a hard-charging line that averaged 182 pounds per man, tallied four touchdowns and one extra point, with right end Jim Bertelson accounting for the fifth touchdown. On Friday night the Prowlers will face a district opponent, meeting East Grand Forks under the lights on the local field.

The powerful and smooth-functioning Spuds rolled up 17 first downs in Friday's game, while the Prowlers, through the medium of a Bill Bye to Don Berg pass, were able to rack up but one first down. And only twice during game were the Prowlers able to penetrate into Moorhead territory. Billy Bye punting from behind his own goal in the second period booted a remarkable kick, the ball coming to rest on the Moorhead 40-yard line, and just as the Spud safety man, Don Corcoran, picked up the ball Cal Traver connected with a hard tackle, causing Corcoran to fumble and the Prowlers recovered on the Spuds' 32-yard line. The Prowlers failed to gain their yardage and Bye, on fourth down, punted over the goal. The Spuds, from their 20-yard line, also failed to gain, and when Lund kicked poorly, the ball going out of bounds on the Spuds 35-yard line, the Prowlers again were in Moorhead territory.

The stubborn Prowlers held the Spuds to one touchdown in the first half, the marker being scored by Lund when he crashed over right tackle from the 4-yard line. Early in the third period Lund took Bye's punt on the Moorhead 24-yard line and made a 76-yard run for a touchdown. Later in the third period, Lund broke over right tackle for a 20-yard touchdown run, to bring the score to 18 to 0 for the Spuds. In the fourth period the Spuds flashed an effective aerial attack, with Jake Kiefer passing to right end Jimmy Bertelson for the fourth marker; but Al Lund came back to score the game's final touchdown, pounding over from the 6-yard line after a Don Corcoran to Bertelson pass had carried the ball from the Prowler 20-yard line. Lund place kicked the extra point.

While Lund was the outstanding Moorhead star, he was given able backfield assistance by Don Corcoran and Gene Olich. In the Spud line the play of right guard Harold Gravellin and right tackle Charles Melberg was particularly strong, with Wright and Bertelson being effective on the offense. Pete Michalsky and Bill Bye were the Prowlers' backfield stars, with Bye's punting being one of the game's high lights. Tony Dorn, Norman Furuseth, and Cal Traver headed the Prowlers linemen.

KEROSENE BEING RATIONED ALONG WITH GASOLINE

OPA Explains Rules Now in Force Pending Issuance of Ration Books

Kerosene, widely used for fuel and light in rural sections of the northwest, is included in the order which puts fuel oil and gasoline under complete rationing and therefore can be bought only on ration coupons, the Office of Price Administration has notified its northwest officials.

No matter where kerosene is bought—in a gasoline filling station, a hardware store, or a country general store, the purchaser must have a ration book that permits him to buy the commodity, the OPA said.

Storekeepers who sell kerosene for lamp and lantern lighting, starting fires in the kitchen stove, cleaning of tools or any other purpose, must receive ration coupons from their customers. Pending the issuance of ration books for fuel oil by local rationing boards, storekeepers must obtain from their customers a written promise to turn over the appropriate number of coupons for kerosene purchased.

OPA officials said that storekeepers who have sold kerosene since October 1 without getting promises from their customers that coupons will be turned over must make every effort to get such promises signed. Otherwise, the storekeepers won't be able to get their required amount of kerosene. Customers were urged to cooperate on the subject, since it means they may not be able to get their kerosene later on.

A Relief

After having played such out-of-the-district hot-shots as Bemidji and Moorhead, it's going to be quite a relief for the Prowlers to swing back into district competition against Ray Flom's East Grand Forks eleven tomorrow night. Incidentally, it's going to be a relief for the Prowlers to face a team with the player-weights at a stand-off. At least the Prowlers will not have to spot the little Green Wave 22 pounds to the man, as they did in the Moorhead game.

The Prowlers are about due to break into the scoring and victory column again, and they hope that tomorrow night's game will be a "winner." Coach Kottke has been sending the Prowlers through long scrimmage sessions every afternoon this week, and it'll be a relief, too, for the boys to get into an actual game. Backfield men Lefty Hanson and Billy McKechnie have been banged up, Lefty with a bad ankle, and Billy a bruised thigh, and it's questionable whether or not they will be ready for the game. Homer Matheson, the hunting casualty, has been indulging in warm-up exercises, trotting around the field, tossing passes, and playing some defensive football; but he won't be ready for action until the Warren game, and then only on a part-time basis.

The East Grand Forks team has played but one game, and in that contest they dropped a 7 to 6 decision to Red Lake Falls. But the Wave, especially when Pete Hunt and Harold Harney were in the backfield, turned in a remarkably strong game. Practice sessions at the East Side school have been disrupted this fall by the fact that a number of the boys have been working in the sugar beet and potato fields near East Grand Forks, and only during the past week has coach Flom had a full squad of players.

The game, too, will be a battle between "Petes". Harold "Pete" Hunt, East Grand Forks' all-round star, will be a fullback for the Green Wave; and Don "Pete" Michalsky will be in the fullback spot for the Prowlers. I have an idea that the Prowlers Pete will come out of the game with the win.

Quite a Performance

Alvin Lund, the Moorhead Spuds rangy left halfback, turned in quite a performance against the Prowlers last Friday. Lund scored four touchdowns, kicked one extra point, picked up 147 yards in 21 plays, in leading the Spuds to their fourth straight win. Not since LaRue "Andy" Anderson's day has a backfield man put on such an individual show. It was two years ago that the Prowlers upset the Spuds, and in that game Andy had a field day.

Much of Lund's effectiveness Friday night was due to the fine work of the Moorhead line, especially the play of right guard Harold Gravellin and right tackle Chuck Melberg. Those two players had a fast and hard charge, and they gave Lund plenty of opportunity to break away for those long gains off the tackles.

The 1938 State Champs

Gordy Caldis, center on the 1938 state championship basketball team, and later a football captain at North Dakota, is home on a short vacation before leaving for the Navy. Gordy, who had enlisted in the Naval Reserve upon his graduation from North Dakota last spring, has received his call and will take officer's training, probably at Columbia. Just about the entire 1938 Prowler basketball squad is now in the Service. Only Roy Lee, who's studying engineering at the "U", is in "civvies", and Roy is billed for the Army when he completes his course. Bones Stadum, Earl Nicholson, Don Lorentson, Rube and Clark Mickelson, Mel Haughom, and Red Eide. They're in the Army, or Navy, or Marines. The 1938 State champs are still champs.

He's Skeptical

Joe Gleason, a Chevrolet representative who's been in this territory for several weeks, won't soon forget the hunting trip he had with Chris Rinkel and Cliff Bjorkman last week. The trio were up in that Greenbush territory hunting ducks, working that swamp north of Haug. Joe had fallen into a burn-out early in the morning and taken a soaking, and to dry out he had gone back to the car and turned on the heater. After a couple of hours he reached a fair measure of dryness and was ready to go out after ducks again. The boys launched the boat in a ditch. Joe was the first to step into the boat, a modified canoe, and as he stepped into the boat he lost his balance and plunked into the water. As he arose out of the ditch, spluttering, he saw Cliff turn to Chris and say: "Chris, you shouldn't have done it." And now Joe is convinced that Chris really tipped the boat; and Chris is trying to convince Joe that that remark was only one of Cliff's "funny" jokes.

Boy Scout Movement Is Discussed at Meeting of C & C on Thursday

Proponents of the Boy Scout movement in this community, including Andrew Anderson, Dr. O. F. Mellby and A. D. McLaughlin discussed the activities of the organization last Thursday at the luncheon meeting of the Civic and Commerce association. W. E. Dahlquist submitted a complete report on the successful salvage day staged the preceding Monday in connection with the visit here of Dr. C. J. Hambro, president of the Norwegian parliament. The association voted to sponsor a bowling team in the Service league again this year, with L. W. Rullen as manager.

MINNESOTA HISTORICAL SOCIETY

VALLEY DAIRYMEN WILL CONVENE IN WADENA OCT. 21ST

President Stuart McLeod to be in Charge of Program Wednesday

The program of the 39th annual convention of the Red River Valley Dairymen's association, scheduled for October 21 at Wadena, has been announced by C. M. Pesek, secretary. Stuart McLeod of this city, president of the association, will preside.

Program speakers will include J. O. Christianson, superintendent of the School of Agriculture, St. Paul, who will talk on "Our Part in These Times." R. A. Trovatten of St. Paul, commissioner of agriculture, dairy and food, will talk on "Behind the Headlines."

D. T. Carlson of Willmar, president of the American Dairy association, will present the topic for a dairy advertising campaign. Carl Bergquist of St. Paul, secretary of teh Minnesota Creamery Operators and Managers association, will talk on creamery labor problems.

Erick Ahlstrand of St. Paul, director of the dairy and food commission, and Roy Nelson of Virginia, department of education, will both present the details of the Minnesota dairy defense program.

Frank T. Corcoran of Washington, U. S. Office of Defense Transportation, will address the convention on tire rationing for cream trucks. The problem of overlapping territories will be discussed. E. Fred Koller will offer several solutions to the cream hauling problems.

Butter contests will be held and a banquet will be served, Mr. Pesek said. Reservations are to be made through E. E. Rosenberg, Wadena.

Get in the Scrap, Urges County AAA Fieldwoman

If people could only understand the importance of scrap metal in the war effort, there would be a tremendous outpouring of this material from the cities and the rural areas, Mrs. V. C. Noper, Pennington county farmer field woman said today.

"Scrap is so important that the winning of the war depends upon it," she said, "so important that every stay-at-home can make an immediate and valuable contribution to the winning of the war by giving up every pound and by urging friends and neighbors to do the same; so important that a number of steel mills making material for tanks, guns, ships, etc., will be forced to close down shortly for lack of material."

Highway Department Shares in State Scrap Drive

"We're fresh out of scrap," says C. D. Johnston, director of publicity for the state highway department, to M. J. Hoffman, commissioner of highways. To prove it, Johnny points proudly to the month-by-month record of collections and shipments from the highway department, showing more than 1550 tons of scrap had been collected to September 1, and going on to say an additional 125 tons has been collected since then. In addition to aiding in this important campaign since our national need arose, this has put approximately $22,500 in the state treasury. Insisting that they still haven't done their full share, Mike points out desk gadgets that might as well get into the scrap. Speaking of such ornaments, obsolete signs, and similar articles, Mr. Hoffman says it is amazing how much "junk" you can get rid of when you turn a really critical eye on it.

G. N. WYLIE LINE QUITS OPERATING SATURDAY OCT. 24

Interstate Commerce Commission Grants Plea of Railroad

Under date of August 6, the Great Northern railway served notice that an application had been filed with the Interstate Commerce Commission at Washington, D. C. for the abandonment of their line extending from Wylie to St. Hilaire, a distance of 6.81 miles.

The commission granted the request and notice has been filed that "effective at 12:01 a. m. October 24, 1942, an embargo of all traffic to or from St. Hilaire to Wylie. Only station affected is Wylie. No traffic will be accepted which cannot reach destination and cars returned by October 24. Cause, abandonment."

The rails will be taken up and undoubtedly added to the nation's call for scrap metal. The Wylie line from St. Hilaire has been in operation for many years and the abandonment of the line will cause considerable inconvenience, especially as to grain elevators located at that point.

ZINC MASON JAR LIDS BECOME WAR CASUALTY

The Mason jar, standby of home canning since grandma started "putting up" things for the winter, is another war casualty. The War Production Board has prohibited manufacture of those zinc lids for the jars. In their place, says the WPB, will be a porcelain closure with steel rim said to be an excellent substitute that can be used with relatively little difficulty. Housewives who get along without zinc jar tops at all will be aiding the war effort immensely, since the zinc will be used to make more than 35,000 tons of badly needed brass for ammunition.

780 Drivers Forfeit Permits in September; Second Highest Total

Suspensions of drivers' licenses during September reached the second highest mark in the history of the state drivers' license bureau, according to figures released today by the state highway department.

The driving permits of 519 drivers were suspended for various traffic law violations during the month, and licenses of 261 other drivers were revoked outright for a total of 780 drivers' license forfeitures. Of the outright revocations, 232 were for driving while intoxicated, four for habitual inebriacy, five for reckless driving and 20 for repeated speed violations.

Of the 519 suspensions, 238 were imposed for violation of war time speed regulations, 80 for reckless driving and 29 for running through "stop" signs and signals. Sixty motorists were refused licenses for failure to provide a doctor's statement certifying satisfactory eyesight, and 31 for unwillingness to take a supervised driving test.

Of the drivers barred from the wheel during the month, 749 were males and 31 females. Twenty persons apprehended and sentenced for traffic violations during the month were driving without a valid drivers' license.

Of those whose licenses were suspended, 253 were under 20 years of age, and an additional 66 were in the age bracket from 21 to 24 years.

Grouse Held Unspoiled by Worms in Intestines

Hunters going after ruffed grouse starting October 10 are reminded by the department of conservation that the round worms which infest the intestines of the grouse, are sometimes broken open by the shot that kills the bird and the round worms or ascaridis crawl into the body cavity and are found by the hunters when the birds are cut open. These worms are about two inches long, grayish-white in color, and taper at both ends. They are not harmful and will die shortly after the bird dies. Their presence in a grouse does not mean that the bird is unhealthy. Meat from infested birds is just as tasty and safe to eat as the flesh of wormless grouse.

New Corn Uses

Search for new uses for corn products in the national defense program, including the production of synthetic rubber, plastics, substitute fibers, supplementary motor fuels, and industrial alcohol, is underway by a new department of agriculture laboratory in Peoria, Ill.

POSTOFFICE ASKS EARLY MAILING OF FOREIGN PARCELS

Parcels to Soldiers Abroad Should be Mailed by November 1

Postmaster Andrew Anderson this week reminded patrons of the local postoffice that the month of October has been designated as the time for mailing Christmas parcels to members of the U. S. armed forces outside the continental United States.

The public is asked to keep the size of packages to that of an ordinary shoe box and the weight to about six pounds. Not more than one package or Christmas parcel may be mailed to each boy. The public is also asked not to send food or clothing.

Those who send gifts to foreign service men, in either the Navy or Army or Marine Corps, should endorse each package with the words, "Christmas Parcel."

It is very necessary that parcels shall be wrapped, packed and securely tied to withstand the handling and long transportation for delivery. Packages containing candy, cigars or other articles that may be crushed should be packed in wooden boxes to withstand the pressure of packing mail. Since each article will be censored packages should be wrapped so that they are easily inspected without delay. Every package must be labelled with the full address of the addressee, containing name and serial number, company branch of service, APO number, care of Postmaster, city.

Game and Fish Division Asks Deer Hunters Save All Fats in Carcasses

An appeal to hunters and trappers to salvage all possible fats from the carcasses of deer and furbearers taken during the coming season was issued today by the Minnesota department of conservation. Fats are vitally needed by the government for the manufacture of explosives.

If all greases, normally wasted, could be saved from the carcasses of deer alone, conservation department officials estimate that over 300,000 pounds of fats could be salvaged during the coming deer hunting season. The estimate is based on six pounds of fat per deer and the 1940 take of 54,000 deer. Greases obtained from bears and from pelt scrappings would provide thousands of additional pounds for the drive to smear the Axis.

The Minnesota fat salvage director urges that hunters turn over the greases they are able to save to butchers in their localities.

Hunters are also being asked to retrieve their empty shotgun shells and turn them over to hardware stores. There is enough brass in two shotgun shells to make the shell for one army rifle cartridge.

Waterfowl hunters have a special opportunity to prove that they are conservationists. They can do so by saving the feathers from the ducks they shoot. These feathers are needed in the manufacture of special packets for airplane pilots.

FEWER MILK CANS ORDERED BY WPB

Northwest dairy farmers will be getting double duty out of their milk cans for the duration. The War Production Board has ordered a cut in production from the 2,000,000 milk cans made last year to 850,000 in the coming year to save 18,000 tons of steel for the war effort. Sizes will be limited to 1, 2, 2½, 3, 5, 8 and 10-gallons. Thinner steel will be used in the bodies—rims and bottoms being the same because of wear. Handles will be of stamped steel, not tubular. Result will be a six-pound lighter 10-gallon can.

Yes, The Neighbors Know and Choose.......

The vote of any candidate for office in his home city and home county tell the story of the esteem in which he is held by the people who really know him, and who vote his party's ballot in the primary election.

In the recent primary election, Harold C. Hagen, Farmer-Labor nominee for congress in the Ninth District, polled from 90 to 97.98 per cent of the congressional votes cast in his party in the various precincts in the city of Crookston where he was born and raised. The Crookston F-L party vote was: Harold C. Hagen, 318; Albert S. Falk, 16. Hagen's Republican opponent this fall who also grew up in Crookston, polled from 73.14 to 87.11 per cent of the votes cast by his party.

In Polk County, home of both candidates, Hagen was tops with 82.36 per cent of the votes cast in his party in the congressional race. The Democratic candidate from Polk County was second with 71.52 per cent of his party's votes for that office while the Republican nominee was third with only 56.97 per cent. The total vote in the fifteen counties of the 9th District was Hagen, 7,425; Republican nominee, 7,229.

That Extra Something!
...You can spot it every time

YOUTH, in everything it does, goes for the people and things that are "right". That's why youth goes for ice-cold Coca-Cola. It is "right"... in quality... in taste ...and in refreshment. It's the drink that belongs to youth's ritual of refreshment.

And there's reason for this. Ice-cold Coca-Cola has what it takes... a clean fresh taste... unmistakable refreshment. A special blend of flavor-essences merges all the wholesome ingredients of Coca-Cola into an original taste of its own. No one can duplicate it. The only thing like Coca-Cola is Coca-Cola itself.

Just ask for Coca-Cola or, to use its friendly abbreviation, Coke, and you're in for something special in delicious refreshment. Contentment comes when you connect with a Coke.

• • •

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "coming from a single source, and well known to the community".

The custom in every neighborhood... to enjoy delicious ice-cold Coca-Cola... though not so often in wartime as before. And remember when you sometimes can't get Coca-Cola, it's because Coke, being first choice, sells out first.

GRYGLA

GRYGLA TO HAVE SECOND SALVAGE DAY

Grygla will have its second Victory and Salvage day on Friday, Oct. 23. Our quota of scrap is 10 pounds per person. Lets try to make it 20, 40 or 50 pounds per person.

The government has asked us to turn in all our scrap now, so lets get it before the winter sets in and snow covers it. Farmers, your supply of repairs will depend on the amount of scrap iron you turn in. Here is our big chance to do something for Uncle Sam. Bring in all your old metal articles like kitchen utensils and pails, iron, lead, batteries, rubber, and fats.

Prizes will be given for the largest and second largest loads and a prize will be given for the load brought the greatest distance.

Mr. Farmer, Businessman, parents, everyone of you, turn in all your old scrap now at Gorden's service station, buyer will pay $8 per ton for scrap iron. You will also have the opportunity to give your scrap or the cash received to the U. S. O. at Miller's Station.

A house to house canvass in the village will be made by the businessmen after 10 a. m. to pick up all kinds of scrap, so have it ready. Put all the small articles into a box or bag.

A parade will begin from the Grygla schoolhouse at 2 p. m. and proceed to the R. N. W. hall where a program arranged by pupils from the surrounding schools, will be given.

Don't be a slacker! Come to Grygla on Salvage day and make it the "scrappiest" day of the year. Remember Uncle Sam needs our scrap iron to keep the iron and steel furnaces going to supply our fighting boys with the weapons they need. Let's give our lads a fair chance in their encounter with the enemy. These boys are willing to give their lives so we should be willing to sacrifice to the utmost to help them.

REV. HALMRAST AND REV. HANSON SHARE HONORS

Rev. G. L. Halmrast, new pastor for St. Olaf congregation, and Rev. T. C. L. Hanson of Holt, who has served this congregation for the past summer, were honored at a reception held last Thursday evening at the church. F. A. Brown acted as toastmaster. Mr. Brown presented Rev. Halmrast with a purse of money in behalf of his new parishioners and friends and the latter responded with a talk.

This was followed by a vocal duet by Mrs. G. O. Sandland and Mrs. John T. Johnson, accompanied by Mrs. M. K. Ellingson at the organ. Rev. Hanson then gave a talk followed by a vocal solo by Mrs. Victor Nygaard with Mrs. Ellingson playing the organ accompaniment.

Mrs. C. M. Knutson, president of Ladies aid, extended greetings to Rev. Halmrast as did Agnes Sandland, president of Luther League.

One song was sung by a ladies trio, consisting of Naomi Johnson, Helen Uthus, and Margaret Lillevold. Rev. Hanson was then given an envelop by Mr. Brown containing a gift of cash from the Ladies aid and Luther League in appreciation of his work here. Rev. Hanson responded with a few remarks of thanks.

The remainder of the evening was devoted to informal greetings for the new pastor and his family as well as for Rev. and Mrs. Hanson. A sumptuous lunch was served at a late hour.

Birthday Parties

Mrs. Hans Strom was the guest of honor on Friday evening at a birthday party given at her home when a number of friends and neighbors gathered to surprise her. Whist was played at two tables and visiting was enjoyed.

At a late hour, a delicious lunch which had been brought by the guests, was served. The main feature of the lunch was a white birthday cake, trimmed with pink. Those present besides the Strom family were Mr. and Mrs. Emil Clauson and family, Mr. and Mrs. John Brateng and family, Mr. and Mrs. Otto Solum and family, Mrs. Alfred Swanberg and children, and Mr. and Mrs. Vernon Wickstrom and son.

Another party was held at the Hans Strom home Saturday afternoon in honor of Janice Clauson, who is leaving soon with her parents for a new home, and for Irene Strom, who was nine years old on Friday. The party was arranged by Adeline Severance, leader, and the Brownie Troop.

Games and contests passed a pleasant afternoon and at its close Mr. Strom served a lovely lunch featuring a white birthday cake with pink trimming and topped with nine candles. Irene received several birthday gifts while Janice was given a gift from all the guests.

Sophie Nygaard returned recently from Winnipeg, where she had spent several weeks conducting Evangelistic meetings.

The Allan Jones family moved on Saturday to make their home on a farm near Thief River Falls.

Wilford Langness of Viking was a Saturday night guest at the Harvey Langness home.

John Lillevold Honored

A group of about sixty friends gathered at the T. J. Lillevold home Sunday evening and tendered John with a surprise farewell party. The evening was spent visiting and at a late hour the ladies served a bounteous lunch. Torjus Johnson, who arranged the party, presented John with a purse of money in behalf of all his assembled friends. John left on Monday, having enlisted in the air corps.

Walter, Erwin and Duane Van Wold left last week for Crookston where they are employed in the sugar beet fields.

Mr. and Mrs. Orville Strand of Portland, N. D., spent the weekend with the latter's parents, Mr. and Mrs. Ole Tollefson.

Mr. and Mrs. Oscar Tweten, Howard Tweten, and Mr. and Mrs. Allan Jones and son were Thief River Falls shoppers on Wednesday.

Sophie Nygaard, Mrs. Sophia Taylor, and Mrs. Fannie Wright attended the fellowship meeting at Goodridge last Wednesday.

Kermit, Myrelt and Twila Nygaard, Lloyd Starpin and Duane Fischart, all of Red Lake Falls, were callers here on Saturday evening.

Ned Langness is helping at the Harvey Langness home before leaving for army service in two weeks.

Dolores Holbrook spent Tuesday and Wednesday at Thief River Falls at the Gunder Grovum home.

Mrs. Leonard Haack submitted to an appendectomy at a Thief River Falls hospital last Saturday.

Early this week Mr. and Mrs. Raymond Sorenson and son moved into the residence recently vacated by the Ernest Selle family.

Harvey Langness was taken to Thief River Falls hospital Tuesday suffering from a severe back injury sustained in a fall. Mr. Langness had climbed up in his garage to place some things on top of the rafters when he fell.

Ernest Langness, who was on a furlough from Camp Grand, Illinois, visited at the Harvey Langness home one day last week.

Mr. and Mrs. F. E. Chapman of Crookston spent Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Elmer Mosher.

Mrs. Caroline Hesse returned on Friday from Villard where she had visited relatives for about ten days.

Keating-Anderson Vows Announced

The marriage of Miss June Keating, daughter of Mr. and Mrs. O. A. Keating of Champaign, Illinois, to Sgt. Raymond Anderson, son of Mr. and Mrs. Jacob Anderson of Grygla on Thursday, October 8, has just been announced. The wedding was solemnized at the University place Christian church at Champaign by Rev. Stephen E. Fisher, who prompted the single ring ceremony.

Soft candlelight embraced the beautiful scene as the bride, who was attired in a lovely floor-length gown of white ribbon taffeta took her place at the altar. Her floor length veil was fastened with a tiara of pearls and she carried an arm bouquet of white gardenias. The three bridesmaids wore identical floor length gowns of blue and carried bouquets of rosebuds.

Immediately after the wedding a reception was given in the church parlors for the young couple who left the following day on a short wedding trip which took them to the groom's parental home near Grygla.

St. Olaf Luther League Meets

The St. Olaf Luther League met at the church last Sunday evening. Numbers on the program were: Reading, Helen Uthus; song by five girls including Betty Ann Ellingson, Nadia Dechamp, Thelma Nygaard, Virginia Swanberg, and Gloria Hahle, and a talk by Rev. Halmrast.

Lunch was served by Mmes. Leo Sveenpladsen, Ernest Selle, and Harry McLean.

Thursday evening supper guests at the Axel Sund home at Lake were Mr. and Mrs. Peter Levang, Mr. and Mrs. Berwin Jacobson and family, Mrs. Harry McLean and children, and Corp. Ingvald Levang.

Cooperative Movie

A free moving picture will be shown at the R. N. W. hall on Friday evening, October 16, sponsored by the three local cooperatives. Three speakers will be present and a free lunch will be served. Everyone is cordially invited to attend.

P. T. A. Postponed

The Grygla P. T. A. which was to have met on Friday evening, October 16, has been postponed and will meet on Friday evening, Oct. 23. The program will be arranged by Mrs. Elmer Hylland and Mrs. Alfred Swanberg and lunch will be served.

Clothing Project Organized

"Clothing on the Home Front", a new project for this territory, was begun on Monday when Miss Ada Tolvem of Bemidji, Beltrami County Home Demonstration Agent, met with a group of ladies who will serve as group leaders.

The meeting was held at the St. Olaf church and the following leaders were present: Mrs. M. K. Ellingson and Mrs. Oscar Knutson for the Valle group; Mrs. Gilman Hylland and Mrs. George Hanson for the Benville group; Mrs. H. E. Hanson for the Lee group; Mrs. Fred Treselt and Mrs. Carl Holthusen for the Thorholt group; and Mrs. Henry Gilthvedt and Mrs. John Thieling for the Big Grass group.

The lesson presented was "I will buy carefully." Two more lessons are included in the project. The Valle group leaders announce that their group will meet on Monday, October 19, at the St. Olaf church.

Shower for Mrs. Clinton Knutson

Mrs. Clinton Knutson was feted on Sunday afternoon at a parcel shower which was given at her home having been planned by Mrs. Hilmer Benson and Mrs. Jack Warne. A pleasant social afternoon was spent and a delicious lunch which had been brought by the guests was served. Mrs. Knutson received a large assortment of lovely gifts.

Those present were Nels and Nina Knutson, Mr. and Mrs. Jack Warne and daughter, Mrs. Hilmer Benson and Shirley, Mrs. Jess Warne, Mr. and Mrs. Ben Anderson, Maxine Porter, Mrs. Thomas Knutson, Mr. and Mrs. Victor Nygaard and son, Mrs. Sigfred Nygaard and children, Ella and Ragna Haugen, Mr. and Mrs. John Stolpe and Mr. and Mrs. John Bentt and Reuben, Orvis and Joanne, Mrs. William Paszewitz, and Mr. and Mrs. Edgar Wegge and sons, all of Holt.

Edgar Stenberg, Mary and Edward Kalar and Orton Windsness, all of International Falls, visited friends and relatives here over the week-end.

Fern and Nora Tollefson returned on Monday with their brother-in-law and sister, Mr. and Mrs. Orville Strand, to spend a few days at their home at Portland, N. D.

Sunday visitors at the Ole Tollefson home were Mr. and Mrs. E. R. Orpin and family of Gatzke and Mrs. Tom Thomas and children.

GOVERNOR SETS UP FARM LABOR PLAN FOR STATE

Takes Action Pending Adoption of U. S. Manpower Program

Finding that the federal government has no manpower plan ready to meet the urgent need for help on Minnesota's dairy and livestock farms, Governor Harold E. Stassen issued an executive order this past week setting up a state emergency manpower program to help meet the problem until relief can be obtained thru action at Washington.

Immediate object of the state program is to insure adequate help for the dairy and livestock farms, now hard pressed by loss of workers, and a continuing labor supply for the iron mines. The state, the Governor said, will step aside when the federal government's program is ready.

Victor Christgau, state director of employment and security, has been named emergency manpower director by Governor Stassen, and will have charge of working out, under emergency powers of the Governor, a broad program which the Governor mapped out for the emergency.

Governor Stassen told Paul V. McNutt, chairman of the war manpower commission, in Washington of the plight of Minnesota farmers, particularly those in dairy and livestock, with so many of their workers being drained away and said "irreparable damage will be done to livestock and dairy production if action is delayed for six weeks." He found the government had no manpower program ready or in immediate prospect.

Governor Stassen and U. S. Senator Joseph H. Ball asked Major General Hershey, selective service chief, that no more labor be taken from dairy and livestock farms until the federal manpower control program, now being formulated, is completed.

Specialists Taken in Army Engineers Corps

A limited number of specialists will be enlisted into the Army Engineers Corps during the month of October. A man is qualified if he has had experience as a blacksmith, blaster, powderman, bridge builder, construction foreman, electrician, utility repairman, quarryman, rigger, sheetmetal worker, stenographer, water supply foreman, water supply engineer, or jackhammer operator. These men will be assigned to Camp Claiborne, Louisiana, for training in construction and demolition.

Recruiting also has been extended for specialists in the Air Forces, ordnance department, and Signal Corps. Application can be made by writing to the Army Recruiting Office in Grand Forks, North Dakota.

PUBLIC OPINION

Alaskan Highway,
Fort St. John, B. C.

Editor of the Times:

I will have an opportunity to send this communication home by *personal messenger and no censor* will pass on it so I shall tell the true story of how this project looks to me without fear of censorship.

I came up here on August 1st and found that already the road from Dawson Creek, the end of the railroad 60 miles from here had been gravelled and put in shape for travel in all kinds of weather. The Alaskan highway from here on was rapidly taking form, the grading of the "Main Stem" approaching a point 25 miles from here.

The Army tote road which approximately follows the route of the main stem is being pushed thru as rapidly as possible. Outfits from this headquarters camp are working on it as far up as Watson Lake 500 miles from here. It is expected that it will be ready to carry traffic all the way to Alaska by the time it freezes up here.

Our own crew is hauling gravel on the tote road 70 miles from here at the present time. Only last week I talked with a truck driver who had come thru from Whitehorse, Yukon Ter., the railhead from Skagway, Alaska. He told me the work on the tote road was well under way from the other end and that the toughest going was between Watson Lake and Fort Nelson, where some of the outfits from here are rushing the work to completion.

We have reconstructed CCC barracks for our sleeping quarters with individual cots. We have a swell mess hall. They feed us very well. We have fruit juice or grapefruit, breakfast food and pancakes with bacon strips with coffee for breakfast. For the other meals we have at least two kinds of meat and two or three kinds of vegetables, salad, bread, butter, coffee. We have sauce and cake or pie every noon and for most of the suppers. We have fresh fruit of some kind at least once a day. There is no kicking on the grub we get.

The weather has been ideal. The past two weeks I was here it was so dry that dust was our worst handicap. Then we had a few showers that settled the dust. Very little time was lost because of those rains. Everybody was glad to have the dust settled.

At the present time we are having beautiful fall weather, cool nights, occasionally foggy mornings, but when the sun gets up the fog disappears and in the afternoons it gets real warm. And, oh yes, I cannot forget the stories I heard about mosquitoes before I came up here. Mosquitoes: No! In the singular, I have seen only one mosquito since I have been here and that one did not try to sting me. There are very few insects and as a result we see very few insectorous birds.

Game birds seem more plentiful than the smaller birds and we have large wild animals too. At practically every camp along this road they have one or more bears which regularly visit the garbage cans. Some of them are so tame and fearless that they will take food from human hands. Everybody is getting posed pictures of them, and so far we have had no reports of any difficulty with them. There have been a few shot since the season opened but at most of the camps they resent anyone shooting their pets. I don't believe that deer are as plentiful here as they are in Minnesota but moose are quite common and elk occasionally.

But from all I can learn from the natives around here and the farmer on whose farm this camp is located has lived here for 23 years, they sometimes have heavy snows but rarely if ever do they have a blizzard. We are only 250 miles from the Pacific ocean and the warm Japanese current and the height of the Rocky Mountains west and northwest of here is less than that chain is anywhere else on this continent. As a result the warm chinook winds get across to break the rigors of winter. The work will go on throut the winter. Will see you all in December 1943.

Passengers
Today, our most important passengers are the men in the armed forces of our country. The Government has first call on our facilities.
However, we are able to maintain service for civilians, with but slight inconveniences.
Civilian travellers can help with our war program, however, by making reservations early and avoiding as far as possible, week-end travel.

CONCRETE DAIRY IMPROVEMENTS
can help America increase food production

The Department of Agriculture has urged greatly increased milk production to meet the needs of the United Nations for dry milk, butter, cheese. Concrete improvements—such as a new milk house, cooling tank, dairy barn floor, granary, manure pit or storage cellar—will help many farmers do a bigger production job.
Concrete improvements are firesafe, sanitary, cost little to build, last for generations. *Concrete farm jobs require a minimum of critical war materials.* You can do the work yourself, or ask your cement dealer for names of concrete contractors.

Starch Helps Make Munitions, Batteries..
Everyone knows that corn starch is used in pies, puddings, cakes and other good things to eat. In addition to various household uses, it is necessary, too, for making batteries, cosmetics, paper and textiles, to name a few. Where does Anheuser-Busch fit in this picture? We learned a lot about cereals from constant analysis of barley for Budweiser. With that knowledge we started a Corn Products Division, which now supplies millions of pounds of starches each year to food and other industries.
Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentology and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.
Endless research in making the world's leading beer has led to other products
VITAMINS, B COMPLEX—Our plant is one of the world's largest sources for manufacturers of pharmaceutical and food products.
VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.
BAKER'S YEAST—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.
CORN SYRUP—many millions of pounds annually for America's candy industry.
SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.
VITAMINS FOR LIVESTOCK—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.
REFRIGERATING EQUIPMENT—for retailers of frozen foods and ice cream the country over. This division is now working on glider wing and fuselage assemblies for our Armed Forces.
DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

ENROLLMENT AT N. W. SCHOOL IS ABOVE AVERAGE

More than 50 Additional to Start Term Following Potato Harvest

The Northwest School of Agriculture at Crookston started its 87th year with an enrollment above average. According to figures released by Registrar R. J. Halvorson, 314 students were in attendance for opening classes on Tuesday, October 6. More than fifty students have indicated their registrations will be delayed until after potato harvest.

Students in attendance have come from fifteen counties in northern Minnesota, six counties in North Dakota, and one county in Illinois.

Dormitory facilities for girls have, according to Superintendent T. M. McCall, been filled to capacity. Overflow dormitory quarters in the home economics building will be used until such time building conditions warrant the construction of the girls' dormitory granted by the 1941 Minnesota Legislature.

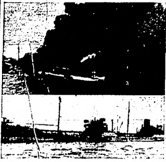
The all-student reception sponsored by the young peoples' Christian organizations at the school was held on Saturday evening, October 10.

Members of the staff from the English and music departments appeared on a recital program at the school auditorium on Sunday evening, October 11.

Thief Lake Church to Hold Rommegrot Supper

The annual supper and fancy work sale by the Ladies of Thief Lake Lutheran Church will be held Thursday evening, Oct. 22nd, according to Mrs. Clifford Haugen, President of the Ladies' Aid. The supper, being served beginning at 6:30, will consist of baked beans, escalloped potatoes, sandwiches, cookies, coffee, and the special feature of the supper will be the old-fashioned Norwegian dish, the rommegrot. Following the supper will be auctioned all the fancy work prepared by the ladies during the past year.

Torpedoed U. S. Tanker Beats Raging Fire



When a tanker is burning as fiercely as this U. S. tanker (top photo) it usually must be abandoned. Despite this raging fire, caused by an Axis torpedo, crew members brought the flames under control. Below: The 18,000 ton tanker, a gaping torpedo hole amidships, stands by after the fire. It was towed to port by a U. S. navy ship and is now being repaired.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

Clean up all old vegetable tops and burn them. They can harbor insect pests. A clean-up campaign this fall, for example, may eliminate leaf spot and "rust" from next year's tomatoes and melons.

And don't let those cabbage stumps remain over winter. They can carry disease to next year's crop. Pile the stumps in the lowest place in the field or garden and burn as soon as they are dry. Feeding cabbage stumps to livestock is not recommended because the disease might come back to the garden thru manure used as fertilizer.

Keep squash, pumpkins, and gourds at room temperature (60-70 degrees) two weeks after harvesting so they can cure properly before going into storage.

When you rake and burn your leaves, save the ashes to spread over the garden. Although the nitrogen is lost, the leaf ashes retain all the minerals of the leaves. They are easier to add to the soil in this form. Leaves decompose so slowly when left unburned that they really make the garden soil more difficult to work in the spring.

There are several good things to be said for planning next year's victory garden this fall: it helps you get to work early in the spring when the ground is too wet for plowing; it helps control insects, works fertilizer into the soil, and leaves the ground rough so that snow and frost can break it up for easier work in the spring. But don't plow this fall or any fall if your garden land is on a slope. Some of that good topsoil will be washed away in early spring.

Cabbage is the victory food special this week. Heads are big and solid. You can store them in a well-constructed outdoor pit or in your storage room. You will find instructions for storing cabbage and other vegetables in the free booklet available at this office or by writing to Bulletin Room, University Farm, St. Paul.

Carpenters, Truckers Sought for Army Work by Employment Office

Federal employment offices have an urgent demand for carpenters, light construction dump truck drivers, and construction laborers. They have immediate jobs for 240 carpenters at $1.20 to $1.40 an hour, for 300 laborers at 65 to 85 cents an hour, and for 200 truckers, able to handle 2 to 4-ton equipment, at $1.10 an hour to start.

This employment is on air field construction in South Dakota, road work in Canada and Alaska, and a Dakota defense job. Employment is on a basis of straight time for forty hours, with time and one-half for additional time, with most jobs operating 60 hours a week. Transportation is paid to the more distant locations. No rigid physical examinations or other unusual restrictions. All work vital to war effort.

Additional details can be obtained from any United States employment service office in the state. Of 30 such offices, one is located in Thief River Falls.

September's Record Is Best in History of the Employment Service

New placement records were made by the federal employment service in Minnesota during September, it was reported this week by Leonard B. Ryan, state USES director.

The agency assisted 17,383 persons to find employment during the month. This number brought the cumulative total for the first nine months of the year to 101,590. This is 47.8 per cent more than 68,721 placements made during the corresponding period of 1941.

During September, the demand for help coming from farmers was principally for sugar beet and onion toppers, and potato pickers, along with orders for help to harvest crops for canneries in the southern part of the state.

An outstanding feature of the agency's farm placements last month was the continuing demand for year-round farm workers, particularly dairy hands. The supply of such workers is far below the demand, as it has been all during the year, Ryan said, adding that it is becoming progressively more difficult to find competent help in this latter category.

U. S. Maritime Service Men Not Called in Draft

Men joining the U. S. Maritime Service to serve in the Merchant Marine "Victory Fleet", will not be called in the draft, Lieut. J. J. O'Meara, regional recruiting officer for the Northwest, announced this week.

"All men enrolled in the Merchant Marine training program," he explained, "are sworn into the U. S. Naval Reserve, Class M-1, Merchant Marine Reserve, at the same time. This means that Maritime trainees are not subject to Selective Service call."

American citizens over 17 years and 8 months and under 36 years of age may apply for three months' training on the Atlantic Coast at $50.00 a month. While at sea, after completing their training, they will make between $230.60 and $300.00 a month and up, including war zone and port bonuses, clothing allowances, and $5,000.00 in paid-up government insurance.

The 4-H members decided to have a social again to raise funds for the operation of the club.

Helperettes

Mrs. O. N. Olson was the hostess to the Helperette club at her home Wednesday. She had the women stitch the finishing touches to her Friendship quilt. When the members finished sewing they presented Mrs. Ted Markus with a surprise handkerchief shower in which she received seventeen handkerchiefs to "remember them by". Mrs. Markus leaves with her husband this week for the west. The members decided to meet at the William Grundhaus home Wednesday, Oct. 21st to prepare Christmas boxes for the local soldier boys from the Helperettes which is indeed a very lovely gesture.

Ward Mathewson of Chicago, former mail carrier on local Route 3, visited Monday evening at the Will and Jim McCrum homes.

Proposed Amendments to the Constitution of Minnesota

To be submitted at 1942 General Election

STATE OF MINNESOTA
LEGAL DEPARTMENT

J. A. A. BURNQUIST
Attorney General

St. Paul, Minnesota
January 28, 1942

Honorable Mike Holm
Secretary of State
State Capitol
St. Paul, Minnesota

Dear Sir:

In compliance with the provisions of the 1941 Supplement to Mason's Minnesota Statutes of 1927, Section 44, I make this statement of the purpose and effect of the amendments proposed to the constitution of Minnesota to be voted on at the November 3, 1942 general election in accordance with Laws 1941, Chapters 171 and [illegible].

PROPOSED AMENDMENT NUMBER 1

By the enactment of Laws 1941, Chapter 171, the legislature has proposed an amendment to Article 8, Section 6, of the constitution.

This section now reads as follows:

"The permanent school and university fund of this state may be invested in the bonds of any county, school district, city, town or village of this state, and in first mortgage loans secured upon improved and cultivated farm lands of this state. But no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town or village issuing such bonds; nor shall any farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment, nor shall such investments or loans be made at a lower rate of interest than 3 per cent per annum, nor for a shorter period than five years, nor for a longer period than thirty years, and no change of the town, school district, city, village or of county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing of such bonds from any liability for taxation to pay such bonds."

If amended as proposed by the legislature, this section will read as follows:

"The permanent school, permanent university and swamp land funds of this state may be loaned to or invested in the bonds of any county, school district, city, town, or village of this state and in first mortgage loans secured upon improved and cultivated farm lands of this state, but no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town, or village issuing such bonds; nor shall any such farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment; nor shall such investments or loans be made at a lower rate of interest than two per cent per annum, nor for a shorter period than one year nor for a longer period than 30 years and no change of the town, school district, city, village, or county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing such bonds from any liability for taxation to pay such bonds."

PURPOSE AND EFFECT

The purpose and effect of this proposed amendment is to reduce the rate of interest at which certain of the state's permanent trust funds may be loaned to, or invested in the bonds of any county, city, village, town, or school district in the state from three per cent per annum to two per cent per annum; also to reduce the minimum term for which such loans and investments may be made from five years to one year, and also to include the swamp land fund among the state's trust funds which may be so loaned and invested.

PROPOSED AMENDMENT NUMBER 2

By the enactment of Laws 1941, Chapter [illegible], the legislature proposed an amendment to Section 36 of Article IV of the constitution, and required its proposal to be stated on the ballot thus:

"[illegible] to simplify and reduce the expense of publishing amendments to home rule charters of cities and villages?"

The part of the section in which a change is proposed now reads as follows:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least thirty days in three newspapers of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the state of Minnesota. * * *"

If amended as proposed by the legislature, the same part of this section will read:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least once each week for four successive weeks in a legal newspaper of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the State of Minnesota. * * *"

PURPOSE AND EFFECT

The purpose and effect of the proposed amendment is to require publication of amendments to home rule charters once each week for four (4) successive weeks in a legal newspaper of general circulation in such city or village instead of publication in three (3) newspapers of general circulation in such city or village for at least thirty (30) days as now required.

There are many cities and villages which do not have three local newspapers. In such cases, under the present provision, publication must be made in newspapers printed elsewhere and circulating locally. If the proposed amendment is adopted, publication will be required in only one (1) qualified newspaper four (4) times, thereby reducing the difficulty and expense of amending home rule charters.

Very truly yours,
J. A. A. BURNQUIST,
Attorney General.

WYANDOTTE

Mrs. Lee Johnson is visiting with her sister Mrs. John Ofstedahl. Mrs. Johnson is the wife of colonel Lee Johnson, U. S. Army, who was taken Japanese prisioner when Bataan fell.

Friday night, Oct. 2, a few neighbors gathered at the John Ofstdahl home for a party on Clarence Haugen. The neighbors were Mrs. David Haugen and sons, Harry Haugen and family, John Ofstedahl and family, Bertel Iverson and family, Gust Iverson and family, Mrs. Lee Johnson, Marjorie, Della and Harvey Hanson, George Rawitz, Melvin Suronen. Games were played after which lunch was served. Clarence was given a sum of money.

Mr. and Mrs. John Ofstdahl and family and Mrs. Lee Johnson spent Sunday at the Feragen farm near Thief River Falls. It was a farewell party for Carl and Dallas Feragen who left for Fort Snelling the next day. Goldie Howard returned home with Ofstedahls and spent Monday at their home.

A farewell party was held Sunday, Oct. 4, at the Gust Wilson home in honor of Warren Wilson and Claence Haugen. Both boys left next day for the Navy. Mrs. Adolph Blackstad sang a couple songs for the boys before lunch. Afterwards Rev. Skibarud said a few words to the boys and those present. Mrs. Blackstad sang another number. The boys were given a gift of money. Those present were Warren Wilson and Clarence Haugen, Rev. and Mrs. Skibarud, G. A. Wilson and family, Mrs. David Haugen and sons, Mr. and Mrs. I. E. Wilson, O. E. Wilson and family, Chris Haugen and family, Harold Haugen and family, Harry Haugen and family, Clarence Munson and family, Oscar Houske and family, James Evenson and family, Mr. and Mrs. Ed Evenson, Emil Horsjah and family, Mrs. Orville Feragen, Selmer Urdahl and family, John Ofstedahl Jr., Alton Carlson, Mr. and Mrs. W. E. Roese, Mr. and Mrs. T. S. Iverson and family, Mr. and Mrs. Adolph Blackstad, John Jorgenson Jr., Ted Bergdahl and family.

Monday, Oct. 5, School Dist. 125 started their hot lunches. It means more work for teacher Eleanore Meyers, but the parents appreciate it.

Miss Harriette Wilson left Tuesday for Minneapolis to visit with friends.

Miss Marjorie Ofstedahl had her tonsils out a week ago. After a few days she was as good as new. On Monday she started her 3rd year at the A. C. at Crookston. This year she is assistant to Miss Paulson who is in charge of the office.

Ronald Belland, grandson of Mr. and Mrs. Ed Evenson evidentally got too rough with his dog as it bit his hand Wednesday. He received medical treatment and is reported okay.

James Evenson and daughter Mrs. Elizabeth Feragen drove to Bemidji Wednesday. They returned the same day bringing back Mrs. Rachel Lindsey and her children.

Mrs. Christine Lorenson and son Ernest of Balta, N. D., have been visiting her sister Mrs. Alfred Helgeson. They returned home on Monday.

Mr. and Mrs. John Ofstedahl and Mrs. Lee Johnson and Goldie Howard went to Canada Friday returning next evening.

Mrs. Henry Hanson was at Grand Forks, N. D., from Monday until Wednesday. Her brother is a patient at a hospital. He was in a car accident and his condition is serious.

Mr. and Mrs. Alfred Helgeson and Mrs. Christine Lorenson went to Twin Valley and Ulen Sunday to visit friends.

Mrs. Bertha Stremberg, mother of Mrs. I. E. Wilson, left last Friday for Minneapolis. She visited here a month.

Luther League was held Sunday evening at the church. A very nice lunch was served by Mrs. Bert Roese, Mrs. Orville Rose, Mrs. I. E. Wilson and Mrs. Ted Bergdahl. Rev. A. O. Skibarud gave a short talk on the Luther League convention held the previous week end at St. Hilaire. The program committee was Goodwin Wilson, Betty Urdahl and Clarence Haugen. Next league will be November 8.

"Our Boys"

Raymond Evenson is in the Infantry in Mississippi. He plans on trying to get a furlough and come home.

Wallace Evenson is a Sergeant. He is still stationed in Tennessee.

Warren Wilson and Clarence Haugen are now stationed at the Great Lakes Naval Training Station.

Mrs. David Haugen had a letter and some pictures from Sigrud. He is a Corporal in the army somewhere in Alaska.

Carl Haugen is in Mechanics School at Fort Knox, Kentucky.

I want to thank Mrs. Jim Evenson for her many years as a reporter and I hope you will give me the news from now on. You parents who have boys in the service please let me know when you hear from them so I can put it in the column. Letters have been slow to reach some boys, but so far the Times has been getting through.

NORTH

The Opseth brothers came Monday to lay the foundation for the new granary on the Roy Rude farm.

Mr. and Mrs. Roy Rude and sons James and Lowell were guests Sunday at the H. Rude home at Hazel.

Word has been received that Chester Olson is now stationed at Virginia in the shipyards as searchlight guard.

RIVER FALLS

Farewell Party

On Sunday afternoon at the Oscar Haugen home in River Falls five of our young men were honored guests at a farewell party given by friends and relatives. The afternoon was spent socially and a delicious lunch was served by the self-invited guests. Peter Mandt gave a short talk and presented each young man with a purse of money from the group present. Two of the men left for Fort Snelling Monday. The other will leave later this month. Those leaving are Raymond Bothman who enlisted in the U. S. Navy; Stanley Bothman, Winton Fellman, Glen Haugen and Vincent Surmo, who leave for the army. We are proud of these young men, God bless and keep thm safe to return home again soon.

Mrs. Hanson of Minneapolis came Saturday night to spend some time with her daughter and family, the Herman Jepson's.

On Friday evening the Bothman boys, Vincent Surmo and Dwayne Ewing here honored with a party at the Norman home. Each received a purse of money.

Mr. and Mrs. Ernest Erickson and family were Sunday callers at the Fred Bux home in Wylie.

SUPER CHEVROLET SERVICE

America's automotive service men are playing an important part in the nation's war effort. It is their job to "save the wheels that serve America."

The Automotive Mechanic of Yesterday
Is the VICTORY SERVICE MAN of Today

Help him to help you
"SAVE THE WHEELS THAT SERVE AMERICA"
by getting a skilled service check-up regularly

Take the word of millions:
MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE
than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts*:

- Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.
- In some sections, 78% to 100% of the workers drive by automobile to vital war plants.
- 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation; 54,000 communities depend entirely on motor vehicles.
- Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.
- More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.
- Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.
- Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

BILL TO DRAFT 18-19 YEAR OLDS GETS HOUSE OK

Measure Calling Youths into Armed Services Now up to Senate

ACT ON ADVICE OF U. S. ARMY CHIEFS

Enactment of Law Would Add Estimated 2,500,00 to Draft Rolls

The house of representatives in Washington, performing what one member called "a disagreeable but necessary duty", passed Saturday a bill making youths of 18 and 19 subject to the draft. The vote was 345 to 16.

The measure goes next to the senate. A similar bill was reported out by the senate military committee Friday and is scheduled for action late this week. The step was recommended by President Roosevelt only ten days ago.

It was estimated that 2,500,000 young men thus will be made available for building up the army to a planned strength of 7,500,000 in 1941. After elimination of the physically ineligible and others, army officials estimated that some 1,500,000 of the 2,500,000 18 and 19-year-olds would be inducted.

The bill provides that those who are in high school or college may finish the present school year. But after next July, educational deferments would be forbidden.

It also contains a provision intended to defer induction of married men as long as possible. It does this by laying down a policy that no married men with children may be inducted while the state in which he resides still has eligible single men or childless married men. Childless married men would receive the same preferential treatment as against single men.

Selective service headquarters some time ago instructed state directors to follow the policy of calling all single men in the state before inducting married men. The legislation would make the policy mandatory.

Some representatives stormed against drafting "Boy Scouts" and called for the induction first of all "swivel chair soldiers" and "red tape artists" in Washington.

Rep. Kilday of Texas apparently voiced the majority sentiment with an assertion that congress in the present situation can only follow the advice of the army.

"They have told us", he said, "that they need the dash and vigor and courage of youth in the army. They have told us that without these we are not in a favorable position to win the war. On that basis, I will vote for this bill."

Opponents of the measure sought to amend it so that 19-year olds but not 18-year-olds could be drafted. The move was defeated, 155 to 55. Another defeated amendment would have reduced the maximum draft age from 45 to 40.

LOCAL JOB OFFICE PLACES 1,555 MEN IN PAST 9 MONTHS

September Placements Here Are Far Above State Average

The U. S. employment service in this area, under the jurisdiction of the local office at Thief River Falls, was on the agency's September honor roll, it was stated in a letter received from Leonard B. Ryan, state director, by C. J. Sjolander, in charge of the USES office here.

During the month the Thief River Falls office made 439 placements. This number is 96 per cent more than in September of last year.

In the first nine months of '42, the local office made 1,555 placements, 67 per cent more than during the corresponding period of last year.

The Thief River Falls office is responsible for the service in Pennington, Kittson, Red Lake, Roseau and Marshall Counties, and administers the itinerant offices at Hallock, Red Lake Falls, Roseau and Warren.

Two Civic Groups Hear Talk on Scout Program

Allen King of Grand Forks, chairman in charge of the expansion program of the Lake Agassiz Boy Scout council, Wednesday evening gave a comprehensive and inspiring discussion of the Scout program at a joint session of the Civic and Commerce association and Junior Chamber of Commerce in the Evelyn hotel. Morris Bye presided.

Another guest who spoke briefly was George C. Jones, conservator of the department of rural credit. He said the department now has left unsold only 300 Minnesota farms, and praised various groups which cooperated in the liquidation program.

Mr. King pointed out that American resources would not have been developed to their present status under totalitarian rule. The country, he said, is now confronted by the task of preparing our boys for the job that is to be done after the war, and added that the Boy Scout movement offers a solution to the problem.

Calling attention to the need of securing volunteer leaders to establish additional Scout troops, Mr. King outlined the campaign now under way in the Lake Agassiz area to raise $15,000 to finance the work now being done by the area executives, and said local citizens will be given an opportunity to contribute.

Last Half Real Estate Taxes Due and Payable Before November First

With Saturday, October 31, the final day for paying the last half of 1941 real estate taxes without penalty, business has been picking up in the office of County Treasurer A. R. Johnsrud, but the usual big last-minute rush is anticipated late next week. Mr. Johnsrud pointed out that taxpayers could avoid waiting in line if they would make their payments within the next few days.

PEACE OFFICERS CONDUCT SESSION IN CITY THURSDAY

Sixty from Thruout Valley Attend Fall Meeting and Banquet

Sixty law enforcement officers from thruout Northwestern Minnesota and Eastern North Dakota assembled in this city last Thursday for the annual fall meeting of the Red River Valley Peace Officers association. President Carl Croal, states attorney for Cass county, North Dakota, presided over the session.

Sam Hardy and Mr. Kline of the St. Paul office of the Federal Bureau of Investigation conducted a quarterly FBI school of instruction during the afternoon in the Civic and Commerce associations rooms.

Following the afternoon session, Paul A. Lundgren, past president of the association, presided over a dinner meeting in the Palm Garden Cafe. Among the numerous speakers who addressed the gathering were Judge O. R. Knutson of Warren; Earl Haskins, state liquor commissioner, and his predecessor, Norman J. Peterson, now a candidate for justice of the state supreme court; Bert Hanson, Roseau county attorney; Carl Kankel, sheriff of Red Lake county; Joe O'Loughlin, sheriff of Clay county; Ted Thelander of Detroit Lakes, state parole officer; and A. W. Luecke, safety field man for the state department of highways.

HERMAN HEINZE COUPLE OBSERVE GOLDEN WEDDING

100 Relatives and Friends Present at Observance Last Sunday

Anticipating by a month the fiftieth anniversary of their marriage in Grand Forks November 26, 1892, Mr. and Mrs. Herman Heinze of this city observed their golden wedding Sunday afternoon in the Civic and Commerce association rooms in the presence of 100 relatives and friends.

Rev. G. R. Carlson, pastor of the Gospel Tabernacle, was in charge of the program, which included talks by Anton Johnson and Rev. Bennie Heinze of Fergus Falls, a son, an original poem by Mrs. G. R. Carlson, and instrumental and vocal music. A three-tiered wedding cake featured the table decorations.

All of the sons and daughters of the venerable couple, who moved to this city from Holt five years ago, were present for the occasion, including Mrs. Ida Higgin and Mrs. Christ Israelson of Brunsven, Minnesota; Mrs. Frank McKinley of Aitkin; Mrs. Rosie Fluke and Mrs. Alice Glenen of Newfolden; and Rev. Bennie Heinze of Fergus Falls.

LEGION POST WILL CONDUCT JUNKER CAR ROUNDUP HERE

John W. Stewart and Gilbert Reiersgaard Appointed to Take Charge

Acting favorably on the request of the Minneapolis office of the War Production Board, the local American Legion post at its October meeting Monday evening voted to sponsor a "jalopy" or junker car salvage roundup in cooperation with the county salvage committee.

Post Commander W. G. Claffy appointed J. W. Stewart, chairman, and Gilbert Reiersgaard to take charge of the campaign, which is designed to take obsolete automobiles off the highways and thus contribute many tons of scrap metal to the salvage drive.

At the meeting arrangements also were discussed for a short Armistice Day program to be held in the Lincoln high school auditorium Wednesday morning, November 11. Mr. Claffy was to appoint a committee to work out details of the program.

WAR BOND SALE IN RURAL AREAS OPENS NOV. 7TH

County AAA War Board Joining in Campaign Headed by Lundgren

COUNTY QUOTA FOR 12 MONTHS IS $205,200

Details of Campaign Will be Discussed at Meeting Monday

The month of November has been dedicated as agriculture's contribution to the sale of war bonds according to announcement received from state headquarters by Paul A. Lundgren, county chairman of the war bond committee.

The drive will be carried on simultantously in all the counties of the state and will start with a "kick-off" broadcast on November 7th. The state goal for the drive has been set at $76,000,000, of which Pennington county's quota is $205,200 for twelve months.

The drive, which has been worked out thru the cooperation of the various farm organizations, will consist of a farm to farm solicitation by townships "minute men" operating under the direction of the Pennington county AAA committee of which Carl R. Anderson is chairman.

The county committee will meet with Mr. Anderson and Mr. Lundgren on Monday, October 26th, and an organization meeting of all of the township committee men will be held at the Civic and Commerce rooms on Friday, Oct. 30th, at which time K. G. Kirkpatrick of the state department will speak. Agriculture's pledge to the war bond effort will be on an annual basis instead of the monthly quotas of the past.

Joe Feeley, for many years a salesman in this section of the state for Finch, Van Slyck & McConville, St. Paul drygoods firm, died in St. Paul Sunday morning following a heart attack. Funeral rites were conducted in that city Wednesday.

Sample Ballots Appear in This Issue of Times

Appearing elsewhere in this issue of the Times are copies of the sample ballots listing all state and county candidates among whom Pennington county voters will have an opportunity to make their choices in the general election Tuesday, November 3. An advance study of the ballots will simplify the task of voting on Election Day.

725 Tons Scrap Metal Collected to Date in Pennington Campaign

The fall scrap metal collection campaign, which is still in progress in Pennington county, had netted a total of 725 tons of salvage from all parts of the county up to the first of the week, it was announced by F. E. Hageman of the implement dealers' committee which is cooperating with the county salvage committee in an effort to have all possible scrap assembled in the city before winter sets in. It is hoped that when the campaign ends, the county's goal of 1,000 tons will have been achieved.

Hallowe'en Festival Here to be Big Affair

Plans are rapidly taking shape for the Hallowe'en festival arranged for Thief River Falls children Saturday, October 31, by the local recreation board in cooperation with the Lions club.

Highlighting the occasion will be a costume parade starting at the arena at 7 o'clock, with Mrs. Jeanette Wright in charge, assisted by a group of wives of Lions club members.

Mrs. Wright stated that only children appearing in costume will be eligible for the numerous parade prizes, adding that the most inexpensive costumes will be eligible for awards. However, children not in costume will be permitted to participate in the parade.

An afternoon party in the arena is planned for children of ages four to seven years, while those from eight to 12 years old will be entertained in the arena in the evening.

For children of the 'teen-age group a hard times masquerade party and dance will be conducted in the Auditorium in the evening, with an entertainment program during the intermission. Door prizes and other awards will be presented, including prizes to the boy costumed most like a girl and the girl dressed in the most boy-like fashion.

The city recreation board this week announced the appointment of Dr. E. S. Amesbury to the post of chairman of the committee in charge of general arrangements for the festival. Dr. Amesbury has played a leading part in the successful parties staged on the past several Hallowe'ens.

To Register Trucks Today Thru Saturday

In view of the critical shortage of rubber and automotive equipment, rigid conservation measures must be adopted in order that essential transportation requirements be maintained throughout the Nation, it was announced today.

As a definite step toward this, the Office of Defense Transportation has issued General Order O. D. T. 21 requiring that all trucks to be operated after November 15, 1942 have a certificate of war necessity because of the importance of moving farm products to processing, storage and consumption centers.

The county farm transportation committee which is composed of Carl R. Anderson, chairman; Ed Moren, Ray Nelson, Joe Knutson and Wm. Ferguson, has been set up in the county for the purpose of assisting truck owners in registering their trucks and pickups whereby they will be able to receive a certificate of war necessity. Only trucks and pickups will be registered. It will not be necessary for those who only have passenger cars to appear at the place of registration.

The county farm transportation committee will help fill out these applications today, Friday and Saturday in the court rooms in the court house in Thief River Falls from 9:00 a. m. to 5:00 p. m. Truckers are asked to bring the blanks to the committee on one of these days.

Another Group of County Men Answer Call to Arms

To the strains of patriotic music played by the Lincoln high school band, another contingent of Pennington county reservists early Tuesday morning boarded a bus for Fort Snelling, where they will receive their assignments to army duty. Names of members of the group appear elsewhere on this page.

BYE DISCUSSES IMPACT OF WAR ON THE SCHOOLS

Addresses Parent-Teacher Association at First Fall Meeting

LLOYD BENNES TAKES OFFICE AS PRESIDENT

Mayor Harry Kinghorn Welcomes Faculty Members to the City

Declaring that service in the nation's war effort is almost inevitable for present high school junior and senior boys, and pointing out the task of the schools in providing needed specialized training, Supt. Morris Bye discussed the impact of the war on the schools, as well as the high school Victory Corps now in process of formation, at the first meeting of the Parent-Teacher association Monday evening in the Lincoln high school auditorium.

At the opening of the meeting, Mr. Bye, acting for retiring President E. B. Benson, who was away from the city, introduced the new president of the association, Lloyd Bennes, who in turn presented the other officers including Mrs. Palmer Anderson and Mrs. H. O. Chommie, respectively first and second vice presidents; Miss Ella Fiskerbeck, secretary; and Irvin R. Quist, treasurer.

Following a group of selections by the high school chorus attired in blue and gold robes and directed by Miss Grace Omundson, Mayor Harry W. Kinghorn extended greetings to the members of the teaching staff in behalf of the city, with the response being made by Athletic Coach Willard Koithe.

Citing the duty of the schools to guide the student into the proper sphere of service, Mr. Bye said the schools must stress the teaching of citizenship thru English and social studies, as well as physical education, including competitive games, and drill for juniors and seniors.

The industrial training program, he stated, also should be adapted to fit war needs, and juniors and seniors should receive pre-flight training in aeronautics with special emphasis on mathematics. At the same time, he added, the schools must train those who will be called on to carry on on the home front.

Membership in the Victory Corps, Mr. Bye pointed out, is entirely voluntary, and will serve to inspire better work on the part of the students by giving them a definite objective.

Following the program, an informal reception for members of the faculty was held in the gymnasium, after which lunch was served by a committee of members of the association.

TWO LOCOMOTIVES COLLIDE ON WHEAT LINE OCTOBER 14

Westbound Train Meets Extra Freight Near Forest River

Two locomotives were damaged but no members of the train crews were injured when the westbound Soo Wheat Line train and an eastbound extra freight train collided Wednesday of last week between Forest River and Ardoch.

J. H. Steen was engineer of the westbound train and A. F. Mitchell was conductor, while Carlie Johnson was engineer on the extra freight and George Nevers conductor.

A hearing on the circumstances surrounding the accident was conducted in this city Friday under the direction of Division Superintendent W. W. Wade, after which a report was forwarded to headquarters of the Soo Line in Minneapolis.

R. M. Aalbu Back from Newfoundland Project

PROWLER-WARREN TILT ON FRIDAY TO HELP LOCAL CAUSE

Civic Service Organization To Get Net Proceeds of Contest

The Lincoln high school football team will meet the Warren eleven on the gridiron under lights Friday evening, October 23, in a contest that will mark the climax of the local season.

Supt. Morris Bye announced that an advance ticket sale was being conducted, and that the net proceeds, after actual expenses have been met, will be turned over to the Thief River Falls Civic Service Organization.

The CSO, sponsored by a half-dozen local civic organizations, has taken the lead during the past year or more in arranging farewell sendoffs for young men entering the nation's armed forces under selective service. Diaries and other remembrances presented to the new soldiers represent the outlay of a considerable amount of money, and the benefit game Friday is expected to be of material financial benefit to the organization.

J. C. PENNEY CO., INC.
WHERE IS YOUR IMPORTANT 10% FOR WAR SAVINGS COMING FROM?
The average American family budget is not a very elastic affair. When we are asked to put ten percent of our earnings into War Bonds and Stamps, it means adjustment all along the line. We must do without many things, and we must save on the things we cannot do without.
One sure way to save is to buy all your family's winter needs at Penney's, where economical, waste-proof methods of doing business are proving to be a life-saver to millions whose family budgets must be stretched farther than ever before.

NEWFOLDEN

IVER HAARSTAD HURT IN HUNTING ACCIDENT

While hunting pheasants near Wheaton Iver Haarstad was accidentally hit by pellets from a shot gun. He was hit two places in the forehead, one under the right eye also breaking his glasses, one hit near his left eye and one in his chest, also couple places on his hands. His cap was also hit several places. Mr. Haarstad was also aiming at the same bird which caused the mishap, which may have saved him from getting hit in the face by the pellets that hit his hands and gun. Either party could not see each other at the time. Kenneth Moen and Norman Folden from here and Henry Roe of Thief River Falls was with him at the time. Mr. Roe was the first one to notice Mr. Haarstad was hit and he immediately summoned the others and rushed Iver to a doctor in Graceville and from there they took him to an eye specialist in Fargo, N. D., but nothing serious could be detected and he has been on his job all this week.

Mr. and Mrs. Henning Peterson and Mrs. Gordon Elseth and Lois visited with Mr. and Mrs. Ted Eide in Grand Forks over the week end. They also visited with Mrs. Andrew Larson at Warren.

Alfred and Hans Hanson left for Minneapolis Tuesday. From there Alfred will leave for the west coast to seek defense employment.

Gilbert Bakke accompanied by Clarence Williams of Thief River Falls spent the week-end hunting near Wheaton.

Mr. and Mrs. Albert Lokken and Donald and Mrs. Josie Wolff visited in Grand Forks Sunday.

Walton Anderson who is a student at the M. S. T. C. at Moorhead spent the week end at his parental home.

Hollis Tygeson and Louis Farstad made a business trip to Fargo Thursday last week.

The Newfolden school will have their annual school carnival Friday, October 23.

Officers elected were: president, Myrtle Bondley; vice president, June Urdahl; secretary, Eloise Johnson; treasurer, Kenneth Lerol; reporter, Pearl Peterson. A musical program was held. The members are having a candy sale at the William and Lloyd Johnson auction sale. Lunch was served at the end of the meeting by Mrs. Urdahl.

Visitors at the Nels Christopherson home on Sunday were Mr. and Mrs. Olaf Myhrer, Mr. and Mrs. Thorwald Myhrer and Mr. and Mrs. Adolph Christopherson and son Maynard of Thief River Falls, Mr. and Mrs. Alvin Klemmetson and Ardis of Highlanding, Mr. and Mrs. Herman Christopherson, Silas Hanson and Mr. and Mrs. Clarence Peterson and family. Lunch was served by the self invited guests.

A beautiful gesture of appreciation for two fine pioneer women of this vicinity was the joint birthday party sponsored by Mrs. Leonard Helgeland, Mrs. H. O. Grinde and Mrs. J. E. Solmonson for Mrs. A. B. Newton and Mrs. A. M. Barstad Sunday at the A. B. Newton home in Smiley. Guests were long time neighbors and relatives. Lunch was served by the self-invited guests and two large birthday cakes iced in pink and white were contributed by Mrs. Einar Barstad and Mrs. H. O. Grinde. The honored guests, Mrs. Newton who was 70 years young on Sunday and Mrs. Barstad who will be 70 years young also on Oct. 30 were presented with identical white collars and pearl brooches which were donned for the remainder of the day. Each also received a sum of money. Present were Mr. and Mrs. J. E. Solmonson, Mrs. Peter Omundson, Mrs. O. Peterson, Mrs. H. C. Woolson, Mrs. Vernon Sorenson, Mrs. J. Haughom, Mrs. J. Bjorge, Mr. and Mrs. Leonard Helgeland and family, Mr. and Mrs. L. Swedberg, Mrs. H. O. Grinde and Jeanette, Mr. and Mrs. Edwin Helgeland and family, Mrs. R. Peterson, Mrs. W. Lindobejs, Bjorge Newton, Mrs. A. B. Newton, Mrs. Einar Barstad and daughter June and Mr. and Mrs. A. M. Barstad.

Mrs. H. Sundberg and son Arnold, and Mrs. Nels Burtness motored to Grand Forks on Sunday to visit at the Olaf Olson home.

J. Howieson of Lancaster was a caller at Woolson's on Wednesday where he purchased a young Guernsey sire to head his dairy herd.

NORTH

Official Paper of Pennington County and City of Thief River Falls

AN EXCELLENT RECORD

When George Jones, conservator of Minnesota's department of rural credit, took over the job of liquidating the state's extensive farm holdings we were sure he had taken hold of a hot potato. Ever since the department was organized it had been a source of scandal and the target of partisan criticism. But now, in less than four years, the job of putting the farms back into the hands of private owners has been nearly completed. In the neighborhood of 4,600 farms have been sold for a total sale price of more than twelve million dollars, and so well has this business been conducted that today, in a political campaign, we hear no criticism of what has been done. This, truly, is an outstanding achievement.

At the peak of its business the department maintained fifteen offices in the state and employed 187 people. At the present time there are only three branch offices and 58 employees on the payroll. Of the 8,172 mortgages and contracts in effect October 1st only ten were delinquent two or more semi-annual installments. In the entire state there are only 860 agricultural units left to be sold.

The record in Pennington county is typical of what has been accomplished elsewhere. In this county 140 farms have been sold, many of them to former owners or their children, and to tenants, and with the exception of ten, they have been sold to Pennington County farmers. Getting these farms back into the hands of private owners means an addition of about $8,000.00 in taxes annually. Town and county officials have been consulted in most cases before sales have been concluded and in determining values the interests of the buyer and the community have been considered as well as that of the state.

George Jones calls himself a salesman. His record in selling state farms has proven him to be a good salesman, one who performs a useful service for both buyer and seller. He has done a swell job.

While it lasted we had a beautiful Fall. No reason to complain about the arrival of winter however. When winter comes it will be the first one we have had in two years.

We resent being told that the American people are complacent about the war; that we do not appreciate its seriousness and all that sort of thing. The American people still smile. Sure, they even laugh. Why not? Will we accomplish more by gnashing our teeth in anger or wringing our hands in despair? Certainly not. Few American homes are not represented in the fighting services. Many a mother hears the clock strike every hour of the night, thinking of the boy who may not come back. Still she smiles and laughs and does her chores cheerfully. Men, women and children do what they are requested to do. They are ready and willing to make far greater sacrifices than they have been asked to make. They expect their leaders to make some mistakes and complain surprisingly little over those that are made. The American people are willing to do their part. The leaders need not worry about whole-hearted co-operation from the rank-and-filers who remain at home.

Is there someone in Uncle Sam's forces serving overseas that you would like to say "Merry Christmas" to around about Christmas time. Well Uncle Sam would like to deliver your message on time but he has a tough job ahead of him. He asks that you do your mailing early, not later than the first of November, if he is to perform a reasonably dependable service. It seems silly to extend Christmas greetings in October but under the circumstances that's the thing to do.

Today is the fifty-ninth day of the seige of Stalingrad. Day after day fresh Nazi soldiers have been sent to the front and day after day Nazi ambulances have been hauling back those who only were wounded. In his speech before Parliament yesterday, Field Marshall Smuts of the Union of South Africa said the German army is bleeding to death in Russia, and urged against over-preparing for the death blow, thus prolonging the agony needlessly. Very soon now we are likely to see action.

When you attend the football game tomorrow night (which you will want to do of course because it is a benefit game, the proceeds going to a worthy organization) make a mental note on how dark it is in front of the school. There is a lot of night traffic on the sidewalks in that neighborhood. If you think street lighting is inadequate, write a letter to your alderman and then forget about it until the war is over.

Topics of the Times

By M. A. H.

It isn't a healthful condition when so many voters yawn on being reminded that Election Day is less than two weeks distant.

One thing about this 35-mile-an hour speed limit is that it gives motorists a chance to get acquainted with the landscape.

Scrap drives thruout the state are going over in a big weigh.

We trust Governor Stassen's ego wasn't unduly inflated by the laudatory sketch of his career in the latest issue of Life magazine.

Reading the Minnesota Leader, official organ of the state Farmer-Labor association, one would never suspect that Hjalmar Petersen is a candidate for governor.

OPA Prepares Onion Ceiling—Headline. That's one job that should make even the bureaucrats weep.

One doesn't hear much these days about iron crosses being awarded by Hitler. The metal shortage presumably is to blame.

A tire manufacturer truly advertises that tire life ends at forty.

It has been properly suggested that we change the phrase "For the duration" in favor of "Until Victory".

Those folks whose ambition it was to sell something to the government may now sell all their tires in excess of five per car.

Just to show how the war is making its impression on the country, we might mention that last week's issue of the Times carried 23 stories with a war angle.

We don't know what the weather will be like when the paper comes out, but this verse fit the situation when it was written; You'll have to admit it if you are sober—

What is so rare as a day in October?

Mrs. Ted Chester is Honored Before Leaving

Mrs. Bill Thompson entertained Tuesday night in honor of Mrs. Ted Chester who left this morning with her husband for Portland, Oregon, where they will make their home. Whist was played at two tables, high prize won by Mrs. Willis Johnson and low by Mrs. C. T. Hallstrom. Lunch was served at midnight by Mrs. Thompson assisted by Mrs. G. Gilbertson and Mrs. Ralph Fisher.

MEETING OF Y. T. C. to BE HELD MONDAY EVE.

A meeting of the local group of the Youth Temperance Council is planned for next Monday evening, October 26, at the C. S. Simonson home, 617 N. Main. Ross Randall, advisor, announces that the meeting will be called for 7:30 p. m. There will be election of officers for the new year and talks on temperance, Y. T. C. plans, and general discussion. A social time will be had and refreshments served. All young people including those in the age group of eighth grade and through college interested in temperance are urged to attend.

Women's Club Notes

The music group of the Women's Club will enjoy stunt night next Monday evening at the Gaston Ward home. Song rehearsal will be held and all persons interested in music and singing are cordially invited to attend.

The first meeting of the Penates group will be held at the home of Mrs. S. F. Daniels, 416 North Main Ave., Tuesday, October 27, at 8:00 p. m., with Mrs. Daniels serving as hostess. Plans for the coming year will be formulated at this meeting.

NUMEDAL

Herb Siems, Frank Hible and Henry Carpenter transacted business in Grand Forks Tuesday.

Miss Minnie Ostness, who has been formerly employed at the Farmers' Store in Viking, is now working in the Montgomery Ward store in Thief River Falls.

The Prairie View Club held its regular meeting Friday evening. A very interesting talk was given by Paul Lundgren of Thief River Falls concerning the program and results of selling War Bonds in Pennington county and an explanation of much of the rulings and work of the draft board.

The Bolgen Players show "The Bachelors' Baby" which was given at the Club Hall Sunday evening was very well attended. The date of the occasion was the twenty-sixth wedding anniversary of Mr. and Mrs. Pete Bourgen. Friends and neighbors in the community presented the couple with a cleverly decorated cake and a lunch set in their honor. Hostess and hosts to the occasion were: Mr. and Mrs. Joe Ostness, Mrs. Soren Knutson, and Mr. and Mrs. Melvin Johnson.

Funeral Services Held for Seraphin Rolland Monday, October 19

A Requiem High Mass was said at the St. Anne's Catholic church at Goodridge on Monday, October 19, at 10 o'clock a. m. for Seraphin Eugene Rolland, Germantown farmer, who died at a local hospital at 5:30 a. m. on Friday, October 16, after a brief illness. Mr. Rolland was 65 years old at the time of his death. Father A. J. Merth said the mass and interment was made in the St. Bernard's Catholic cemetery in this city.

Mr. Rolland was born in St. John Heren, France, on March 10, 1877. He was married in France to Augustine Andrieux on October 30, 1909. Together they came to America and settled in Spokane, Washington, and in 1910 they settled in Germantown where they both made their home.

To this union were born five children, all of whom are surviving, namely Lucy, Augustine, Marcel, Mary, and Mrs. Edward Fisher. He also has one brother and one sister surviving, Henry Rolland and Mary Rolland in France, and one grandchild. One sister preceded him in death.

Teen-Age Dance Friday at Auditorium Draws 400

The local recreation board last Friday evening at the Auditorium gave a special treat to young people of the community in the form of a dance to the music of Lloyd Hunter's orchestra from Omaha. That the gesture was appreciated is indicated by the fact that no less than 400 persons attended the event. Another teen-age dance will be held in the Auditorium Friday evening, October 23, it was announced today by T. M. Thronson in behalf of the board.

Christ Gimmestad of Kratka Dies in City Saturday, Oct. 17th

Funeral rites were held Wednesday afternoon, October 21, at 2:00 p. m. for Christ Gimmestad, Kratka farmer, who died at a local hospital on October 17 at the age of 65 years 1 month and 4 days. The services were held in the Telemarken church with Rev. E. O. Sabo officiating, and interment was made at the church cemetery.

Surviving are two brothers and one sister, Ole C. Gimmestad of Norway, Michael Gimmestad of Grant's Pass, Oregon, and Mrs. Christina Johnson of Norway.

The deceased was born in Bergen, Norway, on September 13, 1877, and came to America at the age of 16. He settled near Echo, Minn., and later moved to Howard, S. Dak., and then to Kratka tp. where he since made his home.

Anton Dahlstrom Dies Sunday, October 18

Last rites were held Saturday, Oct. 24, for Anton Dahlstrom, age 67, who died Sunday October 18, at Fergus Falls. The services which were held in the Erickson & Lund chapel, were conducted by Rev. Herman Larson of St. Hilaire, and burial was made in the Community cemetery at St. Hilaire.

Mr. Dahlstrom was born in Dalana, Sweden, on December 10, 1874. At the age of 21 he was married to Martha Anderson, who preceded him in death. In 1902 he came to America and settled at Willmar. Later he lived in Beltrami County, Eveleth, Superior, Wisc., Prentice, Wisc., and finally in 1930 he came to this vicinity where he has since made his home with his son and daughter-in-law, Mr. and Mrs. Arvid Dahlstrom.

Surviving are two daughters and two sons, Mrs. Haakon Moe of Minneapolis, Mrs. Arthur Ilro of Prentice, Wisc., Emil Dahlstrom of Prentice, Wisc., and Arvid Dahlstrom of St. Hilaire. Two brothers in Swedish and nine grandchildren are also living. His wife and one son preceded him in death.

3 Weeks of Fine Weather Comes to End Wednesday

A three-weeks spell of perfect fall weather, with the mercury ranging up into the 70s each day, came to an end Wednesday morning when the temperature dropped to the 25-degree mark, followed by a light snowfall in the evening and again today. Threshing is now completed in this area with the exception of scattered localities, and much fall plowing has been completed.

Prowlers Swamp E. G. F; Warren Coming Friday

The Prowlers, led by the fine play of Pete Michalsky, Marlyn Dorn, and Billy Bye, climaxed their Homecoming celebration Friday night by whipping East Grand Forks, 27 to 6, and clinched a first place tie for the district title. Tomorrow night the Prowlers conclude their season's schedule when they meet the Warren Ponies on the local field, and a triumph for the Blue and Gold will give the Prowlers the district championship.

The Prowlers, defending the west goal, scored in the opening minutes of Friday night's game. Bob Baker took the East Grand Forks kickoff on the Prowler 35-yard line and returned to the locals' 42-yard line. Mouse Efteland sliced off tackle for 8 yards, Bill Bye skirted right end for 4 yards, and Pete Michalsky drove over guard for a first down on East Grand 45-yard line. On a reverse, Efteland scampered to the East Grand Forks 15-yard line before being downed. After three plays had been stopped, Bill McKechnie flipped a pass to Bye for the touchdown. The try for point failed. The first period ended with the Prowlers in possession of the ball on the East Grand Forks 21-yard line.

Bye stepped through tackle for a first down on the 10-yard line, Bye taking a lateral, advanced 5 yards, and Michalsky plunged for a first down on the East Grand 6-yard line. Michalsky picked up 3 yards on a drive into the line, and Bye spun through right tackle for the touchdown. With McKechnie holding the ball, Bye place-kicked the extra point. East Grand Forks threatened to score late in the period when Bill Brown intercepted a Prowler pass on the Green Wave 40-yard line and scooted to the Thief River 10-yard line before being downed. Mouse Efteland intercepted Pete Hunt's pass to end the threat, and just as the half ended Bye broke loose for a 53-yard gallop, being finally halted on the East Side's 45-yard line.

The Prowlers, continuing to execute their plays smartly and blocking solidly, piled across two touchdowns in the third period, to tuck away the game. Michalsky, Bye, and Efteland alternated in carrying the ball from the Prowler 38-yard line to the East Grand Forks 2-yard line, and Michalsky plunged over for the marker. Bye place-kicked the extra point. Several minutes later the Prowlers notched their fourth and final touchdown. Hunt, from behind the East Grand Forks goal, punted out to the Green Wave 39-yard line. Michalsky drove off tackle for 9 yards, and then Bye, getting expert blocking, broke through left tackle and sprinted 30 yards for a touchdown. Bye again added the extra point on a place-kick.

East Grand Forks averted a shutout by scoring a touchdown in the fourth period, taking advantage of a Prowler fumble on the locals' 16-yard line. Hunt passed to Bill Brown for a 11 yard gain, and a first down on the Prowler 5-yard line. In three plays, with Hunt plunging into the line, the East Grand team shoved across the touchdown. Tony Dorn broke through to block Hunt's try for the point.

Efner C. Nelson was arrested Sunday evening on First st. at Horace av. on a charge of driving an automobile while intoxicated. Appearing Monday in municipal court, he was fined $35 and his drivers license was revoked.

Miss Dyris Carlson left Monday for Livingston, Montana, where she will be employed. She is the daughter of Mr. and Mrs. Charles Carlson.

Completes Course as Paratrooper

Lloyd Ballingrud, son of Mr. and Mrs. M. H. Gallingrud of this city, is home on furlough after completing his training as paratrooper. Pictured above with his father, he will return to Ft. Benning, Georgia, for advanced training. So far he has six jumps to his credit.

State Chief Explains Gas Rationing Setup

Minnesota motorists will not be required to have 1943 motor vehicle registration cards to obtain gasoline ration books next month.

T. G. Driscoll, state director of the office of price administration, announced that Tuesday, contradicting a statement made last week.

Because change-over from 1942 to 1943 registration cards in Minnesota cannot be completed before Nov. 9, 10 and 11, when applications for gasoline ration books must be made, Driscoll said, a new plan will permit issuance of ration books without new cards.

Motorists should present to ration boards either 1942 or 1943 registration cards as proof of automobile ownership, Driscoll said.

A motorist who has turned in his 1942 card and has not yet received his 1943 card may register for his ration book by signing an affidavit in the presence of the registrar at the school in his district, certifying he is owner of the car for which he is applying for a ration.

Motorists who do not have 1943 cards when making application must take or mail them to local boards as soon as they receive them, to permit the board to enter the ration book serial number on the back of the 1943 registration card. Entries may be made only by ration boards.

The O. P. A. expressed hope most motorists would have either 1942 or 1943 registration cards, necessitating as few affidavits of ownerships as possible.

Building Permits Down Sharply in T. R. Falls

The value of building permits issued in Thief River Falls during the six month period, April through September 1942, was 87 per cent below that for the similar six months of 1941, according to figures just released by the Federal Reserve bank of Minneapolis. Residential and other non-industrial building throughout reporting centers in Minnesota show an average decline of 78 per cent, reflecting government wartime restrictions and scarcity of materials.

Still Seeking Man for Charman at Postoffice

The U. S. Civil Service Commission has announced that because an insufficient number of applications has been received for the position of charman, at 65c an hour for each hour of actual service, custodial service, post office, Thief River Falls, the closing date for receipt of applications has now been extended to November 13, 1942. Qualified persons are urged to apply. Full particulars regarding the examination may be secured from the secretary, Board of U. S. Civil Service Examiners, Thief River Falls.

Performed Like Champions

The Prowlers, in trouncing East Grand Forks, 27 to 6, performed like the district champions they will prove to be when they defeat the Warren Ponies tomorrow night. The entire team in a top-flight performance against the Green Wave, with the Prowler line being particularly effective in opening holes for the Blue and Gold backs, and in bottling up the chief East Grand Forks threats, Pete Hunt and Harold Harney.

Tony Dorn, having been shifted from right guard to left tackle, appears to have found his defensive position, and now his only "fault" is that he's a bit too anxious to get into the opponent's backfield, and as a result he has over-run a couple of plays. Coach Kottke plans on giving Dorn, who is a junior, a try at the fullback spot during spring football practice and it's possible that Tony will be in the backfield next year.

Sophomore Billy Bye, who has been one of the season's surprises, gave another neat ball carrying exhibition last Friday. Lugging the ball in 17 plays Billy picked up a total of 159 yards, and that's an average of 9 yards per try. In that 159-yard total Bill had a run of 53 yards and another of 30 yards. Captain Pete Michalsky in addition to furnishing crashing blocks for his backfield mates, picked up 60 yards in 12 plunges into the East Grand Forks line. It's a fine yardage average for a fullback to crack off 5 yards at a plunge. Pete, who has been a lineman through most of his high school career, is just learning the knack of carrying the ball into the line.

Tommorow night's game against Warren should be witnessed by the season's largest crowd. The game, which should see the Prowlers clinching the district title, has been designated as a war benefit game.

At half time tomorrow night two six-man teams from Quentin Jones junior football squad will play a game. I don't know much about the boys, but I'll perhaps lay a small wager on "Ninsk" Carlson's team.

Stan Cockrell to West Coast

It's doubtful if there will be an independent ball team here next summer, but if there is it will be quite a problem for manager Ole Ness to find a capable first baseman to replace Stan Cockrell. Stan left this week for the West Coast where he will be employed in one of Henry Kaiser's shipyards. Stan came up here from Henning several years ago as a shortstop, but he was shifted to first base and in a short while he had developed into the niftiest fielding first baseman in this part of the state. And this past season Stan became a slugger, having an average in the 300's.

Headed Towards the Army

Wesley Westrum, Clearbrook's contribution to organized ball, was a visitor in town Tuesday night. Wes, who was a member of the pennant-winning Little Rock Travelers of the Southern Association, being one of the team's catchers, will be twenty years old in a couple of months and then he expects to receive his call to enter the service. Westrum expressed his doubts that there would be league baseball in classifications below the majors and the double A next year, stating that transportation problems would force a number of the league to take a recess. In fact, it was impossible for the Little Rock team to secure Pullman accommodations during the latter part of the present season.

Some Fine Business

Stan Larson, manager of the Poppler's Furniture, has been patting himself on the back for completing a fine stroke of business. Stan signed Burnett Bergeson to the Poppler's bowling team, and last week Burnett crashed through with games of 230-213-163, for a 606 total, and the first 600 total that has been posted this year. The Poppler's, with the assistance of that 606 score, rolled into a first place in the Commercial league standings.

Local Airman Finishes Basic Training Course

Cadet James W. Tripp of Thief River Falls, at Merced Army Flying School in California graduated recently with a basic training class. He is 24 years of age, the son of Mr. and Mrs. William H. Tripp of this city.

Cadet Tripp graduated from high school here. He was stationed at Fort Des Moines, Iowa before he went to Sequoia Field, Visalia, Calif., for his primary flight training. Tripp will go to Luke Field, Phoenix for his advanced instruction.

At the completion of a ten-weeks' advanced course he will be commissioned a second lieutenant in the U. S. Army Air Forces Reserve.

Committee of Farmers Seeks Padden Election

A group of 19 farm leaders of the ninth congressional district were rallying the support of the agricultural industry to the congressional candidacy of John W. Padden, Crookston, Republican nominee, today, as the organization of an all-district farm advisory committee was completed. The farm advisory committee, announced by Mr. Padden, is headed by Ole A. Flaat of Fisher, one of the Red River Valley's most prominent farmers, and vice-president of the Minnesota Farm Bureau Federation. Among others are Carl Heiswenger, Pennington county; and E. M. Evans, Middle River, Marshall county.

Thaddeaus Szymanski Is Promoted to Sergeant

Sonja Henie Coming to Avalon This Weekend in Latest Film, "Iceland"

"Iceland", a romantic comedy featuring several skating numbers by graceful Sonja Henie, will be presented at the Avalon theatre Saturday, Sunday and Monday. The setting for the film, as the name implies, is the American outpost in the current war. The cast also includes Jack Oakie, Sterling Holloway and Joan Merrill.

A hillbilly romance which goes astray forms the theme of "The Bashful Bachelor", starring Lum and Abner, radio favorites, which will be the offering at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. Others in the cast are ZaSu Pitts, Irving Bacon and Louise Curry.

Former Local Musician Receives Recognition

Recently cited in Billboard's entertainment world year book is Maxine Ward (Mrs. Richard) Weeks of Rochester, formerly of this city, for her special talent—a duo voice. The article mentions her ability as a pianist and vocalist, particularly her unusual trick of whistling and humming harmony at the same time. She has had an NBC audition and the offer of an opportunity for future radio performance.

TIN CAN SALVAGE DRIVE GOES AHEAD, SAYS STATE CHIEF

Beverage Trucks to Pick up Cans at Grocery Stores, Says Vorphal

The statewide collection of tin is rapidly gaining momentum, but more housewives must realize it is their patriotic duty to clean and deliver used tin cans to the grocery store in their neighborhood, for regional collection.

L. E. Vorpahl, who is directing the War Production Board's general salvage program in Minnesota, estimates that if every housewife will cooperate in the tin can collection, Minnesota, alone, will yield 2100 tons of salvage tin cans per month, from home use, alone.

Ben J. Kiewel, chairman of the campaign in this community, today gave the following instructions for preparing the cans for collection: Wash and remove labels, open cans bottom and top, tuck in ends and flatten cans, not hammering them. Store them in a suitable container.

It was explained that the net profit of $1.60 per ton resulting from the sale of the cans will be turned over to the American Red Cross, the bottlers and brewers donating their services in collecting the cans.

The state committee reported splendid cooperation from the grocers in their territories but insist that more housewives must realize the necessity for returning every used tin can to her grocer.

The Malayan Peninsula and the Netherland East Indies formerly supplied 87 per cent of the tin used in the United States, but for the duration of the war, Mr. Vorphal points out, this source is gone.

Therefore, it is imperative for every household to take all salvagable tin to the grocer for collection by trucks of the beverage industries who, in turn, deliver the cans to regional shipping points.

YOUR VOTE AND SUPPORT WILL BE APPRECIATED

Proposed Amendment to State Constitution Is Explained by League

The purpose of Amendment No. 2, to be submitted to the voters on November 3, is to strengthen municipal home rule and encourage the amendment of local charters without going to the legislature. This was the gist of a statement made today by Gus Barfuss, president of the League of Minnesota Municipalities and St. Paul commissioner of public safety. The proposal referred to by Mr. Barfuss would reduce the publication requirements for home rule charter amendments from three newspapers for 30 days to one newspaper once a week for four weeks.

The change proposed by Amendment No. 2 has been before the voters four times, Mr. Barfuss pointed out. Each time it has received a majority of the votes cast on the question but the tremendous number of blank ballots has prevented its passage. In 1910 one vote among every 25 blank ballots would have insured its adoption. The League and other civic organizations are urging all voters to use their pink ballots and to vote "Yes" on this amendment, which they emphasize as non-controversial and non-partisan. Blank ballots are "No" votes in effect.

Mr. Barfuss said in his statement, "Amendment No. 2 substitutes a reasonable and adequate publication requirement for one utterly impracticable in most municipalities. Its adoption will encourage 'grass roots' democracy at a time when local democratic government should be strengthened."

Amendment No. 2 is also endorsed by the Minnesota Editorial Association.

Warren NYA Resident Training Center Was Discontinued Oct. 13

The Warren NYA war production training center for girls operated in the North Star College building since July, was closed October 13 because of distance from the war production plants and because of insufficient number of students.

The resident center was opened here primarily as a relief organization two years ago, but was transferred as a training center on July 1 when students were given preliminary training in sheet metal work and radio. Students for the school were brought to Warren from all parts of Minnesota, the average distance being close to 200 miles for each student.

Students at the center are being transferred to training centers at Duluth, the Twin Cities and Glenwood, while members of instruction staff are also being transferred to other centers in the state.

U. S. Needs Old Silk Hose in War Program

That old silk stocking can now become a useful item in the war program, says the War Production Board. The silk or nylon it contains can be worked over to make powder bags for firing big shells at the enemy. Silk bags are more useful than bags of other materials because they automatically clean the inside of the gun when it is fired. Other materials require special cleaning. A collection campaign will soon get under way to pick up all discarded silk and nylon hose that America's women can give up, and they're being asked to save them for the event.

THREE QUARTS PICKLES SECURED FROM ONE BEET

Wadena—Vegetables grew to huge proportions in many gardens this past summer. Mrs. S. Brownsey tells of making three quarts of pickles from one beet which weighed three-and-three-quarter pounds. A rutabaga weighing 24 pounds and a pound-and-a-half Bermuda onion also were grown in local gardens.

Rude-Ahern Vows Spoken

Miss Ella Mae Rude, daughter of Mrs. Marie Rude of Grygla was united in marriage to Mr. Harold Ahern of Nielsville Saturday, Oct. 10. The rites were solemnized at the Lutheran Church at Climax with Rev. Louis Olson officiating.

The bride was given in marriage by her brother Malvin Rude of Grygla. Mr. and Mrs. Martin Dahle of Crookston served as best man and matron of honor.

The bride is a graduate of the Climax high school and finished her nurses' training at St. Andrews hospital at Minneapolis. For the past several years she has been employed at the Northwestern clinic at Crookston and previous to that she was on the staff at the Bethesda Hospital in that city.

The young couple will make their home on a farm near Climax.

Those from Grygla attending the wedding were Mr. and Mrs. Malvin Rude and son, Mrs. Marie Rude and Mrs. Lawrence Hesse.

Confirmation Services

Ten young people renewed their vows to the Lutheran Faith on Sunday morning when Rev. G. L. Halmrast officiated at confirmation services at the St. Olaf Lutheran Church. The confirmands were Ralf Lunde, Mabel and Arnold Anderson, Gordon Severance, Theresa Nesland, Winton Leverson, Lila Hagen, Gordon Anderson, Glen Teigland and Duane Thronson.

Rev. Halmrast Family Honored

Following services at Valle church on Sunday afternoon a reception was given in honor of the new pastor and his family. Paul Paulson made a short speech and presented the guest of honor with a purse of money in behalf of the assembled congregation. Rev. Halmrast responded in appreciation. Mrs. Halmrast sang a vocal solo accompanied by Mrs. Victor Nygaard at the organ.

During the social hour which followed the Halmrast family were given a chance to meet the members of the congregation. The afternoon closed with the serving of a delicious lunch contributed by all.

Co-op. Meeting Well Attended

The free moving pictures given at the hall last Friday evening and sponsored by the three local Co-operatives were very well attended. Speakers were John Lager of Thief River Falls, Mr. Olson of Superior, Wisc., who is affiliated with the Educational Department of the Central Co-operative Wholesale, and Ralph Ingerson, who is connected with the Farmers Union Grain Terminal at St. Paul.

Mrs. Oscar Tweten Honored

Mrs. Oscar Tweten was pleasantly surprised on Sunday when Mr. and Mrs. Allan Jones and son and Mr. and Mrs. Morris Johnson of Thief River Falls, came to remind her of her birthday. After a pleasant social time the self-invited guests served a lovely lunch.

In the evening Mr. and Mrs. Howard Tweten and daughter, Clarence Taylor, and Mr. and Mrs. Arthur Nordby gathered at the Tweten home. Again the self-invited guests served a lovely lunch. Mrs. Tweten was the recepient of several gifts.

Farewell Party

The John Fransman family were honored at a farewell party given last Thursday evening at the school auditorium. About sixty friends and neighbors were present. A program consisting of songs was rendered by Jean and Faye Buchalz and Arletta Fransman with Edna Hesse playing the piano accompaniments. Rev. N. F. Seebach rendered a vocal solo with Mrs. Seebach playing the piano accompaniment.

Rev. Seebach gave a short talk and presented the honored family with a purse of money. Both Mr. and Mrs. Fransman responded in appreciation.

At a late hour a delicious lunch was served having been brought by those present. Those attending from a distance were Mr. and Mrs. Henry Clauson and Mr. and Mrs. Hanson and children all of Goodridge, Mr. and Mrs. Ed Lutz and children and Rev. and Mrs. Seebach, all of Mavie. The party was arranged by Edna Hesse and Mmes. Fred Buchalz, Lester Hook, and Lawrence Hesse.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on October 13, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Overum, Rinkel, Severson present and Alderman Stenberg absent.

Minutes of the meetings of September 8th, 15th and 22nd were read and on motion duly made and carried the same were declared as approved.

Monthly reports of the City Clerk, City Treasurer, Municipal Judge, Weighmaster, Dairy Inspector, Park Board and Manager of Sports Arena and Recreation Committee were presented and ordered filed.

W. W. Prichard, H. J. Lund and others representing St. Lukes Hospital Association appeared before the Board with regard to an alleged claim against the City for hospitalization of Charles David, Nov. 13, 1935 to June 20, 1936 in the amount of [illegible]. They requested that the Council take some action on the claim, and make some offer of settlement. Alderman Petersen moved that the President appoint a committee to confer with the Association in the matter. President Griebstein appointed Aldermen Petersen and Severson and City Attorney Quale as such committee.

On motion of Alderman Overum, seconded by [illegible] and adopted, the City Attorney was instructed and directed to advise R. M. Barzen to remove by January 1st, 1943 the office building belonging to him now located directly east of the Great Northern Railway Company track on City property, such removal being part of agreement under which certain lands were conveyed to him in 1941.

Applications for moving and building permits were presented, as follows: [illegible] Alderman Overum moved that such permits be granted. The motion was seconded by Alderman Rinkel and adopted.

On motion duly made and carried the various ward aldermen were instructed and authorized to appoint Relief Judges and Clerks for duty at the time of the General Election to be held on November 3, 1942.

Alderman Petersen moved that the proposed Ordinance relating to Air Raid Precautions in the City of Thief River Falls be given its third and final reading. The motion was seconded by Alderman Overum and adopted. The proposed Ordinance was thereupon read and adopted by unanimous vote.

City Attorney Quale presented abstracts covering [illegible] parcels of land which the City proposed to acquire for air port purposes, together with comments on his examination of such abstracts and deeds to such lands were presented running to the City by the owners thereof. Alderman Rinkel introduced a resolution directing the payment [illegible] in payment of such lands and moved its adoption. Motion seconding adoption was made by Alderman Petersen and the resolution was by roll call unanimously passed and adopted. Alderman Rinkel introduced a resolution authorizing transfer from Current Expense Fund to the Permanent Improvement Fund the sum of [illegible] to provide funds for the payment [illegible]. The motion was seconded by Alderman Petersen and adopted by unanimous vote.

Alderman Severson introduced a resolution fixing the tax levy for expenditures for the year 1943 in the amount of $14,100.00 and moved its adoption. Motion seconding adoption was made by Alderman Rinkel and the resolution was by roll call duly passed and adopted. Alderman [illegible] introduced a resolution transferring from the Current Expense Fund to the Interest Fund the sum of [illegible] and to the Sinking Fund the sum of [illegible] to provide funds for payment of interest and bonds retirement during the year 1943 and moved its adoption. The motion was seconded by Alderman Rinkel and adopted by unanimous vote.

Alderman Severson introduced a resolution approving for payment various current bills against the City and moved its adoption. The motion was seconded by Alderman Overum and the resolution was by roll call unanimously passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

ORDINANCE NO. [illegible]

An Ordinance Relating to Air Raid Precautions in the City of Thief River Falls

THE CITY COUNCIL OF THE CITY OF THIEF RIVER FALLS DO ORDAIN AS FOLLOWS:

Whereas a state of war exists and air raid alarm periods and blackouts for the blacking out of the city are essential precautions for the safety and protection of the people of Thief River Falls.

SECTION 1.—DEFINITIONS

As used in this ordinance and in regulations adopted thereunder, the following words and phrases shall have the meanings given to them below:

(1) "Air raid warning signal." A signal to indicate the beginning of a blackout or air raid alarm prescribed by the Adjutant General of Minnesota or other appropriate military authority, or in the absence of such prescription by the mayor.

(2) "All clear signal." [illegible]

(3) "Alarm period" [illegible] so enclosed that any illumination maintained or existing therein is not visible from any point outside such enclosure.

SECTION 2.—SOUNDING SIGNALS.

The director of war emergency services shall cause the sounding of an air raid alarm signal and of an all-clear signal whenever the city or the district in which the city is located is directed to do so by the Adjutant General or other appropriate military authority, or, in the case of practice alarm periods, [illegible] by such authority.

SECTION 3.— ILLUMINATION DURING ALARM PERIODS PROHIBITED

Except as otherwise provided in this section, no person in an alarm period shall maintain any illumination or permit any illumination under his control to be maintained at any place within the City of Thief River Falls during the hours of darkness. The foregoing provision shall not apply to the following types of illumination:

(1) Illumination within a blackout structure.

(2) Illumination maintained by the armed forces of the United States or the state in the course of duty.

(3) Illumination authorized by the mayor through regulations adopted under Section 5 of this ordinance.

(4) Illumination maintained pursuant to permission granted in individual cases by the chief of police. The chief of police may grant such permission only when he finds it necessary for the preservation of the public safety or the maintenance of order or when he has been specifically authorized to grant such permission by an officer of the United States or the state acting within the scope of his authority.

SECTION 4.— TRAFFIC DURING ALARM PERIOD

Except as hereinafter provided, no vehicle shall be moved on the streets of the city during an alarm period unless directed to be moved by a regular or auxiliary police officer or fireman displaying his official identification.

When a blackout signal is sounded, the operator of every vehicle in motion on the streets shall immediately bring the vehicle to a halt at the side of the street off the traveled portion of the roadway, but every such vehicle shall be halted clear of intersections, fire station entrances, [illegible] and other emergency areas. This section shall not apply to the emergency operation of vehicles of the armed forces of the United States or of the state, emergency vehicles as defined in the Minnesota highway traffic regulation act, or vehicles whose emergency movement is authorized by the chief of police or other appropriate authority and which display identification showing the character of their use and the authority under which they are operated.

SECTION 5.— EMERGENCY REGULATIONS

Whenever necessary to provide adequately for the public health, order, and safety, the mayor may by proclamation promulgate regulations respecting illumination and vehicular traffic during alarm periods and other air raid precaution measures to supplement the provisions of this ordinance. In framing regulations the mayor shall consider suggestions and proposals made by the federal and state agencies concerned. Every proclamation of emergency regulations shall be in writing, shall be dated and shall be filed in the office of the city clerk, where a copy shall be kept posted and available for public inspection during business hours. A copy of every such proclamation shall also be conspicuously posted at the front of the city auditorium and municipal building and at such other places as the mayor shall designate in the proclamation. The regulation shall take effect immediately or at such later time as may be specified in the proclamation. Regulations affecting any practice alarm period shall be promulgated at least one week before the day on which the practice is held. The mayor may modify or rescind any such regulation by proclamation. The city council may rescind any such regulation by resolution at any time. If not sooner rescinded, every such regulation shall expire at the end of thirty days after its date except so far as its provisions may be embodied in ordinance regulations adopted by the city council.

SECTION 6.— SIMULATED SIGNALS

No unauthorized person shall operate a siren, whistle or other device so as to simulate an air raid warning signal or all clear signal.

Leather Footwear Not Under Rationing Order

Leather footwear and work boots, including the much-worn leather-topped pacs on northwest farms, are excluded in footwear rationing activities so far put under way by the Office of Price Administration. Officials explained that many merchants have misconstrued the recent rationing order on rubber footwear and work boots to include leather articles used for similar purposes.

But there is no restriction on sales of leather boots and shoes, OPA officials said. "Six types of rubber footwear are covered by the rationing order. They are boots, including hip, body and thigh height; over-the-knee rubber boots, all short rubber boots, rubber pacs, all bootees and rubber workshoes under 10 inches in height.

If the U. S. cut its use of fuel oil to 10 per cent below 1941 consumption, the saving would fill 566 sea-going tankers.

From where I sit...

by Joe Marsh

Don't ever argue with Grandma Haskins about American history unless you know what you're talking about. Because when Grandma states a fact, it really is a fact.

The other day we got to talking about George Washington—who besides being a great general, was a public surveyor, a successful farmer, and a wise statesman.

"And he made mighty good beer, too," says Grandma.

That was news to most of us.

"You can see his private recipe for beer right in the New York Public Library," Grandma Haskins tells us. "In his own handwriting, at that."

• • •

And then she opened up on how Washington and those others who founded America believed in beer and moderation. Told us about William Penn who had his own brewery down in Pennsylvania, and Israel Putnam . . . Samuel Adams of Massachusetts and James Oglethorpe of Georgia.

"Beer," Grandma goes on, "has grown up with the country because it's a symbol of good fellowship and moderation."

Way back in 1789, she told us, James Madison stood up in the House of Representatives and made the motion urging "the manufacture of beer in every State of the Union." And that same year Massachusetts passed an act stating that "the wholesome qualities of malt liquors greatly recommend them to general use."

• • •

From there on—until early in 1918, the brewing industry kept growing and beer and ale kept getting better and better.

Then came prohibition . . . thirteen dark years that bred vice and crime. Grandma says it taught us something though—something that George Washington and all those other early American statesmen knew all along . . . that no law ever takes the place of self-restraint and moderation.

• • •

That's why they were friends of beer and made moderation a cornerstone of American freedom. They were right about a lot of things—Washington and Adams and Penn. And from where I sit, they certainly were right about moderation, too.

STAND GUARD ... ON COFFEE

HOW TO ECONOMIZE ON COFFEE IN THE HOME...

1. DON'T WASTE IT! Prepare only what you will use at each meal.

2. BUY HIGHEST GRADE COFFEE! It goes further and is cheaper in the end.

3. IF YOU USE A DRIPOLATOR ... put the beverage through twice ... A SILEX ... let the coffee bubble longer in the upper bowl ... A PERCOLATOR or COFFEE POT ... steep it longer.

KEEP IT ROLLING, IS SCRAP PLEA TO STATE'S FARMERS

Steel Mills Already Show Effects of Campaign, Officials Say

"Keep It Rolling", the slogan of *the nation's industrial production* lines, is the word that is going out to the farmers of the three northwest states, Minnesota, North and South Dakota, from the salvage officials of the War Production Board regional office in Minneapolis.

Rural householders and farmers are considered, next to industrial plants, as the most important sources of scrap iron and steel in the country. Government experts estimate that approximately 83 percent of all iron and steel scrap now in the possession of individuals is on the farms and in the rural districts of America.

Therefore, F. Peavey Heffelfinger, regional conservation manager and L. E. Vorpahl, executive secretary of the Minnesota general salvage committee, are issuing a special appeal to farmers to make a re-check of their entire premises to insure 100 percent collection of scrap.

Effect of the big drive for scrap iron and steel is already beginning to be felt at the steel mills, salvage officials say. Scrap inventories are beginning to build up in the war production picture.

For the first time in many weeks, steel mills are beginning to report increased scrap inventories up this week.

Salvage officials point out, however, that encouraging as this is, it is only a start. The goal is to build a three months reserve before winter sets in, and before that goal is reached no salvage efforts can be relaxed for even a moment.

Some 525 pounds of rubber, enough to make about 37 car tires, are used in a 2½ ton army truck.

Navy Bakers to Study at Minnesota University

The University of Minnesota is set to contribute to one of the most important factors in the morale of the fighting man—good food. A school for navy cooks and bakers is being set up on the campus, and the first contingent of students is expected to arrive this week. Like the army, the navy does all of its own cooking, and when a ship is at sea for a long period and has to get along with the cooks and bakers it has, they just have to be good. Special instructors will be employed by the university to teach the boys.

SMILEY

Don't forget the big doings at the Smiley hall Friday evening, Oct. 23 when the Silverton-Smiley 4-H club puts on a carnival. These youngsters and their leaders are trying to raise funds to keep this dandy 4-H club going for the year. Let's all turn out and help them by spending a gay evening of fun. There will be "eats", of course.

Sunday visitors at the S. S. Nelson home were the following: Mr. and Mrs. Sam McMahon, Mr. and Mrs. Bill Rehm (Olive Nelson) all of Angus, Roy Halseth of Grand Forks, Mr. and Mrs. M. H. Connelly, Mr. and Mrs. C. Dorn and family, and Miss Marian Nelson, all of Thief River Falls.

Mr. and Mrs. Ted Markus left Sunday for Crookston A. C. to call on their two nieces and a nephew, the Tim Bjella young folks. From there they drove to Bemidji to visit several days before going to Duluth and the Cities before striking for the West to Tacoma, Wash. Mrs. Markus' mother, Mrs. E. Aakre is now nicely settled in an apartment at 510 Riverside in Thief River Falls where she will make her home indefinitely.

Sunday evening visitors at the Jim McCrum home were Engvald, Kate, Laura, and Olga Lund of Thief River Falls.

The pupils and teacher Miss Thora Swanson of Dist. 4, are now enjoying hot lunches at noon hours.

3 HALLOWE'EN PARTIES TO BE HELD HERE SAT.

Recreation Board and Lions Club Sponsor 3d Annual Festival Here

COLORFUL PARADE TO BE HELD AT 7 P. M.

Many Prizes Offered at Gala Masquerade Dance in the Evening

The third annual municipal Hallowe'en festival for Thief River Falls children, bigger and better than ever, will be staged Saturday, October 31, under the joint sponsorship of the city recreation board and the Lions club, Dr. E. S. Amesbury, general chairman, announced today.

The day's program will open with an afternoon party in the arena for children of ages four to seven. A colorful costume parade will form at the arena at 7 o'clock and will proceed thru the business district, and back to the arena, where children of ages eight to twelve will be entertained with a program including progressive games, apple bobbing, and the serving of refreshments.

For children in the 'teen-age group there will be a gala masquerade dance in the Auditorium starting at 9 o'clock under the supervision of Ray Hartman. In addition to door prizes, awards will be given for the best costumes in various classes. Entertainment to be presented during the intermission includes novelty numbers by a high school dance orchestra, song by Arlene Michaels, accompanied by Dorothy Larson; song by Kenny Mullins; and a novelty community sing. Members of the senior class will be in charge of a refreshment booth.

At the afternoon party for the smaller children, prizes will be given for the best costumes, including most original, most comical, most beautiful, and least expensive. Phyllis Steen, as mistress of ceremonies, will present Dixie Drown and Joyce Wilson in a military tap dance, Lee Ann Dempster in a ballet dance and the junior twirlers in a demonstration.

Mrs. Jeanette Wright, in charge of the parade, emphasized that children of all ages are invited to participate, but that only those in costume will be eligible for the numerous merchandise prizes offered by local merchants. The selection of prize winners will be made by the judges by 8 o'clock, she said. A committee of wives of Lions club members will assist Mrs. Wright in handling details of the parade.

Assisting Dr. Amesbury in making arrangements for the parties are Mayor H. W. Kinghorn, and William LaFave, chairman of the recreation board, honorary chairmen; and Ray Hartman, Ernest Palmer and Mrs. Camille Dostal, supervisors.

Heads of various local organizations will serve as patrons and patronesses, including Mayor and Mrs. Kinghorn, Mr. and Mrs. Lloyd Bennes, Parent-Teacher association; Mrs. Abbie Wassgren, Woman's Club; Mr. and Mrs. Roy Oen, Civic and Commerce association; Mr. and Mrs. Arthur Johnson, Junior Chamber of Commerce; Mr. and Mrs. Andrew Anderson, Rotary club; Mr. and Mrs. Archie Henarud, Lions club; and Mr. and Mrs. W. G. Claffy, American Legion.

Chairmen of other committees include Mrs. Camille Dostal, arena activities; Archie Henarud and Ernest Palmer, decorations; W. L. Weden and Ernest Palmer, arena reception; George W. Werstlein, finance; Jewell Warner, school youth; J. Carl Kretzschmar, W. L. Weden and Clifford Bjorkman, supplies and favors.

Ray Hartman, Auditorium dance; James Parkins, prizes; F. A. Gibson, merchants' windows; N. A. Holen, publicity; William Thompson, safety. The arena program and entertainment committee includes Mrs. Rudy Larson, Mrs. Charles Warner, Mrs. Donald Fiterman, Mrs. C. Kierk, Mrs. J. M. Parkins, Mrs. Archie Henarud, Abigail Thomas, Delores Anderson and Phyllis Steen.

EVERY OTHER DAY MILK DELIVERIES START ON MONDAY

Four Local Dairies Issue a Statement Explaining New Plan

Proprietors of four local dairies announced today that, effective next Monday, November 2, they will inaugurate a new schedule of milk deliveries, calling for deliveries every other day instead of every day as at present.

The dealers point out in a formal announcement elsewhere in this issue of the Times that the change is necessary to meet the requirements of the Office of Defense Transportation, so that the dairies may qualify for certificates of war necessity. It is further stated that rising costs are also a factor in the change.

Dealers entering into the agreement include the City Dairy, Hoel's Quality Dairy, Copp Dairy and Sande Dairy.

4-H EXHIBITORS BACK FROM JUNIOR LIVESTOCK SHOW

Grand Champion Baby Beef Is Sold for High Price of $2.50 a Pound

Five Pennington County 4-H club livestock exhibitors made a good showing at the Junior Livestock Show held at South St. Paul last week, according to County Agent Ernest Palmer who accompanied the members.

Eugene Prestegaard of the Star 4-H Club sold his high placing pen of turkeys for sixty-five cents a pound. Frances Offerdahl of the Silverton-Smiley 4-H Club placed eighth in her class with a Chester White barrow.

Lewis Meyer, Steiner, Myrtle Bondley, Silverton and Melvin Vigen, Rocksbury all placed above average in their respective classes.

One of the highlights of the show was the selling of the grand champion baby beef from Pipestone County for $2.50 per pound or a total of over $2400.

All 4-H exhibitors were treated to a banquet in the St. Paul auditorium and were guests at the Ice Capades.

New Assistant Manager at Montgomery Wards

Everett Bowers, for the past nine months assistant manager of the Montgomery Ward store in this city, left with Mrs. Bowers Wednesday evening for Rochester, Minnesota, to assume a similar position in the Ward store in that city. K. Russell Anderson returned Sunday from the West Indies where he has been employed for the past nine months.

RAILWAY EXPRESS AGENCY EXPLAINS TIRE BUYING PLAN

All Tires in Excess of Five Per Car to be Bought by Government

J. H. Osborn, local agent of Railway Express Agency, which has been designated by the government to collect and ship to regional warehouses all tires offered for sale under the idle tire purchase plan, reports brisk activity in this area.

The idle tire purchase plan, put into effect October 15th by the Office of Price Administration, provides a way by which passenger car owners with more than five tire per car may sell their excess casings before mileage rationing begins on November 22. When motorists on November 9 begin registering for mileage rationing, they will be required to report the serial numbers of all passenger car tires they own. Gasoline rations will be denied to those with more than five tires for each passenger automobile. However, if they have passenger car trailers, they may have one tire for each running wheel without forfeiting the right to buy gasoline.

Because of the volume of inquiries that are being directed to the Railway Express Agency office by motorists with tires to sell, Mr. Osborn made the following explanation of procedure under the plan:

"To sell his tires to the government, the individual should telephone the Railway Express Agency office to pick up his tires and take them to a government-designated warehouse. The owner will be given a receipt for the tires and will receive his check, or war bonds and stamps if he desires, in payment from the government shortly after the tires have been inspected at the warehouse for official determination of their value. Payment will be a retail price ceiling levels.

"To each tire, the Railway Express Agent will attach a shipping tag identifying it with the receipt given to the seller. All tires collected in this way will be sent to the warehouse where they will be appraised by a paid tire expert. No deduction will be made for the services performed by the Railway Express Agency.

"Damaged but repairable tires and tubes will be appraised at their ceiling prices, less cost of repairs. Scrap rubber prices will be paid for any that cannot be made serviceable. Persons owing casings obviously fit only for scrap, should sell them at once to scrap rubber dealers, a transaction permitted in present restrictive orders."

Erdmann and Bert Grahn Renamed PCA Directors

The annual meeting of the Thief River Falls Production Credit association for the northern division of the district was held last Friday at Roseau, following a similar meeting Wednesday in Thief River Falls. Secretary Robert J. Lund, who presented his report at both meetings, announced this week that F. S. Erdmann of Red Lake county and Bert Grahn of Roseau county were reelected to serve as directors of the association for three-year terms starting in January, 1943.

PENNINGTON BOND DRIVE PLANNED IN RURAL DISTRICTS

County AAA War Board Will Cooperate; Quota for Year Is $205,000

Organization for the November Bond Drive was completed this week through the cooperation of the Pennington county war board of the county AAA. A chairman has been appointed for each township, who will be assisted by five minute men to conduct a farm-to-farm campaign beginning on Saturday, November 7.

The solicitation will be under the supervision and direction of the county war board with Carl R. Anderson as chairman of one district, Hans Solberg as chairman of the second district, and Pat Culkins as chairman of the third.

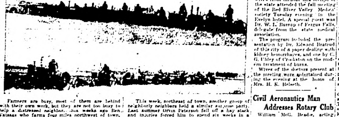
An organization meeting will be held in the Civic and Commerce Club rooms on Friday at 2:00 o'clock p. m., at which time a representative from the state department will speak and assist with plans of organization. The township chairmen and all minute men are expected to attend.

It has been found that the monthly quota plan, under which the bond sales have been operated, did not work out satisfactorily for the rural areas. For that reason the rural areas are now placed upon an annual basis. This plan has the endorsement of the several farm groups. The solicitation will be carried on simultaneously in all the counties of the state beginning on November 7, 1942. The quota for the state has been set at $18,000,000. Pennington County's share in that quota is $205,000.

Larson Funeral Home Is Purchased by M. C. Gulbranson of Erskine

Carl B. Larson, local undertaker for the past 25 years, today announced the sale to Martin C. Gulbranson, Erskine undertaker, of the Larson Funeral Home, the transfer being effective the first of the coming week. Mr. Larson stated that he had no definite plans for the future, but that he will continue to make his home in Thief River Falls.

Busy Farmers Not too Busy to be Neighborly



Farmers are busy, most of them are behind with their own work, but they are not too busy to help a distressed neighbor. Six weeks ago Ben. Yataas who farms four miles northwest of town, was injured when his bundle team ran away. After nine days in a hospital he was able to return home but back injuries made it impossible for him to work. A group of neighbors then took over. They cut his corn and filled his silo. Then last week eight of them moved in with their tractors and plowed his fields. In the lower picture above are shown the tractors at work, piloted by Christ Jensen, Jens Kierk, Lester Halvorson, Jerald Rude, Donald Price, Theodore Berg and Edwin Swanson. Not in the picture are Morris Brenna and Elmer Latta.

This week, northeast of town, another group of neighborly neighbors held a similar surprise party. Last summer Orvin Peterson fell off a hay stack and injuries forced him to spend six weeks in a hospital and eight weeks in bed at home. On Tuesday Mr. Peterson looked out over his fields and saw 10 tractors at work, shown in the top picture after they had assembled for lunch. Members of the surprise party, including the lunch committee, were Mr. and Mrs. Christ Norbeck, Mr. and Mrs. Clarence Peterson, Ray Johnson, Norman Peterson, Silas Hanson, Gordon Iverson, Herman Christopherson, John Nelson, Reuben Borke, Pete Breznay, Engebrit Norbeck and Dennis Wegge. Other pictures of the Plowing Bee will be published in later issues.

Half Dozen Local Contests Enliven General Election Nov. 3

TREASURER, SHERIFF ONLY ONES UNOPPOSED

Full Roster of State Officers, U. S. Senator to be Elected

Enlivened by a half-dozen local contests for office, voters in Pennington county, as well as throut the state, will go to the polls next Tuesday, November 3, to make their choice of candidates in the general election. Altho interest in the election this year has been overshadowed by war developments, last-minute appeals for support by the various aspirants, it is anticipated, will bring out a representative vote.

In the city of Thief River Falls, polling places for all four wards will be in the municipal auditorium, and will be open from 7 a. m. to 8 p. m.

County Treasurer A. R. Johnsrud and Sheriff Arthur Rambeck are the only county officials without opposition. Competing with A. M. Senstad, incumbent, for the office of county auditor is Arthur J. Fretland, in recent years associated with the local office of the Farm Security Administration.

Chairman Alfred Bredeson of the county board is not a candidate for reelection to the post of second district commissioner, but instead is competing with F. D. Lorentson, incumbent, for the office of register of deeds.

County Attorney Paul A. Lundgren is opposed for reelection by Lincoln Arnold, while the post of county superintendent of schools is being sought by Miss Judith Lockrem, incumbent, and Mrs. A. C. Matheson, widow of the former county superintendent.

Perl W. Mabey and A. B. McLaughlin are candidates for the office of county commissioner from the second district, succeeding Mr. Bredeson, while John Gullingsrud, former county treasurer has announced that he is a sticker candidate for the county board from that district. Candidates for fourth district commissioner are W. H. Mulry, incumbent, and Carl Christofferson, former city alderman.

W. E. Dahlquist and Ejnar Jensen, Highlanding, are candidates for the office of state senator from the 65th legislative district, while candidates for the two positions of representative from this district include Walter E. Day, Bagley, and J. O. Melby, Oklee, incumbents; Carsten Mead, Red Lake Falls, and Adolph W. Olson, Shevlin.

Much interest has been shown in the contest for Ninth district congressman between John W. Padden, Republican, and Harold C. Hagen, Farmer-Labor. Both aspirants are from Crookston. Competing for judge of the 14th judicial district are Oscar R. Knutson, incumbent, of Warren and George Hagen of Crookston, who has been a member of the state legislature the past several terms.

Interest in the state ballot centers around the contest for United States senator, in which the principal candidates are Joseph H. Ball, Republican, incumbent; Elmer A. Benson, Farmer-Labor; and Martin A. Nelson, who filed as an independent progressive after being defeated in the primaries for the governorship nomination.

Governor Harold E. Stassen, who has announced that if elected he will resign next spring to enter the Navy, is opposed for reelection by Hjalmar Petersen, Farmer-Labor; and John D. Sullivan, Democrat.

In addition to the other state offices to be filled, two justices of the Minnesota supreme court will be elected Tuesday. The four aspirants are O. J. Anderson, Thomas F. Gallagher, J. Norman Peterson and Luther W. Youngdahl.

To succeed C. Elmer Anderson, defeated in the primary election, as lieutenant governor are Ed Thye, Republican; Jula J. Anderson, Farmer-Labor; and Joseph Kowalkowski, Democrat.

The court house and city clerk's office, as well as local banks, will remain closed next Tuesday, November 3, in observance of Election Day. The postoffice, however, will maintain its usual schedule.

BOY SCOUT DRIVE TO OPEN IN CITY FRIDAY MORNING

To Get under Way with Early Bird Breakfast in Palm Garden Cafe

Ralph Luhman, chairman of the Boy Scout finance campaign in Thief River Falls, stated today that the early reports on the initial gifts campaign were most encouraging. People, he said, are taking into consideration the fact that the youth of today must be strengthened to meet the future that lies ahead.

Friday October 30th, marks the date of the general solicitation drive which will start with an early-bird breakfast at the Palm Garden Cafe at 8 o'clock a. m. "Any one willing to help us on this drive is invited to attend", said chairman Luhman, "We must have a good turnout of local men in order to really put this campaign across. The more men we can get the less prospects each man will have to call on which should not be over five or six."

Those willing to help put Thief River Falls on the map for successful Scouting call Ralph Luhman at the Thief River Grocery Co., or one of the following members of his committee: Andrew Anderson, Roy Oen, Cliff Bjorkman or Morris Bye.

COUNTY

Superintendent of Schools

Pennington County
THE INCUMBENT

Capable, Efficient, Experienced

Your vote and support will be appreciated

In the interests of the taxpayers of Pennington County I wish to outline briefly what the actual work of the office of County Superintendent of Schools is. It can be summed up under three different branches: Reports, supervision of the rural schools, and the War Effort.

First, Reports: The two largest reports for the entire county are due at the State Department of Education on July 1st and August 1st. The first of these is the Annual Report Section I which is a compilation and summary of all the Annual Teachers' Reports for the entire county, including not only the rural schools, but the cities of Goodridge, St. Hilaire, and Thief River Falls, as well. The apportionment paid to all the schools in the county is based on the accuracy of this report.

The other report is the Annual Financial Report based on the Annual Financial Reports from all the rural school clerks plus the financial reports from all the city school systems in the county. Here, too, the clerk's reports must be checked for accuracy in order to get the proper amount of state aid. When all the reports from all the schools in the county (both closed and open school districts) have been checked, and corrected if necessary, these figures must be accurately transferred onto the Annual Financial Report to the State Department of Education. Furthermore, this report must balance to the cent both as to total receipts and total disbursements for the entire county when all the columns are added up.

The Teachers' Retirement Fund Report is handled through this office for both rural and city teachers in the county. In the fall of the school year the Teachers' Qualification Report giving the certification of the rural teachers is sent in to the State Department of Education.

The Income Tax Report based on the Census Reports for both rural and city schools is due at the state department on November 1st; the State Aid Report based on the report from the teachers on the kind and amount of school equipment is due December 1st; High School Transportation Reports are due in June; then there are the Pupil Classification and Health Records for the office records besides other records too numerous to mention here.

So much for the reports. In visiting the rural schools it is my duty to make a record of all the essential equipment in the school besides offering guidance and help to the teachers in their particular problems.

In this short year that I have been your County Superintendent of Schools I have encouraged the teachers and their pupils to participate in several county-wide activities, namely: County Spelling Contest, Poster Contest, County Rural School Music Festival, Sectional Play Days in different parts of the county, and the "Know Your Minnesota" Quiz Contest in which the two highest winners were given free trips to the State Fair where they competed with teams from thirty-two other counties in the state. The Roseau Contestants and their County Superintendent, Mr. Charles Christianson, drove with us in my car, and the money paid to me for using my car was used to pay the expenses of the Pennington County Contestants. On this trip we not only attended the State Fair, but we looked over Minneapolis from the Foshay Tower, visited the University Museum, and the State Capitol.

My part in the War Effort includes Junior Red Cross Activities (at present some of the schools are working on an afghan), Sugar Rationing, organizing the rural schools for the scrap drive, Stamp and Bond sale for pupils and teachers in the rural schools, and now this week we are commencing the work on the Gas Rationing for the rural districts.

Much as I would have liked to have made a personal call to each one of you, I am confident that most of you would rather that I take care of the work that has been assigned to me.

In these days qualifications, experience, and efficiency count in every field of work. I believe that I am fully qualified for this office on the basis of my training and experience in both rural and city schools, as well as in this office. While attending Moorhead State Teachers College, I was elected into the Lambda Phi Sigma, honorary organization for students. I have also attended the Continuation Center at the University of Minnesota.

I have thoroughly enjoyed my work as your County Superintendent of Schools this year, and shall continue to do my part in these difficult days, if that is your desire.

Florence Gerardy and Raymond Rausch Are Wed Tuesday, Oct. 27

Florence Gerardy, daughter of Mr. and Mrs. Matt Gerardy of Plummer, and Raymond A. Rausch, son of Mr. and Mrs. Matt Rausch of Thief River Falls, spoke their nuptial vows at 9:00 a. m., October 27, at St. Vincent's Catholic church at Plummer. Rev. J. P. Merth sang the nuptial high mass and prompted the marriage vows. Marion Gerardy of Moorhead, sister of the bride, and Joseph Rausch of Collis, brother of the bridegroom, were the attendants.

The bride was lovely in a gown of white taffeta with sweetheart neckline and fitted bodice. She wore a white finger tip veil edged in lace and carried a white prayer book to which was fastened pink roses and shower ribbons caught with small rosebuds and swansonia. Her sister wore a maize colored frock trimmed in brown buttons and fashioned with a fitted bodice. She carried a colonial bouquet of gold mums.

Following the wedding dinner which was held at the home of the bride's parents for immediate relatives, Mr. and Mrs. Rausch left on a short wedding trip. They will make their home on a farm north of Thief River Falls.

Louise LaBree Honored Before Leaving

GIRL SCOUT NOTES

The girl scouts in Thief River Falls are observing girl scout week which opened October 24 and will continue through October 31. In observing these seven service days of girl scouting, the girls are observing the birthday of Juliette Low, beginner of the girl scout movement in America. All girl scouts are requested to go to the church of your own choice on Sunday and dress in your uniforms. Troops 5 and 6 have their window in the Northern State Bank decorated showing the activities of the girl scouts. Other girl scout troops are having their regular meetings with special ceremonies to observe Juliette Low's birthday. The "Penny March" ceremony will be held and proceeds will go to the Juliette Low memorial fund.

Since this is girl scout week, this is a good time to bring this out: "The experience of Britain has proved that in wartime children as well as grown people must have the stability that comes of having a job to do and a code of ethics by which to do it. For girls under eighteen, Girl Scouting provides both the job and the code. The President of the United States has told us that we are needed today as never before.

"Our problem is to live up to the high hopes that are expressed for us: to bring these girls fulfilment instead of disappointment, to offer our nation an ever-growing roster of members who are trained in service to God and country."

Our local girl scouts' aim during the coming year is to fulfill this hope of the girl scouts in our community."

The Catholic Girl Scout troop met Wednesday, October 21, at 4:00 in the church basement. Thirteen scouts attended. The first business was the election of officers as follows: patrol leaders, Patsy Mullen and Harriet Mullen; assistants, Jane Breznay and Mary Ann Wetch; scribe, Lois Klennert; treasurer, Phyllis Engelstad; leaders, Mrs. Vern Keifenheim and Mrs. Ray Kiland. The scouts pledged themselves to aid the war effort by buying war stamps. The meeting was closed.—Lois Klennert, scribe.

The girl scout council will have their regular meeting Monday, November 2, at 4:00 p. m.

PENNY SAVER NO LONGER POPULAR THRIFT EXAMPLE

Pennies nowadays are a war item. The copper in them is needed. So, the United States mint is curtailing producting of pennies and calling upon the citizens to bring those pennies out of hiding, whether they're in Albert's piggy bank or ma's jar on the top pantry shelf. The mint director, Mrs. Nellie T. Ross, said that if all hoarded pennies could be brought out for circulation use, more than 1,000 tons of copper could be released for essential manufacturing.

MOTHER OF LOCAL WOMAN INJURED IN AUTO MISHAP

Mother of Mrs. Jas. Caldis Hurt in Accident Near Callaway

Mrs. William Steinkraus of Bertha, mother of Mrs. James Caldis of this city, is in a local hospital receiving treatment for several fractured ribs sustained Sunday in an automobile accident near Callaway.

Her injuries resulted when the car in which she was riding skidded off the ice-coated highway into the ditch. With her at the time were her husband, who suffered cuts about the head; Mr. and Mrs. Caldis and the latter's sister, Mrs. L. C. Bluhm and daughter Carol. The others escaped with a severe shaking up.

A passing north-bound bus brought Mrs. Steinkrause to the hospital here.

WARM WINTER WEAR FOR DAY AND NIGHT

American Victory Must Be Won in American Homes

War must be fought and won by nations as a whole. Behind the fighting forces, there must stand, strong and, determined, a united home front.

The woman who learns to sew for herself and her family, who studies food problems, who thriftily manages the family income so there will be a surplus to invest in War Bonds, that housewife is fighting the war like any soldier.

She stands guard over the family pay envelope, buying only needfuls, of sound, durable quality.

She turns instinctively to stores she can trust . . . stores that give her full value, stores like Penney's which have always served her well.

Three Local Young Men to be Uncle Sam's Sailors

Pictured above are three Thief River Falls young men who recently joined the U. S. Navy and who left the city Tuesday for induction. Shown, left to right, are Russell Williams, John Mattson and Ray Parbst.

Registration for Gas Rationing Nov. 9 to 11

With mileage rationing now coming in the Northwest front as the topic next to the war itself of greatest interest, here are a few items that should interest every motorist, says the Northwest regional office of war information.

Gas coupon books—Registration for gasoline coupon books—"A", "B", and "C" books—takes places in local school houses November 9, 10 and 11. All motorists will be eligible for "A" coupon books, tailored to furnish 240 miles of driving a month at an average of 15 miles per gallon, a total of 16 gallons per month. Those who can show business needs over 240 miles a month will get in addition, "B" books, tailored to fit their actual driving needs up to a total of 560 miles a month and no more. A preferred group of drivers engaged in most essential activities connected with the war effort will get "A" and "C" books providing for mileage over 560 miles per month. These also will be tailored for each driver's needs. "A" books will be good until next July 21.

Minnesota drivers—T. G. Driscoll, Minnesota OPA director, says a plan has been worked out whereby a motorist who has applied for his 1943 automobile license but hasn't received his registration card can register for his gas coupon book by signing an affidavit at the school in which he registers. Later, when he gets it, he can turn his registration card over to the board to have the serial number of the gas coupon book stamped on its back.

Tire inspection—Holders of the basic "A" gas coupon books will be required to have their tires inspected every four months, while those who get "B" and "C" books for greater distance driving will be subject to inspection every two months. Competent tire men of good repute in their communities will be appointed tire inspectors. Passenger and commercial cars cannot be certified for continued operation when tires need repairs or mechanical faults cause unnecessary tire wear, officials said.

Idle tire sales—An important phase of mileage rationing, officials point out, is for motorists to keep but five tires for their cars. The excess should be sold to the government. The Railway Express has been designated as the collection agency and it will pick up tires that are to be sold. The agent will give the tire owner a receipt. Later, a government agency will pay the owner the top ceiling price for his tire, either by check, war bond or war stamps. Motorists must make a note of the serial numbers on the tires they keep for submission to the rationing boards.

Storage batteries— Automobile storage batteries have been placed under a ceiling on special order of the Office of Price Administration. Manufacturers may charge one cent per pound of lead content in their batteries over the price they charged in October, 1941, but under no circumstances can the price to the public be above the March, 1942, ceiling price.

Elocutionist Coming

Walter C. Gran, blind elocutionist, widely known throughout the middle west for his religious readings, will be heard in "The Sign of the Cross" at Trinity Lutheran Church, on Friday evening, November 13th, at 8 o'clock. Mr. Gran comes here under the sponsorship of the Trinity Lutheran Brotherhood, who invite the public to attend. A silver collection will be received.

Funeral Rites Held Tuesday, October 20, for Mrs. Mary Eifert

Mrs. Mary Eifert of Brooks died on 1:30 a. m., Sunday, Oct. 18, at the age of 69 years. Funeral rites were conducted for her in the St. Vincent's Catholic church of Plummer on Tuesday, October 20. Father J. P. Merth sang the Requiem High Mass and Father Zellekins was at the organ. Interment was made in the Brooks Catholic cemetery.

Surviving are her children, Mrs. L. W. Vague of Bovey, Minn., Mrs. C. F. Olsen of Red Lake Falls, Mrs. George St. Louis of Red Lake Falls, Mrs. Theo Daniel of Brooks, and Fred Eifert of Long Prairie; a sister, Ella Keenan of St. Paul; and a brother, James Keenan of Toledo, Ohio. Her husband, Julius Eifert, died July 29, 1914.

Mrs. Eifert lived in Perham before moving to Brooks in 1916, and she has lived in Brooks since that time, being telephone operator there.

Out of town relatives at the funeral were Miss Ella Keenan of St. Paul, Mrs. Rose Eifert of Richville, Mr. and Mrs. Felix Eifert of New York Mills, Mr. and Mrs. Fred Eifert of Long Prairie, Sister Anne Theresa of Crookston, Mrs. Gertrud St. Louis of Minneapolis, Mrs. L. W. Vague of Bovey and Mr. and Mrs. Leo Throup of Crookston.

Fonda & Ameche Coming to Falls Theatre Sunday in "Magnificent Dope"

"The Magnificent Dope", a satire on high-pressure "Success schools", will be presented at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. Starred in the production are Henry Fonda, Don Ameche and Lynn Bari, with the supporting cast including Edward Everett Horton and George Barbier.

But Abbott and Lou Costello, popular comedy team, will appear in their latest offering, "Ride 'em Cowboy", to be shown at the Avalon theatre Saturday, Sunday and Monday. Others in the cast are Anne Gwynne, Dick Foran and Johnny Mack Brown.

Chilly Weather in This Locality During Week

This locality got a real taste of winter during the past week, the mercury reaching a low mark of 8 above zero Tuesday. The river pool froze over Monday, and has since remained in that condition. The local area missed a snowfall Saturday that hit southern North Dakota and Western Minnesota, extending as far north as Mahnomen.

STATE EDUCATORS IN MINNEAPOLIS FOR CONVENTION

Supt. Morris Bye Will Speak in Group Discussion Session

The state convention of the Minnesota Education Association which today opened its three-day session in Minneapolis, will be a contribution to the war effort, declared Walter E. Englund, MEA executive secretary, in a letter to school superintendents.

"The program will give teachers needed information in their respective fields relative to their contribution to the winning of the war. The demands on education have been heavy since the beginning of the war and undoubtedly will be more exacting. It is essential that teachers get together to consider their problems and to equip themselves to better serve their communities during the emergency", said Mr. Englund.

"Expanding the services of the state department of education" will be discussed by Morris Bye, superintendent of Thief River Falls schools, at a group discussion of the convention entitled "Financing Education in Minnesota."

Scheduled to appear at the general program sessions are Upton Close, expert on the Orient, Major Alexander P. de Seversky, plane designer and author of "Victory Through Air Power", and Enrique S. de Lozada, member of the Rockefeller Committee on Hemispheric Affairs.

Thirty-seven section meetings will be held today. Eight wide area discussion groups will be held Friday morning and afternoon on the war time program for schools; education and the post war program; child care and development; financing education in Minnesota; curriculum content for general fitness; vocational education and guidance; problems of teacher personnel; and implementing the democratic way of life.

FAR BEHIND QUOTA IN THE SURGICAL DRESSING PROJECT

Chairman Kjos of Red Cross Issues Appeal for More Women Workers

With only 7,000 of the quota of 29,000 surgical dressings completed to date, the local Red Cross project is far behind its quota, Herman A. Kjos, chairman of the Pennington county chapter, announced today, at the same time making an urgent appeal to more women of the community to report at the workroom in the council chamber in the Auditorium. The workroom, under the supervision of Mrs. L. W. Rulien and Mrs. George W. Werstlein, is open each afternoon and evening during the week except Saturday and Sunday. It also was stated that the workroom is still in need of common kitchen chairs for use at the work tables, and the loan of spare chairs for the duration is solicited.

1,875 INDIAN HEAD PENNIES BUY BOND

INVITE GROWNUPS TO ATTEND CITY'S HALLOWE'EN FETE

Dr. Amesbury, Chairman, Explains Objectives of Sponsors

"Preparations have been practically completed for our Third Annual Municipal Hallowe'en Party for the children of Thief River Falls and community", Dr. E. S. Amesbury, general chairman, stated today. "By our endeavor we have hoped to attract and secure a greater interest and support on the part of the parents and all other grown ups in our community.

"Realizing that there is still a great number of our residents, including business and professional people as well as various officials who still are not familiar with what we are endeavoring to accomplish by this observance and hoping to more thoroughly familiarize each one with our plans and activities: Therefore, your community committee is extending to everyone a most sincere and hearty invitation to witness the various activities and entertainments provided for in our program.

"We will be pleased and happy to have all grown ups who so wish, to witness the program of festivities at the sports arena and also at the Auditorium. However, we specifically request that all adults wishing to attend the program at the Arena confine their attendance to the seats in the bleacher section on both sides. Also, all adults wishing to attend the party at the Auditorium please confine their attendance entirely to the balcony. All doorways and entrances must at all times be kept entirely clear as a safety measure.

"Further, we strongly urge that you turn out to witness the school childrens' colorful costume parade which will pass through the business district starting at 7:00 p. m., Saturday. Turn out and lend your whole-hearted encouragement and applause to these children who are taking such pride and enjoyment in their participation in this celebration.

"Turn out and make the children know you are still a pal with them and interested in their pleasure welfare. It will surely make you feel good to witness their fun, you will feel better and have a much better understanding and knowledge of all this purpose and what we are so earnestly endeavoring to accomplish."

Keeping Score

. . . . With HUCK OLSON

District Champs

I doubt if there will be any arguments raised against the Prowlers claim to the district football championship for 1942. In fact, the Prowlers made their claim to the championship pretty certain when they scored a top-heavy 46 to 0 win over the Warren Ponies Friday. The game, which concluded the locals' schedule, gave the Prowlers a record of four wins and no defeats in district competition; and the best that the runner-up team, Red Lake Falls, can do, and have done, for they have finished their district play too, is three wins and one loss. Crookston, Warren, and East Grand Forks have each absorbed two defeats.

The Prowlers flashed fine offensive power in routing the Ponies on Friday, picking up 309 yards by rushing, completing two passes for 47 yards, and returning punts and kick-offs for 92 yards. Billy Bye continued to lead the Prowler ground-gainers, piling up 170 yards in 17 plays from scrimmage, and in addition Bill made a 62-yard punt return. LaMarr Hanson gained 70 yards in 9 plays; fullback Pete Michalsky drove through the Warren line for 39 yards in 11 plays; and quarterback Bill "Kegger" McKechnie picked up 24 yards in 3 plays. And up front, in the line, Tony Dorn and Norman Furuseth led the Prowler linemen in opening up the Warren line. Judging by their play against Warren, and throughout the season, Dorn, Bye, Furuseth, and Michalsky must be considered as all-district material.

Smile Please, Prowlers

And now all that remains for the 1942 football team is to smile prettily when they have their pictures taken. There has been some talk about arranging a game between the seniors on the squad and the prospective 1943 Prowlers, and that would be quite a battle. The seniors, with Pete Michalsky, Homer Matheson, Bog Wright, Bud Eide, Don Berg, Don Aasland, Connie Engelstad, and others, would be able to collect quite a powerful team; but the 1943 Prowlers would have the better balance, being able to place a letterman at every position. Dorn and Richards at the tackles; Furuseth and Forsberg at guards; Bowers at center; Aines and Baker at the ends; McKechnie at quarter; Bye and Hanson at the halves; and Mouse Efteland at full. If that lineup returns to school next fall, and if there is high school football, the Prowlers should be a district contender again next year.

I think that the fans were surprised at the strength of the Prowlers this year, and that they appreciate the efforts coach Bill Kottke put into the 1942 team. I attended most of the practice sessions and I know that coach Kottke really put the boys through the paces, and that they learned a lot of football.

Knew What He Was Doing

Ed Carlson, manager of the Hartz Bakery bowling team, knew what he was doing when he signed Alex Smith to his team. On Tuesday night the Hartz team was engaged in a nip-and-tuck Commercial league duel with the Western Oil & Fuel Co., and the two teams went into the odd game of the series with a game apiece. The two teams rolled a tie score, 768 pins each, in the final, forcing an extra frame. The Hartz team, with Smith marking up a "double" and scoring 28 pins, totaled 84 pins to nose out the Western Oil, who tallied 79 pins in the extra frame.

T. W. in Town

Thor Williamson, manager of the city baseball team in 1940, is in town for a few days, having received a leave of absence from the Douglas Aircraft Co., with whom he has been employed for more than a year. Centerfielder Wally DuChamp is the only member of Thor's 1940 team that is in town, all the others being either in the service or in defense work. Second baseman Johnny Jaranson is in the army air force; pitcher Hemmy Sahl, catcher "Bing" Bergstrom, third baseman Clarence Rasmusson, shortstop Jesse DuChamp, and outfielders Bob DuChamp, Happy Erickson, and Nick Bromberg, are in the army; and first baseman Stan Cockrell is a shipyard worker.

Amateur Boxers, Attention

Bill LaFave announced that plans are being completed for an amateur boxing show to be held here on Nov. 11th, and he asks that all boxers interested in appearing on the program should appear at the Arena gymnasium. The Arena gym, the quarters are in the basement of the building, is open every evening and Bill personally supervises the training program.

Plenty Busy

Alex Campbell tells me that Walt DePaul, last season's hockey coach, is plenty busy. Walt is employed in a Seattle ship-yard, but he attends the University of Washington two days during the week, and in addition he finds time to play some ice hockey. According to Alex, Walt has already made the headlines.

Mrs. H. S. Dahlen left Sunday for Devils Lake, N. D., to visit with her daughter, Mrs. A. L. Haroldson. She expects to return in about ten days.

ELECT
LINCOLN ARNOLD
as your
COUNTY ATTORNEY

BACKGROUND—
Graduate of Lincoln High School, Class of 1926.
Son of Dr. R. Arnold, former dentist at Thief River Falls.
Graduate from Law School in 1933, University of Minnesota.
Practice of law at Thief River Falls since Feb. 1934.
Judge of Municipal Court for 7 years. Elected 1935, re-elected in 1939.
Married with family.
Resident of Pennington County for 19 Years.

A QUESTION AND ANSWER
(Reading time 40 seconds)

THIS QUESTION is asked of me—"Why are you running for county attorney when you now are Municipal Judge, AN OFFICE YOU CANNOT HOLD IF ELECTED COUNTY ATTORNEY?"

MY ANSWER—I am interested in building a private law practice at Thief River Falls, where I have made my home and am raising a family. Faithful discharge of the duties of Municipal Judge, in the very nature of the office, does not help, but hinders, the gaining of friends and clients. On the other hand, the county attorneyship has always been recognized as a natural aid in establishing a private practice of law.

Furthermore, at the age of 32 years I feel that I am young enough so that I must continue to search for experience and advancement. The office of county attorney would open a new field from which to gain experience, and at the same time extend to me the same opportunity which other attorneys at Thief River Falls have had of gaining those contacts and experiences which make for a successful law practice.

I believe I have the qualifications to assume the office of county attorney, which has been capably administered by the other candidate during his 8 years of office. If elected I will faithfully discharge all the duties of the office to the best of my ability.

MERRY CHRISTMAS

To you men in the service who are serving overseas—Christmas Greetings. Seems strange to say that in October but Uncle Sam tells us that if we want our messages to be delivered in season we must get them into the mail before the First of November. So to you fellows who are serving in Alaska, India, China, Australia, Persia, Egypt, Liberia, Ireland, England, Scotland, Iceland, Greenland, Panama, the Solomons or the Aleutians or wherever it may be that the American flag is flying when this message reaches you—Cheerio.

Wherever you are or whatever your chore may be at that time, on land, in the air or on the sea, we know that during the Holiday season you are going to be thinking of the folks back home. And you know who is going to be thinking about you—and you know pretty well what they are thinking. We won't go into that.

But we can tell you this—the folks at home are proud of the job you are doing. We hear it on the street every day. You know how your dad is—doesn't say much as a rule. But several times we've heard him mention to a group that he has a boy over there, and there's a light of pride in his eye when he says it. The folks know you are not out there for fun. They realize the seriousness of the business and hope for the best.

These are some of the things that come to mind as we try to say "Merry Christmas". We are not kidding you and we are not kidding ourselves when we say it. We know things are not what you or we would like them to be and we know your Christmas is not going to be the season of good cheer you have known in the past.

But this is not going to be the last Christmas season. Many more of them are ahead of us, and that's something to think about too. How merry is our Christmas going to be ten years from now

That depends a lot on how well we do our job now. There are hundreds of millions of people in the world this Christmas for whom there is no "Peace On Earth, Good Will Toward Man" but who still struggle on in the hope of better things to come. They pin their hope on your performance.

So when we say "Best wishes for a Merry Christmas" we are not confining our wishes to this Christmas alone but rather to those that are ahead of us. We are thinking of the youngsters coming up thruout the world who never will know the joy of a truly "Merry Christmas" if we fail them now.

In this spirit of the good cause for which we are fighting, in the hope that your sacrifice may speed the day when "Peace On Earth" will be a reality, we extend to you the age old greeting, "Merry Christmas".

Wendell Wilkie's speech appealed to us. We liked it particularly because it proved to the world that in America it still is possible for a private citizen to express an opinion, and to our allies in Russia and Asia it must have been especially encouraging. The things he told us were the things they had told him, and it was proper that we should hear them even though they were not entirely pleasant.

A postscript to the men overseas. How about writing a letter to us telling how you spent Christmas and whatever is permissable about where you are and what you have seen. It will take weeks and maybe months to get here but your folks and friends will be glad to read them. And for each one we use we'll send you a present.

Tuesday is election day. The right to vote is a privilege few people possess in the world today. If you were denied this right you would resent it very much. Now that you have the right, exercise it. In a Democracy voting is more than a privilege—it is a duty. Vote Tuesday. Vote as you please but vote.

Another storm by-passed us Saturday night. Only a few miles to the south of us the ground was covered with up to seven inches of snow Sunday morning. Add this to the list of things we can feel good about.

PUBLIC OPINION

Editor The Times:

Below is a copy of a letter I received the other day from Dr. Richard Beck of the University of North Dakota. I feel that this letter should not merely be filed in my records but it will be interesting for all of our citizens to read. Dr. Beck who occupies the chair of Scandinavian languages and Literature at the North Dakota University was here as guest on our recent Hambro Day. It is indeed interesting to obtain the reaction of a visitor. His tribute to our community and the several committees who worked on the arrangements is encouraging, and we appreciate them very much. Again I wish to thank these committees for the splendid work they did. The general committee who, besides myself consisted of G. Schilbred, Wm. Wahlquist, R. J. Lund and Morris Bye deserve my highest compliments. The Hambro Day was a real success. It was more then big crowds and parade. It left something constructive with us, an inspiration, a larger vision, and a greater purpose for life.

Rev. E. L. Tungseth.

My dear Rev. Tungseth:

"There are certain days, which make such an impression on one that they live in one's memory, rising like mountain peaks above the plain of everyday experience.

Such a day—at least to the writer— was the Hambro Day in Thief River Falls. I am deeply grateful to the committee in charge for inviting me to attend and giving me an opportunity to participate in a small way in the events of the day. I likewise wish to extend my hearty thanks for the generous hospitality accorded me.

Further I desire to congratulate the committee on the splendid arrangements for the events of the day, which did honor to all concerned.

The members of the committee, and their numerous co-workers rendered their community, state and nation a great patriotic service by sponsoring the salvage parade and the War Stamp sale.

No less is the committee to be congratulated upon bringing to the city a statesman and speaker of the international stature of Dr. C. J. Hambro. His timely and inspiring addresses will long be remembered by the many who heard them; they were indeed an important contribution towards a better understanding and appreciation of the fundamental issues involved in the present world struggle.

"Dr. Richard Beck"

COUNTY BOARD PROCEEDINGS

October 13th, 1942

Pursuant to adjournment the Pennington County Board of Equalization met at the office of the County Auditor at 2:30 P. M. October 13th, 1942.

Members Present: Race, Bredeson, Roy, Mulry, Mandt, and County Auditor A. M. Senstad.

Members Absent: None.

The Board proceeded to take up the matter of increasing the true and full value of the elevator building owned by the Osborne McMillen Elevator Company, located in the Town of North. Entering the discussion was a representative of the Elevator Company from Minneapolis, also the Thief River Falls Manager, John Evenson, also H. G. Stillwell of St. Paul, representing the Department of Taxation, State of Minnesota.

After considerable discussion the Board adjourned at 5:00 P. M. to look over the property and to take the matter into further study, the Board to reconvene after arriving at a decision as to the valuation of this elevator.

SMILEY

Mrs. George Svenby was the honored guest at a baby shower for her few months old infant daughter, Darlene Faye. The event was held at the Svenby home Thursday, Oct. 15. The little girl received many fine and useful gifts from the following good folks who also brought delicious eats: Mesdames Florian Szymanski, S. S. Nelson, Johnnie Nelson, Lewis Johnson, George Hemme, Carl Gilbertson, Casper Wiener Jr., Gilman Halverson of Ulen, Teddy Bergdahl of Hazel, Karen Svenby and Julia Stai of Hejou, and the Misses Gladys, Marian and Grace Wiener.

Mr. and Mrs. Mark Olson and children, Wayne and "Judy" accompanied Mr. and Mrs. Winton Knutson of Numedal on a trip to Brinsmade, N. D., over the week-end. While there they visited at the parental home of Mrs. Olson and Mrs. Knutson, the A. B. Walker's. They returned Tuesday.

Miss Myrtle Snetting and Miss Clarice Olson were in Duluth last week.

The Smiley-Silverton 4-H had a very successful "blow-out" at their annual carnival at the Smiley hall Friday evening. The young folks and their leaders were very pleased at the neat sum of thirty dollars netted that evening. Good for them!

Sojourners

Mrs. John Burtness accompanied by her children, Patricia and Richard, her mother-in-law, Mrs. Nels Burtness her sister-in-law, Mrs. Gertrude Sundberg, Mrs. Harold Matske and three daughters, Shirley, Darlene and Betty drove to Grand Forks where they stayed two days having a wonderful time. They all visited at the Olaf Olson (Laura Larson) home in Grand Forks. Mrs. Olson is Mrs. Nels Burtness' daughter.

The Helperettes met at the William Grundhause home Wednesday where they spent the afternoon fixing up nine boxes for the boys in service. They were well-packed boxes that the boys will be "tickled" to get. Those who will receive these gay Christmas packets are the boys belonging in the immediate vicinity of the Helperette group. They are Pfc. Mathew Kraemer, Pfc. Arnold Bakken, Pfc. Ove Nordahl, Norman Newland, Stanley Newland, M. M. 2/c U. S. N. R.; Pvt. Gale Anderson, Pvt. Sherwin Ranum, Pfc. Arthur Johnson, Pfc. Elmer Johnson.

Snakes Aid War

Troops engaged in the African campaigns are using large quantities of snake serum and as a result the Snake park in Port Elizabeth, South Africa, has been called on to increase its collection of snake venum crystals to the maximum. An appeal has gone out to all snake catchers in the region to redouble their efforts. Puff adders and cobras are the reptiles most required, and the prices paid for these range up to $1.50 each. By chance this has been a good snake season.

NORDEN

Mr. and Mrs. Ed Erickson of Crookston came to the Gerhard Hanson home Tuesday where they visited until Thursday.

Mr. and Mrs. Edwin Peterson and family of Drayton were callers at the William Peterson home Friday and also at Thief River Falls.

Mrs. Arthur Gerjde of Angus spent a few days last week with her mother, Mrs. Marie Joyce.

Mrs. Betsy Haugen and Garret Kooyer of Thief River Falls and Mr. and Mrs. Gerhard Hanson motored to Crookston Saturday where they spent Sunday visiting at the Ed Erickson home.

VALHALL

The St. Paul Ladies Aid will be entertained Thursday afternoon, Oct. 29, at the Clarence Arneson home with Mrs. Emil Thune and Mrs. Clarence Arneson as hostesses.

On Wednesday evening at the John Gran home to celebrate Mr. Gran's birthday were John Gran, honor guest, Mr. and Mrs. P. F. Reierson and Wallace, Mr. and Mrs. Paul Engelstad, Mr. and Mrs. Mons Engelstad, Mrs. Chas. Helenze, Mrs. O. B. Gunderson, Mrs. Edwin Hanson, Mrs. Ida Lee, Misses Ruby and Marie Engelstad and Gina Gunderson, Halbert Halvorson, John Stromberg, Emil Hagman, Alfred Hermanson and Arthur Larson of Park River, N. D. Lunch was served by the self-invited guests.

Helping three year old Janice Finstad celebrate her birthday on Friday evening were her parents, Mr. and Mrs. Martin Finstad, Mr. and Mrs. Carl Finstad, Kermit, Louise Mae and Ronald. Janice's birthday was on Thursday.

At the Mons Engelstad's on Friday evening to honor Mrs. Engelstad's brother Arthur Larson of Park River, N. D., who left Monday for Fort Snelling were, Arthur Larson, honor guest, Mr. and Mrs. Axel Engelstad, Vivian, Mrs. John Barnholdt, Blanche and Johnnie, Mr. and Mrs. Paul Engelstad, Mr. and Mrs. Edwin Hanson, Mr. and Mrs. Mons Engelstad, John Stromberg, Ruby, Marie, Iva Lee, Alfred, LaVern, Glenn and Loren Engelstad, Fred Larson, Doane Walsbery, James and Cleo Engelstad.

Mr. and Mrs. Manville Gunderson, Arlene and Roger of St. Vincent visited with Mr. Gunderson's mother, Mrs. O. B. Gunderson from Saturday until Sunday.

Looking Backward

1932—TEN YEARS AGO

W. P. Davies, editor of the Grand Forks Herald, was the principal speaker at a banquet in Trinity church attended by 400 persons, featuring the Pioneer Days celebration. —The large ice house of the Red Lake Ice and Fuel company was destroyed by fire.—Supt. S. G. Reinertson of the Moorhead schools addressed the opening session of the Parent-Teacher association.—Mrs. Charles W. Froats was appointed to conduct the Christmas seal sale in this city.

1922—TWENTY YEARS AGO

Directors of the local creamery ordered a start on excavation for a new building to be erected next spring.—Mrs. J. E. Rounds, president of the State Federation of Women's Clubs, was to address the General Parent-Teacher association here.—Jacob Jonas, for 20 years a resident of this city, died at his home at the age of 74.—The city tax levy was fixed by the council at $57,200 for the coming year. —D. P. O'Neill of Minneapolis was in the city looking after his farming interests.

REINER

Mr. and Mrs. Halvor Holen visited on Sunday at the Ole Omlid home near Erie. Other visitors there were Mr. and Mrs. Alvin Horning and family and Mr. and Mrs. John Kjellgren and family.

The Reiner Y.P.S. will be on Sunday, November 1, in the evening at the church. A guest speaker will be present.

Mr. and Mrs. Halvor Holen and Mr. and Mrs. Ole Omlid of Erie, attended a golden wedding anniversary in McIntosh on Sunday honoring Mr. and Mrs. K. Fore approximately 300 people being present.

Mrs. Soren Hermanson entertained at a coffee party at her home last Wednesday afternoon in honor of her daughter, Mrs. Lloyd Wells and Lorellie.

Miss Ruth Larson and Miss Dahlen held Gospel meetings at the Dalene school house on Sunday evening and at the Clovernook on Tuesday evening.

Mr. and Mrs. Donald Siebert and daughter, left a week ago for International Falls. They left their stock and farm with caretakers over the winter months.

Mrs. Lloyd Wells and daughter Lorellie left Wednesday for their home at Chulla Vista, Calif. after visiting here.

FOR RENT!
Owing to the shortage of merchandise in our lines we offer for rent, part or all of the front end of our garage show room.

Turkey Pool
Nov. 9 thru Nov. 17
We will be dressing turkeys on the pool basis again this year, but we are starting our pool a little later to enable you to get more weight and also to help on the railroad car shortage.
With an abundance of feed and a shortage of meat, it is Patriotic as well as profitable to feed for more weight and better quality. Market only your fancy finished birds now. Feed the unfinished turkeys until they are in top condition.
PRICES ARE HIGH FOR QUALITY BIRDS
HELP WANTED! We need help to market these turkeys . . . both men and women! Apply at the Thief River Falls office.
CAPON POOL – 2 Days – Nov. 5 and Nov. 23
We will not buy poultry during the turkey pool. Please do not bring in your poultry November 2nd through 17.

From where I sit . . .

by Joe Marsh

HAPPENED to me only yesterday. I step on the starter of my car. Engine turns over O. K. but she won't start.

So I look under the hood just as if I know what's the matter. Tap a few things with a wrench. While I'm standin' there, wondering what to do next, a young soldier stops alongside.

"Need some help?" he asks.

"Got her almost fixed," I says. "But still she won't start."

"Looks like your carburetor's flooded," he says. "Got a screw driver handy?"

That young soldier knew what he was doin' all right. Went to work just like a professional.

"She'll be O.K. now," he says, straightenin' up and smilin'.

• • •

Boy's face looked sort of familiar. And darned if that soldier wasn't young Charlie Jenkins from Elm Street. Used to be a round-shouldered kid—one of those jitter bugs you hear about. Say! You wouldn't know him after six months in the Army. Fifteen pounds heavier—straight and tan and real sure of himself. The Army's done a lot for Charlie. Made a man out of him—and I guess that goes for lots of other young fellows, too.

• • •

The other day I read how some folks worry about the soldiers havin' a glass of beer now and then. Well, after seein' Charlie, I don't think there's much cause for people to fret.

Just like Charlie says—"If you can trust us with guns and ships and tanks, I guess you can trust us with a glass of beer once in a while, if we happen to want one."

And I know the beer industry is co-operating with the Army and the law-enforcement officers to see that beer is sold in good, clean, decent places.

From where I sit, this country's never seen a finer, cleaner, better-behaved lot of men than the ones in uniform today . . . I'm not worryin' about 'em!

WICKARD TAKES OVER CONTROL OF LIVESTOCK

Secretary of Agriculture Claude R. Wickard has been given full authority over disposition of livestock by a War Production Board directive made public by Donald M. Nelson, chairman. The directive gives the secretary of agriculture board control over cattle, calves, sheep and swine, permitting him to direct marketing and distribution. Purpose of the move is to put livestock under control for the best interest of the war effort.

The 2,000 English women employed in lumbering are called "lumber jills".

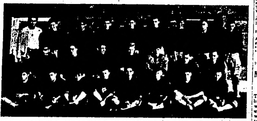
Lincoln School Prowlers Win Four Games Out of Six



Bringing the season to a close, the Lincoln high school football team Friday evening scored a 46 to 0 victory over the Warren eleven, giving the Prowlers a season's record of four wins and two defeats, both of the latter being by teams outside the district. The squad, shown above, includes left to right, top row: Coach Willard Kottke, Conners, Dorn, Bowers, Aasland, Wright, Alnes, Michalsky and Matheson. Second row: Eide, Berg, Forsberg, Brooten, Moeller, Traver, Richards. Bottom row: Claffy, McKechnie, Fretland, Hanson, Moeller, Furuseth, Bye and Engelstad.

Hallowe'en Party Topic at Lions Club Meeting

With Mayor H. W. Kinghorn and members of the city recreation board as special guests, members of the Lions club and their ladies participated in a meeting at the Palm Garden Cafe Wednesday evening. Detailed arrangements for the third annual community Hallowe'en festival Saturday were discussed, and Mayor and Mrs. Kinghorn consented to lead the grand march that will open the masquerade dance in the Auditorium Saturday evening.

Navy Recruiter Will be Stationed Here Nov. 6

The recently opened Navy recruiting station at Crookston will have a representative at selective service headquarters in the Thief River Falls Auditorium all day Friday, November 6, to accept applications for the U. S. Navy and naval reserve, it was announced today.

A THRESHING RECORD!

Hoffman.—Finishing 48 consecutive threshing seasons is a record Erick Staffanson challenges anyone to tie. He has been owner and operator of a threshing rig for the entire period.

Prowlers Overwhelm Warren Eleven 46 to 0

The Prowlers, continuing to be touchdown-minded, slashed through the Warren defense to defeat the Ponies, 46 to 0, here Friday night. The victory concluded the season's schedule for the Prowlers and it gave coach Willard Kottke's team a record in district competition of four wins and no defeats. The two losses on the Prowler record this year were administered by Bemidji and Moorhead.

The Prowlers, with their line charging fast and blocking solidly, tallied their first touchdown midway in the opening period. A Warren punt gave the locals possession of the ball in mid-field. LaMarr Hanson, playing at right halfback, made 2 yards on a try at left guard; Pete Michalsky failed to gain; and Hanson, on a reverse, scooted to the Warren 21-yard line. Michalsky plunged over guard for 3 yards, and Billy Bye made a first down on Warren's 9-yard line. Hanson broke over left guard for the touchdown. Bye's place-kick for the extra point was low.

The Prowlers picked up another touchdown early in the second period. Hanson circled left end for 9 yards; Billy McKechnie sneaked into the line for a first down; Bye slid off right tackle for 9 yards, and then went for a first down on Warren's 31-yard line; McKechnie squirted through center for 20 yards and first down on the Pony 11-yard line; Bye added another first down, to the Pony 1-yard line; and McKechnie pivoted over for the touchdown. Bye's place-kick was wide.

Pete Michalsky added the Prowlers third touchdown just as the first half ended, intercepting John Znerold's pass on the Prowler 37-yard line and, running along the north side-line, made the 63-yard run to cross the east goal for a touchdown. Bye circled right end for the extra point. The score at the half being Thief River Falls, 19; Warren, 0.

The Prowlers received the second half kick-off and smashing through for four consecutive first downs, piled over for a score, with Bye tallying from the 3-yard line. Bye place-kicked the extra point. Left end Bob Baker recovered a Warren fumble on the Pony 27-yard line to set up another Prowler touchdown. A pass, Bye to Steve Alnes, gave the locals a first down on the Warren 4-yard line; and Pete Michalsky ploughed across for the marker. Bye's place-kick added the extra point.

One of the game's features occurred on the opening play of the final period. Znerold punted over Bill Bye's head, but Bye ran back and picked up the bouncing ball on the Prowler 38-yard line, and doing some shifty running and getting effective blocking from his mates, the Prowler sophomore scampered 62 yards for a touchdown. Bye's place-kick for the extra point was blocked. Bye, on another long run, tallied the game's final touchdown. With the ball on the locals' 33-yard line, Bye cut back through left tackle and broke loose for a 67-yard run for the touchdown. Bill circled right end for the extra point.

Warren made two scoring threats during the game. In the second period a pass, Znerold to Warren Faulks carried the ball to the Thief River 30-yard line, and two offside penalties and Culver's 5-yard gain, brought the ball to the ball to the Prowler's 17-yard line, but the locals broke up the Warren passing attack and took possession of the ball. Late in the final period, with Culver and Cheney carrying the ball, the Ponies drove from the Warren 32-yard line to the Prowlers 20-yard line, picking up three first downs, but the locals braced and took the ball on downs on the 20.

The Prowler stars were headed by linemen Tony Dorn and Norman Furuseth, and backfield men Pete Michalsky and Billy Bye. Chuck Cheney and Clyde Culver were the most effective Warren ground-gainers, while Joe Fanfulik and Warren Faulks turned in creditable games in the Warren line. The Prowlers earned 16 first downs, while the Ponies made 6 first downs.

Announcement!

It is with deep regret that we announce the sale of "Lieberman's", the clothing store successfully operated for many years by Charles Lieberman, and later by Sidney Lieberman. Sidney's induction into the army, however, forced us to take this step.

We had hoped to carry on the operation of the store even in his absence, but finding this inadvisable, we made the decision to sell. This decision was made suddenly, leaving many details pertaining to the store business unfinished. However, arrangements have been made with the purchaser for Leonore to remain at the store the next few weeks to complete these business matters. It will be greatly apperciated, therefore, if customers with unpaid accounts will call at this time.

We have no connection with the sale now going on at the store except as former owners.

To our many customers and friends we wish to express our sincere thanks for the many courtesies extended us throughout the years.

NEW EMPLOYMENT OFFICES PLANNED TO HELP FARMERS

State Emergency Service to Supplement Federal Offices

Arrangements for an emergency employment service reaching into all parts of the state to aid in meeting the shortage of help on dairy and livestock farms were being made this week by officials of the new Emergency Manpower Agency established by Governor Stassen.

Victor Christgau, director of the agency, and other officials assisting him, were setting up a state emergency employment service, supplementing the present federal employment service, with offices in all parts of the state to make farm help more readily available. The federal employment service has thirty offices throughout the state. Organization of the emergency service, now in progress, will prove a useful supplement to the federal service and aid materially in meeting the shortage, Christgau believes.

County agents already have been pressed into service in the drive to meet the farm help emergency. They have been provided with order blanks, and any farmers desiring assistance of the Emergency Manpower Agency may obtain the forms at offices of the agents and file their requests. Paul Miller, director of the agricultural extension service at the University farm, has asked all county agents to cooperate to their utmost in the manpower program.

New Radio Program Deals with Airplane Spotters

Beginning Saturday, October 31, "Calling All Spotters," a series of eight broadcasts, will be presented each Saturday morning at 11:15 A. M. over WDAY (Fargo). These programs will acquaint the people of Minnesota with the military airplane spotting service as it is being organized in this state. The programs will also point out how civilians can volunteer as airplane spotters and will instruct them as to their duties in this military defense of Minnesota.

VOTE FOR
PAUL A. LUNDGREN
Candidate for
COUNTY ATTORNEY
Pennington County

TO THE VOTERS OF PENNINGTON COUNTY:

Since time did not permit me to conduct a personal campaign for re-election as your County Attorney, I take this means of calling attention to my candidacy. During the time that I have held the office, I have striven to serve you diligently, economically, and fairly. I am not a stranger; nor is my record a secret. The people of Pennington County know me and my willingness to serve. On the basis of that record, I now ask you for re-election.

Two years ago I had hoped to retire from the County Attorney's position for the purpose of running for another office. Pearl Harbor changed that picture. In 1940 I accepted the responsibility of Government Appeal Agent in connection with the Selective Service Draft. Since that time I have given hundreds of hours to that service without pay. At a time when the government was calling men into service by the hundreds from this little county, I did not feel that I should add to the confusion by withdrawing for the sake of satisfying my own personal ambition. During the past year I have also served, through appointment from the State, as Chairman of the Pennington County War Bond Committee. I am not asking for re-election so that I may improve my own private practice! I am asking for your vote and support so that I may be able to continue to serve you as I have in the past.

An early and victorious close of our present war is everybody's prayer. Your selection for County Attorney this year will undoubtedly serve in the post war period. The selection of an experienced man may prove invaluable. I want to especially urge on all of you to vote. It is our Patriotic duty. Let us prove that Democracy works even in times of war.

I am deeply grateful for the many favors extended me by the people of Pennington County. It is my hope that I may re-pay these through service. To my many friends, who have carried on the campaign in my behalf, a thousand thanks. Let's keep up the good work until November 3rd.

GRYGLA

Hanson-Lillevold Vows Exchanged

At a beautiful candle-light ceremony, prompted by Rev. T. C. L. Hanson at the Holt Lutheran church, on Saturday evening at seven o'clock, Miss Lois Hanson, daughter of Mr. and Mrs. Hans O. Hanson of Holt, became the bride of Torrance J. Lillevold, son of Mr. and Mrs. T. J. Lillevold of Grygla. The single-ring service was witnessed by Miss Dorothy Hanson of Holt, sister of the bride, and Selmer Brattell, of Grygla, cousin of the groom, and the bride was given in marriage by her father.

Nuptial music played at the church organ by Mrs. Alton Carlson included the wedding march from Lohengrin, and "Oh Perfect Love" was sung by Mrs. T. C. L. Hanson.

The bride was attired in a wool jersey suit of medium blue with turf tan accessories. She carried a shower bouquet of American beauty roses and white pom poms. Her only ornament was a gold locket, a gift from the groom. The bridesmaid wore a jacket dress of green crepe with black accessories and she had a shoulder corsage of American beauty roses and white pompoms. The groom and his attendant had boutonniers of white pom poms.

Immediately following the ceremony the bride's parents were hosts at a three-course dinner served in the church parlors for close relatives. Covers were laid for thirty guests at a table centered with a lovely white, three-tiered wedding cake, decorated with blue and topped with a miniature bride and groom. Other table decorations included lighted candles and a bouquet of vari-colored pom poms. Waitresses were Mrs. Ray Hanson, Irene Ness and Geraldine Larson.

The bride is a graduate of the Newfolden high school. The groom has helped on his father's farm east of Grygla. The young couple will leave soon for Oakland, Calif. where they will make their home.

Those from here who attended the wedding were Mr. and Mrs. T. J. Lillevold and Margaret and Caroline and Mrs. Emil Boyum.

The St. Olaf Ladies aid will meet at the church Thursday, November 5. Lunch will be served by Mmes. A. M. Loyd, Olaf Newton, and F. A. Brown.

Beatrice Hook left last Wednesday to spend a week with friends at Anoka and Minneapolis.

Mrs. Thilde Grovum left recently for Crookston to spend the winter with her son-in-law and daughter, Mr. and Mrs. Simon Steenerson.

Ole Brattell and Mrs. Oliver Nubgaard and daughters left Friday for Minneapolis to visit with Halvor Brattell. Mrs. Nubgaard and daughter were enroute to their home at Ferndale, Wash., after spending a month with relatives here.

Mr. and Mrs. Carl Holbrook and Dolores and Mr. and Mrs. Ervin Vigen and sons motored to Greenbush Sunday where they visited at the Bennie Vigen home. They were accompanied back by Mrs. Ragnhild Grovum, who had spent a few days with the Vigens.

Herwin Jacobson visited with his mother and other relatives at Kragnes Thursday.

A baby boy was born to Mr. and Mrs. William Reynolds (Violet Levang) of Minneapolis, Oct. 23.

Mrs. Peter Levang left Thursday for Moorhead to spend a week at the home of her daughter, Mrs. Christine Hoyum.

Mrs. John Viken returned home last Thursday from a Thief River Falls hospital where she had spent several weeks following a major operation.

Mr. and Mrs. Lars Nygaard and daughters, Joseph Wold and family and Mr. and Mrs. Gust Saxwold and family were among those who attended a farewell party at the John Loven home at Gatzke Sunday afternoon. The guest of honor was Thorwald Ronning who left Tuesday for army service.

Salvage Day Big Success

The second Victory and Salvage Day held here last Friday was a great success. A large number of people were in town and large quantities of rubber were brought in. R. F. Sandberg, local salvage director, reports that 88 tons of scrap iron were turned in at Gordon's station while at the Grygla school the children had a pile of 8 tons. The total amount of rubber turned in from this territory was 3,500 lbs.

Three dollars in defense stamps were paid for the largest load of scrap iron, which was brought in by Hans and Elmer Strom; two dollars in defense stamps were paid to Otto Holte for the next largest load; and two dollars in defense stamps were paid to Art Gasch who brought a load of scrap from the longest distance.

Mrs. F. A. Brown, captain of the Victory Aides, reports 100 corsages made up of defense stamps were sold by the Victory Aides. Ten dollars were collected from the sale of scrap and donated to the U. S. O.

School children and their teachers from several of the surrounding schools came to town and shared a dinner with the Grygla school children. This dinner was prepared and served in the Grygla school. In the afternoon the children all formed a parade and proceeded to the R. N. W. hall where they all contributed numbers for the following program:

"The Flag Speaks", a skit presented by school district 89S, with Harriet Hahn, teacher; poetical duet by Betty Stephens and Gordon Bratong and a poem by Jack Stephens, all of district 139 with Faye Bucholz, teacher; three songs including "Marine Hymn", "Morning Hymn", and "Autumn Dance", by pupils of Big Grass school with Florence Peterson, teacher; two songs by two people of district 95U with Ragna Haugen, teacher; a monologue, "The Inventors' Wife", and a duet by Willard and Wilford Sletten with guitar accompaniment, all of district 24 with Manford Stennes, teacher; song, "Any Bonds Today" by a group of girls from Sandsmark school with Agnes Sandland as teacher; and a skit, "Move Over" and a selection by rhythm band by school district 115 with Floyd Wurscher and Helen Uthus, teachers.

Grygla P. T. A. Meets

The Grygla P. T. A. met at the schoolhouse last Friday evening. A letter was read by Mr. Wurscher concerning the school cook and according to the letter the county is unable to get one at this time. Much discussion followed on the hot lunch situation and it was decided that the P. T. A. hire a local cook for the present time and that a nominal fee be charged for hot lunches to pay expenses.

The following program was given: vocal duet by Faye and Jean Bucholz with Edna Hesse, accompanist; "War activities of P. T. A." read by Mrs. Alfred Swanberg; vocal solo by Mrs. J. T. Johnson, with Edna Hesse playing accompaniment; selection by the rhythm band; and a song by Marian and Marjorie Bush and Mrs. Arthur Ortlipp. Lunch was served by Mrs. Alfred Swanberg, Agnes Sandland and Naomi Johnson.

Mr. and Mrs. Charles Sheridan of Nielsville called at the Ralph Cady home last Sunday.

Bonnie Marie, infant daughter of Mr. and Mrs. Orville Anunson of Red Lake Agency, was baptized Saturday, Oct. 10 by Rev. G. L. Halmrast. Sponsors were Mr. and Mrs. Herbert Holthusen.

Paul Paulson, Peter Levang, M. L. Windsness, and Rev. G. L. Halmrast attended the Thief River Falls circuit convention held at Wannaska Tuesday and Wednesday.

Bill Johnson, Beltrami County Engineer, called in this community last Friday.

Mr. and Mrs. Paul Olstad and daughters of Bemidji visited relatives here over the week-end.

Halmrast Family Honored

Following the morning service held at St. Petri Church last Sunday, a reception was held in honor of the new pastor and his family. A sumptuous dinner was served by the ladies of the congregation in the church parlors. S. K. Sandland presented Rev. Halmrast with a purse of money in behalf of the congregation and the latter responded with words of appreciation. The Halmrast family were introduced to all those present and a pleasant social time was enjoyed.

Birthday Party

Mrs. Hans E. Hanson entertained a few friends on Saturday afternoon in honor of her daughter Marlene, who was eight years old that day. The children enjoyed various games while their elders visited. Mrs. Hanson served a lovely lunch featuring a white birthday cake. Those present besides the Hanson family were Mrs. Olaf Olstad and children, Mrs. Peter Sletten and children, and Carol and Esther Kreiger. Marlene received several gifts.

Party for Otto Holte

Pvt. 1st Class Otto Holte who has spent a week here on a leave from the army, was the guest of honor at a party given Monday evening in the schoolhouse of Dist. 89S. The sixty guests present spent the evening at games and contests and visiting. At a late hour a delicious lunch, contributed by all, was enjoyed. The guest of honor was presented with a purse of money from his assembled friends.

Those attending from a distance were Sgt. Allard Morken of Camp Barkeley, Texas, Mr. and Mrs. John Loven and sons, Myrtle Holte, Thorwald Ronning, and Mr. and Mrs. Palmer Holte, all of Gatzke. The party was arranged by Clifford Rude and Frances Haack. Pvt. Holte left Tuesday to return to his duties at Fort Ord, Calif.

MASTITIS

Due to Streptococcus Agalactiae

COST YOU EVERY YEAR

Here is good news for every farmer who has Mastitis in his herd. About ninety per cent of all Mastitis, or Garget, is caused by Streptococcus agalactiae. The new discovery, Beebe G-Lac (Tyrothricin) consists of Gramicidin and Tyrocidin. Beebe G-Lac stops the action of Streptococcus agalactiae. If Mastitis, due to this microbe, is cutting into your milk production . . . if your best dairy cows are in danger—act now! Get Beebe G-Lac. You'll be amazed at the results. Beebe G-Lac is easy to inject into the teat canal. Beebe G-Lac goes right to work. Don't let Mastitis (due to Streptococcus agalactiae) rob you of your profits. Get Beebe G-Lac today.

MASTITIS TESTING SERVICE Let us arrange laboratory tests of milk samples from your cows. Only the test sample needed. Ask us for details. No obligation.

MARSHALL COUNTY

A Statement by Mr. Morberg

I would like to meet with all of you, but due to the size of the county, and present war-time restrictions, most of the campaign is being carried on by Volunteer workers in each community.

During the two terms that I spent in the Legislature, I voted for and supported measures that would be to the best interests of Marshall County and the state.

The campaign is being carried out by your friends and neighbors who are carrying the campaign to you on the basis of my record of service and my conduct in office.

Any support and help that you can give to this campaign will be most highly appreciated.

Communications to me at my farm, RFD, Oslo, will be promptly answered. I would appreciate hearing from you regarding your sentiments on legislative problems. THANKS

STATE TAXPAYERS GROUP ENDORSES 2 AMENDMENTS

Urges Passage in General Election Next Tuesday, November 3

"While the political campaign is in the swing and candidates are discussing the issues of the day, unfortunately many voters do not take time to study the proposed constitutional amendments to be voted on at the general election, November 3," says Mr. Norman Borgen, Secretary of the Minnesota Taxpayers Association. Mr. Borgen, in his statement calling the attention of the voters to the necessity for passage of both amendments at the coming election, says:

"If Amendment No. 1 is passed, it will mean that the State of Minnesota will be authorized to make loans from the state trust funds to local governments in the state for less than 3% now required by law and for less than a term of five years.

"Amendment No. 2 proposes a change in the present law which requires home rule charter amendments to be published in three newspapers for a period of thirty days. The present law is useless and impossible since most cities do not have three newspapers and are forced to go outside their community in order to comply with the law. The cost, therefore, becomes excessive and serves no useful purpose to the community affected. The proposed change in the constitution would require publication in only one newspaper, once a week, for four weeks. If Amendment No. 2 is passed, it would solve the present unworkable situation and reduce publication costs."

COLORFUL KERNELS OF POPCORN GROWN

Roseau.—Last spring Mr. and Mrs. Adolph Haglund planted a patch with a black popcorn variety of seed. The patch was next to a field of sweet corn, a raspberry patch and some plum trees. Now in harvesting it they find the kernels on the cob to be of various colors making up different designs. Some of the cobs show a definite pattern, with yellow, gray, maroon, purple, pink, green and black kernels. Reason for the variated color scheme comes from the cross pollination of the sweet corn field. Popping quality is yet to be determined and who knows, maybe raspberries and plums will pop from the kernels!

VOTE FOR

HAROLD C. HAGEN

—the Farmer-Labor candidate—

FOR NINTH DISTRICT CONGRESSMAN

HE IS EXPERIENCED!

HE IS QUALIFIED!

HE KNOWS THE DISTRICT!

HE KNOWS ITS PROBLEMS!

HAROLD C. HAGEN
Candidate for Congress
Ninth District

A Vote For Hagen Is a Vote for Agriculture

As Secretary to Cong. R. T. Buckler for the past 8 years, Harold C. Hagen has served the farmers of the district by his interest and help in:

1—Rural Electrification.
2—Soil Conservation Program.
3—Parity Prices.
4—Support of 4-H Clubs.
5—Fighting Butter Substitutes.
6—Fighting for Lower Interest.

EXPERIENCE IS ESSENTIAL IN THIS EMERGENCY.

Harold Hagen has had 8 years of congressional and legislative experience in Washington, D. C., as office secretary to Cong. R. T. Buckler, who has retired.

Harold Hagen was awarded an honor plaque in 1941 for being the outstanding congressional secretary in Washington. He has been endorsed by farm, war veteran, business and old-age pension organizations—truly an indication of his capability.

VOTE FOR HAGEN! IT'S THE LOGICAL THING TO DO IN THESE TIMES!

He fully favors and supports:

1. ALL-OUT SUPPORT OF THE NATION'S WAR EFFORT. Constructive criticism is wholesome; chronic, petty-fogging fault-finding is disruptive.

2. SPEED-UP OF OUR WAR PRODUCTION EFFORT. The greater the effort the less the war will cost in lives and treasure.

WAR EFFORT CUTS NUMBER OF MEN ON HIGHWAY PAYROLL

284 Full-Time Employes Are Now in Nation's Armed Forces

The effects of the war and of war's necessities have made themselves felt keenly in the personnel lists of the state highway department, as well as in curtailment of construction projects and difficulties encountered in obtaining many types of materials and equipment, Highway Commissioner M. J. Hoffmann has disclosed.

Since the President's declaration of the national emergency, the Minnesota highway department has furnished 284 of its full time employes to the nation's armed forces. An additional 143 have left the department's service on leaves of absence virtually all of which were granted in order to permit the employes, particularly engineering personnel, to participate in non-military phases of the war effort.

Aside from these 427 employes granted military or non-military leaves, the department has had 431 resignations, exclusive of temporary or seasonal workers. Most of these resigned from state employment in order to accept more essential or more remunerative work in connection with defense plants, war industries, or other agencies otherwise linked with the war effort. Some likewise have resigned to take higher salaried positions in business and industry, replacing persons who have enlisted or been inducted into the armed forces. Additional employes are leaving the department almost daily for some phase of the war effort in which their training and skill makes them particularly valuable.

Of the 858 regular employes who have left the service of the highway department, more than 400 have come from the principally technical or engineering personnel of the department's construction forces.

Truckers are Warned to Rush Applications for Necessity Certificates

Truck owners and operators who are delaying the mailing of their applications for certificates of war necessity are running the risk of not being able to get gasoline, tires or replacement parts after November 15, Frank T. Corcoran, field manager of the motor transport division of ODT, warned today.

Applications for war certificates have now been mailed out to all registered truck owners in Minnesota, North and South Dakota. They should be returned at once to ODT'S central office in Detroit, completely and properly filled out. Owners who have failed to obtain applications should get in touch at once with the nearest ODT truck field offices.

An office is located in Minneapolis at 802 Metropolitan Life Bldg., Third St. and Second Av. S.

Radio Mechanics Sought by Federal Government

Radio mechanics are urgently needed by the government for civilian positions in the war program. These positions are located at various points throughout the United States, including the Middle West. The positions pay from $1440 to $2600 per year, depending upon experience. Radio servicemen and persons with training in radio are urged to file their application with Gunder Legvold, U. S. civil service secretary at the local post office. Persons employed in war work should not apply unless they can obtain a release from their present employer.

OUT FOR DUCKS HOME WITH WOLF

Long Prairie—With nothing on his mind but to get his limit of ducks, George Biskey of Burnhamville, took to the woods recently. In his pursuit of ducks he came upon a nice big wolf which he brought down with a shotgun with a duck load. A substantial bounty is awaiting him.

For Minnesota's Future

To enable Minnesota to do its utmost in the war and meet the crucial problems that will face our people after the war, the Republican party presents a constructive, far-sighted program and leaders of ability, experience and vision.

The Program

Fullest effort to win the war quickly and decisively.

Development now of plans for a state construction program to provide jobs in difficult period of readjustment after the war.

Setting aside of $5,000,000 of present state cash reserves to help returning veterans get a start after the war.

Cut in non-war spending.

Cut in state real estate tax.

Increase in old-age assistance, aid to dependent children and blind in recognition of increase in cost of living.

Improvement of state aid for schools.

Co-operation with other nations to prevent future wars.

Dr. Fishbein will address 14,000 to 15,000 teachers at the Minnesota Education association's state convention at the Minneapolis Auditorium, speaking at three sessions on October 29 and 30, covering problems in connection with health and national well-being and health and general fitness.

State Patrol Nabs 802 Speeders in September

State highway patrolmen put heavy hand of the law on 802 motorists for exceeding the speed limit on state trunk highways during the month of September. Of this number 201 were arrested and either pleaded or were proven guilty in court, while 601 were issued written warning tags for less serious or inadvertent offenses, repetition of which will automatically cause their arrest. In all the state highway patrol made 1,090 arrests, issued 1,352 warning tickets, 1,350 verbal warnings and 2,672 illegal equipment tags during the month, Elden Rowe, highway patrol chief reported this week to Highway Commissioner M. J. Hoffmann.

Northwest School Plans Homecoming on Saturday

Homecoming at the Northwest School of Agriculture at Crookston has been set for Saturday, October 31. The highlight of the homecoming program will be the football game between the Northwest "Aggies" and the West Central "Aggies" of Morris for the agricultural schools conference championship. The homecoming celebration will start with the traditional torchlight parade, pep meeting and bonfire on Friday evening. The Saturday program includes a special assembly at 11:30 A. M., football game at 2:00 P. M., homecoming banquet at 6:00 P. M. with parties in the gymnasium and Aggie Inn in the evening concluding the day's activities.

PLUMMER

Junior Class to Present Play

On November 20, the Junior class of Plummer High School will present a play entitled "The Green Light". The plot centers around Aunt Mattie and phanthom spinster. The cast is as follows: Muriel Sorenson, Thrine Haga, LaVerne Kela, Marcella Doran, Harold Norby, Roy Contolla, Arnold Wichterman, and Arnold Arlt.

The Plummer school teachers will attend the M. E. A. convention in Minneapolis on October 29, 30, and 31.

For the first six weeks of the school term the Plummer school has had to operate with substitute teachers in the junior high school because of the difficulty in securing a teacher who could meet the necessary subject combinations and professional training. Miss Margaret Alexander of Fordville, N. D., has been regularly employed to take charge of the seventh and eighth grade room. Under this reorganization plan for the balance of the year the Plummer school will operate under the eight-four plan which is recommended by the State Department of Education.

Special Announcement Regarding Milk Deliveries!

Effective Monday, Nov. 2nd, we, the undersigned dairies will begin an EVERY-OTHER-DAY Retail delivery of milk

This change is necessary to meet the requirements of the O.D.T. so that we may qualify for CERTIFICATES OF WAR NECESSITY and thereby continue to serve you

We want you to know we fully appreciate your patronage and it is our desire to serve you in the best way we can but to serve you at all, we must conserve our tires, gas, and many other things.

The war has brought many problems to the dairymen. All of our costs of production have about doubled and our selling price, under the ceiling, remains the same as it was in peace times.

The price we pay to the farmer for milk and cream is much higher; good cows have about doubled in price and we are forced to buy many of them; labor costs are much higher and help on a dairy farm is now a problem. Feed costs are nearly double. Many dairymen throughout the state have gone out of business and yet your milk is costing you no more than it did before the war.

In order to make up this difference and stay in business at all, we must cut costs where we can. Where there are so many small sales as in the case of milk the office expense is too high and we find it necessary to put our products on a cash basis so as to simplify work and eliminate losses.

We again would like to tell you how much we appreciate your business and we can assure you we will greatly appreciate your cooperation in this change. We want to keep up the quality of our products and we want to give you the best service we can.

It will be necessary to rearrange some of our routes, but we will get adjusted as soon as possible. Will you please put your bottle out early.

Our trucks will service the ENTIRE CITY on Monday and we ask all on LaBree ave. and west of same to take a double supply as we will not be back there until Wednesday and on Tuesday we ask all east of LaBree to take a double supply as we will not be there again until Thursday and from then on we will make every other day deliveries in this way.

All our products and books will be sold for cash and all milk, either pasteurized or raw, will be ten cents with no discounts.

The above arrangements will apply to retail deliveries only and the stores will be supplied daily so you will always have a stock near you in case you run short. We have been slow to make these changes as we did not like to do so, but it is the only way we can work under the ceiling price and stay in business. We sincerely hope you will co-operate with us during this critical time. Again we say thank you.

The Copp dairy and the Sande dairy will cover their entire routes Monday and from then on, on EVERY OTHER DAY, covering their entire routes every other day.

Signed -----

City Dairy **Hoel's Quality Dairy**

FILM HELD 20 YEARS DEVELOPED PERFECTLY

Hoffman— Way back in 1922 Ben Sholana took some pictures of a threshing machine and crew on his farm. Instead of having it developed according to instruction on the box in which it came, "Develop before June 1, 1922" it was put away in a trunk. Now over 20 years later the film has been developed with as perfect result as though the pictures had been taken last week.

HERE'S ONE WAY TO SAVE AUTO TIRES

North Mankato.—On a recent hunting expedition, W. A. Evans, North Mankato business man, parked his car in a pasture while he went to investigate a duck slough. A patriotic young bull took a look at the car, saw an image in the door panel and lunged at it. The image disappeared. The bull then strolled around and looked at the other side of the car. He wiped that image out too. But Mr. Evans car is no longer bull fodder—it's cannon fodder, as it has been wrecked and is on its way to the melting furnaces.

HUMAN YOKE FOUND ON HARMONY FARM

Harmony — Prowling about his father's farm recently George Link came upon a unique piece—a human yoke 48-inches long. The portion carved to fit the shoulders is 18½ inches in length, having a round hole with a 4½ inch opening for the neck. It looks heavy but is really comparatively light. The part for the shoulders sounds hollow when rapped with the knuckles. Equal weights on each end balance it delicately and it can be carried with very little effort. Appearance indicates it has been used but it is in very good condition. The piece was turned over to the Fillmore County Historical Society.

LUCKY LITTLE RABBIT

Herning.—New gun in hand, Ken Halvorson, started out over a *hill last week suddenly coming up* on a fox with a rabbit in its mouth. Taking aim with his bright shiny new shotgun he hit the fox who immediately fell dead. You should have seen Mr. Rabbit scamper away.

NEW SPEED SIGNS NOW BEING POSTED ON TRUNK ROUTES

Highway Maintenance Crews to Finish Big Job This Week

Following the official order of Highway Commissioner M. J. Hoffmann on October 20 rezoning all state trunk highways for 35-mile an hour maximum speeds, maintenance crews of the state highway department started last week erecting the 35-mile speed zone signs which make the order effective throughout the state.

Virtually all Minnesota trunk routes are expected to be posted for the new speed limit, in compliance with the nationwide wartime decree of the Office of Defense Transportation, by the end of the current week.

Some delay has been necessary in order that competitive bids be taken for supplying the materials necessary to convert the roadside signs to meet their new requirements. About 2,000 signs are required to post the 11,265 miles of rural state trunk routes. Contrary to an impression which has prevailed in some quarters, the new speed signs are not utilizing any new or additional steel or other critical materials.

When the earlier 40-mile speed limit was ordered by Governor Stassen in compliance with the proclamation of the president, luminous black and white "transfers" were obtained on which the 40-mile limit was printed in figures similar to the numbers appearing on the original metal signs. These transfers, consisting of strips of a flexible substance with an adhesive material on the reverse side, were simply stuck onto the face of the folder 45, 50 and 60 mile speed limit signs. No re-rolling of the old signs to efface the raised letters was necessary. With favorable weather, the operation of altering the signs to 40-mile speeds was generally accomplished by maintenance crews right in the field.

When the more recent order of the ODT further lowered the speed limits to 35 miles an hour, all of this work necessarily had to be duplicated. Because of lower prevailing temperatures and uncertain weather conditions, however, the out-dated speed signs were taken down and assembled in the sixteen highway maintenance district shops.

COFFEE RATIONING GOES INTO EFFECT SATURDAY, NOV. 28

Allotment Will be on Basis Basis of One lb. Per Person Each Five Weeks

Coffee will be rationed starting *at midnight, Nov. 28, at a rate of* one pound every five weeks for each person over 15 years old, the Office of Price Administration announced Monday.

On the basis of 35 to 40 cups to the pound, the ration means slightly more than a cup a day per person.

Retail sales will be halted at midnight, Nov. 21, Price Administrator Leon Henderson said, for a week-long freeze during which grocers will stock their shelves for the start of rationing.

The first rationed coffee will be purchased on the last stamp in the sugar ration book, stamp No. 28. Subsequent rations will be issued by working backwards through the sugar book using stamps No. 28 to No. 19 in sequence.

The War Production Board ordered OPA to take control of consumer distribution to assure an equal supply for all, Henderson said, and attributed the emergency action mainly to "excessive buying by consumers." Reports of hoarding, over-buying and runs on dealers' supplies have been reaching Washington from many cities for three weeks.

In the light of "normal" United States per capita consumption the new yearly ration rate of 10.4 pounds for each of the country's 93,000,000 adults "certainly is not a drastic reduction," Henderson asserted. It compared, however, with 16 pounds per capita in 1941 the all-time high consumption year.

Full details of beverage rationing, including the method of distribution to hotels, restaurants and other commercial users, will be given out in the next few days, OPA said.

Miss Hessburg to Serve Again as Christmas Seal Chairman in Community

Miss Margaret Hessburg has been appointed local chairman for the 1942 Christmas Seal campaign to raise funds for the fight against tuberculosis, according to an announcement received from the Minnesota Public Health association. She is one of more than 700 volunteer community chairmen, all of whom donate their services to the health cause. This is the 36th annual Seal Sale. Since the first Christmas Seals were sold, deaths from tuberculosis in Minnesota have been cut three-fourths, the state bulletin points out.

45 POUNDS OF NICKELS PURCHASE WAR BONDS

Grand Rapids.—Way back in 1934, eight years ago, when E. B. Heikkila started collecting nickels he didn't know for what purpose they would be used. He did know that they would be used for some good cause some day. Last week he turned his total collection for the eight years into War Bonds. They weighed 45½ pounds and totaled $417. The size of the collection is more remarkable when the fact that nickels have not been coined for several years is considered.

PENNINGTON CLUBS WILL OBSERVE 4-H WEEK NOV. 7 TO 14

610 County Club Members to Join in Nation-wide Observance

Pennington county's 610 4-H members have joined with fellow 4-H'ers from all over the country in dedicating the week of November 7-14 to 4-H achievement and mobilization. During that week, local boys and girls will not only join in national observances, but they will also take steps to introduce the new streamlined wartime program to all young people in the community who have not yet taken part in 4-H. County Agent Ernest Palmer is contacting all of the county 4-H clubs and urging them to enroll old and new members for 1943.

Membership in 4-H for 1943 will begin with the signing of a victory pledge card which has replaced the old enrollment card. The member pledges to do everything he or she can to achieve victory for America, especially through working with parents and neighbors in carrying out the great tasks allotted to farm people.

The card is backed up by a revised wartime 4-H program which has been announced by A. J. Kittleson, state 4-H leader. The new plan which will go into effect in Pennington county 4-H work stresses the fact that boys and girls must now take a more responsible part in working with their parents to achieve the all important food production.

Many of the former 4-H projects will be continued, but they will now be subordinate to the chief victory activities of home service and farm service. Members will receive special credit for their work in wartime production and club meetings will deal with problems that 4-H members meet in their war work.

Incentives for good work and prizes for achievement will be continued next year, although the pattern may be somewhat different.

Navy Recruiting Office Is Opened in Crookston

A navy recruiting station has recently opened at Crookston. Chief petty officer Gilbert Crandall has come from Duluth to take charge of the station which is located on the second floor of the Fredricks Building. All men living in Marshall, Pennington, Red Lake, Norman, Kittson, Clearwater, Polk, Roseau, and Lake of the Woods counties who are interested in joining the U. S. Navy or naval reserve are urged to come to Crookston to make application. According to chief Crandall recruiting trips will be made in the above mentioned counties at least twice monthly and any men who are unable to come to Crookston should watch their local newspapers for announcements of recruiting trips in their vicinity.

PUBLIC OPINION

To the Editor of The Times:

The temperance people of Pennington County, and of the 65th Legislative District in general are very much interested in temperance legislation, and particularly in any legislation that may affect our present County Option Law, and result in setting up a Municipal Liquor Store in our City of Thief River Falls.

Efforts are continually being made in our legislature to modify our present County Option Law in some way directly or indirectly. There are forces continually at work seeking to undermine our County Option Law. This is shown by the passage of the law to permit Municipal Liquor Stores in Fergus Falls, and at Ada, both of which cities are in dry counties. Efforts have been made to secure a Municipal Liquor Store in our city, and we are satisfied that certain forces are secretly at work right now in our city and county seeking to build up sentiment for a Municipal Liquor Store. These people will not come out and say so openly at this time, but they are at work all the time. They are afraid of the country vote, so they want to secure a Special Law, and take the vote away from the country people on this question, and give it to the city people alone. They try to bribe the people of the cities with the public revenues to be derived from the liquor store.

It, therefore, becomes of great importance to us to know definitely where our Legislative candidates, both for the House and the Senate stand on these questions. It is important for the voters and for the public in general to know, so that there may be no mistake about the issues.

We shall, therefore, appreciate very much if the various candidates for the House and the Senate from the 65th Legislative District will come out openly and frankly, and state definitely and clearly where they stand on the following questions, viz:

1st: May we depend upon you to work and vote against any Special Law to permit a Liquor Store in the City of Thief River Falls, or any other part of Pennington County?

2nd: May we depend upon you to work and vote against any legislation to modify or weaken our present County Option Law?

We are writing all six Legislative candidates for a statement of their position on these questions. In order that there may be no misunderstanding about the situation it would be well for the candidates themselves to make a definite, public statement in writing as to how they stand on the above two questions. Then there can be no misunderstanding.

To the above inquiry the following answers have been received:

EJNAR JENSEN, candidate for State Senator: 1. "You may depend upon me to work and vote against any special law to permit a Municipal Liquor Store in the City of Thief River Falls, or any part of Pennington County." 2. "You may depend upon me to work and vote against any legislation to modify or weaken our present County Option Law."

WALTER E. DAY, candidate for State Representative: "My answer to the 2nd question is Yes."

J. O. MELBY, candidate for *State Representative: "My answer* to your question No. 1 is Yes. My answer to your question No. 2 is, Yes".

W. E. DAHLQUIST, candidate for State Senator: "1. I have not, and do not now, favor a special law to permit the operation of a Municipal liquor store in Thief River Falls". "2. At the present time I know of no reason why our existing county option law should be changed."

CARSTEN MEAD, candidate for State Representative: No answer.

ADOLPH OLSON, candidate for State Representative: No answer.

Yours very truly,
United Temperance Movement
of Pennington County.

Restaurants Get Plea to Restrict Meat Dishes

Half portions, alternates and possibly brand new menus will be the thing in Northwest restaurants when the share-the-meat program gets under way along about the first of the year.

The War Production Board is requesting that restaurants make available half portions of meat dishes at reduced prices to help patrons who wish to cut down the amount of meat they eat. Also suggested is reduction of the number of dishes of restricted meats served each day, cutting down the emphasis on meat dishes—"juicy, thick, sizzling steaks" and the like—serving of no more than one restricted meat to a customer at one meal and providing of a number of substitute dishes and alternates for the restricted meats.

In the meantime, the restaurants and cafes are asked to maintain standard sizes at present prices, except where the price of meat to the eating house has increased.

OPA WARNS THAT CEILINGS APPLY TO DAIRY GOODS

Office of Price Administration officials warned Northwest food retailers that ceiling prices apply in full force to dairy and poultry products. The ceilings are those that were in effect between September 28 and October 2 and apply to condensed and evaporated milk, butter, cheese, malted milk, poultry and eggs. Ceilings on these products have been in effect since October 3.

HALLOWE'EN PARTIES HERE HUGE SUCCESS

Fully 1,000 Children Share in Third Community Festival

RECREATION BOARD, LIONS CLUB SPONSORS

Scores of Prizes Presented to Those Appearing in Best Costumes

One thousand local children ranging from four years old thru high school, were royally entertained Saturday at a series of three municipal Hallowe'en parties sponsored by the city recreation board in cooperation with the Lions club. Dr. E. S. Amesbury served as chairman in charge of general arrangements for the festival.

A feature of the day's activities was a costume parade staged at 7 o'clock under the direction of Mrs. Jeanette Wright, in which 500 boys and girls participated. Heading the procession were Mayor H. W. Kinghorn and a pep band. Sixty prizes were awarded the entrants, among the top winners being Darleen Solheim, Elinor Johnson and Donald Anderson.

At the evening dance for high school students, first prize for the best costume went to Jimmy Magnuson, second to Jimmy Steen and third to Doris Roisland, other awards being won by Robert Olson and Marlyce Storhaug. In addition, 10 door prizes were presented.

Judges at the afternoon party in the arena for the smaller children awarded prizes as follows: Most original costume, Marlys Windemuth and Gary Hellekson; most comical, Rose Stigen and Marlyn Elofson; most beautiful, Arlene Thompson and Jack Warner; and least expensive, Janice Hallstrom and Richard Bjorkman.

Hundreds of older children assembled in the arena in the evening for a program or organized games and apple bobbing, refreshments also being served. Costume prizes were awarded as follows: Most original, Allen Hanson and Lois Steineke; most comical, LeRoy Sumpter and LaVonne Prugh; most beautiful, Richard Selover and Ruth Jacobson; least expensive, Dale Mjelde and Marlys Windemuth.

In the course of the program Dr. Amesbury addressed the gathering, explaining the purpose of the Hallowe'en observance.

SENATOR JOE BALL URGES SUPPORT OF PRESIDENT IN WAR

Addresses Political Rally in This City Saturday Afternoon

Addressing a political rally in the Auditorium Saturday afternoon, Senator Joseph H. Ball declared it is the duty of Republicans, as the minority party in congress, to make only constructive criticism of the war effort of the present national administration, and that the objective of all must be to win the war as quickly as possible and set up a lasting peace.

Senator E. L. Tungseth, who presided, called on Paul A. Lundgren to introduce Senator Ball. John W. Padden, candidate for congress, was presented by Richard G. Mabey and spoke briefly. Theodore Quale introduced W. E. Dahlquist, candidate for state senator, while Senator Tungseth presented Carsten Mead, seeking election to the lower house of the legislature.

The meeting opened with the singing of "America", accompanied on the piano by Mrs. Gaston Ward, and at its close refreshments were served by members of the Republican women's club.

Preceding the afternoon meeting, Senator Ball and the other candidates were guests at a luncheon meeting in the Palm Garden Cafe, at which 100 persons were present. Following the invocation by Rev. G. S. Thompson, musical numbers were presented, including violin selections by the Kelly brothers, accompanied by Sister Eugenia; vocal solo by Harold Hanson accompanied by Miss Palma Jahr; and bass solos by Tony Helm, accompanied by Mrs. Walter Larson. Each of the candidates spoke briefly.

[illegible]ms for Gas Ration S[illegible]uld be Completed Ahead of Registration

Paratrooper

FRED KAVANAUGH, who has completed his training in the parachute service, has returned to Ft. Bragg, North Carolina, following a short furlough spent here.

Every northwest motorist must have in the hands of his local rationing board by Friday, November 13, a completely filled-out application form that will be the basis of his mileage rationing coupon book, OPA officials in Minneapolis said today.

These blanks will be made available to motorists in filling stations, garages, tire shops and othr coonvenient public places. They can be filled out at home and turned over to ration board representatives in the schools next Thursday and Friday. Regisurday. Registration will be cartration will be carried out in the motorists' local school districts.

The first form for a motorist to fill out concerns a coupon book for "A" mileage rations of 240 miles per month. On this form the motorist will list, in addition to his name and basic information, a complete list of serial numbers on his tires and information concerning his car. He can list only five tires and certify that he has no others. If he did, he must certify that he turned them over to the government in the idle tire program.

Also required of him is a certification that he won't drive over 35 miles an hour, keep his tires in repair and will not wear them beyond the recappable point and that he will have his tires inspected.

A motorist who believes he should have a "B" or "C" card for additional rations can make a supplementary application. He receives his "A" book at the school house, when the clerk sees that his application form is in order. Along with it, he can ask for a "B" or "C" coupon book application. These are planned for persons who need more gasoline than that provided for in the "A" book.

The "B" book will provide gas for essential needs while the "C" book is planned for motorists who can be classified as any one of 20 so-called "preferred" users, whose activities are of absolute importance to the war effort. The application for one of these books will be filled out and returned to the board, which will decide whether the motorist is qualified.

OPA WILL SURVEY SERVICE DEALERS IN CITY NOV. 12TH

All Businesses Rendering Services to Public Affected

Business men who render service to the public throughout the state will learn the requirements put on them under Office of Price Administration regulations in a five-week survey now under way, according to the office of OPA Director T. G. Driscoll.

Price analysts, equipped with the latest developments and interpretations on OPA regulations, will visit these dealers in every county, at the same time bringing to commercial clubs and trade groups information on new items that have been added to price ceiling orders.

The analysts will be in Thief River Falls on Thursday, November 12, conferring with merchants and the Civic and Commerce Association.

The service dealers, Mr. Driscoll explained, are under price ceilings as much as dealers in commodities that have been described as cost-of-living items. They must post their ceiling prices, based on their top prices during March, 1942, in a conspicuous place in their establishments. They can sell their services below these ceilings if they wish, but they cannot go above them.

Sixty separate services are covered in the price posting order, Mr. Driscoll said. They range from washing airplanes to kiln drying of sweet potatoes. Some of the services are not performed in Minnesota, but price analysts cannot overlook any possibilities as they move about the state.

Boy Scout Fund Drive Makes Good Progress, Chairman Announces

Ralph Luhman, chairman of the local campaign for funds for the support of the Boy Scout movement, reported today that the solicitors, who will wind up the drive Friday, November 6, have met with a good response from local residents. He added that a marked increase in interest in Scout activities is also evident, and that plans are under way for the organization of four additional troops in the city. Mr. Luhman asks that all solicitors report to him Friday afternoon.

120 PRESENT LAST FRIDAY TO HEAR OF RURAL BOND DRIVE

County War Board Members to Aid in Supervising Solicitation

Addressing 120 residents of rural Pennington county last Friday in the Civic and Commerce association rooms, J. S. Regan, deputy administrator of the war bond drive in Minnesota, explained details of the farm-to-farm campaign opening Saturday to secure bond purchase pledges to meet the annual quota of $205,000 for the rural sections of the county.

Paul A. Lundgren, county war bond chairman, who presided, announced that members of the Pennington war board will supervise the solicitation in the respective commissioners' districts. Carl R. Anderson will be in charge of the southwest district; Patrick W. Culkins, southeast; and Hans Solberg, east and north. These three men will be assisted in each township by from four to six solicitors.

Mr. Lundgren explained that any resident of the rural area signing a new pledge on an annual basis will be released from the monthly pledge signed last spring. It is hoped, he added, that they will purchase their yearly quota of bonds by March 1, 1943.

St. Pauli Church Will Hold Harvest Festival

At their annual harvest mission festival Sunday, members of St. Pauli Lutheran church, Rev. A. C. Skiberud, pastor, have invited Rev. O. O. Bjorgan of Goodridge as guest speaker. Rev. Bjorgan comes especially qualified to speak on the work and needs of foreign missions, having served as a missionary in Madagascar. The festival will begin with divine worship at 11:00 a. m. at which time Rev. Bjorgan will speak. A special offering for missions will be received. Following the morning service, a harvest festival dinner will be served by the ladies aid. There will be a short program also giving emphasis to the work of foreign missions in the afternoon.

ALL EXCEPT ONE CO. INCUMBENT ARE REELECTED

Mrs. Matheson Defeats Miss Judith Lockrem, County Superintendent

NEARLY 4,000 VOTES CAST IN PENNINGTON

County Attorney Race Won by Lundgren; P. W. Mabey on County Board

With just short of 4,000 votes cast in Pennington county in the general election Tuesday, of which 2,060 were cast in the city of Thief River Falls, all incumbents but one were retained in county offices, the sole exception being Miss Judith Lockrem, county superintendent of schools, who was defeated by Mrs. A. C. Matheson 2,394 to 1,661 in the unofficial tabulation.

By a safe margin of more than 500 votes, County Auditor A. M. Senstad was reelected, defeating Arthur J. Fretland, 2,266 to 1,734. In the race for the office of register of deeds, F. D. Lorentson, incumbent, won over Alfred Bredeson, the vote being 2,214 to 1,789.

One of the closest races was that for county attorney, Paul A. Lundgren, incumbent, defeating Lincoln Arnold 2,150 to 1,881. Arnold won a majority of votes in each of the four city wards, but Lundgren overcame this lead in the rural precincts. Reelected without opposition were A. R. Johnsrud, county treasurer; and Arthur Rambeck, sheriff.

Another close contest was that for county commissioner from the second district, Perl W. Mabey nosing A. B. McLaughlin by a vote of 380 to 356, the incumbent, Alfred Bredeson, not being a candidate for reelection. John Gullingsrud, sticker candidate, received 161 votes. In the fourth district, a more decisive victory was won by W. H. Mulry, incumbent, who defeated Carl Christofferson by a margin of 550 to 346.

In the congressional race, Harold C. Hagen, Farmer-Labor, led his Republican opponent, John W. Padden, in the Pennington county voting by a margin of 2,253 to 1,650. For district judge, O. R. Knutson, incumbent, carried the county by a vote of 2,029 to 1,689 for his opponent, George Hagen.

Pennington county voters gave a plurality of 38 votes to Elmer Benson over Joseph Ball, incumbent; while Hjalmar Peterson led Governor Harold Stassen 2,037 to 1,756; and in the lieutenant governor race Jule J. W. DAY AND MELBY WIN; DAHLQUIST GETS SENATE SEAT

Local Man Carries All Three Counties to Succeed Sen. Tungseth

W. E. Day of Bagley and J. O Melby of Oklee, longtime incumbent representatives in the legislature from the 65th district, were reelected Tuesday by a safe margin over their opponents, Carsten Mead of Red Lake Falls and Adolph Olson of Shevlin.

W. E. Dahlquist of this city was elected over Ejnar Jensen of Highlanding to the office of state senator from this district succeeding Senator E. L. Tungseth, by 4,655 votes to 3,403. Dahlquist carried all three counties in the district, Pennington, Red Lake and Clearwater.

Appearing elsewhere on this page is a table giving the results of the balloting in detail.

Trinity Church Parents Will Meet Next Tuesday to Discuss Scout Troop

A preliminary meeting of parents, looking toward the organization of a Boy Scout Troop at Trinity Lutheran Church will be held in the church parlors next Tuesday evening, Nov. 10th, at 8:00 o'clock. Rev. G. S. Thompson, pastor of the church, said today that his church had for some time been looking forward to the organization of such a program for boys of Scout age. The Lutheran Brotherhood, an organization of the men of the church, is sponsoring the move. A survey in the public schools, taken last spring by the Boy Scout organization, indicated that there were more than 30 boys in this age-group who wished to become members of a troop. The meeting Tuesday evening will deal entirely with the parents of these boys, and their part in the program of scouting.

STATE VOTERS ELECT STASSEN BALL AND THYE

With Three-fourths of State Reported, Governor Has 100,000 Lead

HAROLD HAGEN WINS NINTH DISTRICT RACE

Youngdahl and Gallagher are Elected to Supreme Court Posts

Republicans won every partisan elective office on the ballot save one in Tuesday's Minnesota general election on the basis of unofficial returns.

Only Harold Hagen, Farmer Laborite, was able to break through the solid Republican ranks. His opponent, John Padden, Republican, conceded Wednesday that Hagen had won the ninth district congressional seat. At that time unofficial tabulations showed Hagen leading by 560 votes, 34,472 to 33,912 in 602 of the district's 623 precincts.

Padden had led most of the way and at one point Hagen was reported almost ready to concede Padden's election.

Hagen's election will leave unchanged the division of eight Republicans and one Farmer Laborite in the state's house delegation. He will succeed Rep. Richard T. Buckler, Farmer Laborite, whose secretary he was. Buckler did not seek re-election.

The Republican victory was a personal triumph for 35-year old Gov. Harold E. Stassen. Stassen not only was elected for his third term but saw his personal choices for U. S. senator and lieutenant governor win overwhelmingly.

Unusual importance attached to the lieutenant governorship because Stassen, who holds a commission as lieutenant commander in the naval reserve, has announced he will report for active duty next spring after the legislature adjourns.

Victor in that race was Ed Thye, Northfield farmer and former state deputy commissioner of agriculture, whom Stassen picked to "carry on when I leave."

Senator Joseph H. Ball, 37-year old former newspaperman whom Stassen named to the senate two years ago after the death of Farmer-Labor Senator Ernest Lundeen, was elected to a full six year term. Both he and Stassen were strong supporters of President Roosevelt's foreign policy even before the United States entered the war.

With 2,763 of the state's 3,712 precincts reported, Stassen had 333,105, Hjalmar Petersen, Farmer-Labor 235,658, John Sullivan, Democrat, 57,840. On reports from 2,790 precincts Ball had 293,219, Elmer Benson, former Farmer-Labor governor and Senator, 166,955, Ed Murphy, Democrat, 65,135, and Martin Nelson, Independent, 84,717. Nelson filed by petition after an unsuccessful try at the Republican gubernatorial nomination in the primary. Results from 2,613 precincts gave Thye 322,855, Jule Anderson, Farmer-Labor, 184,727, and Joseph Kowalkowski, Democrat, 60,689.

To serve the two months between now—Ball's appointment to fill the vacancy expired Wednesday—when Ball's six year term will begin, voters chose Arthur E. Nelson, former mayor of St. Paul.

Seven Republican congressmen were re-elected and in the fifth district Dr. Walter Judd, former medical missionary to China, won the seat now held by Republican Oscar Youngdahl. Judd defeated Youngdahl in the primary.

To W. I. Nolan of Minneapolis, former congressman and lieutenant governor, went the honor of winning the last state elective post held by a Farmer-Laborite. He won the railroad and warehouse commissionership, now held by Hjalmar Petersen.

Two Minneapolitans, Luther Youngdahl and Thomas Gallagher, erstwhile Democratic candidate for governor, won the two supreme court justiceships to be filled at this election.

Lieut. Oleson Marries Grand Forks Girl in California October 17

In a formal military wedding, read at the flower-banked altar of the Visalia, Calif., Presbyterian church Saturday, October 17, at 8 o'clock, Miss Marjorie Louise Butts, daughter of Mr. and Mrs. A. E. Butts of Leeds, North Dakota, exchanged marriage vows with Lieutenant Clifford D. Olesen of *the United States Army Air Force.*

The lovely candle-light service was read by the Rev. Leonard Chapin Brown.

Miss Butts was escorted to the altar by Major Lynne R. Mapes, who gave her in marriage. Her handsome wedding gown was of ivory satin, trimmed with pearl beading, and her fingertip length veil was caught to a halo of orange blossoms. Her bride's bouquet was made of gardenias and orchids.

Mrs. Lynne R. Mapes was the matron of honor. Her formal gown was of aqua blue. She carried a colonial bouquet of autumn blossoms.

The bridesmaids, Mrs. George Heikes and Mrs. Robert McKee, wore powder blue taffeta moire gowns. Both carried colonial bouquets of vari-colored flowers and wore gold lockets and chains, gifts of the bride.

Little Jeanne Marks preceded the bridal party to the altar as the flower girl. Her dress was of a soft pink shade.

Bestman was Lieutenant George Hankey, a college classmate of the groom. Ushers were Lieutenant Robert Schmid and Lieutenant Arne Hanson.

Baskets of roses, lilies, and potted palms, and a profusion of autumn flowers formed the attractive background for the wedding rites, and tapers in tall candelabra gave a soft light to the scene. Large white tulle bows decorated the pews.

Mrs. G. E. Feaver played the wedding music before the ceremony. During the service she provided a soft organ background.

A wedding reception was held on the mezzanine floor of Hotel Johnson. Later the just-wed couple left for a wedding trip to Los Angeles and Hollywood. They will make their home at 520 West Willow Street in Visalia, California.

Mrs. Butts came to Visalia from Chicago, Illinois, to attend her daughter's wedding. She wore a royal blue formal gown trimmed with frothy pink georgette, and her shoulder corsage was of Cecil Bruener roses.

Mr. and Mrs. C. M. Olesen of Thief River Falls are the parents of the bridegroom. Mrs. Olesen, who attended the wedding, wore a pink moire taffeta gown. Her shoulder corsage consisted of gardenias, roses, and bouvardia.

The bride attended the University of Noth Dakota and sang with the Madrigal Club there. She has been employed for the past two years in Grand Forks, North Dakota.

Lieutenant Olesen also attended the University of North Dakota and was graduated with the class of 1942. Cracking Coconuts

There is an easy way to accomplish anything. That statement can be proven. Take cracking fresh coconuts for an example. That can be a real job or it can be a simple task. Let's skip the job and get down to the simple task. You'll find three eyes in the end of all fresh coconuts. With an ice pick punch a hole in each eye and then drain off the coconut milk. Place the coconut in a pan and heat in the oven for at least 40 minutes at 400 degrees. Remove from the oven and crack with a hammer. The shell slips away from the coconut meat without any trouble.

Auxiliary Notes

Legion Auxiliary members will meet at 7 o'clock tonight, to assist in making surgical dressings until 9 o'clock when they will have their regular meeting at the club rooms. Bring a wash dress and hair covering. This is part of our duty and contribution to help our boys in the armed forces who are fighting for us, and for justice, freedom and democracy.

Lunch will be served after the meeting. Hostesses are Mrs. C. A. Bloomquist and Mrs. Gil Reiersgaard.

GIRL SCOUT NOTES

At the regular monthly meeting of the girl scout council last Monday afternoon officers were elected for the coming year. Mrs. Halseth was re-elected commissioner, Mrs. Ferguson deputy commissioner, Miss Odell secretary, and Mrs. David Fast treasurer. The council gave a vote of appreciation to the girl scouts for their splendid girl scout window.

The following women were elected as members of the girl scout council: Mrs. E. J. Abbott, Mrs. Alfred Skarstad, and Mrs. Gunder Legvold.

Thank You!

TO THE VOTERS OF THE FOURTH COMMISSIONER DISTRICT:

I wish to thank the voters of my district and others who have worked in my behalf for the splendid support given me at the General Election.

LIBRARY NOTES

Material for a county directory of men in service is still being assembled. Bring or send in the information that will help to make this a complete record.

Important new books, dealing with present day problems and events are arriving at frequent intervals. Naturally many of these are directly connected with the war effort but at the same time, attention is being given to travel and history. Not only are people reading about foreign countries and peoples as never before but a growing interest is apparent in books dealing with America and its backgrounds.

By way of suggestion, a few of the newer books pertaining to the war are given here. There are many others. If you are interested and it is not convenient to call at the library, information will be given over the telephone until nine o'clock each night.

Seversky—Victory Through Air Power

Neuman—Behemoth

Smith—Last Train from Berlin

Marsman—I Escaped from Hong Kong

Brown—Suez to Singapore

Ziff—Coming Battle of Germany

Laurence—Dairy of A Washington Correspondent

Ludwig—Stalin

Rauschnig—Men of Chaos.

Eight Centers of Manufacturing

There are more than 3,000 counties in this country, but one fourth of everything America manufactures is produced in but eight of these counties. They are in Chicago, Detroit, New York city, Philadelphia, Los Angeles, Pittsburgh, Cleveland and Buffalo.

What You Buy With WAR BONDS

An Army motor trailer looks much like any other automobile trailer which may be seen on the highways or in the tourist's camps. The Army's trailers are used as travelling hospitals, dental clinics and testing laboratories.

These mobile surgical or dental units are hauled to their destination and the trucks released for other purposes. They cost from $1,200 to $3,000 and weigh from 1½ to 6½ tons. You can help pay for them . . . help keep our Army fit. Invest *at least ten percent* of your income in War Bonds every payday. You can join the Ten Percent Club through the Payroll Savings Plan, or buy Bonds regularly through the nearest bank or postoffice.

Teacher, pupils and parents gathered Friday afternoon at Elwell school for an afternoon of Hallowe'en fun. Games and contests. A bounteous lunch ended the afternoon all too quickly.

Big Fish Marooned

Fish were washed up on the coast of Knysna, South Africa, for a distance of 30 miles as the result of a cold current carried inshore after several days of a steady southeaster. At Zwartvlei large fish, including mussel-crackers, estimated to weigh 130 pounds, were found along the beach and quickly collected by the natives.

LOCAL RED CROSS TO HELP SOLDIERS GET ALLOWANCES

Home Service Committee of Chapter Will Render Assistance

American Red Cross field directors at Army posts and local chapters will assist soldiers and their dependents to prepare the official application form under the servicemen's dependents allowance act signed by the president June 23, 1942, Herman A. Kjos, chairman of the Pennington county chapter announced today.

Chapter home service workers and field directors are being supplied by the war department with the official forms and a booklet explaining provisions of the law. Home service committee members in Pennington county are Robert J. Lund, H. O. Berve, and Mrs. Andy Williamson.

Application for a family allowance should be made by the soldier in every case where practicable. In certain instances, however, the application may be made by relatives or dependents.

Soldiers on duty overseas may obtain application forms from their commanding officers. Relatives or dependents may obtain application forms from the nearest army installation or their local Red Cross chapter.

If the application is made by a person other than the serviceman, documentary evidence must accompany the application. On the other hand, if the soldier himself makes the application he is allowed six months in which to furnish documentary proof to the war department. Field directors will assist soldiers and chapters will aid dependents in furnishing this evidence.

Writing More Letters

Americans are writing more letters, it seems. Factories produced $63,809,808 worth of envelopes in 1909, but by 1939 the total had risen to $90,000,000, according to the census.

THANKS!

To the Voters of Pennington Co.:

I hereby wish to express my sincere thanks and appreciation for the big complimentary vote given in the General Election last Tuesday.

Thank you,

Participated in Plowing Bees for Injured Neighbors

Ben Vatsaas and Orvin Peterson know they live in good neighborhoods. Unable to work because of injuries suffered during the summer, they faced the prospect of going into next year's operations with any fall plowing, when their neighbors assembled with tractors and did the job for them.

In the upper picture, left to right, are Ben Vatsaas, Christ Jensen, Jens Kierk, Lester Halvorson, Jerald Rude, Donald Price, Theodore Berg and Edwin Swanson. Not present when the picture was taken were Morris Brenna and Elmer Latta.

Pictured below in the second group, which includes the lunch committee, in the front row, left to right, are Ray Johnson, Norman Peterson, Silas Hanson, Gordon Iverson, Herman Christopherson and John Nelson. Standing, left to right, are Mrs. Christ Norbeck, Christ Norbeck, Orvin Peterson, Reuben Bjorke, Pete Brezney, Clarence Peterson, Engebrit Norbeck, Dennis Wegge and Mrs. Clarence Peterson.

Oscar Kolstad, who has resumed his threshing near Edmore, N. D., visited relatives in St. Hilaire, Sanders, and the city yesterday and left for Duluth where he is to make his home this winter.

Mr. and Mrs. A. V. Brodin and Joyce, Marion Ulvin, and Orlanda and Pearl Kompelien motored to Bemidji Thursday to spend a few hours with Rodney Brodin and Silas Kompelien before they left on the train for the Great Lakes Naval Training Station.

Tea Now

The famous St. Bernards of this Alpine community in Mortreaux, Switzerland, who once went forth with kegs of brandy, in search of lost travelers, have reformed. They are carrying a lighter beverage—tea. The Austin canons of the 900-year-old hospice on the pass between Switzerland and Italy switched from the alcoholic drink on advice of a scientist who opined that liquor only made the freezing sicker.

Keep Oven Door Closed

In spite of temptation it is wise to keep the oven door closed for 15 or 20 minutes after a cake has started to bake. Cakes, like human beings, do not welcome sudden drafts of cold air.

LATE AUTUMN SUPPER

Creamed Dried Beef on Corn Muffins
Baked Sweet Potatoes
Cabbage and Red Apple Salad
Baked Peaches Cookies
Coffee

This autumn supper is an oven meal that's easy and just a little different from the meals you usually serve. It's inexpensive, too. Furthermore it's one of those meat-stretching meals where you can make ¼ pound of dried beef serve six to eight persons.

Creamed Dried Beef

2 tbsp. butter	⅔ cup flour (10 tbsp.)
¼ lb. dried beef, cut in pieces	¼ tsp. pepper
½ cup butter (8 tbsp.)	5 cups milk

Melt the 2 tbsp. butter in the frying pan. "Frizzle" the dried beef in this butter until the edges curl. Meanwhile melt the ½ cup butter in a saucepan. Blend in the flour and seasoning (no salt is needed). Remove from heat. Add milk slowly, stirring constantly. Return to heat, and cook until thickened . . . stirring constantly to prevent lumping. Cook about 10 minutes over direct heat or 20 minutes over hot water, to eliminate raw taste. Blend in the frizzled beef. Serve at once on hot corn muffins that have been split and buttered.

Corn Muffins

1 cup sifted all purpose flour	½ tsp. soda
1 cup cornmeal (either white or yellow)	1 tsp. salt
	1 egg
¼ cup sugar	1 cup buttermilk
1 tsp. baking powder	2 tbsp. shortening

Sift together the dry ingredients. Stir in the beaten egg, buttermilk and melted shortening. Pour into greased muffin cups and bake 25 minutes in a moderately hot oven, 400° F.

The potatoes and peaches can be baked in this same oven. The potatoes requiring about 45 minutes.

To Bake Peaches: Peel fresh peaches. Put them in a heavy sauce pan with a little water. Cover and bake about 15 minutes. When you take them from the oven, split them in two—and place a piece of butter and about a teaspoon of brown sugar in the center of each peach. The heat of the peaches will melt the butter and sugar. You'll find them deliciously different.

Flagging 'Em In on Aircraft Carrier

Infant Death Rate Drops

The infant mortality rate in New York city in 1900 was 160 per 1,000 living births, according to statistics. Within the past few years the figure has been reduced to 50 per 1,000. According to medical groups, three-fourths of the 230,000 annual deaths of American children can be prevented. Twenty-one per cent of these deaths are due to curable diseases, while 56 per cent are due to preventable conditions.

In 749 Michigan war plants 434,000 workers ride to work in private autos.

To the Voters:

I wish to thank the voters of Pennington County for the endorsement given my service as your Register of Deeds. Your favorable expression is sincerely appreciated.

HIGHLANDING

Rev. Tungseth was a caller at the Wm. Vaughan home Thursday evening. Wm. Nyheim accompanied him to Goodridge as his guest at the church chicken dinner and sale at that place.

Mr. and Mrs. Clifford Thompson and Sharon left for their home at Minneapolis Saturday, after visiting friends and relatives for the past ten days.

Miss Hobart, Extension worker, gave a very interesting talk to a group of women at the Highlanding hall on Friday. Especially interesting was the talk on pressing, which she demonstrated, and the selection of material and suitable garments for farm women who work outside.

Charles Peterson who has spent ten days at his parental home, left for the coast last week. We understand Charles, who has been working a defense plant, plans on entering the Air Corps soon.

A large crowd attended the Christ Gimmestad estate sale on Monday.

Dist. No. 37 will give a carnival at the Highlanding hall on Friday night, Nov. 13th. There will be a program, lunch and everything to make an enjoyable evening. Everyone welcome.

The Highlanding Ladies aid entertained at the church Friday. The next serving will be a chicken dinner at the Highlanding hall. Watch for the announcement later. Don't miss that dinner. They are always of the best.

Wall Street

Wall Street derives its name from the wall or palisade built by the command of Gov. Peter Stuyvesant in 1653 to protect the Dutch settlers from both the British and the Indians. The wall was removed in 1699 but the name remained.

To the Voters:

I wish to thank you for the favorable vote I received on my candidacy for county attorney. I appreciated each and every vote and the generous support.

To the successful candidate, Mr. Lundgren, I extend my congratulations, and the best of wishes.

With U. S. Fighting Men in New Guinea

There is no timber in New Guinea, and so, when it comes to building, the American soldiers learn a trick or two from the natives near Port Moresby. Before the grass thatch is put on, the beams are securely tied with strips of bark which the natives are shown peeling. In the background the framework of one house is all but completed. Little forks that two of the natives wear in their hair are solely for pleasure—the pleasure of scratching.

ROSEWOOD

FARM TRACTORS IN WARTIME

Tractors Are Important War Machines

(First of a Series of Six Articles)

By A. P. Peck

Managing Editor, Scientific American

A. P. Peck

Although the farm tractor never plunges into the thick of a pitched battle, it is nevertheless a war machine, an indispensable unit in the production of the food and fibers that make it possible for war to be carried on. Today the farmers of the United States are striving to meet a 25 percent increased demand for these materials, with less labor available than ever before, yet the tractors which are so helpful in so many phases of agriculture are being produced in ever-decreasing quantities. Hence it stands to reason that any measures that can be taken to promote top efficiency in tractor operation and to decrease wear on the machine should receive close attention. Only by such means can the farmer hope to keep up with the demand for his products and, at the same time, be fairly well assured that his tractor will last for the duration.

There are today some 1,800,000 farm tractors in use in the United States. Should only a small percentage of these suddenly break down, it would be an agricultural calamity of no small magnitude. Surely anything that can be done to prevent such a happening and to keep all of these tractors in use will come under the heading of "war effort." Therefore, the six articles of this series will point out the various ways in which the farmer can get the most service from his tractor, regardless of make or type.

Many tractor engineers will tell you that the most important factor in tractor operation is the fuel that you use. Not only does a high-grade fuel give more power than a low-grade material, but the increase in power is obtained with a decrease in wear on the working parts of the engine. If a tractor that has been running on kerosene or distillate is operated on gasoline, without any changes in the engine except colder plugs and adjustments of the carburetor and the heat control on the manifold, an immediate increase in power up to 12 percent will be found. This may not seem much, but it is a step in the right direction. If a tractor engine that was originally designed to burn distillate is converted to high compression (a conversion process that will be discussed in greater detail later in this series), the gain in power may become as great as 30 percent.

Recent laboratory and field tests made by research engineers have not only confirmed these conclusions regarding power as affected by fuel, but have also revealed some noteworthy facts regarding the wear on tractor engines when different fuels are used. In these tests two tractors were employed, one operated on distillate and the other burning gasoline. After more than 3000 hours of operation for each engine, they were taken down and the parts carefully studied and measured. The distillate-burning engine showed 89 percent more wear on rings, 135 percent more wear on pistons, 66 percent more wear on cylinder walls, 123 percent more wear on crankshaft journals, and 135 percent more wear on crank pins.

To these figures regarding engine power and wear the research men added the facts that the distillate-burning engine showed heavy oil consumption, that the engine ran hot, and that many more repairs were required on the distillate-burning engine than on the gasoline-burning one.

TO THE VOTERS OF PENNINGTON COUNTY:

I want to thank all the voters, who took part in the recent election. The fine turnout proves our belief in the American Way of Life. To those, who voted, worked, and supported me in my candidacy go my special thanks. To those, who did not vote for me, I ask that you accept the results as another ration card. I will continue in the future, as I have in the past, to give my services to what I consider the best interests of Pennington County.

Sincerely yours,

PAUL A. LUNDGREN

VICTORY IN NORTH AFRICA

After many weary months of waiting, reports from the North African front are encouraging again. There have been times before when they have been equally encouraging but the predicted knock-out punch was never delivered. This time the United Nations forces seem to have enough power to follow through and unless the Axis powers are able to throw in strong reinforcements they face a disastrous defeat in this important theater of the war.

The loss of Africa would add greatly to the difficulties Hitler is facing, forcing him to shift men and equipment to the defense of the north shore of the Mediterranean. The fact that he has not been able to give needed support to his African army indicates that this would not be an easy thing to do. The job already being done by the German army staggers the imagination. From Norway to Spain the Atlantic coast must be guarded. In Russia the battle line extends over more than two thousand miles and in the territory already conquered military control must be maintained. The problems of maintaining such a military machine must be terrific.

There is reason to believe that Hitler is not going to be able to continue to maintain it on its present scale; that his forces are now spread out too thin; and that he will be forced to withdraw to a smaller area that will be more easily defended. His army in north Africa has made it possible for him to control the Mediterranean. Once he is forced out of Africa his entire Mediterranean front becomes vulnerable. That is why the outcome of the battle of north Africa is so important even though the size of the armies involved is small in comparison with the fighting forces engaged elsewhere.

Tuesday's election did not follow the pattern predicted by the national polls of public opinion. Contrary to these predictions Republicans made important gains and while Congress is still controlled by the administration, the minority group is materially strengthened. The net result of this trend probably will be wholesome. In no sense can the administration losses be considered a blow to the nation's war effort for all candidates are pledged to a win-the-war program. The only effect this strengthening of the minority can have will be in the direction of curbing inefficiency and waste in the conduct of the war. In the interests of the war effort it is well that the administration will still have a Congress that is friendly. In the present period of emergency it would not be helpful to have Congress controlled by a party that is antagonistic to the President. We saw the bad effects of such a combination in the last two years of Wilson's administration and again in the last two years of Hoover. At the same time, under our system of government a minority should be strong enough to act as a restraining influence upon the party in power.

The end of the auction sale season is near at hand. There has been a big increase in the number of farm sales thruout the country this year which has caused considerable alarm in some quarters. We have had people tell us nervously that at the rate they are quitting there soon wouldn't be a farmer left in Pennington county. The figures, however, do not justify such fears. Last year, up to this time, 28 farm sales were advertised in the Times. So far this year the number is 34. Considering the fact that these sales, last year and this year too, have been spread out over a large territory, we can see no reason for believing that all our farmers are leaving us. Assuming that last year's record was normal, the number of sales that are directly attributable to adverse farm operating conditions is small.

A round of cheers to the good farmers who have come to the aid of distressed neighbors during the busy months of the past season. In several instances they have assembled in groups and applied mass production methods to their neighbor's work problems. Pictures of two such groups are in this issue. Less spectacular but equally deserving of mention are the hundreds of instances of co-operation between neighbors who have helped each other during an especially busy season in which it has been next to impossible to hire extra help. Under the circumstances it has been necessary for the farmers to help themselves and help each other and because they have helped each other a big job has been well done. To all of them, a round of cheers.

Coffee rationing this month will bring home to local Scandinavians a full realization of the horrors of war.

Random thought—Wonder if Diogenes with his lantern ever found that honest man he was looking for.

For the success of the third annual community Hallowe'en party a pat on the back goes to the city recreation board, the Lions club and Dr. E. S. Amesbury, general chairman, and his corps of assistants.

A patriot, we read, is a man who regrets that he has but one income to give for his country.

Billy Noonan is our authority for the statement that a lady named Polly Wogg lives in Portland, Oregon.

With shortages in all lines, what items do you suppose the federal Surplus Commodities Corporation finds to deal in these days?

Liquor prices went up November 1 as a result of additional taxes. That's one kind of tax you don't have to pay if you don't want to.

Looking Backward

1932—TEN YEARS AGO

As the first definite step toward obtaining a new post office building in Thief River Falls, bids were called for on a site for the structure.—Dick Cullum, sports writer on the Minneapolis Journal, referred to Roy Oen as the "Iron man" of the University of Minnesota football team.—The city tax rate for 1933 will be an even 100 mills, it was announced by County Auditor Harry Fowler.—H. O. Chommie was selected to give the Armistice Day address in the Auditorium November 11.—Seven inches of snow arrived locally in a late October snowstorm.—Judge Andrew Grindeland of Warren passed away at the age of 76.

1922—TWENTY YEARS AGO

Knud Wefald defeated Halvor Steenerson in the race for Ninth district congressman.—D. P. O'Neill, former resident, was to give the Armistice Day address here.—The Marshall County State bank opened for business at Holt.—Local residents travelling in 15 automobiles attended a fall festival at Grygla.—"Dr." S. R. Kirby returned to this city after having spent the past year at Northwood, N. D.—The Salvation Army was making a drive for $2,700 in Pennington county.—Olaf Neset won high honors with his Rhode Island Reds at the national poultry show in St. Paul.

Oil From Shelled Peanuts
Approximately 35 per cent oil and 65 per cent cake or meal can be extracted from shelled peanuts. The meal is used almost exclusively as a high-protein feed for livestock.

Urban Population Older
The urban population of the United States is older, on the average, than the rural population, the 1940 census discloses.

PUBLIC OPINION

Editor the Times

What is the objection to the pupils wearing slacks in school? Would it be any worse to see your daughter going to school in slacks than in a dress halfways up to her knees. It more than likely will be cold in the school rooms this year because of the shortage of fuel. I think this should be brought up before the parents and teachers of Thief River Falls.

A Mother.

Cities Decrease
Cities of 100,000 or more number 92 according to the 1940 census, a decrease of one in 10 years. But the total population of these 92 cities was 37,987,989, compared with 36,193,171 in 1930.

Four Million Philatelists
There are estimated to be about 4,000,000 stamp collectors in the U. S.

Turkey Pool
Nov. 9 thru Nov. 17
We will be dressing turkeys on the pool basis again this year, but we are starting our pool a little later to enable you to get more weight and also to help on the railroad car shortage.
With an abundance of feed and a shortage of meat, it is Patriotic as well as profitable to feed for more weight and better quality. Market only your fancy finished birds now. Feed the unfinished turkeys until they are in top condition.
PRICES ARE HIGH FOR QUALITY BIRDS
HELP WANTED! We need help to market these turkeys . . . both men and women! Apply at the Thief River Falls office.
CAPON POOL – 2 Days – Nov. 5 and Nov. 23
We will not buy poultry during the turkey pool. Please do not bring in your poultry November 2nd through 15

Wink's Length Found
How long is a wink? Dr. J. F. Neumueller, who has studied and photographed winks, knows the answer, it is reported in London. He says there are three main types. The natural or reflex, the fastest, takes from one-eighth to one-quarter of a second. The highbrow, or sly wink, used for mild contempt or to begin a flirtation, lasts from three-eighths to half a second. The longest wink expresses boredom, taking from three quarters to one whole second.

Bear Brunt of Japanese Assault

Top ranking officers in command of the marines in the battle for Guadalcanal island and the Solomons are shown in the picture at top. They are, left to right, Col. Gerald Thomas, chief of staff, Gen. A. A. Vandergrift, and Brig. Gen. William H. Rupertus, in command of the marines on Tulagi. Below, two big Flying Fortresses roar down the long runway of Guadalcanal airport, one of the prime objectives in the Japs' "all out" assault on the strategic island. The airport was built by the Japs and taken from them by U. S. marines.

Uses Most Wiping Rags
The largest user of wiping rags is the United States navy, followed by the army and air service, railroad, and bus transportation companies, service stations, municipalities, garages, machine and paint shops and others. One of the biggest individual users of wiping rags and towels in southern California now are the airplane factories. Douglas Aircraft, for example, recently bought 100,000 shop towels and 10,000 pounds of mill ends from a Los Angeles rental plant. The shop towels were dyed blue, the hand towels green.

Mineral Oil
Applying mineral oil to roasting-ear corn silk in the field is a means of repelling corn earworms, government tests indicate.

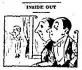
Considerate
"Oh, Mr. Blunt, this is so sudden."
"I know, but I thought you could stand surprise better than suspense."

Not Envious
I envy not the famous man
Of any time or land;
Horatius may have held the bridge,
I've held Matilda's hand.

Satisfaction
"Does Molly love Harry well enough to marry him?"
"Oh, yes; but Harry believes in letting well enough alone."

Charity
A bulldog floated on a raft,
A shipwrecked dog was he,
And people by the shore could hear
His bark upon the sea.

INSIDE OUT



"She's just full of music."
"Must be—never heard her get any of it out."

Progress
Joyner—In the good old days girls used to kiss and make up.
Rygg—Yes, but nowadays they make up first.

Me, Too
"Here's a cigar you can offer to anybody."
"Thanks—but I want one I can smoke myself."

Suggestion
Suitor—Darling, how can I ever leave you?
Father (shouting downstairs)—Bus, train, or taxi cab.

Information
Jackie—Well, what does he know?
Tommy—He knows how many bars there are in a beat, for I heard him tell mother so.

Understanding
"Does your husband try to understand you?"
"Rather. He always asks twice when I tell him anything I want."

Certainly
"Absence makes the heart grow fonder."
"So do presents."

Originality
Father — My son has original ideas.
Teacher—Especially in arithmetic.

Mystery
"I can't think why I didn't accept Ronnie the first time he proposed."
"That's easy: You weren't there."

Rare Bird
What the eagle is to the U. S. the quetzal is to Guatemala. The quetzal (rhymes with pretzel) is a rare, lovely bird with bright-green plumage, blood-red breast, fuzzy topknot, yard-long tail feathers. Quetzal is also the name of the Guatemalan money unit, and the bird's graven image appears on the national seal, coins, stamps. The quetzal was venerated by the ancient Aztecs, Toltecs, and Mayas as a colleague of the plumed serpent god, Quetzalcoatl (rhymes with pretzelrowetlee), god of metallurgy, agriculture, wisdom, health. Only priests and nobles could wear quetzal plumes in their headdress.

Missionary Convention to be Conducted in City Nov. 9 and 10

The Thief River Falls Gospel Tabernacle will be host to a missionary convention on Monday and Tuesday, November 9 and 10. The opening service will be at 7:45 p. m. on Monday, continuing with three services on Tuesday at 10 a. m., 2:30 p. m, and 7:45 p. m.

Missionaries will be present representing several foreign fields, among whom will be Mr. and Mrs. Leonard Bolton, who have spent 23 years in Southwest China, working largely among the primitive tribes and who recently returned to America, undergoing thrilling experiences by bombing from Japanese planes as they left China; Mr. Carl D. Holleman from South India, who while planning to return to India as soon as possible, may be leaving shortly for the West Indies in response to an appeal from that area; Miss Ida L. Beck, a missionary from Palestine, who has some interesting stories to tell of life in the Holy Land and God's grace in the lives of the people, both Arabs and Jews; and Miss Sophie Nygaard, who returned late in 1941 from the mission field in Liberia, West Africa, the place known as the white man's graveyard.

Immediately following the convention, Miss Zelma Argue, of Winnipeg, an evangelist well known throughout Canada and the United States, will begin a series of special meetings at the Tabernacle.

Whitey's Wonder Bar at East G. Forks Destroyed

Whitey's Wonder Bar, credited with being one of the most expensively equipped in East Grand Forks, lost interior furnishings and equipment in a fire early Sunday that started in the kitchen. All the people in the bar left safely and no one was reported injured. Grand Forks and East Grand Forks firemen brought the blaze under control several hours after it started. Brick walls saved adjoining buildings.

Lynn O. Borchert Is Now Ensign in Naval Reserve

Lynn O. Borchert, 23, son of Mr. and Mrs. William H. Borchert was among the approximately 600 men graduated from the U. S. Committee in Charge of Hallowe'en Party Gives Thanks for Cooperation

The committee in charge of the recent municipal Hallowe'en party for the children of Thief River Falls, conducted under the sponsorship of the city recreation board with the cooperation of the Lions Club, express their hearty and sincere thanks for the warm and generous response from the merchants and other citizens, Dr. E. S. Amesbury, general chairman, said today. "We are very grateful" said Dr. Amesbury, "for your generous consideration and the contributions of various kinds of merchandise, which was used to the great delight and pleasure of all the children attending. Also, there were other very necessary items of merchandise which were loaned for our use which we greatly appreciate. Our sincere thanks is extended to all who in any way participated to make this party for the children so successful."

Navy Recruiter Will be Stationed Here Nov. 13

A Navy recruiting officer from the recently opened station in Crookston will be in the selective service headquarters in Thief River Falls Friday, November 13, to interview applicants for enlistment, it was announced today.

RAYMOND W. BOTHMAN NOW AT GREAT LAKES STATION

Now wearing the Navy Blue, Raymond W. Bothman, 20, son of Mr. and Mrs. Frank J. Bothman, RFD No. 1, Hazel, is learning to be a fighter with Uncle Sam's Fleet. He reported to the U. S Naval Training Station at Great Lakes, Illinois, last week to begin recruit training.

A Navy Yard's 3,000 workers travel 60 to 85 miles, round trips, daily.

RECREATION HIGHLIGHTS

The next puppet shows will be held on Nov. 12 at 4:20 in the puppet theatre in the arena.

"The Little Vegetable Men" and two short skits will be presented. Don't forget to come, mothers, and bring the little children with you. All are invited to these very popular shows.

There has been a slight change in the schedule of hours of the quiet game room and puppet theatre; because these rooms are open on Saturday afternoons from now on until vacation.

Each day children may enjoy these facilities from 1:30-5:30, on Monday through Friday; and on Saturday from 1:00 to 4:00.

Mothers, bring your children here. Make use of this community game center.

The J. S. Club, recently organized by a group of young boys, under the supervision of Camille Dostal meet every other Wednesday from 7 to 9, in the arena game room.

The O. F. 2 Girl's Club, which has been active for several years, met Monday night in the arena game room. Officers were elected for the coming year including, Janice Siple, president; Delores Anderson, vice president; Virginia Anderson, secretary; Jane Hunt, treasurer. Plans for activities for the month of November were made.

This club meets every Monday evening. Once a month these girls write to men in service.

The gym in the arena basement is nearing completion. All boys of 14 and over, showing interest in this sport should contact Bill LaFave.

Mature Rapidly

Dahlia plants that are permitted to follow their own inclinations become bushy; they mature too rapidly and the wood becomes hard. Inferior flowers always result. To overcome this, experienced growers resort to disbudding and pruning. Pruning means limiting the number of branches to each plant. One of the outstanding authorities on dahlias claims that only one good shoot should be allowed to develop, all others being removed as soon as possible. Since dahlias are fall flowers, August is too soon to allow flowers to develop. For this reason it is well to pinch out the first bud that shows in the center of the branch.

Monkeys Shed No Tears

Monkeys do not shed tears when they grieve. Some scientists say it is because they do not have deep emotions.

Dad Bombs Japs

Frederica Dollenberg, in arms of her mother, coos at picture of her dad, Capt. Ferd Dollenberg, Flying Fortress pilot in Australia, whom she has never seen. "The start of a Fortress raid," said Dollenberg, former football star, "is like the start of a football game."

Police Chief Reports Youngsters Behaved Nicely on Hallowe'en

That Thief River Falls children were unusually well behaved on Hallowe'en Saturday night was the verdict of Police Chief L. W. Knadle after a week-end checkup. He attributed the repression of destructive instincts to the well-attended Hallowe'en parties staged in the arena and Auditorium under the sponsorship of the city recreation board and Lions club. The only serious damage reported was the breaking by stone-throwers of windows on the second floor of the building occupied by Knute's Place on LaBree av. at First st.

Jens Offerdal, Pioneer Settler, Dies Oct. 30; Rites Held November 2

Funeral rites were held in the Lutheran church at Middle River on Monday, November 2, for Jens J. Offerdahl who died at the home of his daughter, Mrs. Don Green, on Friday, October 30. Rev. G. T. I. Bergee of Middle River conducted the rites.

Mr. Offerdahl was born in Aardal Sogn, Norway. After working at the shoe maker trade in Bergen for seven years, he was married in 1880 to Mari Hanson and together they came to Hanska, Minn., where they farmed for six years. In 1890 they drove in a covered wagon with a team of oxen to Holt and farmed there 25 years. Finally they settled in Middle River where Mr. Offerdahl was in the shoe repair work for 25 years until he became ill four years ago. A month ago he moved to Thief River Falls where he lived with his daughter, Mrs. Don Greene until his death. He had been married 62 years, and was 85 at the time of his death.

Surviving are eleven children, Mrs. Christ Engen of Holt, Mrs. Wm. Boyd of Fargo, N. D., Ole Offerdahl of Thief River Falls, Mrs. Ed Roll of Seattle, Wash., Mrs. Henry Jrigler of Sioux Falls, S. Dak., Henry Offerdahl of Litchville, N. Dak., Mrs. Adolf Johnson of Fargo, N. Dak., Alfred Offerdahl of Thief River Falls, Ingwald Offerdahl of Grand Forks, N. Dak., and Mrs. Donald Green of Thief River Falls. Also surviving are 37 grandchildren and 12 great grandchildren.

Six of Mr. Offerdahl's grandchildren are in the armed forces, namely, Chief Carpenter Charles C. Boyd of the U. S. Navy, Captain Kenneth G. Boyd of the Army Air Corps, Lieut Wm. S. Boyd in the army, Pfc. Leeland Offerdahl, Melvin A. Offerdahl in the marines, and Clarence Offerdahl.

Petty Officer in Navy Addresses Rotary Club

The United States Navy was the subject of a talk by Chief Petty Officer Crandall of the recruiting station at Crookston, given Tuesday noon at a meeting of the Rotary club in the Evelyn hotel. In behalf of the club, Dr. A. E. Jacobson presented a gift and recognition card to Dr. Warren J. Hanson, who is leaving the city shortly to become affiliated with the Navy.

Funeral Rites Held at Home for Edward Koskela Today at 2

Last rites are being held this afternoon at 2 o'clock at the Koskela home near Plummer for Ed Koskela, who died Monday, Nov. 2, at a local hospital. Rev. Andrew Konorne of Floodwood, Minn., conducted the rites and interment will be made in the Finnish Lutheran cemetery. Mr. Koskela was 72 years old at the time of his death.

Surviving are his wife: two sons and one daughter, Carl and William Koskela of Plummer, and Mrs. Edward Wahl of Westbrook; two brothers, Matt of Westbrook, and John of Finland; and six grandchildren. Mr. Koskela was born in Finland on November 6, 1869.

CONSUMER NOT ENTITLED TO TRADE IN OLD RUBBERS

Old rubber boots or work shoes, turned in by consumers in connection with purchases of rationed new men's rubber boots or work-shoes, do not entitle the consumer to a credit on the price of the new articles, the Office of Price Administration has decided. Announcement of this rule was made to avoid any misunderstanding of the method of pricing. The articles are governed by ceiling prices. The dealer, OPA explained, won't realize any profit out of the surrendered footwear. It can't be sold as second-hand garments but only as scrap at a low figure.

Keeping Score

With BUCK OLSON

Beginning the Long Grind

Coach Bill Kottke called the Prowlers out for their first basketball practice of the season this week, and of last year's ten-man tournament squad, five players—Jack Melby, Milt Reierson, Don Berg, Bob Powell, and Homer Matheson—were on hand to form the nucleus for this season's club. Johnny Campbell, Lenny Lorentson, Orrin Pederson, Guernsey Gjernes, and Bob Paulson, are the Prowlers of the 1941-42 team that are missing, with the first four boys having graduated, and Bob having moved out of town.

Although only one regular (Jack Melby) is returning for this season's play, the prospects for the blue-and-gold can be rated as being fair-to-good. In captain Jack Melby, Coach Kottke has the finest center prospect in the region, and if Jack can only get the knack of controlling the ball around the basket and take his share of the shots, well, Jack will be one of the district's high scorers. Jack could out-jump every center in the region last year.

Strong Reserves

In addition to the experienced Reierson, Berg, Powell, and Matheson, the Prowlers have a number of strong reserves that will make bids for positions on the squad. Lanky Bob Abbott, Bud Eide, Bob Wright, Mark Leverson, Gordy Preathy, Billy McKechnie, Loren Buoen, and Norman Furuseth, are some of the boys that will make the lettermen sprint to hold their varsity places. And last year's freshman squad will shove such boys as Bill Bye, Manny Forsberg, Virg Evenstad, and Chuck Richards into the varsity mill.

Kottke plans on employing a fast break offense, much in the style that was utilized by Harry Newby last year, so the boys won't be getting an entirely new system. Three tall, rangy boys, with two smaller and faster boys at the forwards, is the line-up that Kottke would like to find, and judging by the squad material, I think that he'll find such a line-up.

Another 600 Total

Emil "Dusty" Dostal, rolling with the Eagles team in the Business league Friday night, mussed up Oscar Cerny's Mint alley pins for game of 192-219-189 and an even 600 total. Dusty had three "blows" during the series, too, but marked up 15 strikes, 11 spares, and he ran into only one split.

A Doctor of Philosophy

Grant "Vas" Mickelson, a 1931 Prowler graduate, was awarded a Ph. D. by Ohio State University this fall. Vas, who was one of the stars of the 1931 Prowler basketball team, attended North Dakota A. C. and as a sophomore won a place on the A. C. team that copped the North Central basketball championship. He then transferred to the University of Illinois, losing one year of athletic competition by the transfer, and played one year of Big Ten basketball for the Illini, and graduated from that school with a B. S. in 1936. Vas moved over to Ohio State to take up post-graduate work, specializing in agronomy, and incidentally, he persuaded his brother Gil to enroll at the Buckeye school. Gil, you know, later became captain of the Ohio State basketball team.

Here He Comes

It's perhaps good strategy to inform the military authorities that Lenny "Pudge" Hellquist left here yesterday for induction into the army. They should be fore-warned.

Pudge was pretty owly because I took him out of the line-up of Thor Williamson's 1940 baseball team. Lenny played outfield, covering the territory five feet on each side of the right field foul line, and I can't understand how I forgot him. I'll never forget, and neither will manager Thor, when, with the score tied and no one out in the 12th inning, Pudge, who had singled to open the inning, tried to steal second base on Louis Benson, and he was thrown out by twenty feet. As the saying goes, his head was full of larceny but his feet were honest.

No fooling, though, Main avenue and Third street will be pretty quiet with Lenny gone.

Miscellany

LaRue Anderson has been transferred from the mine-sweeper U. S. S. Howard to the battleship U. S. S. Arkansas.—Jimmy Connor, nifty guard on the 1941 district basketball champions, had a few days leave and visited here last week. Jimmy is in the Navy, being stationed in Louisiana, a member of a PT torpedo boat unit.—Louis Benson, who pitched ball for the locals and Plummer, and who later was baseball coach at Gustavus, is in the Naval Air Corps, based at Corpus Christi, Texas. Sam Chapman, outfielder with the Philadelphia Athletics and former All-American football player at Stanford, is also at the Corpus Christi base.—Sammy Long, Cass Lake's lanky and high-scoring center, left for the Great Lakes Naval Station this week.—Jack McCormick, all-state guard on Bemidji's 1936 state basketball champions, is in the Army Air Corps, and has been stationed in England for several months.—Morry Rupprecht, home on furlough from Camp Hood, Texas, tells of meeting Heinie Waag down there. Heinie is in an anti-tank division, and doing all right, too, for Morry reports that Heinie is a corporal.

FUEL OIL RATION FORMS SHOULD BE SENT IN AT ONCE

Office of Price Administration Requests Prompt Action

Northwest householders who use *fuel oil of any kind—from distillates in oil burning furnaces to kerosene to start the kitchen range*—should have their ration forms filled out and sent to their local ration boards at once, the OPA suggests.

Speed in getting the forms made out as soon as the householder gets them is essential, the OPA said, because the applications must be processed and the amount of oil or kerosene for each applicant determined by special formula. A good plan, OPA officials said, would be to fill out the forms and mail them to the board within 24 hours after getting them.

Officials said, too, that it is of utmost importance to answer the questions concerning area of each room and the entire house. This figure is obtained by multiplying the length by the width of each additional room. The result is the area. Householders do not need to use the exact measurements of a room if it runs a few inches over or under an even foot. They should use the nearest foot, and in cases where a measurement runs into a half a foot, the next higher foot can be used. Thus, a room that actually is 10 feet, three inches, by 10 feet, six inches, should be put down as 10 feet by 11 feet. Multiplied together that would be 110 feet, the area of the room.

Application forms are being sent out now.

"Hellzapoppin'" Film Offering at the Avalon Theatre This Week-end

"Hellzapoppin'", movie production based on the stage comedy of the same name, will be presented at the Avalon theatre Saturday, Sunday and Monday with Olsen and Johnson, stars of the stage play, in the leading roles. Others featured in the huge cast are Martha Raye, Hugh Herbert, Mischa Auer and Jane Frazee.

"Wings for the Eagle", a film crammed with action and romance, will be the offering at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. The picture features Ann Sheridan and Dennis Morgan in the top roles, the cast also including Jack Carson, George Tobias and Russell Arms.

WPB SLASHES TIRE CHAIN PRODUCTION SIXTY PCT.

Tire chains, most valuable of all winter accessories to the northwest motorist, have been cut to a small part of their former output, the War Production Board said today. The reduction amounts to about 60 per cent, but 21,000 tons of carbon steel will be saved for the war effort. Slower driving and less of it, public officials said, will mean less skidding and hence a reduced need for these items. The number of chains a producer can make has been reduced from 14 to 3 and the number of sizes in some types from 22 to four.

Motor vehicles are the only means of transportation for 18 million non-farm rural workers, many of them war workers.

Win in Ladies' Butter Judging Contest at Wadena

Pictured above are the winners in the ladies' butter judging contest held in connection with the recent Red River Valley Dairymen's association convention in Wadena. Left to right: Mrs. C. M. Pesek, Crookston, 1st; Mrs. Albert Lindor, Hewitt, 2nd; Mrs. Joe Hanson Jr., Wadena, 3rd; Mrs. Earl Sorensen, Deer Creek, and Mrs. A. J. Vorgert, Bluffton, tied for 4th place. In this contest the ladies were given six tubs of butter, each tub of butter being of a different quality and grade. The ladies were required to sample and grade this butter according to the official grades which were previously made by expert butter judges.

OPEN SEASON FOR DEER CONTINUES NOVEMBER 15-25

Commissioner W. L. Strunk Describes Area Open to Hunters

W. L. Strunk, state conservation commissioners, announced this week that the statutory deer hunting season will open in Northern Minnesota Sunday, November 15, and will continue thru Wednesday, November 25.

It was announced that no deer may be taken except in the area north of the following described line:

Beginning at the North Dakota-Minnesota boundary at East Grand Forks, thence southeast on U. S. Highway No. 2 to the junction with U. S. Highway No. 59 at Erskine; thence south on U. S. Highway No. 59 to Detroit Lakes; thence southeast on U. S. Highway No. 10 to its junction with State Highway No. 87; thence east and north on Highway No. 87 through Menahga and to its junction with State Highway No. 64; thence south on State Highway No. 64 to its junction with U. S. Highway No. 10 at Motley; east on Highway No. 27 to Onamia; thence south on U. S. Highway No. 169 to Milaca; thence east on State Highway No. 23 to Mora; thence south and east on Highway No. 65 to its junction with State Highway No. 70; thence east on Highway No. 70 to the Wisconsin-Minnesota boundary.

Rural Schools Signing for Library Service

Rural school boards wishing to have library service for the present year should make arrangements before the first of December, Mrs. Hazel Halgrim, librarian, stated today. Teachers who are teaching for the first time in the county may be unaware of the service that is offered. There are plenty of good books and ample service can be assured if proper arrangements are made in time.

Carelessness Toll High; 99 Pedestrians Killed in 1st 10 Months of '42

One hundred and seven pedestrains and bicyclists were killed in Minnesota during the first ten months of 1942, according to a report just completed by Minnesota Highway Department. An analysis of the causes of these accidents shows that of the 107 persons killed either as pedestrians or bicyclists during this period, 72 per cent of the pedestrians lost their lives because of their own carelessness, and 99 per cent of the bicyclists were killed because they were violating traffic laws.

Some of the high spots of this report show that:

(1) 71 of the pedestrians killed (72%) would still be alive had not they themselves violated pedestrian traffic laws.

(2) Out of the 99 pedestrians killed, 23 were fatally injured because motorists refused to yield the right-of-way, and of the eight bicyclists killed none of the fatal accidents were the fault of the automobile driver.

(3)—Out of the total number of pedestrians killed, four involved hit-and run drivers.

The analysis shows that of the total number of pedestrians involved in fatal accidents, 68 were in urban areas and 31 in rural areas. Of the bicycle riders involved, in fatal accidents, three were in urban areas and five in rural areas.

Mrs. I. W. Kinder of Crookston Succumbs

Mrs. I. W. Kinder, 61, a lifelong resident of Crookston and for many years prominent in church and club circles of city, county and state, passed away Sunday morning at a Crookston hospital following an illness of but a few days from a heart ailment. Active in club circles, she was a member of the Woman's club, serving first as its president from 1921 to 1923; again in 1925-26 and again in 1938 to 39. She was president of the Ninth District Federation of Women's clubs from 1932 to 1935 and was second vice-president of the Minnesota Federation of Women's clubs during 1940-41. THIS STORY SMELLS! SKUNK IS INVOLVED

Worthington. — Probably the funniest story to be related of the pheasant season opening is this one. It wasn't funny for the hunter, however. Game Wardens A. H. Getty and Art Johnson, busy checking carefully on motorists shooting from their cars, noticed a man riding along on the rear bumper of a car some distance ahead of them. Thinking he might be doing some illegal shooting from that vantage spot, the gardens followed the car, keeping close watch. Finally tiring of trailing the car without seeing a shot fired, they pulled up, stopped the other car—and then learned what was going on without a word being spoken. The rider had stepped on a skunk while hunting pheasants and his companions had banned him from the inside of the car until some of the smell wore off.

FAITHFUL OLD PRINTING PRESS GOES OFF TO WAR

Park Rapids — After giving more than a half century of faithful service, turning out hundreds of thousands of letterheads, envelopes, handbills, tickets and other miscellaneous printed matter, a venerable printing press has been given to the Hubbard County Salvage Committee by The Enterprise. It added 650 pounds of scrap iron to the county collection. Known as a "Pearl", the press was made by the famous Golding & Sons printing press manufacturers of a bygone day.

WAR CUTS DOWN ON KITCHENWARE

Cast iron kitchenware types have been cut from 200 to about 12, the War Production Board says in explaining a new order that will force housewives to become accustomed to fewer cooking utensils for the duration. Some 6,170 tons of pig iron and scrap iron will be saved annually by the order. Some familiar types of cast iron ware are eliminated entirely by the order, while in others, the cast iron content is reduced heavily.

Here's Something New in Upside-down Cakes...

Gingerapple Pudding!

...a cozy, homey, inexpensive gingerbread baked with sliced apples—a layer of each! Remember, gingerbread is fashionable these days—it takes so little sugar! This combination is delicious and attractive, and easy to make. Try it soon!

You'll need 3 apples...½ cup sugar...¼ cup water...and the following ingredients for the

GINGERBREAD:

1½ cups sifted GOLD MEDAL "Kitchen-tested" Enriched Flour...½ cup sugar...1 tsp. soda...½ tsp. salt...½ tsp. ginger...½ tsp. cloves...½ tsp. nutmeg...½ tsp. cinnamon...1 egg...½ cup molasses...½ cup hot water...¼ cup shortening, melted

CUT cored, pared apples into eighths. Cook in a syrup made of the sugar and water until about half done. Drain off any excess syrup and spread apples evenly over bottom of a very well greased 8" square cake pan.

Make gingerbread batter as follows: Mix and sift flour, sugar, soda, salt and spices together. Beat egg, add molasses and hot water, and stir into dry ingredients. Blend in melted shortening last.

Pour Gingerbread batter over apples. Bake about 40 minutes in a moderate oven (350°). Serve warm with sweetened whipped cream, hard sauce, creamy sauce, or any desired sauce... Makes 8 servings.

Perfect results guaranteed only with Gold Medal "Kitchen-tested" Flour

THERE'S never any uncertainty about your baking results when you use Gold Medal Flour and the Betty Crocker recipes that come in the sacks. This combination cannot fail you!

Try the recipes for Gingerapple Pudding and Chocolate Drop Cookies printed in this advertisement. Cut them out and save them.

Use Gold Medal "Kitchen-tested" Enriched Flour with them. All our recipes, of course, are tailored to fit that flour.

Remember that more women use Gold Medal Flour than any other. And the Betty Crocker recipes are the most popular of their kind.

There must be a reason. And you'll see what it is when you try this combination. It's simply this: you don't have baking failures when you use this flour with these recipes.

Every batch of Gold Medal is tested by the Betty Crocker staff. Tested for all-purpose baking results.

Make Gold Medal your baking standby. It's made by General Mills, Inc., Minneapolis, Minn.

ONLY ⅓ CUP SUGAR FOR 48 DELICIOUS DROP COOKIES!

½ cup Shortening...⅓ cup Sugar...⅔ cup Dark Corn Syrup...1 Egg...2 sq. (2 oz.) Unsweetened Chocolate (melted)...1¾ cups sifted GOLD MEDAL "Kitchen-tested" Flour...½ tsp. Salt...½ tsp. Soda...½ cup Buttermilk...1 cup coarsely Chopped Nuts

CREAM shortening, add sugar gradually; cream well. Add corn syrup gradually, and beat well. Then gradually add the well beaten egg and melted chocolate. Sift flour, salt, soda together, stirring into creamed mixture alternately with buttermilk. Blend in chopped nuts with last addition of flour mixture.

Drop by teaspoonfuls (2 in. apart) on a greased heavy baking sheet (if kitchen is warm, chill dough first). Bake 12 to 15 min. in moderately hot oven (400°). Makes about 4 doz. When cookies cool, spread icing thinly over tops.

NO-SUGAR CHOCOLATE ICING

18 Marshmallows (4 oz.) cut in quarters...2 sq. (2 oz.) Unsweetened Chocolate...3 tbsp. top Milk

COMBINE marshmallows, chocolate, top milk in saucepan, over low heat. Stir constantly till chocolate and marshmallows are melted, well blended. Remove from heat. Let cool till thick and fudgey (the consistency to spread easily). Enough for 20 cookies.

NEWFOLDEN

Blackout Last Friday Evening

A signal by the ringing of the church bell at eight o'clock last Friday evening a total blackout was witnessed in Newfolden, only a couple of lights in the west end of town could be seen, but by the end of ten minutes not a light could be seen anywhere. Automobiles were stopped in the outskirts of town and lights were turned off, even the freight train which just pulled up to the depot and was switching complied by dimming the engine headlight. The wardens were all on duty to see that all lights were off, with Mayor Amundson patrolling the main street to see that everything was in order. The blackout worked to a perfection and Mayor Amundson wishes to thank everyone for the quick response to the signal and order of the wardens. The blackout lasted about twenty minutes.

FARM MACHINERY DEALERS TO FILE INVENTORIES NOW

State War Board Chairman Says Reports Are Due by November 10

All farm machinery and equipment dealers, distributors, and manufacturers must file inventories of certain types of their stocks with county farm machinery and equipment rationing committees, or with the state USDA War Board, before November 10, Charles W. Stickney, War Board chairman for Minnesota, announced today.

"An amendment to the temporary farm machinery rationing order "A" greatly reduces the types of machinery and equipment for which dealers, distributors, and manufacturers were asked to file inventories as of October 31," he said.

Dealers, distributors and manufacturers should file their reports as follows:

1. If business is limited to less than 6 counties of the same state, then the report must be filed with the county USDA War Board in which the principal place of business is located.

2. If business is carried on in 6 or more counties of the same state, the report will be filed only with the state USDA-War Board.

3. If business is carried on in two or more states the report will be filed only with Fred S. Wallace, special War Board assistant to the secretary, Room 3065 South Building, Department of Agriculture, Washington, D. C.

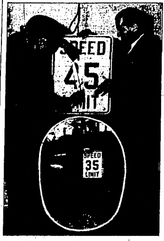
35 MILE SPEED LIMIT MADE OFFICIAL



The 35 miles an hour wartime maximum speed limit became fully effective on all state trunk highways in Minnesota this week with the posting of the new speed limit signs by State Highway Department maintenance crews. Highway Commissioner M. J. Hoffmann (right) and C. L. Motl, Maintenance Engineer, are shown inspecting the process of changing the signs from 40 to 35 miles an hour in one of the Highway Department's shops. Inset, Victor Truax, a Maintenance Division employe, is shown placing one of the signs on a trunk highway.

No new steel was used in altering the speed limit signs to comply with the new nationwide wartime traffic regulation, decreed by the Office of Defense Transportation. When the signs were originally changed to 40 miles an hour, plastic "transfers" were simply glued on, over the old speed designation. With the re-zoning of all trunk highways by order of Commissioner Hoffmann, a new set of "transfers" were glued on top of the old, thus reducing to a minimum the cost as well as the utilization of metal.

Growing With Your Child

Institute of Child Welfare,
University of Minnesota

How About Your Child's Speech?

Many very small children do not speak distinctly enough so that they can be understood by anyone except their parents. However, when they get out with other playmates, or in school they are likely to become social outcasts, unless they can be understood by the other children. No one wants to play with them. One little girl I know of had no playmates as she had been brought up in South America, and when she came to the United States her language was such a mixture of Spanish and English that she could be understood by no one. She was left alone for almost a year by other children, until she learned English and could converse and join in the other children's play.

It may be that you have grown so accustomed to your child's speech that you haven't noticed any peculiarities. Listen to him objectively and see if others can understand him. There are several reasons why a child of two and one-half or three years may have failed to make a good beginning in language development. Probably the first thing to do in seeking the cause is to examine the child's hearing. Take him to a good doctor and have him diagnose the case.

Mental retardation may be another cause. All studies of feeble-minded children show language retardation. But because the child is late in starting to talk may not mean mental slowness. It may be that the child does not have an adequate model to copy. Those caring for a child may not think that there is any need to talk to him; or, the conversations that he hears may be above his level of comprehension and imitation. Reasonable speed and clearness of enunciation are essential when talking to young children.

At the other extreme from too little attention may be that of too much, so that the child has no need to learn as his every wish is granted without having to ask for anything.

Give your child enough experience both within and outside of the home so that he will have something to talk about. A home that is rich in variety of experience and sets a good language model for the child to copy usually provides a desirable background for language growth.

From where I sit . . .

by Joe Marsh

Thad Phibbs' house got struck by lightnin' a couple of nights ago. The kitchen chimney was knocked off and the roof set on fire, and Thad found things pretty lively and excitin' for a spell.

The fire was soon out though, thanks to the prompt and efficient work of the local fire department, as the paper says . . . and I never seen a man so grateful as Thad.

Chief Ed Carey was sort of embarrassed, I guess, by the thanks that was bein' heaped on him.

"That's all right, Mr. Phibbs," he says. "That's all right, sir—*that's what you pay taxes for.*"

• • •

From where I sit, I'd say Chief Ed's remark seems to have a lesson in it . . . a lesson on the way that taxes come back in mighty real benefits to the people.

Take the taxes on beer, for instance—more than 1½ *billion* dollars, I hear, figurin' federal, state and local, in the nine years since beer's been back.

There was a time—remember—when a lot of that money went into the pockets of bootleggers and blind pigs. But today it's coming right back to the treasuries of the nation, the states and the local communities . . . for the benefit of everybody.

• • •

Some goes, for example, to pay for the things Uncle Sam needs to fight the war with . . . for tanks and ships and bombers.

Quite a lot goes for things like public health, and education, and good roads and the like.

And some of it, I surmise, has gone to support the fire company that gave Thad such good service the other night.

• • •

To moderate folks, who like a friendly glass of beer now and then, there's a sort of satisfaction in knowing that *right now* this beverage of moderation is furnishin' the public treasuries well over a *million* dollars every single day.

That's quite a lot of money—especially nowadays when Uncle Sam needs every cent he can get hold of.

Joe Marsh

RESERVISTS GO SATURDAY TO FORT SNELLING

Will be Assigned to Duties after Furlough at Homes Here

SHORT PROGRAM TO BE GIVEN AT AUDITORIUM

Five Additional Reservists to Go from City Sunday and Monday

The group of Pennington county reservists who have been home on furlough following their recent induction into the U. S. Army will leave Saturday morning, November 14, shortly after 7:30, from the Auditorium in this city for Fort Snelling, where they will receive their assignments.

Sponsoring a short program in honor of the new soldiers are the Lions club, American Legion post and Junior Chamber of Commerce, all affiliated with the Civic Service Organization. Dr. Edward S. Amesbury, chairman, announced that the program will include selections by the Lincoln high school band and a prayer by Rev. G. S. Thompson, pastor of Trinity church, following which diaries, service kits and Legion manuals will be presented to the young men.

Included in the contingent leaving Saturday are Clifford E. Overum, John M. Borgen, Erdmann L. Pearson, Lyle A. Rolland, Reuben C. Hoffman, Stanley E. Johnson, Merle C. Vigness, Ahrlin E. Lien, Clifford B. Johnson, Leonard W. Hellquist, Elgin J. Loeffler, Norman L. Boutain, Raymond A. Dietz, Vernon C. Thorstad, Alfred W. Olson.

Ernest M. Grindeland, Oscar Johnson, Bernard O. Williams, Alfred C. Sorenson, Harlan B. Huseth, Arnold Thompson, Henry N. Amiot, Henry A. Christopherson, Willard M. Swanson, Leonard M. Furuseth, Harry A. Swanson, Arnold J. Nordahl, Ernest O. Lien.

Wilfred Stephanson, Goodridge, and Richard Shoberg, Mavie, will leave Sunday, while departing Monday will be Rudolph Hruby, Goodridge; Melvin Jorde, Route 2, City; and Robert Douville, City.

FAIR ASSOCIATION HOLDS ITS ANNUAL MEETING TUESDAY

Group of Businessmen to be Dinner Guests Preceding Session

The annual meeting of the Pennington County Agricultural society, sponsor of the county fair, will be held in the Pine Cave of the Palm Garden Cafe next Tuesday evening, November 17, at 8 o'clock, A. F. Berge, secretary, announced today.

Mr. Berge stated that preceding the meeting, dinner will be served at 6 o'clock to association members as well as to local businessmen who cooperated in the merchants' free prize awards given at the 1942 fair.

At the business session reports covering the 1942 fair will be presented, and four directors will be elected, three for three-year terms and one for one year. Those whose terms expire at this time are S. E. Hunt, president; Harry R. Lund, Robert J. Lund and W. M. Ferguson.

Bible Lecture Series Will Open Next Sunday

Rev. David K. Olson, who came to this city last summer to take charge of nine churches in this district, will open a series of Bible lectures next Sunday, November 15, in the Friendly church at East First st. and Conley av. His topic Sunday evening will be "Will Hitler meet his Waterloo, or who will rule the world?", while Tuesday evening he will discuss "Crime—America's danger and disgrace."

Mrs. Brokke's Nephew Dies in Auto Accident

Mrs. T. S. Brokke received word Monday evening that her nephew Clarence A. Sorenson of Grand Forks, N. D., had been killed in an automobile accident near Rochester. He was on his way to Rochester to receive a medical check-up at the Mayo clinic when the accident happened. His parents are Mr. and Mrs. Hans C. Sorenson of Glentana, Montana, formerly residents of this city.

Farmers to Get Ample Gas under Ration Plan

Field Scout Executive

QUENTIN S. GONSER

Of Devils Lake, N. D., who recently established his headquarters in Thief River Falls to serve as field executive with the Lake Agassiz council of the Boy Scouts of America. He was born in Bagley, and is married and the father of two daughters. He has attended the national training school for Scout executives at Mendham, New Jersey.

Of course, there won't be the free and easy "fill 'er up" system of buying gasoline when the mileage rationing program goes into effect November 22, but by and large, the northwest farmer will be cared for adequately.

That's what OPA rationing officials have to say about the distribution of gasoline to farmers in connection with mileage rationing registration in the public schools this Thursday and Friday. The regulation is aimed at cutting down and slowing down America's travel to a mere fraction of what it used to be.

Agriculture, however, is an essential industry. Farmers are in the preferred classification, therefore, and will be entitled to all the gasoline they need to carry on their business. But the OPA rationing officials make it quite clear that gasoline allowance will be for business and not for pleasure driving.

Farmers, like all other drivers, will be entitled to gasoline for 1,080 miles of pleasure driving thruout the year, based on an average of 15 miles per gallon. These 1,080 miles will be counted as part of the 2,880 miles the farmer may drive for combined business and pleasure driving on the basic "A" book.

But because he is a preferred user, the farmer will be entitled to a "C" book, as well, "for transportation of farm products and necessary farm supplies between farm and market, shipping point or point of delivery or between one establishment and another."

These "C" books contain 96 coupons good for four gallons per coupon. They are intended for use over a three-month period. The books will be arranged by the rationing boards to fit the needs of the individual farmer.

The farmer, however, must show that his use of these coupons is for business purposes, and not for hunting, fishing or visiting trips for a total of 1,080 miles permitted in his "A" book, but whatever use is made of the "C" book coupons will have to be for his business purposes.

A farmer who uses his "C" book gasoline for unauthorized purposes, however, may have to explain it to a federal judge, because penalties running up to a maximum fine of $10,000 and 10 years in prison are provided for violations of the mileage rationing program.

Gasoline cannot be transferred from one car to another or from one purpose to another, such as gasoline for tractors, stationary gas engines and stoves. Gasoline for these purposes will be issued on "E" or "R" books. "E" books will be issued to small users who would want but a gallon at a time, while the "R" books will go to those who need gasoline in quantity for non-highway purposes.

Farmers who have trucks must present certificates of war necessity issued by the Office of Defense Transportation to obtain gasoline books for these vehicles.

EDUCATION BOARD GIVEN REPORT ON SCHOOL FINANCES

Outdoor Skating Rinks Will be Installed at Three Schools

The local board of education at its November session Monday evening heard a review by Supt. Morris Bye of the report of the interim committee on education now being completed for submission to the 1943 session of the state legislature. Substantial changes in the present system of state aids are contemplated.

The board approved a proposal to maintain skating rinks as in the past winters at the Knox, Northrop and Washington schools. It was also decided to secure for the commencement speaker next year Supt. I. T. Simley of the South St. Paul schools, who about twenty years ago served as superintendent in this city.

Supt. Bye listed among coming events a masquerade dance for juniors and seniors in the high school gymnasium Friday, November 13; junior class play in the high school auditorium November 20; a free public concert by the Lincoln high school band November 22; and Thanksgiving vacation November 26 and 27.

Penalty for Late Auto Registration Nov. 17th

Motor vehicle owners have only a few days left in which to obtain their 1943 license plates without payment of a penalty. An extra charge of 25 cents for delayed registration becomes effective Tuesday, November 17, and the penalty increases to fifty cents November 18 and to $1 November 19, remaining at the latter figure thru November 30.

Dr. O. F. Mellby Attends Post-graduate Assembly

Dr. O. F. Mellby returned last week from Chicago, where he attended the International Medical Assembly of the Interstate Postgraduate Medical Association of North America at the Palmer House. Among the speakers who addressed the gathering was Admiral Ernest King, commander-in-chief of the U. S. Fleet.

Engelstad Dairy Herd Will be Sold Nov. 18th

Probably the oldest herd of dairy cattle in this locality, the property of the Peder Engelstad estate, will be sold at auction Wednesday, November 18, starting at 10 o'clock in the morning, on the Engelstad farm three miles south of Thief River Falls and one mile east. The herd includes seventy head of purebred and high grade Guernsey cattle, in addition to which six horses and a large amount of machinery will be disposed of.

THIEF RIVER FALLS PLANE SPOTTING CENTER IN DIST. 8

Lieutenant Harold Solberg Takes over Duties Here as Inspector

Thief River Falls last week was designated as headquarters for District No. 8 of the Minnesota airplane spotting service, and Lieutenant Harold F. Solberg arrived to take over the duties of instructor-inspector.

Lieutenant Solberg's function will be to perfect an organization of spotters in each county to act in time of need. County Highway Engineer J. A. Erickson is director for Pennington county.

Counties included in District 8, one of eight into which the state is divided, are Kittson, Roseau, Lake of the Woods, Marshall, Pennington, Polk, Red Lake, Clearwater, Mahnomen and Norman.

Junior Class Play to be Given Friday, Nov. 20th

Members of the junior class in Lincoln high school will make their bow as actors when they appear in their class play, "Plane Crazy", to be presented in the high school auditorium Friday evening, November 20, at 8:15. The plot is built around the activities of a youth who wants to learn to fly a plane over the objections of his father. The play will be presented under the direction of Roy Struble.

Collections of Current Taxes in Pennington Co. Total $284,858 to Date

A. R. Johnsrud, county treasurer, reported today that collections of current taxes for this year to November 1 aggregated $284,858.12 in Pennington county, compared to $297,610 for the corresponding period in 1941. While the amount collected this year is slightly less, the difference is more made up by a decline of approximately $20,000 in taxes levied for 1942.

BOARD PREPARES TO GET SERVICES OF COUNTY NURSE

Appoints Public Health Nursing Committee at Session Tuesday

Looking forward to securing the services of a public health nurse in Pennington county in 1943, the county board at its November session Tuesday appointed a public health nursing committee including Dr. O. F. Mellby, Dr. G. A. Penney, O. M. Mandt, representing the county board; Mrs. A. C. Matheson, county superintendent of schools-elect; and Mrs. C. M. Adkins.

At the same time a resolution was adopted calling for a contribution of $800 from the state to aid in financing the services of a nurse.

The board also voted to accept five completed graveling projects. Action on the adoption of the county budget for 1943 was deferred to a special session of the board to be held later this month.

STATE DRAFT HEAD CLARIFIES STATUS OF MARRIED MEN

Reclassification into 1-A Group Will Continue, Says Nelson

Announcement that married men will not be drafted in Minnesota until at least next January does not mean they will not continue to be re-classified into the 1-A group, Col. J. E. Nelson, state selective service director, said Wednesday in St. Paul.

There are enough available unmarried men to fill the December draft quota and at least part of the January quota, Colonel Nelson said. If congress passes the teen-age draft bill, married men presumably will not be called until next spring or summer.

Meanwhile, however, process of reclassifying married men without children will go forward as it has the past several months, to build up a reservoir of 1-A registrants.

"None of these men will be inducted until all single men have been called," Colonel Nelson said. "Local boards can not issue induction orders for these men until state headquarters gives them authority to do so, and we will not give that authority until all single men have been called."

Colonel Nelson emphasized that by "married men" he meant only those who were married early enough to be eligible for dependency deferment under draft rules not those who married after start of the war emergency. The latter are already being drafted.

Soo Line Superintendent Is Rotary Club Speaker

W. W. Wade, division superintendent of the Soo Line in this city, was the principal speaker at the luncheon meeting of the Rotary club Tuesday noon in the Evelyn hotel. He discussed the railroad industry in general, and also dealt with activities on the local division. Also speaking briefly was Glenn Wilson of the U. S. Navy, now home on furlough, who gave interesting sidelights on his experiences.

Boy Scout Executive Is Junior Chamber Speaker

Quentin Gonser, Boy Scout field executive who recently established his headquarters in this city, discussed the Scouting program last Thursday evening at a meeting of the Junior Chamber of Commerce in the Palm Garden Cafe. There also was a round-table discussion of activities of the Junior organization.

COUNCIL ACTS ON VARIETY OF CITY AFFAIRS

Clifford Overum, Entering Army, Resigns Post as Alderman

SOME CITY WORKERS ASK PAY INCREASE

Farm Security Office Asks Council's Aid in Providing Quarters

Less than the usual amount of business was brought up for consideration at the regular November session of the city council on Tuesday evening. At the close of the meeting Clifford Overum, who some months ago was appointed to serve as alderman from the third ward succeeding the late John Baker, announced his resignation effective Saturday, when he leaves to enter the U. S. Army. No action was taken at the session on the appointment of a successor.

City Clerk P. G. Pederson submitted a letter from the Fire Underwriters Inspection Bureau commenting on a survey of the city made in September to determine whether Thief River Falls is entitled to a lower fire insurance rate classification.

The latter outlined numerous improvements, as well as the adoption of the fire prevention ordinance, which it said would be necessary before the city could be advanced from Class 8 to Class 7, with a resultant lowering of fire insurance rates of from five to eight per cent.

H. W. Thelander, manager of the local office of the Farm Security administration, was present to ask the council to assist in providing quarters for the agency, federal funds, he said, being no longer available for this purpose. He added that the FSA is working to rehabilitate lower income farm families and has outstanding loans of about $500,000, while from seven to ten persons are employed in the local office.

Mr. Thelander's suggestion that the use of the old Central school for this and other semi-public agencies be negotiated with the board of education was endorsed by Senator E. L. Tungseth. Members of the council, after pointing out that the project was a county as well as a city responsibility, voted to rent the building and supply light and water provided other arrangements could be made for heating the building and providing whatever alterations were needed.

A letter was read from Mrs. G. L. Hiddick, secretary of the Pennington county chapter of the American Red Cross, thanking the council for giving up the council chamber to the Red Cross for use as a surgical dressing workroom.

Fulltime employes of the fire department and filtration plant submitted a request for salary increases, action on the matter being deferred to a later meeting.

Trinity Church Will Dedicate New Flags Next Sunday Morning

Dedication of new flags for Trinity Lutheran church will take place at the morning service next Sunday at 11:00 o'clock. The choir procession will be led by a Boy Scout carrying the American flag and an altar boy with the Christian flag.

Rev. G. S. Thompson, pastor of the church, announced that the service roll carrying the names of all the young people from Trinity church now serving in the armed forces of the country will be read. The list now totals approximately seventy-five men and women. Prayers for our nation and her allies, and for our young people in the service will be spoken.

The hymn, "God Bless Our Men", written in England by E. Sparrow, and set to the melody of "Abide With Me" will conclude the service. The parents and immediate families of the young people in the service will be given seats of honor at the church. Everyone is welcome to attend.

Linotype Operator on Times Leaving for West

Miss Jewel Klevestad, who has served as linotype operator on the Times staff the past fifteen years, will leave Friday for Los Angeles, California, where she expects to obtain employment in a defense industry. During her years of residence here, Miss Klevestad has been an active member of the American Legion auxiliary as well as of the auxiliary drum corps.

Ready to Go to Sea

Four sailors who have completed their basic training at the Great Lakes station and who are now ready to go into active duty were home on leave this week. Left to right, they are Robert Rasmussen of Thief River Falls, Clarence Haugen of Plummer, Warren Wilson of Hazel and Elmer R. Johnson of Thief River Falls. They report back to the training station for assignment with outgoing units.

Impressive Program Marks Armistice Day

900,000 lbs. of Turkeys Shipped from City for Thanksgiving Market

Approximately 900,000 pounds of turkeys will have been shipped from Thief River Falls by this evening, destined for the Thanksgiving market in the East, the total being considerably ahead of the figure for the corresponding period of 1941. An exact comparison is difficult owing to the fact that, due to wartime restrictions, 30,000 pounds of the birds are being loaded in the average car this year, compared to 20,000 pounds a year ago. Marketing for the Thanksgiving season will continue until Tuesday, November 17.

HARRISON OFFERS COURSE IN INCOME TAX FOR FARMERS

Sessions to Open in Lincoln High School Tuesday Night, Nov. 24

A five-weeks course, with meetings two evenings each week, will open Tuesday evening, November 24, at 8 o'clock to assist farmers of this community in figuring their income taxes payable in 1943, it was announced today by Harold P. Harrison, agriculture teacher in Lincoln high school, who will serve as instructor.

Pointing out that under the new schedules nearly all farmers will be called on to pay income taxes, Mr. Harrison stressed the importance of keeping accurate records of farm business.

The sessions will be conducted in Room 106 in the Lincoln high school building, and word has been received from Mr. Knutson of the state department that farmers will be allowed to obtain the gasoline necessary to drive into the city to attend the course of study.

Volunteer Committee Appointed to Aid in Christmas Seal Sale

Volunteer workers who will assist in the Christmas Seal campaign, which starts November 23, were named today, by Miss Margaret Hessburg, local chairman. They are Mrs. B. Borreson, Mrs. Hans Chommie, Mrs. L. R. Hartz, Mrs. N. H. Holzknecht, Mrs. V. Kelfenheim, and Mrs. C. K. Geston.

All workers donate their services to the cause.

High tribute to voluntary aid given to the tuberculosis campaign, including that by newspaper editors, is given in a letter from Doctor E. A. Meyerding, executive secretary of the Minnesota Public Health Association, made public by the local committee today. He points out that tuberculosis deaths have been cut three-fourths in Minnesota since the sale of Christmas Seals began.

U. S. Navy Recruiter Coming to City Nov. 20

A representative of the U. S. Navy recruiting station at Crookston will be stationed in the selective service office in Thief River Falls Friday, November 20, to interview applicants for enlistment, it was announced today.

Impressive Armistice Day rites, commemorating the ending of the first world war in 1918 were conducted Wednesday morning in the Lincoln high school auditorium under the auspices of the local American Legion post and auxiliary unit. Dr. A. E. Jacobson presided.

The program opened with a short concert by the high school band directed by Donald Rogers, followed by the advancement of the colors by the Legion color guard and the invocation by Rev. Charles W. Erickson.

Rev. G. S. Thompson, pastor of Trinity church, delivered a thoughtful address well suited to the spirit of the occasion. Armistice Day, he said, commemorates the end of a war that cost more than twelve million lives, which were sacrificed to end a threat against democracy. Professional statesmen, he pointed out, failed to fulfill their responsibility to establish a lasting peace, and they therefore were traitors to humanity.

The aim of the people today, Reverend Thompson said, is still the same as it was in 1918, for they are driving ahead to another armistice, determined not to pass up another opportunity to set up a permanent peace.

Two selections were rendered by the high school chorus, one of them, "America the Beautiful" with solo part by Kenneth Mullen. The program closed with a moment of silent tribute to the memory of the World War dead, followed by the sounding of taps and the retirement of the colors.

CIVIC GROUP WILL CONDUCT EVENING MEETING TONIGHT

Office of Price Administration Analysts Will be Speakers

Three analysts from the Office of Price Administration, who are conducting a survey of local business places today, will address a meeting of the Civic and Commerce association at 6:30 this evening in the association rooms, L. W. Rullen, secretary, announced today.

The analysts will explain regulations affecting seasonal commodities, foodstuffs, coal dealers, rubberized footwear and agencies giving various services to the public.

At last Thursday's luncheon meeting it was decided to proceed as in the past and place holiday decorations in the streets in the down-town district. The association will purchase the material, which will be put in place by city employes.

High School Masquerade Party Friday, Nov. 13th

In defiance of the jinx, the annual Lincoln high school junior-senior masquerade will be held Friday evening, November 13, in the school gymnasium. Serving on the committee in charge of arrangements are Jewell Warner, chairman; Marion Welo, Don Berg and Merle Holmgren.

40 & 8 Unit Will Elect Its Officers Saturday

The Thief River Falls voiture of the 40 & 8 will conduct its annual election of officers at a meeting to be held Saturday evening, Nov. 14, Alex Cloutier, chef de gare, announced today, adding that the session will be conducted in the Legion club rooms instead of at the Palm Garden Cafe as previously announced.

RATIONING OF GAS IS POSTPONED TO DEC. 1

Motorists Required to Fill out Blank in Advance of Registration

Mileage rationing goes into effect December 1. On Thursday and Friday of this week—November 12 and 13—Minnesota motorists register for gas coupons in the nearest district schoolhouse, between the hours of 4 and 8 p. m.

In Thief River Falls registration will be conducted at the Knox, Northrop and Washington schools, motorists being expected to go to the school that serves their locality. The work of registering automobile owners will be conducted by teachers in the grade schools assisted by members of the high school faculty.

Chairman George W. Werstlein announced today that no ration books will be issued at this time to persons who have put their cars in storage for the winter. Such motorists, he said, may register later on at the office of the ration board on the second floor of the Northern State bank building.

Application forms can be obtained from filling stations, garages or representatives of county rationing boards. Motorists should fill out applications before bringing them in for actual registration. Persons whose last names begin with A through M should register today, November 12, and those through the rest of the alphabet Friday. Hours will be from 4 to 8 p. m.

Each motorist is entitled to an "A" coupon book, good for 240 miles of driving per month on an average basis of 15 miles to the gallon. Of this, 90 miles can be for family driving and 150 for business.

Motorists must furnish the following information:

Description of automobile, which can be obtained from state automobile registration card, serial number of the five tires motorists are permitted to have for each car. Most of the information can be obtained from the automobile registration card. Where motorists, such as in Minnesota, may not have their registration cards in their possession because of having turned them in for 1943 licenses, they may sign an affidavit to that effect when they apply.

Motorists who believe they must have more gasoline than provided for in the basic "A" coupon books, may make application later for "B" or "C" books to their local rationing boards. "B" books may be issued to persons driving to and from work and who share their car with three other persons needing transportation. Farmers and others who can qualify for listing in the "preferred group" may receive "C" books later on to supplement their business needs for gasoline. Applications for "B" and "C" books may be obtained at the schools when motorists register. These are to be mailed to the local rationing board for processing.

Motorists who do not register at their nearest school houses at this time must wait until November 24 to register.

The office of price administration at Washington announced Tuesday postponement of nationwide rationing of gasoline from November 22 to December 1 because of "unavoidable delays" in the distribution of coupon books and other necessary forms. The date set previously was November 22.

Betty Crocker KITCHEN CLINIC

THEY'LL EAT AND EAT AND EAT!

Here is something different in dinner rolls. Different and super-delicious! But I warn you. Make an extra large batch, because they'll be popular. You'll be rewarded by seeing guests and family, eat and eat as long as there's a crumb of these delicious rolls left.

How Are They Different?

To begin with, they are much richer than most rolls. They are made from a very soft dough—and when baked they are rather thin—some might call them underraised. But that's the way they are. So do not fear you've made some horrible mistake when you see that they are not high and puffy. That's not their nature. They are thin and crusty, wonderfully tender, and even more wonderfully delicious. Certainly this sounds like extravagant praise. But just watch and listen when they are served. See how many times you're called on to refill the bread tray. Then you'll understand.

[illegible] ROLLS

1 cup unseasoned mashed or riced potatoes (packed lightly in cup)
1½ cups scalding hot milk
⅔ cup shortening (not too cold)
2 cakes compressed yeast
½ cup sugar
2 tsp. salt
4 to 4½ cups SIFTED all purpose flour
2 tbsp. butter, melted

Put mashed potatoes in mixing bowl. Then stir in the hot milk and shortening. Let stand until lukewarm (about one-half hour). Add crumbled yeast and sugar and salt. Sift and measure flour. Add about one-half of it. Beat it with spoon until almost smooth and very elastic (batter will fall from spoon in "sheets"). Beat in melted and cooled [illegible]. Add most of the remaining flour and work it in with the hand (possibly using the minimum amount) until dough is possible to handle. Mix well.

Turn dough onto lightly floured board and cover. Let stand 10 minutes to tighten up. Then knead until smooth and elastic. Roll out ½ inch thick. Cut into rounds with biscuit cutter. Fold like parkerhouse rolls. Let rise on lightly greased pan until double in bulk, 1 to 1½ hours. Bake 15 minutes in a hot oven, [illegible]° F.

With Gratitude . . . and Regret!

It is not easy to retire from business when one has served as long as we have served the people of Thief River Falls and vicinity.

Therefore, we add to our gratitude for past friendships and patronage our sincere regret that conditions have made it desirable to dispose of our business here.

Mr. M. C. Gullbranson, to whom we have sold our interests, comes to us well recommended with 20 years of service to his credit as funeral director and embalmer at Erskine.

We ask for our successor your continued goodwill . . . and again, we thank you.

CARL B. LARSON

To the People of the Thief River Falls Community

In announcing the purchase of the Larson Funeral Home I wish to thank Mr. Larson for the courtesies he has shown me and express the hope that I will be able to maintain the high standard of service he has established.

It is my intention to continue his policies of fair dealing. I have had many years of experience as a Funeral Director and feel that I am well qualified to carry on in his place.

I am pleased to announce that Axel Ander will continue his work as assistant director, and Mrs. Gulbranson, who is a licensed assistant, will also work with me.

We will operate under the name

Gulbranson Funeral Service

Our office phone number will continue to be 61 and we will be glad to answer night calls at our residence, phone 890-W.

Our facilities are also available for prompt ambulance service.

Ralph Bush was a business caller at Warren last Monday. Mrs. Bush accompanied him to Thief River Falls and spent the day at the Charles Thompson home.

Broiled Foods

Broiled foods are among the most healthful of all the cooked foods. By this method of cooking we preserve food values more easily and surely than by many other methods. The direct flame of the broiler may be graduated to the desired intensity for the job to be done. And the distance from the flame is dependent upon the thickness of the food to be broiled.

In the well-designed broiler we find the smokeless type of broiler pan. This means that the excess fat drops away from the food eliminating the deadly disintegration of frying. And the smoke consuming flames do away with cooking fumes as well.

Captured in Battle With British Corvette

In a midnight Atlantic ocean battle the corvette Dianthus rammed and sank a U-boat which had been imperiling United Nations supply lines. After the U-boat was blown to the surface with depth charges the Dianthus rammed it four times. A number of German prisoners were picked up by the Dianthus, which rejoined her convoy in time to rescue survivors from a torpedoed merchant ship. Here are some of the U-boat prisoners disembarking from HMS Dianthus at a British port.

FARM TRACTORS IN WARTIME

Taking Care of Your Tractor

(Second of a Series of Six Articles)

By A. P. Peck

Managing Editor, Scientific American

Wartime demands on the American farmer for the production of 25 percent more food and fiber than were produced during 1941 mean that he now has to do more with less than ever before. Especially do these demands mean that the farm tractor—along with every other piece of farm machinery—must work longer hours for more days of the week and will probably have to last for the duration.

A. P. Peck

Faced with this situation, and with the problem of a scarcity of new parts, it is up to the farmer to do everything possible to keep his tractor going and to get the most out of it with the least wear. How this can best be done is summed up by the engineer's term "preventive maintenance"—taking good care of equipment, in everyday language, so as to stop trouble before it starts.

The instruction book that came with your tractor gives recommendations for preventive maintenance, but all too often this book has been lost. If yours is not available, make a mental note now to get one from the service department of the manufacturer. In the meantime, however, there are many things that you can do to insure that your tractor will be as free as possible from trouble and that it will give its best service at all times.

Dirt is the worst enemy of machinery and a tractor has to work in dirt most of the time. That is why the manufacturers have provided means for helping you to keep dirt out of those parts of the tractor where it does the most damage. The air cleaner, for example, prevents dirt from entering the cylinders where it acts as a grinding compound on cylinder walls, pistons, and valves. But the cleaner will not do its job properly unless you take care of it. It should be serviced, or at least checked, once a day. If the tractor is operating under unusually dusty conditions it may be good economy to service the cleaner several times a day. This servicing consists of removing the cup, cleaning it thoroughly, and refilling with the weight (S. A. E. number) of oil recommended by the manufacturer. While you are at it, take off the crankcase breather caps. These are miniature air cleaners which keep dirt out of the crankcase and they should be washed periodically and dipped in clean engine oil before replacing.

Your oil filter is another protector against dirt and should have regular attention. If it is replaceable or has a renewable element, put in a new one at the interval specified by the manufacturer. Permanent filter elements in cleaners should be removed and thoroughly washed at regular intervals—usually about twice as often as most farmers do it. Make a record of the times when these jobs are done so that you will know when they should be repeated.

Keep dirt out of your fuel also, first by keeping the fuel in clean containers, and second by keeping your carrying cans and funnels free from dirt. Also be sure to clean the sediment bowl and carburetor screen when necessary. They can do their job only when clean, and this job is the important one of preventing dirt from reaching the carburetor jets.

And don't ever forget about lubrication. Keep your tractor properly greased, following the manufacturer's chart or instructions, and drain the crankcase regularly, refilling with oil of the correct grade. This is particularly important with tractors which use distillate as fuel, with such fuel crankcase dilution and sludging are at a maximum and frequent oil changes are absolutely necessary.

ARMISTICE DAY

Yesterday was the 24th anniversary of the signing of the Armistice that was heralded joyfully thruout a war-weary world as the dawn of a peace that would be perpetual. We had fought and won the war to end wars. Now the world would disarm; the causes of wars would be removed and nations would settle their differences peacefully in international courts of justice.

As we look back upon that period and the years that followed we know that mistakes were made. We know that because of those mistakes it is now necessary to fight that war over again. It isn't important now who made the mistakes. Some were made by us and some were made by others. It is important however that the mistakes be recognized lest the same ones be made again.

Progress is made largely by the trial and error method. An old adage tells us "experience teaches a dear school but fools will learn in no other." Our hope now is that this foolish old world of ours will have learned its lesson from the two bitter experiences of world war and that out of these experiences will come the wisdom that will make possible a just and lasting peace.

There is reason to believe that we of this generation have learned the lesson. It is popular now to urge the establishment of an international authority that will be strong enough to maintain law and order thruout the world. But, alas, our willingness at this time to subscribe to the theory does not mean that in a dozen years we will be willing to make the sacrifice necessary to put the theory into practice.

As pointed out by C. J. Hambro when he spoke here, the creation of any international tribunal with sufficient power to enforce its authority requires a sacrifice of sovereignty by all nations, including our own. The only alternative is that the world be governed by a group of powers, retaining their sovereignty as independent nations, but enforcing their authority by agreement among themselves.

These problems, with which we are going to be confronted when the war ends, are not going to be easy to solve. They are not problems that can, or should, be solved by the English speaking peoples of the world alone. World peace cannot be maintained without the support of the great Russian nation, and recognition must be given to the needs of the people of Asia where the bulk of the world's population is concentrated.

The next Armistice may be a long way off or it may come soon, but whenever it comes it is going to bring us problems that in many respects are going to be more difficult than the problems of the war itself. In many ways that period is going to require a braver leadership than the war requires, and there is going to be needed a greater enlightenment and restraint among the masses of people than ever before.

Transportation is one of the nation's big headaches. There is plenty of coal but railroads can't move it fast enough to supply the demand. There is plenty of oil but railroads can't move it fast enough to supply the demand. There is plenty of many of the commodities consumers need but the railroads can't move them fast enough to supply the demand so there will have to be curtailment of consumption. The public has recognized the fact that war supplies must move first and make whatever sacrifices are necessary without a murmur. But now, believe it or not, some government official has ordered the railroads to slow down the movement of freight. Our railroads must not move commodities faster than they can be moved by truck and trucks are slowed down to conserve tires. Trains still move just as fast as they did between stops but cars are tied up in terminals waiting for the delay that has been prescribed by the government. The railroads, already incapable of meeting the peak demands of the war period, are forced into inefficiency at a time when the country is urged to speed up all forms of production. Such things add to the difficulty of denying ourselves cheerfully.

Now we know that the men who have managed America's military affairs have not been asleep on the job during these long months of waiting for action. We know now that the constant drain upon our resources has been for a purpose. The smoothness and the speed with which our forces took over more than a thousand miles of North African territory is indeed gratifying, and no doubt just as discouraging to the Axis powers as it is encouraging to us. In many respects the achievement surpasses anything Hitler has been able to perform in Blitz tactics. The truly remarkable thing about this show is the secrecy with which it was planned and put into execution. It was a huge undertaking, requiring months of preparation and involving the efforts of millions of people, and yet it came as a complete surprise. To our commander in chief President Roosevelt, to our secretary of state Cordell Hull, to the chiefs of our army and navy and to the American soldiers and sailors who have performed so admirably, a round of cheers.

LOCAL NEWS

Mr. and Mrs. John Johnson returned yesterday after spending a few days in the twin cities.

Carl Green returned to the city this morning after being employed in Minneapolis for several months.

Miss Effie Angell, teacher at New York Mills, Minn., spent the week-end with her parents, Mr. and Mrs. Gust Schilbred.

Leonard Furuseth and Misses Ethel Furuseth, Lorraine Geving, and Viola Jorgenson spent Tuesday and Wednesday in Grand Forks, N. D. They visited in Fargo before returning home Wednesday evening.

Wayne Bredeson, son of Mr. and Mrs. Alfred Bredeson, is expected to return this week from Minneapolis to recuperate from an operation for acute appendicitis. Wayne left for Minneapolis three weeks ago to enlist in the Army Air Corps.

Buster Anderson, son of Mrs. Glen Anderson, spent the week-end in Minneapolis.

John Borgen returned last night after spending a few days visiting relatives in Larimore, Grand Forks, and Michigan.

Miss Phyllis Steen will leave tomorrow night for Minneapolis to visit with her sister Eleanor who is attending the Minnesota School of Business.

Miss Marjorie Hellquist will leave tonight for Minneapolis after spending a few days at her home. She is attending the University of Minnesota.

Wallace Olson, son of Mr. and Mrs. C. J. Olson, arrived in the city Friday to spend a furlough at his home. Wallace is a surgical technician in the army at New Orleans, La. He intends to return to Louisiana tomorrow.

While Mrs. Esther Plough was in the cities attending the American Legion and Auxiliary conference, she visited at the home of her mother, Mrs. Mary Soards in Robbinsdale; her sisters, Mrs. Louis Yell, of Robbinsdale; and with another sister, Mrs Rex Heck at Glenwood.

Mrs. Josephine Schmidt will leave with Miss Jewel Klevestad for Los Angeles, Calif., to visit with her sister, Mrs. L. Larson, and with friends. The latter will be employed there.

SOMETHING NEW APPLE MERINGUE PIE

The apple crop has been particularly good this year.

Right now, that means lots of apple desserts, so here's a grand new one to add to your list of stand-bys—Apple Meringue Pie.

Use the reddest apples you can find, preferably McIntosh, and do leave the peel on when you cook them and rub them through a sieve afterwards. The color will be so much prettier and the texture will be nicer too.

- 4 medium sized apples (about 1 pound)
- ½ cup water
- ½ cup beet sugar
- ½ teaspoon grated lemon rind
- 4 tablespoons butter
- 2 egg yolks
- 2 egg whites
- 4 tablespoons beet sugar
- 1 baked pastry shell, 8 or 9 inches

Cut apples into small pieces—do not peel or core. Stew with water until soft. Rub through a sieve. Put into top of double boiler. Add sugar, lemon rind, butter and beaten egg yolks. Cook over boiling water until thick. Pour into baked pie shell. Make a meringue of egg whites and sugar. Spread on pie and bake slowly at 325 degrees until lightly browned.

THANK YOU

I wish to express my appreciation to the voters of the 65th Legislative District for electing me to the office of State Senator. This will be my first experience in public office and I know I have much to learn in a field of activity that is new to me.

I look forward to the assignment, however, as an opportunity for useful public service, and I will do my best to justify the confidence of those who supported me.

While I am reasonably well informed on the general problems of our district, there no doubt are many special problems of individuals or communities in their relation to the state on which I am not informed. In any matters of this kind in which I may be helpful, please call them to my attention as soon as possible in order that I can get the necessary information organized before the legislative session opens.

At all times I will be glad to have your suggestions. Thank you.

What You Buy With WAR BONDS

The 50-caliber Browning machine gun is one of the most efficient short range weapons used by U. S. Fighting forces. It is effective at ranges up to 2,000 yards and fires about 600 forty-five caliber bullets per minute.

One of these guns costs about $1,500, while a thirty-caliber machine gun costs approximately $800. Our fighting forces need thousands of these rapid-fire guns. Even a small town or community can buy many of them by uniting in the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick. *U. S. Looking Backward

1932—TEN YEARS AGO

New members elected to the county board include O. G. Leo in the first district and H. W. Kinghorn in the second. Franklin D. Roosevelt, making his first run for the presidency, carried Pennington county over Herbert Hoover by a two-to-one margin.—A substantial part of the Goodridge business district was destroyed by fire.—Dr. and Mrs. G. A. Penney arrived from Detroit Lakes to resume their residence here.—Mr. and Mrs. M. T. McFarland attended the funeral of the former's mother in Marseilles, Illinois.

1922—TWENTY YEARS AGO

The Merchants association subscribed $350 for the purchase of furniture for the Legion club room. — Wallace Benson, Helen Satre and Virgil Denhart exhibited lambs at the Junior Livestock Show in South St. Paul. — The election last week resulted in the passage of a constitutional amendment providing for the establishment of a rural credit system.—Alfred Flattum averaged 14 tons of sugar beets to the acre on a 14-acre tract.—Lake of the Woods county was created out of the northern end of Beltrami county as the result of the vote taken in the recent election.—Mrs. C. O. Granum passed away at her home November 14.

PUBLIC OPINION

Editor the Times:

It has come to my attention that there are forces working to get a liquor store in Pennington county, which naturally would be located in the city of Thief River Falls. I ask this question *of the people:*

What good is revenue derived from the physical, moral and spiritual degradation of a percentage of the people?

What You Buy With WAR BONDS

It is imperative that the ship lanes be kept free of ice. With American troops occupying Iceland and the Navy using the northern route for transportation of supplies to Russia, ice breakers are essential to Naval operations. The ice breaker is a specially constructed ship with heavily armored bows and powerful engines that crush the ice floes rather than ram through them.

Ice breakers of the Kickapoo class operating in the North Atlantic cost approximately $10,000,000. You can help our Navy build these ships by investing *at least ten percent* of your income in War Bonds every payday. From where I sit . . .

by Joe Marsh

LAST Saturday night we were settin' around Jeb Crowell's house, and from upstairs we hear the squawks those Crowell youngsters put up while their Ma was dunkin' 'em in soap and water. Causes Jeb to comment:

"Just shows how times change. Used to be a law here in America that nobody could take a bath without a doctor's prescription!"

• • •

Then we got talking about the funny laws some people have put through in this country—like the state where they made it against the law to wake a man up if he's sleeping on the railroad tracks.

"Railroad law I once heard about," says Basil Strube, the stationmaster, "said when two trains meet at an intersection, neither can proceed until the other one has gone ahead."

"How could that be a law?" asks Pete Swanson. "That just don't make sense."

"Lots of laws don't make sense," says Jeb. "Why just think! We're livin' in a land where most folks hold for tolerance and understanding. And yet it wasn't so long ago we had a law of Prohibition. Account for that, if you can."

• • •

Well, he had us there. Here's America—where we set so much store on seein' the other fellow's point of view—havin' such a law. Now that it's all over, it's hard to realize how people put up with a law like that, even as long as they did.

• • •

From where I sit, a man's got every right to enjoy a satisfyin' glass of beer when he wants to quench his thirst. Beer's a friendly drink. It's a drink of moderation, too. And most folks—even the ones that *don't* drink beer themselves—are *tolerant* enough, nowadays, to respect the rights of folks who do.

I reckon Jeb was right—we've had some mighty strange laws in this country.

REORGANIZATION OF SOO LINE GOES FORWARD RAPIDLY

Plan Approved by Commerce Commission and Federal Court

Reorganization of the Soo Line railroad went ahead rapidly Monday with federal court approval of a plan that would provide one of the fastest reorganizations of a major railroad on record.

The plan, already approved by the Interstate Commerce commission, received the approbation of Federal District Judge Gunnar H. Nordbye Saturday. It was hoped the road would be out of the bankruptcy court by midsummer of 1943.

The plan wipes out $37,000,000 in preferred and common stock; eliminates a $25,044,406 claim of the Canadian Pacific railroad for cash advanced to the Soo Line; reduces capitalization from $197,661,894 to about $95,000,000; and provides for continuance of a traffic relationship with the Canadian Pacific.

Control of the road will be in the hands of five voting trustees until December 31, 1950. The CPR will choose three of the trustees and has the option to purchase 83 per cent of the stock alloted to others at $2 per share. If this option is exercised the CPR will control 45 per cent of the total stock of the Soo line.

"U" to Refresh Lawyers on New Income Taxes

Minnesota lawyers seeking the latest information on the complicated income tax laws of the United States have been invited to attend a postgraduate legal course in income taxation which the University of Minnesota will conduct December 7 through 12 in its Center for Continuation Study, J. M. Nolte, center director, announced. Last year's course in income taxation was largely attended and an outstanding success. The course will deal with the more important aspects of federal and state income taxes and their administration.

Minneapolis Orchestra Offers Russian Symphony

The Minneapolis symphony orchestra, under the direction of Dimitri Mitropoulos, will perform the Dimitri Shostakovitch "Seventh Symphony", most talked about music to come out of the present war, at Northrop Memorial Auditorium on the University of Minnesota campus in Minneapolis Friday, November 27, at 8:30 P. M. The work was written by this greatest of modern Russian composers last winter while he listened to the roar of the Nazi artillery and watched sputtering incendiaries from the roof of Leningrad's conservatory of music. He was on duty as a watcher for fire bombs at the time.

Infant Daughter of Mr. and Mrs. N. Swenson Dies at Age of One Day

Mavis Jean Swenson, infant daughter of Mr. and Mrs. Norval Swenson of this city, died at the age of one day last Thursday, November 5, at a local hospital. Funeral rites were held at the Swenson home at 516 State Ave. N., on Wednesday, November 11, at 2:00 p. m. Rev. G. R. Carlson conducted the rites and interment was made in the Riverside cemetery.

Others in the family are five children, La Von, Carol, Eileen, Janice, and Dale all of this city. One brother preceded her in death.

Huge Canadian Bomber Crashes Near Warroad

A big Canadian bomber crashed at Warroad about midnight Tuesday of last week and two of the crew of four had to be taken to the hospital, although their injuries are not serious, says the Baudette Region. The big bomber was seen flying over the village for nearly an hour before it came down not far from the REA plant. The pilot had lost his way, and his gas supply was running low while he tried to find a safe place to land. Finally the gas gave out and he had to make a forced landing. The big plane was badly wrecked, and it was surprising that the four men in it ever lived. The plane's base was at Winnipeg.

Funeral Rites to be Held for Swan Peter Englund Next Sunday

Last rites will be held next Sunday, November 15, for Swan Peter Englund who died Sunday, Nov. 8, at his home in Spruce Grove twp. at the age of 74 years. Rev. O. O. Sande of this city will conduct the rites in the Bethesda Lutheran Free church at 2 P. M. and interment will be made in the Bethesda cemetery.

The deceased was born in Sweden on August 7, 1868, and at the age of fifteen he came to America and settled in Bray twp., Pennington county. Later he lived in Highlanding, Excel, and Reiner townships, and finally in 1936 he came to Spruce Grove township where he since made his home.

Surviving are his wife, Mrs. Olga Englund, whom he married in 1916 in Thief River Falls; five daughters, Emmy, Mae, Ella, Gladys, and Eileen; five sons, Elmer, Carl, August, Melvin and Arnold.

Funeral Rites Held for John W. Dahl in Duluth

John W. Dahl, age 75 years, died on Wednesday, Nov. 4. Funeral services were held at the Johnson's Funeral Home in Duluth and interment was made in that city. The body was shipped from Gulbranson's Funeral Home, the successor to Carl B. Larson.

Surviving are his sister, Mrs. Anna Brant, of Sturgeon Lake, Minn., four nieces and three nephews. His parents, one sister, and one brother preceded him in death.

The deceased was born in Finland on August 11, 1867, and has lived in this community fifty-five years.

Highway Patrolman New Sheriff in Polk County

Torkel Knutson, former state highway patrolman serving this area, last week was elected Polk county sheriff, defeating Julius Spokely, incumbent, by a vote of 5,930 to 5,100. Spokely had served as sheriff the past eight years.

CORPORAL ALDEN JOHNSON PROMOTED TO SERGEANT

Corporal Alden T. Johnson, Thief River Falls, last week became a sergeant. He won the promotion through recommendations of his superior officers. He is assigned to the Medical Replacement training center at Camp Barkley Texas.

MILO NELSON PROMOTED TO RANK OF CORPORAL

Milo Nelson, in the U. S. Army since April and stationed at Fort Lewis, Washington, has been promoted to the rank of corporal. He is the son of Mr. and Mrs. R. W. Nelson of this community.

N. W. Farmers Urged to Push Scrap Collections

Northwest farmers have been urged by the War Production Board to intensify their scrap collection throughout the winter months in order to keep America's steel mills busy. Carl W. Jones, regional conservation manager of the WPB said that agricultural areas are second only to industry as a source of iron and steel scrap. If steel mills operate at capacity through the coming months, he said, much of the scrap must continue to flow from the farmyards. County salvage officials will make public plans for winter scrap collections before the present national scrap harvest is completed, Mr. Jones said.

110-YEAR-OLD WATCH KEEPS PERFECT TIME

LeSueur—Most interesting are the facts concerning a watch which has just been reconditioned. It was originally the possession of the late Cyrus G. Myrick, a pioneer lawyer and civil engineer, as well as school master of LeSueur in the 1850s. The timepiece was made entirely by hand by M. T. Tobias in Liverpool, England, over 150 years ago. After having been laid aside for seventy years, it now keeps perfect time and reposes on the desk of a daughter, Harriet M. Egana.

Singing in Bathtub

Don't be ashamed of singing in the bathtub, advises Dr. Freeman, but "place your head directly above a wash bowl and hum loudly, starting with a low note and gradually raising the pitch until you find the bowl strongly reinforcing your voice tone . . . An entire room, especially a small one, can sometimes be made to resonate in this way." Theory: different substances have different periods of natural vibration; when the voice finds them, they vibrate in sympathy. Men make better bathroom thrushes than women because modern plumbing is out of phase with higher-pitched voices.

WHAT'S THIS, WHAT'S THIS? HUNTER ASKS

Deanna Durbin, Charles Laughton Coming Sunday in "It Started with Eve"

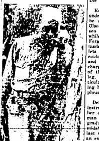
With co-star Charles Laughton as her partner, Deanna Durbin dances the conga in her latest picture, "It Started with Eve", to be presented at the Avalon theatre Saturday, Sunday and Monday. Others in the cast are Robert Cummings, Margaret Tallichet, Guy Kibbee and Walter Catlett.

Barbara Stanwyck and Joel McCrea are starred in "The Great Man's Lady," the offering at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. Brian Donlevy also fills a featured role in the production.

Deer Park 4-H Club

The Hallowe'en meeting of the Deer Park 4-H club was held at the Emil Lundeen home on Oct. 30. The entire club took part in the program. Mr. Palmer gave an interesting talk on next year's club program after which games were played. A delicious lunch was served by Mrs. Lundeen.

Fighting General



A fighting man from the ground up is Maj. Gen. A. A. Vandergrift, of the U. S. marines. He is shown here using a field telephone on Guadalcanal island, in the Solomons. Note the general's rifle and bayonet leaning against the tree.

Dogs Sense Air-Raids

In the days when Madrid was becoming a rubble heap, air-raid warnings were sounded according to the dogs. Soon after the beginning of the siege it was discovered that, a full half-hour before the farthest outposts had any warning of an approaching raid, practically every dog in the city howled, trembled and hid. As the dogs were never wrong, the air-raid warnings were regularly sounded according to their actions. This gave the people an extra half-hour's leeway.

Electrical Shock for Insanity

There is a new treatment for insanity: electrical shock. It is now being tried out at the New York State Psychiatric institute. Like insulin and metrazol, the electric shock somehow pushes back the clouds that pervade the mind of the demented person. The human mind is inseparable from the human body, from the structures and the chemicals of the body, not only in the brain but in all organs. Step by step science is discovering its secrets.

Keeping Score

.... With BUCK OLSON

Into the Hard Work

With the season's first game less than three weeks away, when they meet the Fosston Greyhounds here on Nov. 27th, coach Bill Kottke has been forced to increase the tempo of the Prowler practice sessions. While Kottke has not made any definite squad selections yet, he has chosen a tentative varsity squad and the following boys have been named: captain Jack Melby, Milt Reierson, Bob Powell, Homer Matheson, Don Berg, Bob Abbott, Bob Wright, Mark Leverson, Billy McKechnie, Billy Bye, and Norman Furuseth. It's pretty certain that the Prowlers starting five will be selected from that group. Bud Eide, one of last year's reserves, has decided to continue with his after-school job and will not report for basketball.

Babe Peterson, coach and manager of an independent team, has issued a challenge to the Prowlers, and would like to arrange a series of games with the high school boys. Babe says that he will have a nifty team, with Eddie Flasch, Gordy Reierson, Nicky and Merle Carlson in his line-up.

May Lose Prowler Coach

It appears probable that the Prowlers will lose their coach. Kottke received his induction orders this week, and if he can pass the physical examination he will be in the army. The coach has a bum leg and it's possible that he will be rejected, but you can't bet on it.

Mouse Quits School

The prospects of the Hornets making a successful defense of their state high school hockey championship took quite a dip this week when Morris "Mouse" Efteland quit school. Mouse, who played some fine football for the Prowlers this fall, is one of the best wings in state high school hockey (and that's in the opinion of Eveleth's Cliff Thompson), and local fans will wait a long while before they see as crowd-pleasing and efficient a hockey player as the Squeaker. They'll never forget Mouse's play in the state tournament at Roseau last February, and that classic goal he scored against Baudette to clinch the championship.

No Open Season

Kern Olson wants it definitely understood that while there may be an open season on ordinary Olsons, there isn't any open season on Kern Olson. Last week, while hunting pheasants in the Fergus Falls vicinity, Kern was made the target of several pellets of No. 6 shot. The accident could have been plenty serious and it was fortunate that the charge was aimed low, with most of the pellets lodging in Kern's leg. Kern claims that that particular hunter is boasting of having had a big day, bagging three pheasants and one Norwegian.

Ensign Daly

Delver Daly, physical education instructor last year, and a member of the city champion Bjorkman Toggery basketball team, graduated from the naval reserve midshipman's school in Chicago last week, and was commissioned an ensign.

Elks Lodge Will Hear Naval Officer Tonight

The regular meeting of the local Elks lodge will be held in the club rooms this evening at 7:30, the early hour having been set to permit the disposal of business matters in time to hear a talk by Lieut. R. L. Rome of the naval aviation cadet selection board. Members of other civic groups have been invited to attend, and lunch will be served at the close of the evening.

Local Bankers Attend Clearing House Meeting

The Northwest Clearing House association held its quarterly session at Roseau last Saturday, approximately thirty bankers being present. Those who attended from Thief River Falls were George W. Werstlein, E. O. Peterson, K. E. Lindbergh and Archie Henarud.

Few Errors are Found in Unofficial County Vote

The Pennington county canvassing board met at the court house Friday and Saturday to canvass the vote in the general election Tuesday, November 3. No material discrepancies were found in the unofficial returns as tabulated in the Times last Thursday.

More than 100 Big Game Licenses Issued to Date

That Pennington county will be represented in the field by its full share of deer hunters during the ten-day open season starting Sunday, November 15, is indicated by the fact that well over 100 big game hunting licenses had been issued up to Tuesday evening from the office of County Auditor A. M. Senstad.

STASSEN PLACES VICTORY IN WAR AHEAD OF PARTY

Urges Republicans to Join with Other Citizens in United War Effort

Pointing to gains made by Republicans in the recent elections, Governor Harold E. Stassen in a radio address broadcast throughout the nation by the National Broadcasting Company this past week urged support of the nation's war program and reminded his fellow Republicans "it is more important that the war be won completely and speedily than it is that our Republican party wins in 1944."

"We of the Republican party must look upon the decisions of the people in the election," he said, "not with a boastful attitude of political gain, but rather with humility at the greatly increased responsibility we now have in this battle for freedom.

"Over night our Republican party has been changed from the status of a minority party to the status of a partnership party. Fully 75,000,000 of the people of the country will now have Republican governors. About two-thirds of the production of the means of victory will now be carried on in states under Republican administration. More than 10,000,000 of the workers in war industries will be working in states presided over by our party. Thirty-eight of the members of the senate and 209 of the members of the house of representatives will be of our party."

Instead of furnishing occasion for boasting, however, these gains should impress Republicans with a sense of increased responsibility, Governor Stassen said.

"We must expose the mistakes of the national administration, not on the basis of making political capital out of them," he said, "but rather on the basis that will best contribute to the correction of the mistakes for the sake of the country. We must support as a united people the duly elected commander-in-chief."

Wage Stabilization Program Supervised in Mill City Office

Machinery for administration of the nation's wartime wage stabilization program by local officials of the wage and hour and public contracts division is now in motion, it was announced today by L. A. Hill, Minneapolis regional director.

This action is the direct outgrowth of a national meeting in Washington last week under the auspices of the national War Labor Board at which the whole wage control structure was outlined.

"The regional and field offices of the division are now prepared to handle inquiries about the stabilization program," Mr. Hill said. "In Minnesota, information may be obtained from the regional office located at 406 Pence building, Minneapolis or from F. A. Scoggin, senior inspector, 137 State Office Building, St. Paul.

These offices will advise inquirers of their status under the stabilization order. Where employers and employees wish to apply for permission to increase wages under the law the wage and hour authorities will help them fill out applications, which will be turned over to the regional War Labor Board director for action.

Recruiting Drive Gets Under Way for Men for U. S. Merchant Marine

Announcement of a large scale recruiting drive to obtain men from 18 to 35 for service in the American merchant marine was made this week by the regional headquarters of the U. S. maritime service in Minneapolis.

"Rapid growth of the merchant fleet at the rate of three ships a day and the expansion of training facilities on the Atlantic coast have increased the enlistment quotas for this district" Lieutenant J. J. O'Meara, regional enrolling director, declared.

Opportunities for service in the merchant marine are increasing with the tempo of the war, Lieutenant O'Meara said. More pay, travel, adventure and rapid advancement is possible now than ever before in the history of the American merchant marine, he declared.

After being trained at least three months at East Coast training stations, trainees are assigned to merchant ships in their ratings in the deck, engine or steward departments. At sea they will receive from $200 to $300 a month, a $5,000 paid-up government insurance policy, and the best living facilities on any merchant ships in the world.

Muskrat Trapping to be Permitted in December

The 1942 Minnesota muskrat trapping season will open at 12 o'clock noon on December 1 and extend until 12 o'clock noon December 31, according to an order issued by Verne Joslin, acting director of the state division of game and fish. All portions of the state are open to muskrat trapping except upon the waters of Swan lake and Middle lake in Nicollet county, and except all state game refuges and public shooting grounds.

91-YEAR-OLD MAN OPERATES FARM AND CAR

Alexandria— Mr. John Lorenz, 91, and his wife, 82, can see no reason to stop enjoying life to the fullest extent and doing the things they have always done. Not only does Mr. Lorenz operate his own farm but he rents out three other farms, manages his own financial affairs and runs about in a 1920 model car. The couple, parents of nine children, having recently celebrated their 67th wedding anniversary. Mrs. Lorenz is as capable as her husband and manages her home with the ease of a 30 year-old woman.

SHARE-THE-MEAT PROGRAM AFFECTS FARMERS IN STATE

Asked to Limit Themselves to 2½ lbs. per Week Per Adult

Meat slaughtered on farms for home use and that bought by city families for storage in freezer lockers should be counted in the share-the-meat program, according to Secretary of Agriculture Claude R. Wickard. Even though a family has a large amount of meat—a quarter of beef or a side of pork—put away for the winter, it should consume that meat on the 2½-pounds-per-week-per adult plan in the share-the-meat program.

The proposal, Secretary Wickard said, applies to all home-slaughtered meats—cattle, calves, hogs and sheep—since the share-the-meat-program affects all of them. There is no restriction in the program concerning farmers slaughtering animals for sale to other persons. The only problem involved is that concerning the consumption of the meat by the buyer.

The intent of the share-the-meat program is to allow 2½ pounds a week of the red meats per person for those over 12 years of age; 1½ pounds for children from 6 to 12 years, and three-fourths of a pound for children under 6. The aim of this program is to assure an adequate supply of meat for all persons throughout the year, Secretary Wickard said.

Women Being Accepted as Arc Welder Trainees

Women now are to be accepted on an equal basis with men as arc welder trainees. Leonard B. Ryan, director of the U. S. Employment Service for Minnesota, notified his 30 branch offices today that clearance orders are being received by which certain shipbuilding companies are accepting women arc welder trainees.

The same situation prevails for machine shop and sheet metal courses. Women accepted by local USES offices as suitable applicants will be referred to the companies interested after they have completed training sessions.

There are some 209 national defense classes now in operation in the State under the sponsorship of public vocational schools and the NYA.

LITTLE FELLOWS DO BIG DAMAGE

Clearmont.—Smoke rolled thru the Ernest Dowman home one night recently and its origin was a mystery for a while. After arrival of the local fire department the cause of the blaze was found to be between the furnace and its outside casing. Corn cobs, evidently had been carried inside the furnace lining by rats, and they had caught fire when a fire was started inside the furnace. A large part of the iron jacket had to be removed to get at the fire.

NEARLY PERFECT BOWLING SCORE

Wadena—Nearly entering the halls of bowling fame recently Martin Ehlen, was stopped short just outside the door with a score of 275. Nine consecutive strikes were rolled and a spare in his final frame caused him to fall 25 short of the perfect score of 300.

APPRECIATION
I take this means of expressing my gratitude for the generous support accorded my candidacy for the office of register of deeds in the election last week. Thank you most sincerely.

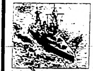
On the Seven Seas

For 45 years General Electric has developed and built electric equipment for warships. Here are a few of the ways in which electricity serves the Navy.



1. Just one battleship may have electric generators to produce as much as 180,000 kilowatts. This power would supply the needs of a city of 375,000.

2. Searchlights produce millions of candlepower of light to aid in detecting enemy ships and planes, and to guide Navy gunners to their targets.

3. More than 20 different operations are performed in bringing a naval gun to bear on its target. Electricity helps to co-ordinate these operations.

4. When a battleship goes into action, electricity helps direct the ship, operate the guns, and give the orders. G-E is building equipment to do these jobs.

General Electric believes that its first duty as a good citizen is to be a good soldier.

The Truth About Coffee
AN OPEN LETTER TO THE COFFEE CONSUMERS OF AMERICA

Dear Friends:

It is possible that you have suffered some inconvenience, because of the temporary shortage of coffee.

The NATIONAL COFFEE DEPARTMENT OF BRAZIL, representing the coffee planters of Brazil who grow most of the finer coffees imported into the United States, greatly sympathize, as good neighbors, with you in the situation which has made it temporarily necessary to reduce the quantity normally used in your household.

There is no shortage of coffee in Brazil. However, a temporary shortage of ships prevents regular delivery to American roasters.

Under the circumstances, patience will become a virtue while the shortage exists, for as shipping improves there will be plenty of real, rich, full-flavored Brazilian coffee for everyone.

In publishing this open letter, we believe it our duty to sound a warning to safeguard, if possible, American coffee consumers against those seeking to take an unfair advantage of the emergency by dumping on the market adulterated coffees as substitutes for the rich, delicious beverage you have been accustomed to buy.

Purchases of these coffees will unwittingly align the purchaser with unjustifiable, ruthless competition for highly reputable American coffee roasters, who are willing to continue to serve the American public with genuine products. They should not be expected to compete with producers of adulterated coffees. May we repeat, your purchases of adulterated coffees will drive reputable and responsible American coffee roasters out of business, or compel them to change their existing high quality standards.

As a constant user of good coffee, you are entitled to know these facts, to exercise caution when buying coffee. If your dealer cannot supply your favorite brand and offers you a new one in its place—make sure you are getting pure coffee and see that it is labeled accordingly. That is your government's guarantee of complete protection against adulterated, or "doctored" coffee. Don't waste your ration coupon by giving it in for one pound of a mixture that is only 50% coffee. No one should be unduly alarmed over the present situation, but above all don't hoard coffee and don't waste it. It is unfair to your neighbor to hoard, and coffee is TOO GOOD TO WASTE!

Sincerely,
EURICO PENTEADO
General Representative to the United States
for the
NATIONAL COFFEE DEPARTMENT OF BRAZIL

PARENTS' DAY AT N. W. SCHOOL WELL ATTENDED NOV. 7

Paul Engelstad Is Elected Secretary-Treasurer of Association

Parents' Day at the Northwest School at Crookston on Saturday, November 7, was declared a success with 500 parents as guests of the faculty and students. Students were assigned to each school building and dormitory to act as guides for the parents during the morning. The Parents' Day dinner was held in the school dining hall at noon.

The annual meeting of the Northwest School Parents' association in the school auditorium was followed by the student program, the presentation of the 1932 Memorial mural paintings, the inspection of the home project show and the coffee hour.

The parents' association met prior to the student program for their annual business meeting and election of officers. Officers elected for 1942-43 included: Emil Lerud, Twin Valley, president; Mrs. Claude Phillips, Noyes, vice-president; Paul Engelstad, Thief River Falls, secretary-treasurer. The association voted to set aside unused treasury balances for a student loan fund to be dispensed by the faculty student loan committee.

The coffee hour and inspection of home project exhibits in the gymnasium closed the program for the afternoon. A large number of parents remained for the evening program of feature motion picture films.

The total volume of the new all-purpose ration books would fill 128 freight cars.

To Speak at St. Hilaire

Mr. Arne Sovik, senior at Luther Theological Seminary, St. Paul, will speak Sunday, Nov. 15, on foreign missions to members of the Clearwater, St. Hilaire, and Oak Ridge congregations of the St. Hilaire Lutheran Parish.

Born to missionary parents on the China Mission field, Mr. Sovik lived in China until shortly before he entered St. Olaf College at Northfield in 1935. He plans to go back as a missionary upon the completion of his seminary training.

Missions festival services are scheduled Sunday in Clearwater church at 11:00 a. m. and at the St. Hilaire church at 2:30 p. m. Mr. Sovik will also speak at the meeting of the Luther League at Oak Ridge Church at 8:00 p. m.

Coffee consumption in the U. S. in the past 30 years has more than doubled, while the population increase has been only about 45 per cent.

POSTOFFICE ASKS CITIZENS TO SEND YULE MAIL EARLY

Postmaster Anderson Cites Extra Problems Created by the War

The postoffice department is now starting the most gigantic task in its history — the movement of a deluge of Christmas parcels, cards and letters while maintaining the regular flow of millions of pieces of mail daily to and from our armed forces all over the world.

Indications are that the volume of Christmas mail will be the largest on record, said Postmaster Andrew Anderson. Already in September, latest month for which figures are available, retail sales had reached a level second only to the record month of December, 1941, according to the Department of Commerce. Such heavy purchases always presage heavy mailings.

If thousands of our soldiers, sailors, marines and civilian friends are not to be disappointed at Christmas time, the public must cooperate by mailing earlier than ever before and by addressing letters and parcels properly. The best efforts of the postoffice department alone cannot be enough, in view of wartime difficulties faced by the postal system. The public must assist.

The deadline is already past for mailing gifts to Army and Navy personnel overseas with assurance that the parcels will arrive by Christmas. The postoffice department is making strenuous efforts to avoid a terrific jam such as was experienced in the first world war, and offers the following suggestions: Mail real early (Mark parcels "Do Not Open 'Til Christmas"). Address all mail plainly. Avoid dark colored wrapping paper. Wrap tightly and securely. Buy your stamps for greeting cards in advance of mailing. Greeting cards may also be mailed early marked "Do not open until Christmas". Greeting cards containing writing require 1st class postage.

Last year more than 500 Christmas greeting cards were dropped in at the Thief River Falls postoffice which were not properly ready for mailing. Some had stamps on but no address; some had addresses but no stamps. Some had the wrong amount in stamps affixed.

The average flag in outside use in this general region lasts three months.

That Extra Something!

...You can spot it every time

SPECIALIZING in any job is important. And, it takes only one taste of ice-cold Coca-Cola to tell you that its makers have specialized in refreshment for years. They created this utterly different drink 57 years ago. Today it's still individual—and delightfully so.

Note the difference in taste. You can sense the special blend of flavors. Sip again. Your thirst is gone before you know it, but something else arrives. This *is* refreshment. And it's refreshment that goes into energy—quickly—pleasantly.

When you've finished, you know you've enjoyed a drink made to a standard of quality, not to a standard of price. Folks the country over feel the same way about it. They appreciate the genuine... *the real thing*... Coke... Coca-Cola.

• • •

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "coming from a single source, and well known to the community".

Boy and girl, recreation and refreshment! There's two for company and two more for happiness and satisfaction. You know refreshment's first name, of course. Everybody knows Coke.

BILL DRAFTING 18-19 YEAR-OLDS SIGNED BY FDR

Congress Disposes of Controversial Measure Thursday

NEW AGE GROUP WILL SUPPLY 2,000,000 MEN

Induction of Younger Men Will Get under Way at Early Date

President Roosevelt Friday night signed the 'teen-age draft bill and said he had ordered a study with a view to enabling the 18- and 19-year-olds called to service to resume their schooling and training after the war.

The president also promised to announce in the near future a plan to utilize during the war facilities of certain colleges and universities for training a limited number of men for "highly specialized duties" in the armed forces.

"These men," the president said "will be selected solely on the basis of their ability and without regard to whether or not they are now in college or whether they could otherwise afford to go to college."

In signing the bill, final action on which was taken Thursday by the senate, the president said:

"The time has now come when successful prosecution of the war requires that we call to the colors men of 18 and 19. Many have already volunteered. Others have been eagerly awaiting the call. All are ready and anxious to serve.

"The civilian careers of these men will be interrupted, as have the careers of most of their seniors. Large numbers about to enter the armed services will come from schools and colleges. The vocational and technical training which the armed services now offer to many will stand them in good stead.

"I am causing a study to be made by a committee of educators, under the auspices of the war and navy departments, to take steps to enable the young men whose education has been interrupted to resume their schooling and afford equal opportunity for training and educating other young men of ability after their service in the armed services has come to an end."

Drafting of the new age group, it has been estimated, might supply more than 2,000,000 of the 4,500,000 additional men needed in all the armed forces in January 1, 1944.

Inductions from the 18-19-year-old group are expected to begin within 30 or 40 days. This, however, will vary to some extent, depending upon preparations made by local boards to meet draft calls with older men and also on how rapidly boards can classify the new group for service.

Scheduled for classification first are an estimated 800,000 to 900,000 physically fit youths among some 1,200,000 to 1,500,000 left over after enlistments and inductions from the 2,400,000 youths who registered June 30 for induction at 20 years.

Another pool of 1,755,000 will exist at the end of 1943 from those who have reached 18 since the June 30 registration or who will reach that age during 1943.

Questionnaires Being Sent by Local Board to Registrants Age 18-19

Acting on instructions received from state selective service headquarters, the local board this week began sending out questionnaires to registrants in the 18-19 year age group. Information has been received that young men in this group will be called for induction ahead of married men without children, Arthur Berg, chief clerk of the local board, stated. The action follows the signing by President Roosevelt of a law enacted by Congress making young men in the 18-19 year age group subject to selective service.

North Dakota Man Takes Charge of Red Owl Store

L. T. Wetsch of Linton N. D., is the new manager of the Thief River Falls Red Owl super market, succeeding Vernon Tukna, who has been called for U. S. army duty. Mr. Wetsch is married and the father of two children.

Elks Lodge Opens Drive to Enlist Navy Fliers

The local Elks lodge at a well attended meeting last Thursday evening opened a campaign to secure 100 candidates for enlistment in the U. S. Navy flying service by December 17, when a traveling board will come to Thief River Falls to interview the candidates.

Appointed on a committee to take charge of the campaign were Walter Jung, chairman; J. E. Bloomquist and J. O. Yotter, representing the Elks lodge; W. G. Claffy, American Legion; E. O. Peterson, Rotary club; Maynard Tweet, Junior Chamber of Commerce; George Werstlein, Lions club; and L. W. Rullen, Civic and Commerce association.

Action by the lodge followed the presentation by Lieutenants Rome and Burte of the naval aviation cadet selection board at Wold-Chamberlain Field, Minneapolis, of motion pictures depicting the battle of Midway and the British action at Dunkerque.

It was announced that enlistment is open to young men of ages 18 to 27 with a high school education. The men receive $75 a month and board and room while in training, following which, if they pass the tests, they will be paid at the rate of $245 to $350 a month.

Thanksgiving Holiday Set for Next Thursday

Next Thursday, November 26, will be observed thruout the nation as Thanksgiving Day, the traditional holiday having been fixed for that date by proclamation of President Roosevelt. In observance of the occasion local stores, public offices and banks will remain closed and the postoffice will suspend its usual activities. Coming as it does only a few days ahead of the beginning of gasoline rationing, it is likely that there will be more than the usual number of family reunions and parties as motorists have their last fling.

FARMERS TO GET INFORMATION ON U. S. INCOME TAX

Special Course of Study to Open Tuesday Night at Lincoln School

A five-weeks course, with meetings two evenings each week, will open Tuesday evening, November 24, at 8 o'clock to assist farmers of this community in figuring their income taxes payable in 1943, it was announced today by Harold F. Harrison, agriculture instructor in Lincoln high school, who will have charge of the course.

Sessions will be held in the agriculture room, No. 106, in the high school building, and the south door will be open to those wishing to participate.

Calling attention to the fact that all farmers having an income of more than $624 a year will be subject to the five per cent victory tax, Mr. Harrison stated that attendance at the meetings will assist farmers in getting their accounts into shape to comply with the income tax laws.

SIX LOCAL WOMEN QUALIFY AS FIRST AID INSTRUCTORS

Chmn. H. Kjos of Red Cross States Certificates Are Now Ready

Following completion of a recent course for Red Cross first aid instructors, Chairman Herman A. Kjos of the Pennington county chapter announced that certificates have been received at his office for six local women qualified to serve as instructors in first aid.

Included in the group are Mrs. Harry W. Millar, Mrs. Jeanette Wright, Mrs. Carl I. Hovie, Mrs. Jake O'Hara, Miss Alice M. Carter and Miss Anna H. Gunderson.

At the same time Mr. Kjos stated that certificates are now available in his office for fifteen women who on September 1 completed a course in advanced first aid under the direction of Mrs. Lillian Knutson.

The women include Dolories Urdahl, Mrs. Alfred Skarstad, Mrs. Palmer Pederson, Mrs. Anna O'Boyle, Mrs. J. W. Mullen, Mrs. H. W. Millar, Mrs. John Magnuson, Mrs. Paul Lundgren, Mrs. Ella Kierk, Mrs. Clara Kierk, Mrs. Harry Glander, Mrs. Tillie O. Deal, Mrs. Rachel Daly, Mrs. Alf. Berry, and Mrs. Stanley Bateman.

Next Selectee Group to Leave City December 4

The next contingent of Pennington county selective service registrants will leave this city Friday noon, December 4, for Fort Snelling, where the young men will be inducted, following which they will return to their homes for a one-week furlough, it was announced today by Arthur Berg, chief clerk of the local board.

Peder Engelstad Sale Attracts Record Crowd

Favored by a pleasant fall day, the auction sale conducted Wednesday on the Peder Engelstad farm south of this city attracted what was probably the largest crowd of buyers ever to assemble for a similar event in this community. The herd of 70 creamery cattle netted satisfactory prices. Buyers were present from points as far distant as Glenwood, Moorhead, Grafton, N. D., Stephen and Greenbush.

LINCOLN SCHOOL BAND TO PRESENT CONCERT SUNDAY

Donald Rogers Will Direct in School Auditorium at 3 o'Clock

The public is invited to attend a concert by the Lincoln high school band next Sunday afternoon, November 22, at 3 o'clock in the high school auditorium, Supt. Morris Bye announced today. Donald F. Rogers will direct the young musicians.

Among the numbers to be presented are Star Spangled Banner; Gypsy Festival overture by Al Hayes; Old Glory march, Robert Smith; The Lost Chord, selection, by Arthur Sullivan; Wagnerian march, Richard Wagner; Victory overture, Otis Taylor.

Other offerings will include Trombone Special, novelty by Don Keller; Judy's Dream overture, Buchtel; Brasses Triumphant march, Holmes; Sandra overture, Holmes; and Olympia overture, Zamecnik.

Committees Appointed by Chairman H. A. Kjos of Red Cross Chapter

Chairman Herman A. Kjos of the Pennington county chapter of the American Red Cross announced today the appointment of a home nursing committee to render assistance in connection with home nursing classes. Included are Mrs Palmer Anderson, chairman; Dr. O. F. Mellby, Lloyd Bennes, Mr. E. C. Karwand, Mrs. Clara Paulson, Mrs. C. M. Adkins and Mrs. A. C. Matheson. At the same time Mr. Kjos appointed Sheriff Arthur Rambeck chairman of the Red Cross highway first aid station committee, and Fred Protz, chairman of the first aid committee, which has charge of first aid training classes in the county.

Total of 2,122,595 lbs. Scrap Collected Here; Quota Nearly Attained

A total of 2,122,595 pounds of scrap metal has been assembled in or shipped out of Pennington county to date since the salvage campaign got under way in August, it was reported today by P. E. Hageman, chairman of the implement dealers' scrap committee cooperating with the county salvage committee. This compares with the county quota of 2,200,000 pounds set by the state salvage committee, and there is every likelihood that this figure will be attained at an early date. The quota originally set for Pennington county was 1,000,000 pounds.

1,228,813 POUNDS OF THANKSGIVING TURKEYS SHIPPED

Volume This Month Is Fully One-Third Above 1941 Figures

Turkey shipments for the Thanksgiving market this month from Thief River Falls registered a gain of approximately one-third over the volume handled during the corresponding period in 1941, it was announced today by Helmer Carlson, Soo Line freight agent.

During the marketing period ending Wednesday, a total of 46 carloads were shipped out, containing an aggregate weight of 1,228,813 pounds of dressed birds.

In the same period last year 42 carloads were shipped, the birds weighing a total of 897,478 pounds. Due to wartime traffic conditions, cars this year were loaded nearly 10,000 pounds heavier, it was explained.

VICTORY AIDES TO DISCUSS SEVERAL MATTERS NOV. 27

Women Leaders in Rural Area Also Urged to Attend Meeting

To hear a discussion of several important projects, Victory Aides and women leaders of agricultural extension work in Pennington county will meet in the municipal Auditorium Friday afternoon, November 27, from 2 to 4 o'clock, it was announced today by Mrs. E. C. Karwant, vice chairman of the county civilian defense council.

Chief among the topics to be brought up for consideration are food rationing, particularly in respect to meat, and new phases of the salvage campaign.

Also to be formulated are plans for the organization of new classes in first aid, home nursing and nurses' aides. Mrs. Karwand requested a full attendance of all women concerned.

Parent-Teacher Assn. Will Meet December 7

Following a meeting this week of officers of the Parent-Teacher association, Lloyd Bennes, president, announced that the next meeting of the organization will be held Monday evening, December 7, in the Lincoln high school auditorium. The program for the occasion will be announced later.

2,357 CARS ARE LISTED FOR GAS RATIONS IN CO.

1,138 of Total Registered in This City Thursday and Friday

OTHERS TO BE GIVEN OPPORTUNITY LATER

More than 1,500 Tires Turned into Railway Express Agency Here

In preparation for gasoline rationing, scheduled to go into effect December 1 in Minnesota and other states of the nation, a total of 2,357 Pennington county motorists were registered in the schools for basic "A" ration books last Thursday and Friday.

Of the estimated 3,000 automobiles in the county, a considerable number have been put in storage for the winter, and their owners were not required to register at this time. Those who should have registered, but failed to do so last week, will be given an opportunity later on.

Supt. Morris Bye announced this week that 1,138 cars were registered at the three Thief River Falls grade schools, the work being handled efficiently by the grade teachers with the assistance of twelve members of the high school faculty. Of the total, 383 were listed at Northrop school, 361 at Knox and 394 at Washington. Two motorcycles also were registered in the city.

The registration was carried out smoothly and with little congestion after an initial rush Thursday afternoon before the workers had had an opportunity to familiarize themselves with the various forms.

The federal regulation requiring automobile owners to dispose of all tires in excess of five per car before applying for a ration book created a rush last week at local headquarters of the Railway Express agency, which had been designated to collect the tires and forward them to a storage depot at Fargo.

J. H. Osborn, local agent, reported that the agency here had taken in between 1,500 and 2,000 tires in all sizes and conditions, all but 400 of them having been shipped to Fargo by the first of the week. In Fargo the tires will be appraised, and payment for them will be made thru the Federal Reserve bank of Minneapolis.

Christmas Seals to Go on Sale in Pennington County Monday, Nov. 23

The 1942 Christmas seal design might be an old-fashioned winter scene in Minnesota and is most appropriate for decorating cards and gifts.

That is the opinion of Miss Margaret Hessburg, chairman of the Pennington County Christmas seal sale, who announced the seals will be placed on sale on Monday, November 23.

The 1942 Seal, designed by Dale Nichols, one of America's outstanding young artists, shows a red barn and a white farmhouse in the background of a snowy country scene. In the foreground is a drift-lined road on which is shown a swell-front sleigh, drawn by two horses.

Big Turkey Crop Goes to Market

Turkey growers are wearing healthy smiles these days and pictured above are a couple of them who have reason to feel good. Irvin Hoole, 4 miles east of Plummer, with Dr. T. C. Haney, is looking over the flock of 1,126 broad breasted birds that averaged twenty pounds—said to be the best birds brought into Thief River Falls. According to his record he produced the flock at a cost of 18¼c a pound, not including labor, and at present prices Mr. Hoole is well satisfied with the results. Below is Christ Larson of Smiley with his flock of more than 2,500 turkeys. Mr. Larson has marketed only half the flock so his weight and production figures are not complete. By the end of the week 50 heavily loaded carloads of dressed turkeys will have been shipped from Thief River Falls for the Thanksgiving market.

Surgical Dressings Lag Behind County Quota

The Pennington county quota of 20,000 surgical dressings scheduled for completion Monday in the Red Cross workroom in the council chamber was 5,000 short of being fulfilled, it was announced today by Mrs. L. W. Rullen and Mrs. George W. Werstlein, in charge of the project.

The principal reason for failure to achieve the goal, it was pointed out, was a lack of the necessary number of volunteer workers. Any women willing to donate some of their time to this war project are asked to report at the workroom any afternoon or evening during the week from Monday thru Friday. Next week, however, the workroom will be closed Wednesday and Thursday because of the Thanksgiving holiday.

Mrs. Rullen today announced the personnel of the group in charge of the workroom. Mrs. L. B. Hartz serves as packer, while Misses Effie Hamry and Palma Hornseth are time keepers and Mrs. Mary V. Shaw, publicity chairman.

Workroom instructors include Mmes. Theodore Quale, Morris Bye, L. G. Larsen, M. P. Erickson, W. M. Ferguson, E. Salveson, L. B. Hartz, N. A. Holen, Fred Protz, C. C. Simpson, P. E. Hageman, Palmer Anderson, A. E. Jacobson, J. E. Bloomquist, Paul Couvrette, F. E. Tunberg, M. D. Starekow, Alfred Skarstad, A. M. Holte, Marshall Kays, George Erickson and H. K. Helseth.

Instructors in the St. Hilaire workroom are Mmes. John Hanson, Myles Jackson, W. J. Janda, Wm. Aitchison, Anne Ingvoldson, H. M. Rud, L. F. Olson and H. Jepson. Instructors at Goodridge include Mmes. E. L. Peterson, Ed Geving, Obed Sabo and V. C. McLeod.

The committee in charge of the Red Cross sewing room in the Citizens bank block are Mrs. Lars Hylden, chairman, and Mrs. O. W. Booren, co-chairman in charge of cutting; and Mrs. W. W. Prichard, timekeeper.

DAHLEN AGAIN TO HEAD RED CROSS WAR FUND DRIVE

Campaign Will be Conducted in March, 1943, States Chairman Kjos

Stanton R. Dahlen, who served as chairman in charge of the successful Red Cross war fund appeal and membership drive late last year, will serve in the same capacity in connection with the next war fund campaign to be conducted during the month of March, 1943, it was announced today by Herman A. Kjos, chairman of the Pennington county chapter.

Mr. Dahlen will be assisted by Mrs. A. M. Holte and Mrs. Edwin Hanson, who conducted the membership roll call last fall.

Other members of the supervisory committee include Morris Bye, Alfred Skarstad, Mayor H. W. Kingborn, Carl Christofferson, Andrew Anderson and the supervisors and clerks of all townships and villages in Pennington county.

PENNINGTON CO. FAIR DEBT-FREE AT END OF YEAR

Annual Stockholders Meeting Is Held Tuesday Evening

SECRETARY TELLS OF SUCCESSFUL '42 FAIR

Four Directors Whose Terms Expire This Year Are Reelected

With the likelihood that no Pennington county fair will be held in 1943, the Pennington County Agricultural society, sponsor of the event, will go into the new year in the enviable position of being entirely free of debt, it was revealed by Secretary A. F. Berge at the annual meeting Tuesday evening in the Palm Garden Cafe.

Preceding the meeting the society was host at dinner to approximately fifty guests, including businessmen, members of the county board and city council and superintendents of the various departments at the fair. President E. E. Hunt presided.

Unanimously reelected directors for three-year terms were Mr. Hunt, Robert J. Lund and Harry R. Lund, while W. M. Ferguson was named to succeed himself for a one-year term.

Sentiment of the stockholders favored substituting a Pennington county 4-H achievement day program for the fair in 1943 in the event the holding of a fair proves impracticable because of war conditions.

Secretary Berge, Robert J. Lund and E. M. Bennes were appointed on a committee to study methods of bringing the stockholders list up to date, many of the original members of the society having died or left this community. The committee will report to the board at a later meeting.

Mr. Berge's financial report revealed that receipts at the 1942 fair aggregated $12,837.48, while disbursements totaled $11,877.[illegible] Major items included in receipts were concessions and privileges, $1,098.85; shows and rides, [illegible]; gate and grandstand, [illegible]; state reimbursement, $2,580; donations from the city and county, $1000; and purchases by merchants of free prize tickets, $930.15.

Principal disbursements included music and attractions, $3,375; labor, $978; premiums, $1,869.50; merchants free prizes, $1,336; paid on indebtedness, $800; and federal revenue tax, $703.04.

It was announced that when the $1,500 state reimbursement is received at the end of the year, the remaining $2,000 of the mortgage indebtedness against the society will be retired, leaving the property free of debt for the duration.

JUNIOR CLASS TO PRESENT COMEDY FRIDAY EVENING

Large Cast Will Appear in Production in Lincoln Auditorium

A large cast of members of the Lincoln high school junior class will present their class play, "Plane Crazy", in the high school auditorium Friday evening, November 20, at 8:15, the production being under the direction of Roy Struble.

The play, a lively comedy, is built around the difficulties into which a young man gets when he undertakes to learn to be an airplane pilot without the knowledge of his father.

Members of the cast in order of appearance are Eileen Froseth, Marjorie Olson, Stanley Mayne-Oakes, Carol Southard, Abigail Thomas, LaRoy Rupprecht, Stephen Aines, Paul Aaseby, Sylvia Borchert, Virginia Paulson, Marilyn Dorn, Grace Michalsky, Elaine Hammergren, Jean Bergland, Ruth Fossum, Mabel Green, Genevieve Hess, Calvin Ripley, Wayne Leverson, Lorraine Brosseit, and Don Fretland.

Dr. Starekow to Address Junior Chamber Tonight

Dr. Milton D. Starekow will give a talk relating to public health, illustrated by motion pictures, at the regular meeting of the Junior Chamber of Commerce this evening at 6:30 in the Palm Garden Cafe, Arthur Johnson, president, announced today.

Lt. Gordon Overland, Former Resident Here, Weds California Girl

The following is an account from the Lodi News Sentinel, Lodi, California, dated Oct. 30:

A candlelight ceremony last evening at 6:30 o'clock in St. Anne's church united in marriage Miss Marryann Guilfoyle and Lieutenant Gordon Merlin Overland with the pastor, Father John Marchisio, presiding at the exchange of vows.

For the occasion the sanctuary was ablaze with the light from the many candles and the beauty of the high altar was enhanced by arrangements of white flowers, gladioli, chrysanthemums and stock, with fern.

Gregorian organ music was played by Miss Marie Grafligna and the altar boys were Richard and James Tansley.

Preceding the entrance of the bridal group, Mrs. G. A. Stahl as soloist, sang "The Lord's Prayer" by Malotte, and as the couple stood in the sanctuary she sang Schubert's "Ave Maria."

The bride was escorted to the altar by her father, Mr. John T. Guilfoyle, and her gown was heavy white satin made with lace yoke to which was fastened the lace mantilla which was worn as a veil. The full skirt, attached to a low waistline, fell into a long train and her flowers were bouvardia, centered with an orchid corsage. For jewelry she wore a single strand of pearls.

As maid of honor Miss Anita Seiferling, cousin of the bride, wore a pink gown, made with lace bodice and full net skirt over satin. She carried a muff of pink net, pink and blue ribbons and flowers and wore a matching chapeau of pink net, flowers and ribbon.

The bridegroom was attended as best man by Lieutenant Guy Hughes, U. S. N., who is stationed at Mare Island with Lieutenant Overland. Both wore the dress uniform of a naval officer. The usher was John William Guilfoyle, brother of the bride.

Good wishes were extended in the vestibule of the church and the wedding dinner assembled relatives and a few close friends in the banquet rooms at El Charro, where tables were decorated with long baskets of white gladioli, stock and chrysanthemum with fern. The three-tier wedding cake was topped with a miniature bride and naval officer bridegroom and the bride cut the cake with the miniature naval sword of the bridegroom.

The honeymoon will be a trip to Seattle, Wash., where the bridegroom will report for orders. For traveling Mrs. Overland wore a winter suit of forest green with matching accessories and the corsage from her wedding bouquet.

The bride is the daughter of Mr. and Mrs. John T. Guilfoyle and is employed by the government in San Francisco. She was graduated from Dominican college at San Rafel this summer and also was graduated from Stockton Junior college and from Lodi schools.

Lieutenant Overland was practicing dentistry in Hardin, Montana, before he enlisted in the United States Naval Reserve. He was graduated from the University of Minnesota at Minneapolis, where he was affiliated with a national honorary dental society. His home formerly was in Thief River Falls, Minn., and his only brother is county attorney at Big Timber, Montana. Lieutenant Overland has been stationed at Mare Island Navy Yard since the first of the year.

Woolson-Chapman Vows Spoken at Candlelight Ceremony November 14

At a lovely candlelight ceremony read at the flower-banked altar of the Community church Saturday evening, November 14, Miss Dorothy Woolson, daughter of Mr. and Mrs. H. C. Woolson, became the bride of Lester Chapman, son of Mr. and Mrs. W. E. Chapman. The vows, which were prompted by Rev. Olafsson were spoken to the strains of "The Lord's Prayer" played by Mrs. Olafsson at the organ. The bride's brother-in-law and sister, Mr. and Mrs. Frank Johnson of St. Hilaire, were the attendants.

Miss Woolson was escorted to the altar by her father, H. C. Woolson, who gave her in marriage. Her wedding frock was of white wool and on her head she wore a bride's juliette cap of gold sequins. Other accessories were in gold. Mrs. Johnson's dress was of golden yellow wool crepe and in her hair she wore a gold sequins clasp, a gift of the bride. The bride wore a white orchid with purple throat, while her attendant wore a cattleya orchid.

For the occasion Mrs. H. C. Woolson wore black velvet while Mrs. W. E. Chapman was attired in black and white crepe. Both wore corsages of yellow and white chrysanthemums.

Nuptial music included the "Bridal Chorus" from "Lohengrin" and Mendelssohn's "Wedding March" for the processional and recessional, and "I Love You Truly" preceding the ceremony. Miss Martha Havel and Irvin Roese showed the guests to their places. The church was beautifully decorated with huge baskets of peach glads, white snapdragons, and heather with fern, which were placed on each side of the altar, and lighted tapers in tall candelabra gave a soft light to the scene.

A reception was held in the church parlors immediately following the ceremony. The three-tiered wedding cake was made by the bride's mother and sister, Mrs. H. C. Woolson and Mrs. O. Vernor Sorenson, respectively, and was decorated in pink and white topped with a miniature bride and groom. Miss Vivian Havel cut the cake after the bride cut the first piece. Miss Eva Robarge was in charge of the table decorations and Mrs. Carrie Rowley, aunt of the bride, was the reception chairman.

A wedding trip took the newlyweds to Fargo, N. D., and points west. For travel Mrs. Chapman wore blue wool with brown accessories.

Although the club will not function as a group for the duration, the women will be available for any parties, conclaves, etc., that the boys may have, and as a parting word, the club asks that all mothers respond to the requests of the boys. At the meeting the members turned in their money to the boys for the DeMolay pins.

Single Ring Ceremony Unites Gail Jones and Vernon Urdahl Nov. 15

Miss Gail Jones, daughter of Mr. and Mrs. George L. Jones of Goodridge, was united in marriage to Vernon L. Urdahl, son of Mr. Osmund Urdahl of Goodridge Sunday, November 15, at 3 o'clock p. m. The single ring ceremony was held at the Ernest Swanson home and Rev. E. L. Tungseth officiated. The vows were spoken beneath an arch trimmed in aqua blue and brown with silver bells and flowers.

The bride wore a two piece aqua jersey wool with three-quarter length sleeves. Her corsage was of pink roses and white pompons. Her only jewelry was a gold necklace, a gift of the bridegroom, and a gold bracelet worn by her mother and grandmother at their weddings. Her sister, Mrs. Ernest Swanson, was bridesmaid wearing a brown tailored wool jersey dress with a corsage of white pompons. The bride's mother wore blue wool. Ernest Swanson, brother-in-law of the bride, was best man.

Following the ceremony a reception was held at the Ernest Swanson home for thirty guests. At 4:30 lunchen was served including chicken a la king, fruit salad, sherbet, and wedding cake.

For a wedding trip the couple left for Granite Falls and expect to return today or tomorrow. For travel the bride wore an aqua blue and brown plaid suit with brown accessories. The couple will be at home on the O. N. Urdahl farm after March 25th.

Mrs. Urdahl is a graduate of the Goodridge high school with the class of 1942 and her husband also was graduated from the Goodridge high school and attended Augsburg college for one year.

Out of town guests at the wedding were Mr. and Mrs. Clifford Storholm and Mr. and Mrs. Dayton Silk of Thief River Falls.

Ardith Kelly is Feted At Farewell Party

A farewell party was given in the Log Cabin last Thursday evening honoring Miss Ardith Kelly who will leave with her sister Miss Mae Kelly, the latter part of this week for the West coast where they will make their home. The time was spent playing whist and lunch was served at the close of the evening. Those present were Miss Ardith Kelly, honored guest, Misses Mae Kelly, Mary Alice Helgeson, Jean Erickson, Phylis Calcis, Ardith Gulseth, Ruby Werner, Betty Simonson and Mrs. Hazel Nelson.

Mr. and Mrs. J. E. Robinson, Mrs. Abbie Wasgren, and Mrs. E. G. Lane of Thief River Falls, and George Orr and Miss Bernice Orr of Red Lake Falls were dinner guests Saturday evening at the home of Mr. and Mrs. Clifford Christianson of Red Lake Falls. After dinner cards were played.

Mrs. Millard Nelson Is Hostess Last Evening

Mrs. Millard Nelson was hostess to her sewing club last evening at her home. The ladies spent the time sewing and at 10 o'clock Mrs. Nelson served lunch to her guests including Mmes. Earl Johnson, Alvin Aasehy, Andrew Grendahl and Julius Johnson.

Martin Wedul Marries Hazel Nelson at Quiet Ceremony November 13

At eight o'clock Friday evening, November 13, Miss Hazel Nelson, daughter of Mr. and Mrs. Nels Nelson of Hazel, became the bride of Martin Wedul, son of Mr. and Mrs. O. J. Wedul of Thief River Falls. The ceremony took place at the Norwegian Lutheran church at St. Hilaire in the presence of Mr. and Mrs. Arnt Wedul of Hazel. Rev. Alvin Skiberud performed the ceremony following the wedding march played by Mrs. Skiberud.

The bride wore a two-piece knit dress of green jersey with brown accessories. Her corsage was of yellow, bronze and gold chrysanthemums. Mrs. Arnt Wedul wore a black and white crepe frock with black accessories and a corsage of yellow and white chrysanthemums.

After the wedding the bridal party enjoyed a wedding luncheon at the Arnt Wedul home in Hazel.

Mrs. Wedul has been employed in the city for two years prior to her marriage, and Mr. Wedul graduated from Lincoln high school with the class of 1935, and has since been engaged in farming. The couple will make their home on the bridegroom's farm in Mayfield.

Harriet Myrom Weds Lloyd Christianson in Missoula, Montana

Miss Harriet Myrom, daughter of Mr. and Mrs. Anton Myrom of this city, became the bride of Lloyd Christianson of Tacoma, Wash., son of Mr. and Mrs. Ole Christianson of this city, on November 14, 11:30 a. m. The ceremony took place in the St. Paul Lutheran church at Missoula, Montana, with Rev. R. Dachlen officiating. Attending the couple were Mrs. Dachlen and Burton E. Nelson, both of Missoula.

The couple are at home at Tacoma, Washington, where Mr. Christianson is employed in the scaffold department of the Seattle - Tacoma Shipbuilding yards.

GIRL SCOUT NOTES

Nationally and locally, girl scouts are Red Cross helpers. The girl scouts live by code (To Help Other People at All Times). Work with and for the Red Cross helps the girl scouts to help others. They knit, sew, and make bandages for the Red Cross, and do countless odd jobs to further its work.

Troop 5 and 6. At our last meeting Mr. Anderson, our postmaster, explained all the services in the post office from his duties down to those of the janitor. Some of these are postal savings, money orders, registered and insured mail, air mail, and special delivery. He showed us some very interesting stamps, including a pony express stamp.

We plan in our troop to make surgical dressings at least one night a week. Most of us are members of the Junior Red Cross and the Victory Corps. — Scribe Joan Lynde.

The girls of Mrs. Lynde's and Mrs. Smith's troops also take library books to the hospital and the girls are making scrap books to take to the hospitals for Christmas. Ten girls out of this troop picked potatoes this fall as a girl scout service project!

Juvenile Delinquency in Wartime

There have been many reports of a noticeable increase in juvenile delinquency within the last year or two. Perhaps England's experience in this matter and her efforts to combat it will give us useful hints.

The British Board of Education states that during the first year of the war delinquency among children under 14, rose 41% over the figures for the year before, and that for the group from 14 to 17, the increase was 22%. Possible explanations of this rise might well be pondered by all of us. First of all, they suggest that opportunities for such offenses as thievery and looting were greatly added to by blackouts. Another difficulty was the let-down in parental supervision, and the slackened discipline that accompanied upset conditions. The entry of their elders into war work, and into the many defense services such as air raid protection and fire-fighting meant that children were on their own a great deal. Add to this the absorption of women into industry, the increase in nervous tension, the separation of families and the absence of fathers and older brothers from home, and we see that a piling up of such disorganizing influences could hardly fail to have a bad effect. What part was played by the impressions made on susceptible minds by hearing of the depredations and horrors of war it is impossible to say. The reduction in recreational services was probably a very serious factor, and it is also suggested that many older boys who for the first time had wages to spend tended to "run amok."

Observers of the English experience say that we must profit by it, and plan to add to our welfare services, instead of cutting them down. We must make constructive use of children's time, so that they will feel that their energies are contributing to the war effort. Many organizations, such as the Boy Scouts, have already recognized this need, and have planned many ways in which children can be helpful. Drives for salvaging needed waste materials have made much use of children. The Massachusetts Committee on Public Safety is using 50,000 youth as messangers and couriers. In England, children have done such things as to collect music to be sent to army camps, they have written letters, and made contacts in various other ways with members of the armed forces. In some American cities, older girls are being used as caretakers for young children during the hours between the time mothers leave home for work in defense plants and the opening of nursery centers.

Children who are busy, who feel useful, are in little danger of falling into delinquent behavior. Suggestions as to constructive activity may be found in Rural Youth's Part in Wartime, a pamphlet put out by the American Council on Education, 744 Jackson Place, Washington, D. C.

Trousseau From "Trusse"

"Trousseau" comes from the early word "trusse" and means "a small bundle." It goes back to the days of marriage by purchase. This bundle, or dowry, was to compensate the groom in some degree for the purchase price of his bride. The same was true of the hope chest. If the groom looked the dowry over and found it unsatisfactory he could refuse to go through with the ceremony.

Reviving Wilted Flowers

To revive wilted cut flowers, put them in fresh water in which place an aspirin tablet; they will revive in about two hours and look fresh. This will also preserve cut flowers when fresh; flowers given this treatment when fresh will outlast treated ones by several days. When wearing cut flowers, dip the ends of the stems in melted wax to prevent fading.

GRANDMA'S THANKSGIVING PUDDING

Do you remember the old Thanksgiving song about "over the river and through the woods to grandmother's house we go"? And then that line toward the end — "Hurrah for the fun! Is the pudding done?" Well, here is just such a spicy fruity pudding as that grandmother probably had steaming fragrantly in her old-fashioned kitchen.

It's particularly appropriate now because the pudding itself is made without even a spoonful of sugar. Fruit and molasses supply the sweetening for it. Thus, if you choose, you can serve it with whipped cream, or since the pudding doesn't use any sugar at all, you may feel that you can spare the cup and a half necessary for a hard sauce. Here is the pudding recipe:—

GRANDMA'S PUDDING

3½ cups sifted all purpose flour
1 tsp. soda
1 tsp. salt
2 tsp. cinnamon
1 cup seeded raisins
1 cup cut-up dates or figs or both
1 cup ground suet
1 cup sour or sweet milk
1 cup molasses

Sift together dry ingredients. Mix in fruit. Blend in the suet, milk, and molasses mixed together. Steam three hours in an 8-inch tube-center mold or a 2 quart can or 16 individual molds.

To Steam Puddings

Pour batter into well-greased mold (fluted tube-center mold, or round can). For individual molds, use jelly glasses or custard cups. Fill the mold ⅔ full. Tie waxed paper loosely over top (if using improvised steamer); place in a steamer (with perforated bottom) which fits tightly over a kettle. Have enough boiling water in kettle to last through steaming, but not high enough to seep into mold. Put on the tight cover of steamer. Do not lift until steaming time is up. Then turn pudding from mold. If serving is delayed, keep hot in oven.

SAUCE O' VELVET FOR STEAMED PUDDING

½ cup butter
1½ cups confectioners' sugar
2 egg whites
¼ tsp. vanilla
1 tbsp. any other desired flavoring

Cream butter, add sugar gradually, and cream thoroughly. Add unbeaten egg whites one at a time, and beat until fluffy. Slowly blend in the flavoring (a little at a time), and heap on a serving dish. Sprinkle with nutmeg. Set in cool place until time to serve. This makes 6 to 8 servings. Double the amounts for 12 servings.

HARD SAUCE AND VARIATIONS

½ cup butter
1½ cups fine sugar
1 egg white
1 tsp. vanilla

Cream butter and sugar together thoroughly. Add stiffly beaten egg white and vanilla. Beat until smooth and fluffy. Pile on serving dish and chill. (Any other flavoring may be used in place of vanilla.)

Fruit Hard Sauce

Prepare Hard Sauce. Then beat in very gradually 1 cup mashed strawberries or raspberries, which have been strained to remove seeds.

Three Colored Hard Sauce

Divide into 3 parts. Add melted chocolate to one part, pink color and fruit flavor to second part and leave third part plain. Mold in layers in a loaf pan and chill. Turn out on serving plate and serve at table.

DEER BREAKFASTS WITH CATTLE AT ST. PETER

St. Peter—Eating his breakfast and gazing out the window toward his herd of cows one morning recently Emmett Kienlen, blinked his eyes a couple of times to make sure what he saw was true. There in the midst of his herd of cows stood an antlered cow. Down to the barnyard he dashed and thrue enough there was a deer feeding with the livestock, friendly as the well known lion and lamb.

It cost $100,000,000 to electrify the Pennsylvania railroad between New York and Washington, D. C.

Catching Flies

An ingenious system has been used for collecting small flies. A mushroom grower, who used manure as a fertilizer, found that he had raised a plague of flies. He called in an engineer, who promptly installed suction fans which drew off the flies. But the engineer did not stop there. Having solved the mushroom-grower's immediate problem, he was worried to see the flies being wasted. So he added refrigeration coils to the fans. These chilled the flies and caused them to drop into large cans. Frog farmers eagerly bought the dormant flies.

COAL BUYERS ATTENTION!

Effective at once, coal will not be delivered in less than one ton lots. It is necessary to eliminate deliveries of less-than-ton lots in order to conserve gasoline and rubber.

PLEASE PLACE ORDERS EARLY

Because of our difficulties in securing labor we cannot maintain as good a delivery service as we would like to and will not always be able to respond to rush demands. Your cooperation by placing orders early will be greatly appreciated.

SEEKING RECRUITS FOR A MINNESOTA STATE GUARD UNIT

Prospective Members Urged to Report at Crookston This Week-end

Additional recruits are being sought for the First Separate battalion Infantry, Minnesota State Guard, now on active duty in the Duluth area, according to Lt. Earl D. Starboard, battalion recruiting officer, who will be in Crookston at Hotel Crookston on Friday, Saturday and Sunday, November 20, 21 and 22, and will interview any men interested in joining the battalion.

The First Separate Battalion is an infantry unit, on active military duty, performing an essential defense effort, guarding the security area at the Head of the Lakes. Headquarters are at Duluth, with detachments at Two Harbors, and Thomson Dam (in Jay Cooke State Park) near Carlton.

The following basic requirements govern enlistment in the battalion: Age limits: 17 to 55 years. First class physical condition. Military experience preferred but not required. Period of enlistment: For the duration of the war plus six months thereafter. Men with 1-A draft status will not be considered for enlistment.

All men enter the service as privates, grade VII, with plenty of opportunity for advancement to the higher grades. Pay for this grade is $75.00 per month, in addition to all clothing, food, quarters, and medical attention.

Our nation's chief source of iron ore, and the site of several defense industries, such as shipyards, steel mills, etc., Duluth is the very spearhead of the war effort in the Middle West. The task of the First Separate Battalion is to see that these defense plants and installations are left undisturbed by enemy agents or saboteurs.

"We need good men," said Lt. Starboard in a letter to the Times. "The 1st Separate Battalion is the best equipped, finest trained, and most efficient state guard unit in America, and we are hoping to secure some fine recruits from this section of the state. Both as an opportunity for patriotic service, and as an economically desirable job, service with the battalion should appeal to every red-blooded American man."

Ole J. Jorgenson, Long Time Warren Resident, Passes Away Tuesday

Ole J. Jorgenson, lifelong resident of the Warren community, died Tuesday afternoon at a Grand Forks hospital at the age of 58. He was born in Marshall county July 27, 1884, and lived on his farm east of Warren until moving recently to East Grand Forks. Funeral rites will be conducted next Monday, November 23, at 2 o'clock from the Alma church east of Argyle. Surviving his death are his wife, a daughter Vera of Thief River Falls, a son Arnold of Camp Kohler, Calif., and three brothers and three sisters.

Smiley School First in Scrap Collection Drive

With a scrap collection totaling 7,520 pounds, pupils of School District No. 4 in Smiley township topped all other rural schools of Pennington county in the October scrap metal campaign, it was announced last week. Seventeen pupils in the school, taught by Miss Clara Swenson, participated in the drive, which netted the school $38 in war savings stamps.

Services Tuesday, Nov. 17, for Willis McCrady, Who Died in Bemidji

Funeral rites were held in the Presbyterian church of Plummer at 2:00 p. m., November 17, for Willis G. McCrady, age 67, who died at a Bemidji hospital as a result of a heart attack on Saturday, November 14, at 7:15 p. m. Rev. Lindbloom officiated at the rites and interment was made at the Lutheran cemetery.

Surviving are four children, Mrs. Irene Hennrionet of Bemidji, Mrs. Doris Alvin of North Branch, Minn., Willard McCrady of Bagley and Harold McCrady of Plummer; his wife, four brothers, Chester and Harry of Owatonna, Archie of West Bend, Ind., and Augusta of Seattle, Wash.; two sisters, Mabel and Bertha of Owatonna.

Mr. McCrady was born on February 6, 1875 in Owatonna. He was married in 1908 to Josephine Kartstad, who survives him. Later he lived in Bemidji, and finally moved to Plummer where he has made his home for the past nine years. During his residence in Plummer he has served as the village treasurer, justice of the peace, elder in the Presbyterian church, and has been very active in the commercial club. He was a member of the Modern Woodmen of America, the Masons, and was an alumnus of the University of Minnesota with the class of 1911.

As part of the funeral services the Presbyterian choir sang "Safe in the Arms of Jesus" and "In the Cross of Christ," and Mrs. Melford Olson of Red Lake Falls sang a solo. The Commercial club, of which Mr. McCrady was an active member, attended the funeral in a body.

Arthur Wilhelm, 47, Dies November 13th; Rites Held Wednesday

Last rites were held yesterday afternoon, November 18, in the St. Hilaire Lutheran church for Arthur E. Wilhelm, Black River farmer, who died at a local hospital Friday, November 13, at 7:00 P. M., at the age of 47 years. Rev. Alvin Skibsrud conducted the rites and interment was made in the St. Hilaire cemetery.

Surviving are his mother, Mrs. Ida Wilhelm of Bottineau, N. D.; six brothers, Robert of Plummer, Ebert in the U. S. service, Andrew, Lambert, and Ernest all of Bottineau, N. D., and Albert of Salem, Oregon; one sister, Viola of Arlington, Calif.; two uncles, Ed and Louis Knith of Glencoe, Minn.; two aunts, Mrs. John Albrecht of Browntown and Mrs. George Borecht of Jamestown, N. D. His father preceded him in death December 25, 1933.

The deceased was born in Brownton, Minn., on September 4, 1895. In 1917 he moved with his parents to Bottineau, Minn., and the next year he was inducted into the army and served with the A. E. F. from June 20, 1918 to June 6, 1919. He was discharged at Camp Grant, Ill., on June 16 of that same year. Before finally settling in Black River twp., Mr. Wilhelm lived in Bottineau, and in Bellingham, Wash. He was an active member of the local post of the American Legion.

Pall bearers for the funeral were W. A. Corbet, Harry Sevre, M. Highland, Fred Blakey, Woodrow Almquist, and Nick Drees.

Funeral Services Held for William N. Ryer

Funeral services were held at the Erickson & Lund funeral home Friday, November 20, at 2:00 P. M. for William N. Ryer, who died at Fergus Falls November 16. Rev. J. O. Jacobson conducted the rites and interment was made in Greenwood Cemeterry. Mr. Ryer was a resident of this community for thirty years before moving to Fergus Falls in 1939 where he died. He was born on February 25, 1869, in Pennsylvania, and died at the age of 83 years 8 months and 23 days.

Big Stone County Wins U. S. Flag for October Collections of Scrap

With an October scrap total of 3,353,615 pounds or 324.8 for each of the 10,447 residents, Big Stone county wins the United States Flag given by Minnesota Editorial Association for the best per capita record during Newspaper October scrap drive.

With Douglas in second place and Sherburne in third, the state bettered the famed Nebraska achievement of 104 pounds per capita, turning in during this one month 300,792,414 pounds of scrap for a per capita record just short of 108 pounds.

With 6,335,279 pounds Douglas was second, reaching 311 pounds for each of 20,369 residents. Sherburne's 10,456 people turned in 2,932,593 pounds for a record of 280.5 pounds per capita. Stevens, Wadena, Grant, Lyon, Wright, Kittson and Lincoln counties make up the rest of the first ten in that order. Forty-eight of the state's 87 counties averaged better than 104 pounds per capita during the month of October.

WE WILL NEED IT LATER ON

Compared with the low prices of the depression years farmers are now receiving good prices for most of their products. Compared with the prices received by farmers during the last war, present prices are low. Without attempting to argue whether or not present prices are fair in their relation to the cost of goods the farmer must buy, our community is enjoying many advantages under the present relationship.

Under present conditions the trade balance is very favorable to our community. We are receiving more money than we are spending, largely because the number of things we can buy is limited, and unless we are downright wasteful we are going to pile up cash reserves.

But merely because we will have larger cash reserves than ever before does not mean that we will be richer.

We will come out of this war in need of many replacements along with a heavy burden of public debt. The trade balances will not be as favorable then as they are now. We will spend more than we receive. We will have need for the reserves.

During the prosperous years of the last war agricultural communities went into debt. Those debts were paid during the depression years by bankruptcy and foreclosure and bank failure. If we now reverse the procedure and pay debts and build up reserves as we are able, we will have less to worry about when the war ends.

To encourage the building of railroads which would open for settlement large territories in the West, the government gave to the railroad companies millions of acres of land. In return for this subsidy the railroads receiving such grants agreed to haul government personnel, freight and mail at prices far below the cost to the public. For many years this concession to the government has not been a heavy burden because the government's business was not great, but in recent years the government has been one of the railroad's best customers. To give relief to hard-up companies, Congress, in 1940, agreed the government should pay regular rates on most of its shipments, with the important reservation that old rates would still apply to Army and Navy personnel and freight when travelling for military purposes. At the present time that reservation covers practically all government business again and so the problem is still a headache for the railroads that were subsidized by land grants. Proving again that today's advantage may become tomorrow's disadvantage.

Minnesota's rich iron ore deposits are rapidly being depleted. While there still is an almost unlimited supply of low grade ore, the high grade ores will have become a thing of the past in another eight years at the rate they are now being mined, according to E. W. Davis, director of the Mines Experiment Station of the University of Minnesota. So serious is the prospect that federal authorities are now becoming alarmed and several magazines of national circulation have recently given the subject much space. The problem is important to the nation. It is more important to the State of Minnesota. Minnesota is not the only state that has an abundance of low grade iron ore and in normal times high grade ore can be secured from other countries at less cost than domestic low grade ore can be reclaimed under present processes. It is a problem that needs immediate attention. Minnesota cannot afford to have her range cities become deserted villages.

Two years ago we had had more than a week of tough winter by this time of the month, and the winter that blew in with that Armistice Day storm remained with us until late in February. Last year passed us by without any winter at all. Maybe the season that is ahead of us will settle down to the good old average.

After the smoke of another Solomon Islands naval battle had cleared away the Jap fleet was seen high-tailing it over the horizon toward home and the Tokyo radio proclaimed another great victory for the Asiatic branch of the superior race. With a few more victories like this one the Japanese people probably will be content to let their rising sun remain half submerged in the sea, hopeful that it will not sink completely with their navy.

FARM TRACTORS IN WARTIME

Simple Adjustments Pep Up Tractors

(Third of a Series of Six Articles)

By A. P. Peck
Managing Editor, Scientific American.

Last week's article told how the farmer can practice preventive maintenance on his tractor, thus effectively stopping trouble before it starts. But there is another side to tractor care also, a side that too often is neglected. Tractors are getting harder usage than ever these days, with the struggle to keep up with the increasing demand for agricultural products, and this hard usage causes engine parts to get out of adjustment more frequently than before. Usually, however, the changes are effected so gradually that they pass unnoticed until they become large enough to cause engine failure or a substantial reduction in power delivered by the tractor.

A. P. Peck

Every farmer can take steps to prevent such failure or power losses, merely by making it a practice to tune up the engine regularly. First on the tune-up list should be the carburetor adjustment. This should always be done when the engine is thoroughly warmed up, and is operating on the belt at normal load. Simply turn down the needle valve until the engine misses and backfires. Then turn the valve back about a quarter of a turn until the engine runs smoothly. This is a correct position for most efficient operation.

Spark plugs are the next thing that should be looked at on regular tune-up occasions. They should all be removed and the insulators cleaned thoroughly, after which the gaps should be reset to the correct spacing and the plugs replaced snugly in their holes. Be sure, of course, that you are using the type of plug required by your tractor; when operating on gasoline the plugs should be of the cold type, while tractor engines burning distillate or kerosene must be equipped with hot plugs.

The governor on your tractor is the device that keeps the engine operating at a constant speed which is most efficient for the work to be done. With this device out of adjustment, the engine speed will vary and power loss will result. When tuning up the engine, check the engine speed with a speed counter on the belt pulley; if the speed is not what it should be, or varies considerably, the governor itself should be checked for wear and for reduced tension on the spring. This trouble, when encountered, should be repaired immediately in order to preserve maximum engine efficiency.

If the valves on your tractor engine are not working properly, there will be another loss of power. Make sure that the tappet clearance is not too small or too great, by checking with a feeler when the engine is at operating temperature. If the valves are held open by insufficient clearance, the valves and seats will be burned; if there is too much clearance, the valves will not open all the way and insufficient fuel will be drawn into the cylinders. In either case power will be lost, and in the first case the valves and seats will soon be badly damaged.

Last but by no means least is the question of ignition timing. This is a rather delicate job, and should only be attempted if you have available the complete instructions in the manufacturer's manual. If not, better have a service man do the work. In any event, however, you should always include a check of ignition wires and connections in your tune-up.

A recent survey showed that a large percentage of farm tractors are working below peak efficiency, some of them wasting as much as 20 percent of the fuel used, all for the want of a simple tune up, a job that can be quickly done in the manner outlined above.

(Next Week: *High-Compression Tractor Engines*)

Chemically Treated Cloths

Chemically treated cloths which will quickly remove discolorations can be bought. But silver so treated should be well washed after such a cleaning, before coming in contact with any food. Use a good paste or a good silver polish on large pieces. Apply with a soft cloth, let dry on and then rub off with a soft cloth. After cleaning, silver should be washed in warm, soapy water. Then dry it well and bring it to a high luster with a soft polishing cloth. A little stiff brush, or an old discarded toothbrush, will be useful in applying or removing polish from chased or filigree work.

Hops From Jugoslavia

One of the largest export items from Jugoslavia, to all parts of the world, until the present war, has been 10 pounds of hops every minute, for brewing purposes.

Oil Base Products Countless

What comes out of an oil well? Oil is the obvious answer, but the number and variety of marketable products are practically endless. One company which operates four refineries gets approximately 450 different products out of crude oil. Among them are 28 types of gasoline, 30 different solvents, five grades of diesel oil, 15 grades of fuel oil, 35 types of oxidized asphalts, 18 industrial oils, 40 types of highway asphalt, 80 greases, 23 home and automotive specialties, and 133 different lubricating oils.

On the Right Rail

Near Columbus, Ga., several trucks of the City of Miami, Illinois Central's crack streamliner, left the rails, sliced ties and spikes for a half-mile, crossed a 130-foot trestle, hit a curve and safely remounted the rails.

MINNESOTA PHONOGRAPH PURCHASED IN SOLOMONS

Rochester—A most interesting item has reached Mrs. Norman Swanlund from her husband who is serving with the armed forces of our country in the Pacific. With three of his mates the young man dropped into a nearby town on one of the tiny islands in the Solomons sometime back. In their wanderings they came across a phonograph which looked good enough to pool resources for. Back at camp Swanlund looked the machine over with a view to seeing what made it turn out such glorious strains of music. To his utter amazement he learned it had been made by Waters-Conley Company in his hometown of Rochester, some 12 to 15 thousand miles away.

SMALL BOYS LEARN THE HARDEST WAY

Canby.—Three small boys, aged 7, 8 and 9, let their curiosity conquer them when they found a quart bottle of whiskey. No doubt better control of curiosity will be exercised in the future by the same three lads as the experience wasn't a pleasant one. Hidden away in the fair grounds they uncorked the bottle and gulped the liquor. Fortunately, one boy was unable to gulp enough to affect him, so he dragged one staggering companion home reporting what had happened to his mother. The third boy was immediately sought and found unconscious, was taken to a hospital and after 24 hours had recovered sufficiently from the acute hangover to be permitted to return home.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, November 10, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Peterson, Overum, Rinkel, Stenberg present and Alderman Severson absent.

Minutes of the meeting of October 13th were read and declared approved as read.

Monthly reports of the City Clerk, Treasurer, Municipal Judge, Weighmaster, Park Board and Manager of Sports Arena and Recreation Committee were presented and ordered filed.

H. W. Thelander of the Farm Security Administration appeared before the Council with a request that the City rent the Central School building and furnish such rent, light and heat for offices of such Farm Security Administration, Farm Bureau and Triple A. After discussion of the matter the Council indicated that they would pay rent in the amount of $15.00 per month and also furnish light and water provided other arrangements were made for the furnishing of heat.

A written request was presented by members of the Fire Department and operators of Filtration Plant for an increase in salaries due to increased cost of living. The same was read and filed.

Application for permit to retain residence was presented by Andrew Norby, Lots 1-3, Block 19, Red Lake Rapids, cost $150.00. Alderman Peterson moved that the same be approved and granted. The motion was seconded by Alderman Stenberg and adopted.

A motion was introduced by Alderman Stenberg that the President appoint a committee of two members of the Council together with two business men of the City to promote the improvement of the airport. The motion was duly adopted. The President appointed Aldermen Petersen and Rinkel, Roy Oen and S. F. Daniels to serve as such committee.

Alderman Petersen introduced a resolution approving for payment the final estimate of Andrew Larson in connection with certain improvements of Block 35 of the Original Townsite and Horace Avenue, in the amount of $2,671.80 and moved its adoption. The motion was seconded by Alderman Stenberg and adopted by unanimous vote.

Alderman Stenberg introduced a resolution setting Tuesday, December 8th, 1942, at eight o'clock P. M. in the Council Rooms as the date for a hearing in the matter of special assessments for improvements made in the construction of alley paving Block 35, widening of pavement on Horace Avenue and Second Street and construction of Walk, Curb and Gutter abutting on Block 35, Original Townsite and Block 34 and moved its adoption. The motion was seconded by Alderman Peterson and adopted by unanimous vote.

Alderman C. E. Overum advised the Council that he was leaving the City to join the United States Army and tendered his verbal resignation as Alderman of the Third Ward.

Alderman Overum introduced a resolution approving for payment various current bills against the City and moved its adoption. The motion was seconded by Alderman Rinkel and the resolution was by roll call unanimously passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At a regular meeting of the City Council held November 10, 1942, Alderman Stenberg, seconded by Alderman Petersen, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the City Council did heretofore pursuant to a petition signed by the owners of more than 51% in frontage of the real property abutting on the East side of Horace Avenue between Second Street and Third Street determine to improve the property along said Horace Avenue by demolishing the curb and portions of the sidewalk along said Horace Avenue and constructing thereon a new curb and sidewalk together with paving of the strip between the original paving and the new curb. And a contract having been entered into for the construction of said improvement and said improvement having been made and completed and the City Clerk with the assistance of the City Engineer having calculated the proper amount to be specially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, in accordance with the provisions of law and the proposed assessment so made up having been filed with the City Clerk and being now open to public inspection.

NOW, THEREFORE, BE IT RESOLVED, That Tuesday the 8th day of December, 1942 at 8:00 o'clock P. M. of that day at the City Council rooms in the City Auditorium and Municipal Building in the City of Thief River Falls, Minnesota, be and hereby is fixed as the time and place when and where the Council will meet to hear and pass upon such proposed assessments.

AND, BE IT FURTHER RESOLVED, that the City Clerk be and hereby is instructed and required to give notice of the time and place of such hearing by published notice in the official paper of the City for two weeks prior to the said date of hearing.

ROLL CALL

Aldermen voting Yes: Griebstein, Petersen, Overum, Rinkel, Severson, Stenberg.

Mayor.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At a regular meeting of the City Council held November 10, 1942, Alderman Stenberg, seconded by Alderman Petersen, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that whereas, the City Council did heretofore by resolution duly determine to make the following improvements in Block Thirty-five (35) of the Original Townsite of Thief River Falls, to-wit:

1. Construct a pavement on the alley of Block Thirty-five (35) of the Original Townsite of Thief River Falls, such pavement to be the full width of the alley and to be constructed of concrete and upon the grade elevation and according to the specifications now on file with the City Clerk.

2. Demolish the old curb along the West side of Horace Avenue from Second street to Third street and construct a sidewalk eleven (11) feet wide along the westerly line on the East side of said Block Thirty-five (35) of the Original Townsite of Thief River Falls. Also to construct a new curb and gutter along the sidewalk line of such sidewalk and pave with concrete the strip between the present paving and the new gutter as the same shall be constructed.

3. Also to construct a sidewalk fourteen (14) feet wide along the South side of Block Thirty-five (35) on the North side of Second Street. And a contract having been let for such work and such work having been completed and the Clerk with the assistance of the City Engineer having calculated the proper amount to be specially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, in accordance with the provisions of law and the proposed assessment so made up being now on file with the City Clerk and open to public inspection.

NOW, THEREFORE, BE IT RESOLVED, that Tuesday the 8th of December, 1942, at 8:00 o'clock P. M. of that day at the Council rooms in the City Auditorium and Municipal Building in the City of Thief River Falls, Minnesota, be and hereby is fixed as the time and place when and where the Council will meet to pass upon such proposed assessment and the City Clerk is hereby authorized and directed to give notice of the time and place of said hearing by publishing a notice thereof in the official paper for two (2) weeks prior to such meeting of the Council.

'Sgt. York' No. 2

Sergt. Alvin York captured 132 Germans in World War I. Sergt. Keith Elliott of New Zealand, captured 130 Germans near Ruweisat, in the Alamein line in Egypt. He is pictured after the exploit, which won him the Victoria cross. Enemy tanks attacked three sides of his battalion and 15 men were left of Company B. Elliott led them in charge after charge. While capturing a German machine-gun nest single-handed he got three wounds in the back and legs. He handed over the entire batch of 130 prisoners.

NOTICE IS HEREBY GIVEN, that the City Council of the City of Thief River Falls will meet on Tuesday, the 8th day of December, 1942 at 8:00 o'clock P. M. at the Council rooms in the City Auditorium in the City of Thief River Falls for the purpose of hearing and passing upon all objections to the special assessments now on file with the City Clerk, on account of the construction of a paving in the alley through Block Thirty-five (35) of the Original Townsite of Thief River Falls and the construction of sidewalk, curb and paving along Horace Avenue and fronting on said Block Thirty-five (35) and a sidewalk, curb and paving on the North side of Second street and fronting on said Block Thirty-five (35).

Dated this 11th day of November, 1942.

P. G. PEDERSON,
City Clerk.

Rubber Tour

William Jeffers, newly appointed rubber czar (foreground), is shown in a large synthetic rubber plant at Akron, Ohio, as he started his tour of inspection of rubber plants. In shirtsleeves is R. W. Moorhouse, synthetic rubber plant manager, who gave Jeffers a continuous explanation of the process.

Centrifugal Force

A man in London weighs less than he would at the North pole, more than he would at the equator. Reason, centrifugal force (which opposes gravity) increases with the distance of the object from the axis of spin. Hence the maximum effect would be felt at the equator (farthermost from the earth's axis of spin), least effect at the Pole (the axis). If the earth's rotation were 17 times faster, men at the equator would weigh nothing, drift off into space.

View on the Aisle

Several moving picture theaters have installed aisle carpets treated with a special fluorescent dye that shines only under invisible ultra violet rays. They glow clearly but softly, guiding the patrons safely to and down the aisles.

Removing Chewing Gum

To remove chewing gum, use one of the household cleaning fluids or apply ice which hardens the gum and it can be peeled off.

FIRST INSPECTION OF TIRES MUST BE MADE BY JAN. 31

Will be Feature of Mileage Rationing Program in Nation

Careful inspection of passenger automobile tires will be an integral part of the mileage rationing program, both from the standpoint of protecting tires and preventing fraudulent use of gasoline, OPA officials have warned the public.

The first inspection of tires on all passenger cars must be completed by January 31, 1943. More than 100,000 approved inspectors will be checking tires every four months for persons who drive with basic "A" ration books. Serial numbers of tires, furnished by motorists in registering for their basic "A" books, will provide inspectors with the key to mileage and gas consumption by the cars on which the tires are mounted. At the same time, motorists will get the benefit of continuing expert service to determine when their tires should be recapped or retreaded, what needs to be done with wheels if out of line or rims are bent.

A fee of not to exceed 25 cents will be charged for the inspection except when it is necessary to remove tires or wheels. Complete reports will be kept by the inspectors who will be authorized to notify motorists when tires should be repaired and require action on the recommendations.

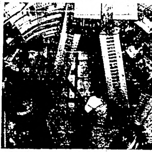
Board Gets Ruling on Registrants over 45

The local selective service board was notified Saturday by state headquarters not to order any registrant to report for induction who was of an age liable for army service at the time of his registration, but who since has attained the age of 45 prior to the time scheduled for his induction. They may, however, it was pointed out, volunteer for induction according to established procedure.

Two More Local Men at Great Lakes Station

The name of Thief River Falls was again prominent at the U. S. Naval Training station at Great Lake, Illinois, last week, when two more of her fighting sons reported for duty to begin recruiting training. The new Bluejackets are Rodney L. Brodin, son of Mr. and Mrs. A. V. Brodin, and Silas B. Kompelien, son of Mr. and Mrs. Olaf O. Kompelien.

Bullets for Offense and Defense



U. S. Flying Fortresses not only spell death in the form of heavy bombs. Their excellent armor plating provides a good defense against enemy fighter attacks, and the many guns with which the Fortresses are equipped make them deadly to the would-be-attacker. Somewhere in Great Britain a Flying Fortress prepares for a raid over Hitler's Europe. Picture shows its cartridge belts that feed the machine guns being checked.

Nearly 750 Deer Hunting Licenses Issued Here

Nearly 750 big game hunting licenses, more than 200 above the figure two years ago, had been issued up to the first of the week from the office of County Auditor A. M. Senstad, including more than fifty issued to residents of Marshall county. Two nonresident licenses were issued to hunters from other states, who paid $50.25 for the privilege of trying to get a deer.

Carl R. Anderson Cites Rule on Gas for Trucks

Carl R. Anderson, chairman of the [illegible] board, stated today that the Office of Defense Transportation has postponed the effective date of certificates of war necessity for trucks from November 15 to December 1, as a result of the postponement until the latter date of gasoline rationing. Regulations permit issuance of temporary gasoline rations after December 1 to anyone who has applied for a certificate of war necessity, but who has not received it.

Keeping Score

.... With BUCK OLSON

He Made It

I learned yesterday that Harry Newby, coach of the Prowlers last season, made a successful campaign for the office of register of deeds in Carlton county, winning election by a margin that was nearly two-to-one.

Harry hated to give up the coaching profession, but his doctor advised him that he would aggravate a nervous condition if he continued coaching. Harry, you know, wasn't feeling well last spring.

The All-state Team

Bill Carlson, Minneapolis Tribune writer, with the cooperation and assistance of a number of state high school coaches, has selected an all-state high school football team, and two of the players named, Bemidji's Dewayne Hoberg and Moorhead's Al Lund, were members of teams that faced the Prowlers this year. The makeup of Carlson's team is as follows: Steve Nelson, Northfield, and John Sundberg, Red Wing, ends; Dewayne Hoberg, Bemidji, and Dean Muetzel, Redwood Falls, tackles; Emil Steeke, Perham, and Gordon Huntington, Waseca, guards; Dick Lagergren, St. Cloud, center; Bob Collison, Fairmont, quarterback; Dick Radatz, Winona, and Wally Smith, Duluth Denfeld, halfbacks; and Alvin Lund, Moorhead, fullback.

In the opinion of many of the Prowlers, Moorhead's Chuck Melberg was a more able tackle than Bemidji's Hoberg; and the Prowlers are pretty well agreed too, that the Spuds stellar guard, Harold Gravellin, should have been placed on the all-state team.

Only two players from the 31st district were mentioned, and they were the Crookston Pirates' Jim Laurent, a halfback, and Bob Bain, a center. Both were given honorable mention. Frankly, there were several other players in the district that were as worthy of honorable mention as the two Pirates. For instance, Warren's Chuck Cheney; Red Lake Falls' Armand LaChance; East Grand Forks' Pete Hunt; and the Prowlers' Marlyn Dorn and Bill Bye. Maybe these players didn't have as efficient campaign managers as Laurent and Bain.

Just About Ready to Go

The Prowlers are only a week away from the opening game on the basketball schedule, and coach Bill Kottke has begun to give the boys some team drills and scrimmage. Kottke has been concentrating the practice drills on a twenty-man squad, with the following boys on the roster: Jack Melby, Bob Powell, Milt Reierson, Bill Bye, Bill McKechnie, Bob Wright, Homer Matheson, Mark Levorson, Pete Michalsky, Bob Abbott, Don Berg, Norm Furuseth, Manny Forsberg, Chuck Richards, Phil Kaya, Herb Claffy, Dick Schmeltzer, Roy Rupprecht, Pork Weflen, and Virg Evenstad.

During the team drills and scrimmage coach Kottke has worked Jack Melby, Milt Reierson, Bob Powell, Bill Bye, and Billy McKechnie, in one group, with Melby at center, Powell and McKechnie at the forwards, and Bye and Reierson at the guards; while the other five has had Bob Abbott at center, Don Berg and Bob Wright at the forwards, and Mark Levorson and Norm Furuseth at the guards. Pete Michalsky has been alternating with Bob Powell at forward on the first five; and Homer Matheson, Manny Forsberg and Chuck Richards have been used in the second group.

Plenty of Venison

Although lack of snow made tracking conditions difficult, hunters report that deer were plentiful and many "filled" their limit. Gaynor Eide, Melvin and Hans Kaushagen, hunting in the vicinity of the Lilac Farm northwest of town, bagged three deer on Sunday, being one of the earliest "fills" reported. Lloyd Vevea hunted near Viking, and he, too, got his deer on Sunday. Harold Olson, Ernest Ballangrud, and Pete Pederson hunted the timber south of Roosevelt, and after being blanked on Sunday, filled their limit on Monday. Drs. Ed Bratrud and Homer Hedemark were in the Thorhult area and they shot their deer on Sunday; Cliff Bjorkman was in the group too, and got his buck. Milt Larson, on his first deer hunting trip, hunted along the Seven-Mile ridge west of town and he shot a spike buck, while his hunting companion, George Mostue, was blanked. All I get out of the deer hunting season is a chance to wear my red cap.

CONSTITUTIONAL AMENDMENTS ARE APPROVED NOV. 3

State Canvassing Board Releases Final Figures on Election

Minnesota voters cast 817,611 ballots in the Nov. 3 election, compared with 1,301,573 in the 1940 election, official state canvassing board returns showed Tuesday.

Final count showed Gov. Harold E. Stassen with a plurality of 109,883 over Hjalmar Petersen; Sen. Joseph H. Ball with 142,332 over Elmer A. Benson, and Ed Thye, lieutenant governor-elect, with 166,598 over Jule Anderson.

Both constitutional amendments were adopted with well over the 408,756-vote requirement. One will permit lending of permanent university trust funds at lower rates of interest than now required, the other liberalizes requirements for publishing proposed amendments to home rule charters.

Times Will be Printed Next Wednesday Night

With Thursday, November 26, being designated as Thanksgiving Day, the next issue of The Times will be printed Wednesday evening instead of Thursday noon, the usual time. STATE PLANS TO REDUCE NUMBER OF MEN EMPLOYES

Plan to Cut 1,600 Workers from State Payroll by January 31

Steps to reduce, by 20 per cent—one in every five or a total of about 1,600—the number of men on the state's payroll, have been taken by the new Minnesota emergency manpower agency, of which Victor Christgau is director. Such reduction is one of 11 points outlined on October 10 by Governor Stassen as the agency's program, at the time he determined to take emergency action on the manpower problem in the state. The agency's directive calls for the reduction to be made by Jan. 31, 1943.

Heads of all state departments having employe appointive power, under civil service, are asked to confine new appointments to women or physically handicapped men, wherever possible. Employment of new able-bodied men must have specific approval by the civil service director.

An additional step is a proposal to liberalize the law regulating leaves of absence, without pay, for state workers going into essential war occupations.

A "position survey group," composed of existing state personnel, management, and research staffs is to recommend additional ways to promote a further utilization of womanpower in state employment.

AFTER 13 YEARS APART, BROTHERS MEET IN HAWAII

Montevideo.—It is not strange to see folks from the hometown in many a foreign outpost in these times, but almost stranger than fiction is the chance reunion of the Johnson brothers in Hawaii recently. More remarkable still is the fact that both Orlando R. Johnson and his younger brother, Hamilton A. Johnson, arrived in Oahu on July 16, but did not meet until some time later. They had not seen each other for 13 years.

In the past few months the assembly time of the breechblock for an anti-aircraft gun has been cut from 3½ hours to 30 seconds.

U. S. GOVERNMENT WAR MOVIES MAY NOW BE OBTAINED

Large Variety of Features Available for School and Community Use

Wartime activities and responsibilities are portrayed dramatically in a series of government 16 mm. sound films being distributed for school and community use by the bureau of motion pictures in the Office of War Information.

The films, OWI officials said, are information films designed to give the public a better understanding of the war they are fighting. In the group are three aviation films, entitled "Bomber," "Winning Your Wings," and "Target for Tonight." Five pictures show war production in factories and on the farms—"Bomber", "Tanks", "Lake Carrier", "Democracy in Action", and "Home on the Range". Two deal with civilian responsibilities—"Safeguarding Military Information", and "Salvage". Others available for showings are "Ring of Steel", "Men and the Sea", a heroic picture of China's fight, "Western Front", and some song shorts—"Anchors Aweigh", "Keep 'Em Rolling", and "The Caissons Go Rolling Along".

Important government officials, such as Donald M. Nelson, chairman of the War Production Board, speak a background in sound films included in the production.

Government officials estimate there are 20,000 16-mm sound projectors in the United States, more than half of them owned by schools. School projectors, they said, should be shared with civic organizations, service clubs and defense councils to get the best showings for the films possible.

These films are available at the following places: Elliott Film Co., 72 Glenwood avenue; Film Preview, Inc., 1504 Hennepin avenue; Russell C. Roshon, 535 Andrus Bldg., and the Extension Division of the University of Minnesota, all in Minneapolis.

These distributors may make a service charge of not more than 50 cents for the first subject and 25 cents for each additional subject included in a single shipment. The cost, therefore, of using three films would be $1. Users pay transportation costs.

Business Activity Here in 1st 10 Months of the Year 15 Pct. over 1941

Thief River Falls business activity during the month of October, 1942 was 10 per cent above that attained during the same month of last year while cumulative totals for the ten months of January through October, 1942 showed a 15 per cent increase over the corresponding ten months of 1941. These bank debit figures were released by the Federal Reserve Bank of Minneapolis today and represent the dollar volume of checks drawn by depositors against their bank accounts. As most of these checks are used to pay for goods, services, debts, etc., the debit totals for a locality are considered a good indicator of general business volume. Under present war conditions, however, expanding payrolls and large government expenditures are important factors which must be considered in expanding debit volume.

LOCAL CLAIMS FOR JOB INSURANCE HIT RECORD LOW MARK

Show Favorable Employment Conditions in Five N. W. Counties

Reflecting the continuing favorable employment conditions in five local counties, Pennington, Kittson, Red Lake, Roseau and Marshall, claims in this area for unemployment compensation dropped to an all-time low for October, according to Victor Christgau, director of the state division of employment and security.

His report is based on unemployment compensation activities in the area under the jurisdiction of the U. S. employment office at Thief River Falls.

Reporting on the period which just closed, Mr. Christgau stated that new claims were 88.9 per cent less this October than last. Over the entire state, the reduction was 78.9 per cent—also an all-time low.

This all-time low mark for October is doubly significant, according to Mr. Christgau. Coming at the start of a new quarter and at the time when seasonal decline in employment usually sets in, it emphasizes that employment in the area has been stabilized. In other years, the claims for job insurance have started to mount in October, reaching a peak in January.

The U. S. Employment office at Thief River Falls, which handles claims for unemployment compensation for the Division of Employment and Security, had only two new claims filed, compared to 18 last year.

For the 10-month period of from January through this October, there were 553 claims filed in the Thief River Falls office—18.4 per cent less than 678 for the same period last year.

Revocation of Drivers Licenses Sets New High Mark in 10 Months of '42

Either Minnesota motorists are violating the traffic laws at a rate out of all proportion to traffic volume, or police officers and judges, from state and large city agencies down to even the smallest of municipalities, are drastically tightening up on traffic law enforcement as their part in the war-time accident prevention program.

This is the conclusion indicated by the number of drivers licenses revoked and suspended in Minnesota during the past 10 months, reflecting violations for the first ten months of America's participation in the war.

The drivers license division of the state highway department today reported to Highway Commissioner M. J. Hoffmann that 1942 license revocations, up to Nov. 1, exceeded those revoked during the entire year of 1941, and suspensions for the ten-month period totalled 1,062 more than were suspended during the entire previous year.

Both revocations and suspensions for the first ten months of the first war year exceeded by substantial margins the totals of any previous full year.

With 277 revocations and 496 suspensions imposed on motorists during October, the number of drivers whose permits were cancelled for traffic offenses since January 1 reached 2,837 as compared to 2,776 for all of 1941, the previous high mark, while October suspensions brought the ten-month total to 3,311 as compared to 3,248 for the full year of 1941 and 3,690 for 1940, the all-time record year.

Government Seeking Men for New Ordnance Depot

The United States government issued a call today indicating that workers were needed at once for the Black Hills ordanance depot at Provo, South Dakota. Workers are paid at the rate of 65c per hour plus time and one-half for all work over 40 hours per week. At the present time, laborers are working 48 hours per week, which results in a pay check of $33.80. Board and room is provided at $9.00 per week. No special skill is required. Applications are not desired from persons who are now engaged in war work of an equal or higher skill. For further details see your local civil service secretary at the postoffice.

GRYGLA

Alfred Sorenson Honored

A group of about seventy friends and neighbors gathered at the Sandsmark schoolhouse last Wednesday evening to honor Alfred Sorenson at a surprise farewell party. Visiting and various games passed an enjoyable evening and at midnight a sumptuous lunch which had been brought by all, was served. The guest of honor was presented with a gift of cash in token of the best wishes extended him by his Grygla friends. Alfred left on Saturday with a contingent from Thief River Falls to be inducted into the army.

Grygla P. T. A. Meets

The Grygla P. T. A. met at the school house on Friday evening with a large crowd in attendance. No business meeting was held because of the absence of the president.

An interesting program, which had been prepared by Faye Buchalz and Mrs. Lars Nygaard, was presented as follows: 2 tonette selections by five pupils, Ronald Buchalz, Evelyn Strom, Arthur Taylor, Ida Hagen, and Ella Mae Dalen; three songs by Daphne Hesse and Doris Stephens; two songs by Clifford Rude, who played a guitar accompaniment; two songs by Mrs. G. L. Halmrast, who played her own piano accompaniment; moving pictures and explanatory talk by Rev. T. C. L. Hanson of scenes taken on a trip through fourteen western states; and P. T. A. song by the audience. Lunch was served by Faye Buchalz, Helen Uthus and Mrs. Floyd Wurscher.

George Hanson, who has been employed at Neillsville, arrived on Saturday.

Mrs. Elmer Wick returned to Grand Forks last week after spending a few days with relatives here.

Mr. and Mrs. Randolph Thompson and Marion were Sunday dinner guests at the Connie Haugen home at Thief River Falls.

Mrs. C. Intrania, who recently arrived from Tuscan, Arizona where her husband is stationed with the army, has been visiting with her cousin, Mrs. Ervin Vigen for several days.

John and Ringne Sakriamo, Wallace Tinjum, Norman Swenson, all of Twin Valley, visited over the week end at the Gust Saxwald, Henry Holte and John Loven homes. They were accompanied by Hennie Saxwald who has been employed at Twin Valley the past summer.

June Saxwald, who has been employed at Thief River Falls, returned home on Saturday.

Sunday visitors at the A. M. Loyd home were Mrs. A. H. Newton and Mrs. Ida Bjorge, both of Thief River Falls; Mr. and Mrs. George Johnson and family and Mrs. Ella Iverson, all of Halstad; Mr. and Mrs. W. A. Leverson and family and Mr. and Mrs. R. N. Hanson.

Mr. and Mrs. Harold Finney and daughter of St. Vincent were entertained at the Henry Hope home on Sunday evening.

Mr. and Mrs. Harley Homland of Georgetown and Mr. and Mrs. Francis Spokely of Neillsville, were weekend visitors at the Ole Brottali home.

Robert Moran and Bill Monroe both of Minneapolis, arrived on Friday to do some deer hunting in this area. They stayed at the Harold Bush home.

Mrs. T. J. Lillevold and Caroline and Margaret, Mrs. Peter Sletten, Charlotte Loyd and Naomi Johnson were Thief River Falls shoppers last Wednesday.

Mr. and Mrs. Harold Finney and daughter of St. Vincent visited over the week end at the Fred Buchalz home.

Robert Thorson of International Falls arrived on Sunday morning and visited over the week end at the Hans Thorson home and John Loven home at Gatzke. He returned on Monday accompanied by his wife and children who had spent two weeks with friends and relatives in this area.

Mr. and Mrs. Ole Norby, Mrs. Hans E. Hanson, and Mr. and Mrs. Ed. Shanley and son were callers at Thief River Falls last Tuesday.

Mr. and Mrs. Earl Glithvedt and children of Pelican Rapids arrived on Saturday to visit a few days at the Erling Glithvedt and H. W. Hanson homes.

Sophie Nygaard spent Sunday and Monday at Thief River Falls where she attended evangelistic meetings.

Mrs. Gilmen Hylland returned on Thursday from Hatton, N. D., where she had spent a few days with her sister, Mrs. Ludvig Haugen. She also consulted a doctor at Fargo.

John T. Johnson left on Saturday to join his family at Colfax, Wisc.

John Gonnering has bought the stock from the local drug store and will continue to operate at its former location.

THANK YOU VOTERS
I wish to thank the people of Marshall County for the fine support given me during the recent campaign and for the splendid vote of confidence expressed at the polls. Especially do I wish to thank the many volunteers for their efforts in my behalf. My position will be to represent all of our people in the Legislature, and that I will do to the very best of my ability. Again thanking you I am,
Sincerely,
EMIL MORBERG

Lunde Family Honored

The C. M. Lunde family were the guests of honor at a surprise farewell party given Monday evening at the school auditorium. Visiting and group singing were the evening's entertainment. A delicious lunch was served, having been brought by the guests.

The Lundes were presented with a purse of money from their assembled friends, the presentation being made by Floyd Wurscher. Both Mr. and Mrs. Lunde responded with words of appreciation. The party was planned and arranged by Mrs. Alfred Swanberg, Mrs. Emil Anderson and Mrs. Harold Bush.

Mrs. Paul Paulson and Mrs. Sigfred Nygaard visited on Saturday at a Thief River Falls hospital with Mrs. Alvin Samuelson and infant daughter, Mae Lorraine, born on Wednesday, November 11.

Mrs. M. K. Ellingson and children spent the week-end at Thief River Falls with friends and with Mr. Ellingson at a hospital. They returned on Sunday accompanied by the latter, who is recovering nicely after his recent operation.

Rev. and Mrs. G. L. Halmrast and Luther spent Monday and Tuesday at BeLamere, N. Dak., where they attended to business matters.

Mr. and Mrs. Robert Thorson and children of International Falls were callers at the Fred Buchalz home Sunday evening.

Rev. and Mrs. G. L. Halmrast and Luther spent Wednesday at Halma where they attended a pastoral conference.

Mr. and Mrs. Gunder Grovum of Thief River Falls visited with the former's mother, a week ago Sunday.

Mr. and Mrs. Ralph Galbraith spent Armistice day at Mizpah at the home of the former's brother, Levant Galbraith.

Mrs. Tony Grover of Moorhead and Lars Dalen were Sunday dinner guests at the Andrew Morken home.

Mrs. Earl Hagen (Martha Aasrude) and son of Black Hawk, Ontario, Canada, are visiting relatives in this area.

Mrs. Ida Anderson returned Saturday from Alexandria where she had visited with friends for the past few weeks.

Corporal Arthur Anderson, who is on leave from Fort Leonard Wood, Mo., visited with friends here Monday; he was accompanied by his father and sister, Adrian Anderson and Mrs. Herman Sandberg and daughter of Hazel. They were guests at the M. K. Ellingson home.

Madlyn Graemer and Paula Brve, both of Mentor, spent the weekend at the Ralph Galbraith home. On Sunday the Galbraiths and their guests went to Thief River Falls where they visited at the V. Robarge home.

Peter Bakken was a business caller at Erskine on Thursday.

A 92-year-old citizen of Ninock, Ill., rolled up his sleeves and got in 17,000 pounds of scrap for the local scrap drive.

NUMEDAL

Mr. and Mrs. Joe Oaness and Mr. and Mrs. Axel Anderson motored to Guthrie Wednesday where they called at the Oscar Rud home.

Oscar Drotts of Viking spent Tuesday at the Tom Samuelson home.

Those who called at the Frank Hible home Sunday were: Mr. Tom Samuelson, Emma Drotts, Mr. and Mrs. Joe Mischel, Joe Oaness and son Ordean, Raymond Pederson of Viking and May Smith.

Deer season in this vicinity is proving very interesting for the hunters. A large number of animals have been shot. Pedestrians and autoists must take care when traveling as many have had close shaves with stray bullets.

The party or parties who moved a Viking 3-mile sign just east of the Community Hall do not realize how unpatriotic this act was for in doing so many have burned extra gas and put precious miles on tires to those misinformed by the misplacement of this sign.

Mr. and Mrs. Archie Anderson visited at the Thomas Fixter home near Valhall Saturday.

Mr. and Mrs. Wenton Knutson spent Saturday evening at the Mark Olson home near Smiley.

Wm. Dvorak of New Brades, N. Dak., is spending a few days visiting at the Hible home.

Mr. and Mrs. Soren Knutson called at the J. O. Swanson home in Bray Sunday.

Oscar Forslund and Louis Carpenter went deer hunting near International Falls and Leo Knutson and Carlin Johnson near Thorhult. The men left over the week end and news received to date report they are having good luck.

The regular club meeting at the Community Hall will be Friday night.

(Too late for last week)

The women of the Prairie View Community Club were very happily surprised Saturday evening by their menfolks at a party at the hall in honor of their winning the all-men, all-women contest last spring.

Several contests, including a real old fashioned spell-down were some of the specialties of the evening.

A very appetising and colorful lunch was served by the hosts.

Music for the occasion was furnished by the following: Florence and Leo Knutson, Mr. Selmar Olson, Mrs. Melvin Johnson and Bill Stortrom.

Oscar Rud of Guthrie and Helmer Holland of Thief River Falls called at the Axel Anderson home Friday.

Mr. and Mrs. Howard Christofferson, Egbert Malberg, and Mr. and Mrs. Wm. Barr, Chuck and Torchy were dinner guests at the Melvin Johnson home Sunday.

Mr. and Mrs. Eldon Erickson and family, formerly of Bray, left Tuesday for Sausalito, Calif., where they intend to make their new home. They had the misfortune of sliding into the ditch off the highway while enroute to Thief River Falls Monday afternoon. However, no serious damage was done.

"Keeping Fit" BECOMES RAILROADS' No. 1 PROBLEM

Production and transportation go hand in hand. Every increase in production requires more transportation.

But the materials needed to provide more transportation—or even to keep present transportation services at peak efficiency—are in almost every instance vital war materials.

Steel particularly is sorely needed to build cars and engines, to repair and replace old equipment, and to replace and maintain tracks.

How much longer the railroads will be able to carry the continually swelling volume of war traffic without serious interference with civilian requirements depends largely on whether they can get enough steel and other materials for their most pressing needs.

The rubber shortage has turned freight and passengers from highways to railways. Freight which formerly moved between the east and west coasts by water has of necessity shifted to the rail lines.

Every railroad car today is carrying a heavier load and traveling more miles per day than ever before. Shippers, government and railroads are pulling together to get every ounce of efficiency out of the nation's railroads. Reserve capacity, nevertheless, is running low, while wear and tear is taking its inevitable toll.

This gigantic transportation job—unparalleled in all history—is being performed so smoothly that there is an alarming danger of its being taken for granted—of needed materials being withheld until the railroad machine begins to skip and falter—until it is too late to make replacements before serious failures in railway service have occurred.

The Great Northern railway, for its part, has not and will not ask for a single pound of steel or other critical war materials that it does not need in order to continue to perform its part in the war program and to safeguard the war effort.

Birthday Honors

Mrs. A. B. Josephson was honor guest at a party at her home Saturday afternoon when her neighbors came to remind her she had a birthday. A social time was enjoyed and a tray lunch furnished by the guests was served at five o'clock. Two birthday cakes centered the lunch table. Mrs. Josephson was presented with a gift. The guests were Mesdames Belland, J. Wells, Bjorgan, E. Peterson Sabo, Bodell, J. A. McEnelly, S. McEnelly, Bratland, and G. Vraa, A. Wells, Johnsrud and Sena Christiansen.

Five boys were honored with a farewell dance here Friday night as they left this week for the army. The three from our immediate vicinity were Rudolph Hruby, Clifford Johnson and Wilford Stephenson. Others were Fred Fiskevold and Wm. Peters.

Mrs. Abe Johnsrud of Thief River Falls visited at the Wells home this week.

Mrs. Ed Geving, Mrs. O. L. Sabo, John Sundquist, Mrs. Josephson and Dan, Mr. and Mrs. Bodell and sons and Mrs. Grondahl were all Thief River Falls callers Saturday.

Goodridge people regret losing so many of their long-time residents. Mr. and Mrs. F. B. Olson and family moved to Thief River Falls on Thursday and Mr. and Mrs. Henry Iverson and family moved to Grand Forks on Saturday. Both families have always taken active part in local activities and we hate to see them go but extend best wishes for their success in their new locations.

Rev. and Mrs. Bjorgan were business callers in Thief River Falls Saturday.

The 4-H club entertained a group of young people at the Gym Thursday evening. Several games were played and a scavenger hunt was staged. Picnic lunch was served by Mesdames Jones and South.

Dan Josephson returned Tuesday from a ten day visit with his uncle Dr. C. A. Roberts at Austin.

The gravel gangs are busy graveling roads in our vicinity. At present they are graveling the new road past P. C. Halvorson's.

Mr. and Mrs. Gene Swanson left this week for their new home in Willmar.

Jones-Urdahl

Gail Pauline Jones and Vernon Urdahl were united in marriage Sunday at 3 P. M. at the Ernest Swanson home, Rev. E. L. Tungseth officiating.

Vows were exchanged under an improvised arch of aqua and brown streamers and clusters of silver bells. The attendents were Mr. and Mrs. Ernest Swanson. The brides dress was aqua jersey wool with coco brown accessories. She wore a locket, a gift from the groom and also a gold bracelet which her mother and grandmother wore at their weddings. Her flowers were pink and white pompons. Mrs. Swanson wore a [illegible] classic wool dress and brown accessories. A reception followed. Only immediate relatives were present. Both Gale and Vernon are graduates of our high school and will make their home on the Urdahl farm near town.

The bride chose a tan plaid suit for traveling. They are enjoying a visit with relatives at Granite Falls.

Mr. and Mrs. Jake Stowa and son of Grand Forks visited at M. Sonsdahl's this week. The men went deer hunting. Carl Olson was janitor at the school during Mons' absence.

Mrs. Julia Sonsdahl will spend the winter at the home of her son Mons.

Mrs. H. Holen will entertain aid at her home Saturday, Nov. 21.

Mr. and Mrs. C. W. Matthews of Thief River Falls were Sunday guests at the Peters home.

George Cullen is a hospital patient suffering from pneumonia. His wife, mother and Margaret and Pete visited him Sunday and report him as recuperating nicely.
